

POLICIES AND PROCEDURES MANUAL

TITLE	Instructional Quality
LEGAL AUTHORITY	State Board of Education Policy 703.01
DATE APPROVED BY BOARD	January 13, 1994

The President is responsible for the quality of instruction provided by the instructors. The President is also responsible for the best possible educational environment, including materials and other facilities, regardless of the physical site where these educational opportunities are made available to students.

Each President is authorized to award earned resident credit, institutional credit, or transfer credit depending upon the course description in the approved institution catalog, to all students accepted as bona fide students at the institution regardless of the physical site of the instructional or educational experience. A bona fide student is considered to be an individual who has met the State Board of Education approved admission requirements.
