

The Learning Resource Center
Welcomes You To The Unveiling
Of The

Ebony Library Computer Lab

December 17, 2008

2:00 p.m. to 4:00 p.m.

Here 18 computers offer access to the Internet, Microsoft Office, online Library resources and various classroom software for students and instructors. The two-fold goal of this lab is to alleviate the congestion of the computer area in the Library and to serve as an Information Literacy Classroom. Here we hope to further the mission of our great institution to create lifelong learners and successful graduates.

Happy Holidays!!
