RE: Continuing Approval

Dear [REDACTED]

The Alabama Board of Nursing conducted its annual review of nursing education programs for compliance with *Alabama Board of Nursing Administrative Code* 610-X-3-.04(1)(2)(3)(4), Outcome Standards. Outcome Standards require: (1) Graduates shall demonstrate theoretical and clinical competence for entry into practice; (2) Graduates as a composite of first time writers, shall achieve no less than an 80% pass rate on the NCLEX® exam; (3) Each nursing program shall demonstrate a systematic plan for annual evaluation; (4) Each program shall submit written evaluation reports to the Board as determined by the Board. Standards (1)(2)(3) and (4) were met and continuing approval is granted. The FY 2006 NCLEX- RN® results for Lawson State Community College/ADN Program were:
