#### ACCOMMODATIONS FOR THE DISABLED

Lawson State Community College is committed to providing a quality environment to support and assist its students throughout the academic process. In compliance with *Section 504 of the Rehabilitation Act of 1973* and the *Americans with Disabilities Act of 1990*, special services and accommodations are given on an individual basis once supporting documentation is provided. It is the responsibility of a student to notify the college of a disability that requires assistance. Requests for accommodations should be made prior to enrollment.

Students with mobility impairments who require assistance from offices/personnel housed on the second floor of the Administration Building on the Birmingham Campus should report to the Office of Student Financial Services, Room 104, for such assistance. Signage indicating such is visibly posted at each entrance and in the hallway of the building. Students with disabilities receive appropriate accommodations relative to their specific disability. Though the Academic Building has no elevator, students are not excluded from a requested course offering, program or activity because it is not offered in an accessible location. The college relocates classes, programs and activities as necessary to accommodate students with mobility challenges.

In accordance with the Americans with Disabilities Act, (ADA), service animals are permitted on the college campus and in its facilities. Technically speaking, a service animal means any guide dog, signal dog or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including but not limited to guiding individuals with impaired vision, alerting individuals with impaired hearing, providing minimal rescue or protection work, pulling a wheelchair or fetching dropped items. Therapy or companion animals are not service animals and are not covered under the ADA. To be permitted on campus, a guide dog must be specifically trained to perform a service function. Furthermore, the animal should wear a harness, cape, identification tag or other gear that readily identifies its working status. Guide dogs whose behavior poses a direct threat to the health or safety of others may be excluded regardless of training or certification.
