• BAR 132 Hair Styling and Design	3
• BAR 133 Hair Styling and Management Lab	3
<i>Select one of the following courses:</i>	
• BAR 130 Marketing and Business Management	3
• BAR 131 Structure and Disorders of Nails	3

BARBERING Course Descriptions

BAR 110 ORIENTATION TO BARBERING 3 HOURS

Prerequisite: As required by program.

This course provides an orientation to professional barber styling. Topics include professional image, basic fundamentals, and the history of barber-styling. Upon completion, the student should be able to identify the core concepts of the profession. NDC CORE

BAR 111 SCIENCE OF BARBERING 3 HOURS

Prerequisite: As required by program.

This course introduces the student to the basic science of barber-styling. Topics include anatomy/physiology, disorders and treatments of the skin, scalp, and hair, and theory of facial and scalp massage. Upon completion, the student should be familiar with the anatomical structures, as well as disorders and treatments of the skin, scalp, and hair. NDC CORE

BAR 112 BACTERIOLOGY AND SANIT. 3 HOURS

Prerequisite: As required by program.

This course provides the theory of bacteriology and sanitation. Topics include the types of bacteria and sanitation procedures. Upon completion, the student should be able to identify types of bacteria and methods of sanitation. NDC CORE

BAR 113 BARBERING-STYLING LAB 3 HOURS

Prerequisite: As required by program.

This course provides practical application of barber-styling fundamentals. Emphasis is placed on the care of implements, shampooing and haircutting. Upon completion, the student should be able to care for their implements properly and demonstrate the basic techniques of shampooing and haircutting with only minimal supervision. NDC CORE

BAR 120 PROPERTIES OF CHEMISTRY 3 HOURS

Prerequisite: As required by program.

This course provides the student with a basic knowledge of chemicals used in barber-styling. Topics include the changes produced in the hair and skin through exposure to chemicals, electricity, and special light spectrums. Upon completion, the
