Accessing Your LSCC Student E-mail Account (Step-by-Step Guide)

All students are assigned an e-mail account upon registration. All students are required to use this account. Follow these simple steps to access your account. If you are unsuccessful after several attempts, email the Help Desk at helpdesk@lawsonstate.edu. Do NOT contact the Help Desk until you have read through these instructions carefully and have attempted to log on your Lawson State email account unsuccessfully after five attempts.

Lawson State Community College uses Google to host its Student Email. In order to provide more flexibility and resources to our students, we have decided to trust Google with all of our Student Email needs. In addition to providing the services you have grown used to, such as email, calendar, and contact services; Google offers a robust suite of applications similar to the Microsoft Office Suite as well.

**Step 1: Email Login**

To **Login** to your Google sponsored Lawson State student e-mail account, follow these 3 basic steps:

Go to [www.lawsonstate.edu](http://www.lawsonstate.edu) click on either the **Current Students** or **Student Portal** button located on the main Website. Then click the Student Email icon to access the login screen. There is also an instructional video in case you need help with email navigation.

**Step 2: User Email Name**

Once on the Student Email Hosted by Google link page, type in your **Username**. Every student's **Username** is printed on their schedule. Your **Username** is your first initial, last name and the last 4-digits of your Lawson State ID number, along with your email descriptor: jdoe1503@students.lawsonstate.edu your **Username** is the same. It would be: jdoe1503@students.lawsonstate.edu

**Step 3: Your Email Password**

After you enter your **Username**, enter your **Password**. Initially, all students have the same initial **Password** which is **abc12345**. To protect your privacy, change your **Password** once you have activated your email account; this is very important.

So, if we hold to the example provided, if your email address is jdoe1503@students.lawsonstate.edu

The **Username** would be: jdoe1503@students.lawsonstate.edu

And…the **Password** would be: abc12345*

**Note:** Sometimes Google will default and require you to put in an additional security code, as pictured below. If this happens, simply follow the prompts and input the proper code in the correct box provided. Also, Google could change our sign on information. So, to view the most up-to-date information on how to login in student email, view the college’s official email page which outlines the directions for students. This page has the most up-to-date information.

If you are unsuccessful after several attempts, click on Current Students, then the email icon. From that page, scroll down and click on the Help Desk icon.
Logging on Blackboard (Step-by-Step Guide)

Blackboard is the platform that Lawson State uses to deliver online and web-supported courses (which will be the majority of your courses). Online courses are available a week before the classes begin (all tuition and fees must be paid to access class information). You should log in to Blackboard on the first day of class to receive instructions. The majority of LSCC instructors use Blackboard to support their courses. Blackboard is where you go to download course materials such as your syllabus, assignments, homework, Powerpoints, and to view your grades.

Username & Password Information

Your Blackboard Username is your first initial and last name and the last 4-digits of your student ID number. **Refer to your email address to see which numbers have been used for you.

Example: If your email address is jdoe12@students.lawsonstate.edu, then your Blackboard Username is jdoe12 (everything before the @ sign).

Or, if your email address is jdoe1234@students.lawsonstate.edu, then your Blackboard Username is jdoe1234.

Your Blackboard Password is your six (6) digit birthday MMDDYY. Do not put any spaces or dashes between these dates.

Password Example: If your birthday is: – October 24, 1991, your Password would be: 102491

HONORS COLLEGE PILLARS OF SUCCESS

The core of the Honors College centers on 4 Pillars which serves as the foundation for the overall Honors College experience.

STUDENT RETENTION

Students wishing to remain in the Honors College must be enrolled as a full-time student (enrolled in 12 credit hours) during the current semester and maintain a 3.3 cumulative GPA. Students must also meet the minimum service learning requirements each semester (to be determined by the Honors Council). Finally, honors students must be enrolled in a minimum of 2 honors classes per semester and actively participate and other Honors activities as required.

GRADUATION

In order for students to graduate from the Honors College, they must have successfully completed all the courses identified in their degree plan in addition to completing the requisite amount of service learning experiences and a minimum of 16 credit hours in honors level coursework. A minimum of 16 credit hours in honors level coursework is required for an “honors” designation upon graduation. Any student attaining 20 to 23 credit hours in honors level coursework will receive the “honors – advanced” designation. For the student who completes 24 or more credit hours in honors level coursework, that student will receive the highest honor of “honors – elite” status as they work to enter the 4-year college of their choice or enter the workforce.
All colleges shall comply with federal regulations relative to refund of tuition and other institutional charges for Title IV financial aid recipients as described in the Office of Student Financial Services Policy Manual.

These regulations govern aid-received from the Pell Grant, FSEOG, and FFEL programs. Funds received from the Federal Work-Study Program are not subject to the regulations. The concept of “earned” and “unearned” federal financial aid is at the heart of the regulations. A student earns his or her financial aid award in proportion to the number of days in the term completed prior to the student’s complete withdrawal.

The percentage of enrollment time completed at LSCC determines the percentage of “earned” aid. When a student completely withdraws from LSCC prior to completing 60% of any given term, a portion of the Title IV financial aid grant funds received (excluding federal work-study wages) is considered to be an overpayment and must be returned to those federal aid programs. When a student completely withdraws from LSCC prior to completing 60% of a term, he or she will be required to repay a portion of the unearned and received funds. The student’s repayment will not exceed more than half of the grant monies originally received, and each student who owes a repayment will be notified in writing of the requirement to repay Title IV funds. The student will then have 45 days to repay or to make satisfactory arrangements to repay the funds. The failure of a student to repay unearned Title IV funds or make satisfactory arrangements within the 45-day period will be reported to the National Student Loan Database System (NSLDS). This action will result in the termination of eligibility for federal financial aid at any institution, not just LSCC.

**REFUND FOR ALABAMA NATIONAL GUARD AND RESERVISTS CALLED TO ACTIVE DUTY**

Students who are active members of the Alabama National Guard or reservists or who are active duty military who are called to active duty in the time of national crisis shall receive a full tuition refund at the time of withdrawal, if such student is unable to complete the term due to active duty orders or assignment to another location.

Cougar Alert is a mass notification system comprised of email, voice and text messaging that is designed to send emergency messages to thousands of individuals in minutes. It supplements existing means of emergency communication, including outdoor warning sirens and severe weather alert radios. LSCC students, faculty and staff have the opportunity to provide a primary mobile phone number for receipt of text messages, and up to three other phone numbers (mobile or other) for receipt of voice messages. Emergency messages (i.e., school closings due to severe weather, danger on campus, etc...) will be sent via a system provided by the Blackboard Connect. Cougar Alert will be used in tandem with other campus communication tools.
