LEASE NOTE:

Automatch Scholarships: Once you complete your General Application, you will be matched with scholarships for which you immediately qualify – no further action is required. Qualifying does not guarantee you will receive a scholarship.

Browsing “All” Scholarships: Below is a list of all scholarship opportunities within the Auburn University Scholarship Opportunity Manager. This list shows all scholarships in AUSOM, not scholarships for which you are receiving consideration. Automatch scholarships will appear with “None” listed under the “Action” column – this means an additional application is not required for consideration. The “Deadline” column indicates the deadline to complete the application to receive consideration. This is not the deadline to accept the award.

Award Amount: The number and award amount of scholarships are for general information purposes only and should not be considered a guarantee of what you will receive if selected. Actual award amounts vary based on students’ individual eligibility, funds available, and other factors.

UA will award financial aid to community college transfers who meet the following criteria:

- Graduate from high school in Alabama;

Qualifying students will receive $4,000 per academic year. Funding is limited and awarded based on admission and financial aid application date.

- Students are encouraged to complete their FAFSA and transfer scholarship application prior to March 1st. Alabama Promise may not be combined with UA transfer scholarships.

- The financial support will normally be provided for four semesters. On a case by case basis, students may receive financial support for two additional semesters if the plan of study requires more than 120 hours and the student is taking the required load and making progress toward the degree.
