## NURSING TRACKS EXPLAINED

There are four tracks that a student take to become a RN or LPN.

### PRE-NURSING (TRACK I) (COLLEGE TRANSFER TRACK) Associate in Science Degree (AS)

**Track I** is called the “Pre-Nursing Track I”. This track is designed for the student who is wishing to one day transfer to a BSN (Bachelors of Science in Nursing) program at a four-year college. In taking this track, students will take a variety of liberal arts classes in Written Composition (Area I); Humanities and Fine Arts (Area II); Natural Sciences and Mathematics (Area III); History and Social & Behavioral Sciences (Area IV); and Pre-Professional/LSCC Courses (Area V). Students who are following this track can still seek admission into LSCC’s two-year RN (Registered Nursing) program once they have met the required criteria for admissions into that program. However, the benefit to students seeking this two-year General Studies degree in Nursing is that they will be able to transfer more credits earned toward their Bachelors of Science at a four-year institution. As a result, they will be able to graduate from a four-year college in nursing faster. Interested in pursuing this degree? See the degree plan breakdown on the next page of this catalog and speak to your advisor.

### PRE-NURSING (TRACK II) (RN/2-YEAR TRACK TO EMPLOYMENT) Associate in Science Degree (AS)

**Track II** is called the “Pre-Nursing Track II”. This track is designed for the student who only wants to seek admission into LSCC’s RN (Registered Nursing) Program and has no initial intention to one day seek the four-year BSN (Bachelors of Science in Nursing). Students take courses that serve as pre-requisites for admission into the nursing program. They also take specific courses that serve as requirements for all LSCC graduates to include (ORN 101/PSY100—The Freshman Academy, RDG114A Critical Reading, and CIS 146, Microcomputer Applications). **NOTE:** LSCC course requirements are subject to change. Students who are following this track should seek admission into LSCC’s two-year RN (Registered Nursing) program once they have met the required criteria for admissions into that program. For more information about admission requirements for the RN program, visit LSCC’s website at [www.lawsonstate.edu](http://www.lawsonstate.edu) and see your advisor.

### (TRACKS III & IV) LPN to RN Mobility Track and Pre-Nursing to LPN Track

For information on the LPN to RN Mobility Program or the Pre-Nursing to LPN at LSCC, see the Health Professions section of this catalog and see your Advisor.

### PRE-NURSING (TRACK I) (COLLEGE TRANSFER TRACK) Associate in Science Degree (AS)

Follow **TRACK I** if you plan to transfer credits earned towards a Bachelors degree in Nursing either now or years later. See advisor for help.
