For a standard request, the public officer, or his/her designee, shall: (1) acknowledge a proper request by email or address to the requestor within 10 business days of receiving the request and may require the requester to pay a reasonable fee set by the public officer before the requester may receive any public records, if any. If the public officer elects to charge a fee, the public officer shall notify the requester of the estimated fee and withhold any public records until receipt of payment; and then (2) provide a substantive response either fulfilling or denying a proper request within 15 business days of acknowledging receipt. The public officer may extend this period in 15 business-day increments upon written notice to the requester, but the public officer should process a standard request as expeditiously as possible considering the requester's time constraints, the public officer's workload, and the nature of the request. There shall be a rebuttable presumption that a proper standard request has been denied by the public officer if (a) a substantive response is not provided to the standard request within the earlier of 30 business days or 60 calendar days following acknowledgment of receipt by the public officer; or (b) the public records are not produced within the earlier of 30 business days or 60 calendar days following the payment of the estimated fees to the public officer. There shall be no presumption that a proper standard request has been denied if (a) the public officer has responded in part; or (b) the public officer and requester have reached an agreement regarding the time or substance, or both, of the response; or (c) good faith negotiations are ongoing between the public officer and the requester; or (d) the public officer has reasonably communicated the status of the request to the requester. (Effective October 1, 2024)

### **RESPONDING TO TIME-INTENSIVE REQUEST**

For time-intensive requests: (1) At or around the time of designating the request as time-intensive, the public officer shall make a record in a log maintained for keeping track of currently pending time-intensive requests. For each such currently pending request, the log shall identify the name of the requester, the general subject matter of the request, and the date of acknowledgment; the log shall be a confidential document that is not subject to disclosure except pursuant to proper discovery methods provided discoverable pursuant to proper discovery methods provided under applicable rules of procedure. (2) The public officer may require the requester to pay a reasonable fee set by the public officer before providing a substantive response to the requester. The public

officer shall notify the requester in advance of any likely fees and shall withhold any substantive response until receipt of payment. (3) The public officer shall acknowledge the request within 10 business days of receiving the request. (4) The public officer shall notify the requester within 15 business days after acknowledging receipt that the request qualifies as a time-intensive request. At that time, the public officer shall notify the requester of any likely fees and allow the requester to withdraw the time-intensive request and submit a new request that is not a time-intensive request. If the requester elects to proceed with a time-intensive request, the public officer shall provide a substantive response fulfilling or denying the request within 45 business days after the requester elected to proceed with his or her time-intensive request. The public officer may extend this period in 45-business-day increments by notifying the requester in writing. There shall be a rebuttable presumption that a proper time-intensive request has been denied by the public officer if: (a) A substantive response is not provided within the earlier of 180 business days or 270 calendar days following the requester's election to proceed with a time-intensive request; or (b) The records are not produced within the earlier of 180 business days or 270 calendar days following the payment of the estimated fees to the public officer. There shall be no presumption that a proper time-intensive request has been denied if (a) the public officer has responded in part; or (b) the public officer and requester have reached an agreement regarding the time or substance, or both, of the response; or (c) good faith negotiations are ongoing between the public officer and the requester; or (d) the public officer has reasonably communicated the status of the request to the requester .

### **REASONABLE COSTS**

The College may charge reasonable costs associated with the requests, such as: • copying fees (.50 cents for the first 100 and .25 cents after 100) and/or (Effective October 1, 2024) • actual digital storage cost (disc, drive, or other similar item) and/or • actual mailing costs if not picked up by requestor, and/or • research fees (\$25 per single or individual record request) and/or • personnel cost (When staff time and other resources would impose an undue burden on the institution's financial resources or available staff time, additional charges may be assessed when the search for requested documents and/or reproduction consumed more than two hours of employee's time.) Any of these fees which are estimated must be paid in advance prior to the production of the records requested.

### **ADDITIONAL INFORMATION**

If a public officer responds to a request by seeking clarification or additional information to a standard request or time-intensive request, the timelines established in this section shall be tolled and shall restart once the public officer receives the requested clarification or additional information as if the requester had submitted a new request. A public officer's decision to seek clarification or additional information with respect to any particular request shall not operate as a waiver of the public officer's right to seek clarification or additional information in response to other, future requests. A request made pursuant to the Open Record Act must identify the requested public record with reasonable specificity. A public officer shall not be obligated to respond to a public records request that is vague, ambiguous, overly broad, or unreasonable in scope. A public officer shall not be required to create a new public record if the requested record does not already exist. An ACCS entity is not required to create documents, compile data, or prepare reports that have not already been created, compiled, or prepared in the normal course of business. A public officer shall not be required to respond to requests that seek information or other materials that are not public records. No ACCS entity is required to respond to oral or written

questions under Alabama's Open Records laws. No ACCS entity is required to respond to requests for interviews under Alabama's Open Records laws. No original records may be removed from the ACCS entity. An ACCS entity is not required to reproduce information published or otherwise generally available to the public, such as on the institution's website or other state agency websites. The public officer, or his/her designee, will make a reasonably diligent search for the records requested.
