**Application due date: June 1 @ 5:00pm**

The Medical Radiologic Technology Program (MRT) is a selective admissions program that requires a special application and has specific application requirements. The application to the MRT program is competitive and meeting application requirements does not guarantee acceptance to the program. **It is strongly recommended that the 'pre-professional courses' below (highlighted in yellow) be completed before applying to the MRT program.** While the courses are listed within the curriculum outline; the courses should be completed prior to applying to the Radiologic Technology program. With it being a competitive application process, higher grades can enhance an application. **See reverse side for more details regarding application requirements.**

Students must submit the MRT application by the deadline to be considered for the program. If accepted to the program, students will be eligible to register for the RAD courses below.
