

How to AUTHORIZE Lawson State to APPLY your books, equipment and fees.

STEP 1: Go to Lawson's website and Click on the "Current Students" tab. Select MyLawson.

STEP 2: Log in your MyLawson account using your log in Lawson State credentials

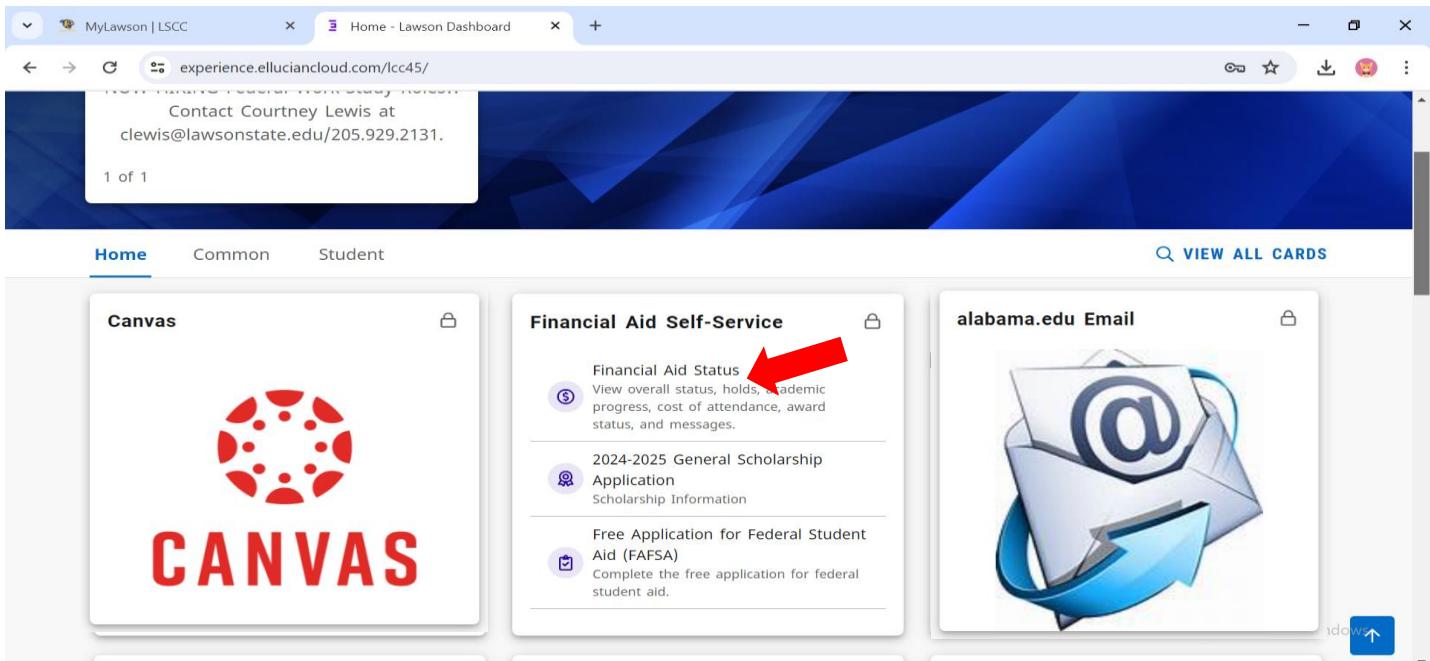

(User name and password)

MyLawson is the central hub of information for students, faculty and staff. For students, it is where you go to register and/or change your schedule, drop and add classes, view and print your schedule, pay your tuition, manage your financial aid and much more. For faculty and staff, MyLawson links you to your personal employee information and connects you to the internal operations at the College, including the Advising Portal and more.

MyLawson Security: Your username and password are your personal keys to Lawson State's secure systems. You are fully responsible for safeguarding them and may not share them with anyone under any circumstance. Sharing this information puts your academic records, personal data, and financial information at risk of theft or misuse. If you experience MyLawson login issues or need assistance, only contact the College's Help Desk directly—never give your credentials to others outside of the College's Help Desk. Protecting your account protects you.
