The provisions of this document/publication are not to be regarded as an irrevocable contract between the student and the institution. The institution reserves the right to change any provisions or requirements at any time within a students' term of attendance. All policies and degree program requirements contained in the catalog/student handbook are subject to change without prior notice.

The College likewise assumes no responsibility for misinterpretation by a student of policies and procedures presented in this catalog/student handbook or the official documents. Any questions concerning the information contained in this catalog/student handbook should be referred to the Academic Dean or the Dean of Students.
Welcome to Lawson State Community College!

I am pleased and honored that you are considering or have chosen Lawson State to continue your education. The college was named as one of the top five community college’s in the nation and has a reputation for engaging, equipping and empowering students for preparation within the classroom and for life in general. Lawson State offers transfer and career technical education programs on the Birmingham and Bessemer campuses through traditional classroom experiences and online or distance education. Faculty use the latest technology and instructional best practices in delivering a quality educational experience.

I invite you to peruse this catalog/student handbook to learn more about the institution, its strong academic programs and its student services. This document is the official guide to programs and services. It contains policies and procedures designed to ensure an optimal teaching, learning and educational support services experience. I encourage you to take advantage of everything the college has to offer within the classroom and through extracurricular activities. Opportunities abound at the college where the motto is “It’s All Here”. I know that you will find that to be true as you continue to take responsibility for your learning and your life.

Thank you for choosing to explore Lawson State Community College through this catalog/student handbook. I look forward to you joining other students, faculty and staff at the college.

Sincerely,

Perry W. Ward

Perry W. Ward, Ph.D.
President
NON-DISCRIMINATION POLICY

It is the policy of the Alabama Community College System, its Board of Trustees, and Lawson State Community College, a postsecondary institution under its control, that no person shall, on the grounds of race, color, disability, sex, religion, creed, national origin, or age, be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program, activity, or employment.

Lawson State Community College also prohibits discrimination due to ethnic origin, marital status, parental status, economic status, sexual orientation, gender identity, genetic information, citizenship, veteran status or disability, reasonable accommodations or any other protected class as defined by federal and state law. The college has zero tolerance for harassment, retaliation, violence, physical bullying, cyber-bullying, and hazing.

This nondiscrimination policy covers employment, admissions, training, organization affiliation, student housing, and advisory boards in all college programs and activities. This policy is enforced by Federal law under Title IX of the Education Amendment of 1972, Title VI and Title VII of the Civil Rights Act of 1964, Section 504, of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 as amended in 2008. Inquiries regarding compliance with these statutes may be directed to the Dean of Students (205-929-6361) or the Director of Human Resources (205-929-6313).

ABOUT LAWSON STATE
Mission Statement:

Lawson State Community College provides affordable and accessible quality educational opportunities, promotes economic growth, and enhances the quality of life for the diverse communities it serves. Through varied instructional modes and lifelong learning opportunities, the College prepares students for gainful employment, career advancement, college transfer, and workforce development.

Approved by: The Administrative Cabinet—August 8, 2017

4 Core Values:

CV#1: Student Success:
Recruitment, Persistence, Graduation, Career Development
CV#2: Excellence:
Leadership, Instruction, Processes, Customer Service
CV#3: Innovation:
Technologies, Creativity, Curriculum, Community Development, Partnerships
CV#4: Integrity:
Stewardship, Accountability, Ethical Practices

Institutional Goals 2017-2022

Goal 1: Develop a student-centered instructional program that is focused on heightened engagement, innovative technologies, and varied modes of delivery

Strategies:
1. Student satisfaction in the teaching and learning environment.
2. Student perception of academic support services.
3. Effective faculty development resources.
4. Student perception of student engagement.
5. Curriculum modification.
6. Student satisfaction in the teaching and learning environment.

GOAL 2: Develop and implement a comprehensive and strategic approach to student success, enrollment, persistence and completion

Strategies:
1. Implementation of a strategic recruitment and admissions process.
2. Institutional retention rates, as measured by IPEDS, comparable to or above other system colleges.
3. Implementation of a strategic retention and persistence plan.
4. Intrusive advising.
5. First to second-semester retention rates.
6. SPACE Center usage results.
7. Success of developmental courses as preparation for college-level work.
8. Transfer rates.
11. Credential achievement.
12. Student satisfaction with student support services.
Goal 3: Optimize the use of current and emerging technologies to enhance processes and improve services college-wide.

Strategies:
1. Comprehensive academic and administrative computing services.
2. Procurement and utilization of state-of-the-art technologies.
3. Professional development and technical support.
4. Faculty and staff resources reflective of current and emerging trends.

Goal 4: Foster an atmosphere where students feel connected to the College in a personal way

Strategies:
1. Quality-engagement student activities.
2. Freshman Academy and advising.
3. Student perception of college environment.
4. World-class customer service college-wide.
5. Training of faculty and staff.
6. Online support of student engagement.

Goal 5: Ensure that the institution has a sound financial base and demonstrates financial stability

Strategies:
2. Cost per FTE in comparison to other community colleges.
3. External reviews by accrediting bodies.
4. Resource allocations for planned growth and change.
5. Calculate composite financial index.
6. Compliance reviews and ethics training.

Goal 6: Provide optimal facilities that are safe and support educational programs and administrative services

Strategies:
1. Student satisfaction with college facility.
2. Clean safe, secure and accessible teaching, learning and living environments.
3. Current facility master plan kept up-to-date.
4. Up-to-date emergency operational plans and procedures.
5. Communication, utilization, and implementation of the safety operational plans and procedures.

Goal 7: Align, create and provide economic and workforce development opportunities based on current and emerging trends

Strategies:
1. Alternative funding resources.
2. Customer satisfaction survey.
3. Provide innovative and relevant training opportunities.
4. Partnership development and engagement.

Goal 8: Engage the community in college initiatives, programs and services

Strategies:
1. Community events that reflect the various cultures.
2. One Stop Community Center.
3. Community partnerships.
4. Community service activities.
5. Advisory Boards.
6. Alumni outreach.
7. Access to campus facilities.

APPROVED BY THE ADMINISTRATIVE CABINET OF LAWSON STATE COMMUNITY COLLEGE: AUGUST 8, 2017
When students graduate from Lawson State Community College with an AA, AS, AAS, AOT or CER (long or short), they will be able to:

**SLO #1: Communicate Effectively**
(express ideas with clarity, logic, and originality in both spoken and written English).

**SLO #2: Reason Quantitatively**
(apply mathematical principles to address and solve problems)

**SLO#3: Think Critically**
(Gather and interpret data using a variety of methods to address and solve both practical and theoretical problems).

**SLO#4: Develop Information and Visual Literacy**
(assess information requirements of complex projects, identify potential textual, visual and electronic resources, and obtain the needed information to interpret, evaluate, synthesize, organize and use that information, regardless of format, while adhering strictly to the legal and ethical guidelines governing information access in today’s society).
T. A. Lawson State Community College, originally known as Wenonah State Technical Junior College, was established by the Legislative Act Number 93, May 3, 1963. Wenonah State Technical Institute was established in 1949 as a result of the Wallace-Patterson Trade School Act of 1947 and the first class was admitted in 1950. The first president assumed the responsibilities of that office on October 30, 1964, and the initial classes began on September 30, 1965. In 2005, the college officially merged with Bessemer State Technical College but maintained its name.

Lawson State has experienced three name changes:

- August 22, 1966 Wenonah State Technical Junior College
- August 12, 1969 Theodore Alfred Lawson State Junior College (named in honor of the incumbent president)
- October 1, 1973 Lawson State Community College (merged with Wenonah State Technical Institute)

**About the College Locations**

Lawson State Community College, has two campuses—one in the city of Birmingham and the other in the city of Bessemer. Lawson State serves students from the entire area of Jefferson County and surrounding counties.

The Bessemer Campus is located at 1100 Ninth Avenue SW, Bessemer, Alabama 35022 and occupies approximately 50 acres of rolling, wooded property in southwestern Jefferson County. The south campus is composed of 34 acres and is connected with the north campus by a drive paralleling the interstate system.

The Bessemer Campus of Lawson State Community College is comprised of eight buildings. The buildings and the functions they contain are as follows:

**Building A** is located at the main entrance to the campus and provides facilities for administrative offices, the college's Bookstore, Student Services and Cafeteria. Instructional programs in this building are Licensed Practical Nursing, Dental Assisting, Computer Science, Industrial Electronics, Office Administration, Accounting, and General Education courses. The Library/Learning Resource Center, and Student Support Services program are also located in this building.

**Building B** is adjacent to Building A. Programs occupying the building are Graphics and Prepress Communications, Air Conditioning/Refrigeration, Welding, Drafting, Commercial Art, and Automotive technician programs.

**Building C** is located south of Building B and provides facilities for automotive programs.

**Building D** is located on the southern most area of the main campus and houses Diesel Mechanics.

The **Jess Lanier Building** is located adjacent to the Ethel H. Hall Automotive Technology Center and provides facilities for specialized automotive programs and Ready-to-Work and truck driving simulations.

The **Millsap Industrial Training Center** is designed to provide classroom and laboratory instruction for apprenticeship and multi-craft training for business and industry. The One-Stop Career Center, Workforce Development, Adult Education and Skills Training, and the State Vocational Rehabilitation Office are located in this building.

The **Ethel H. Hall** The Alabama Center for Automotive Excellence is a facility housing four automotive classrooms/labs and an auditorium for satellite telecasts. The President, Dean of Career Technical Programs, and Associate Dean for Career Technical Programs are also located in this building.

**North Campus** is composed of a cluster of buildings housing Building Construction, Plant Operations and Security.

The **Birmingham Campus** is located in the southwest section of Birmingham, Alabama. The campus is readily accessible to students via Interstate 1-59/20 W, I-65S and U.S. Highway 11 South. The Birmingham Campus, along with Wenonah High School, Jones Valley School (K-8), and Wenonah Elementary School, helps to form an educational complex that offers opportunities for high-level educational achievement.

Lawson State Community College is located in the southwest section of Birmingham, Alabama. The campus is readily accessible to students via Interstate 1-59/20 W, I-65S and U.S. Highway 11 South.
Lawson State serves students from the entire area of Jefferson and surrounding counties. Lawson State, along with Wenonah High School and Jones Valley School (K-8), helps to form an educational complex that offers opportunities for high-level educational achievement.

The Birmingham-West Campus, located on the northern side of Wilson Road, consists of six buildings on 45 acres of land. The buildings are:

Arthur Shores Fine Arts (Gym) is comprised of the Department of Physical Education, and the music, art and athletic programs. It houses the athletic complex, including a weight room and pool.

Academic (Building B) is comprised of the Department of Humanities, Department of Social Sciences, Department of English and Languages, Department of Natural Sciences, and the STEM lab.

Science (Building C) is comprised of the Department of Natural Sciences and Mathematics and a number of biology and physics labs.

Library (Building D) is comprised of the Learning Resource Center which contains the College’s main library, Thelma Catlin Auditorium, special collections, and the Ebony computer lab. The Department of Developmental Education is also housed in this area as well as the Center for Teaching Excellence and Learning (CTEL) and Academic Affairs.

Administration (Building A) is comprised of the administration offices which include the Office of the Vice President’s Office of Instruction, the Office of the Vice President of Administrative Services, the Human Resources Office and the Business Office.

The Student Success Center is comprised of the Office of Student Services, SPACE Center (Student Success Lab); Testing Center, Financial Aid Services, Cashier, Records Office, Admissions Office, Learning Support Labs, ADA Services, Study Quads, Vice President for Students Services Office, Associate and/or Assistant Dean of Students Office, Student Activities Director’s Office, Advising Center, Counselors, Bookstore, Safety and Security, Cafeteria, Campus Police, Cafeteria, and the Recreation Room.

Alabama Center for Advanced Technology and Training (ACATT) is comprised of the President's Office, the Business and Information Technologies Department, the Small Business Center, the Swift App Development Labs, a copy center, mail room, Teleconferencing Room, Assistant Learning Technology, Executive Meeting Hall, ATN, etc.

The Birmingham - East Campus, which is located on the southern side of Wilson Road, consists of eight buildings on 43 acres of land. The buildings are:

W. Fred Horn High Technology Building is comprised of Automotive Body Repair and Restoration. Drafting and Design Technology, and general educational courses to support the Career Technical Education programs.

One-Stop Career Center is comprised of WIA Clients, LITCA Program, Adult Education, and the Dean of Educational Support Services who coordinates the MIS Department, Institutional Research, and several federal projects.

Ethel Hall Health Professions Building is comprised of the Department of Health Professions and Emergency Medical Services.

A.G. Gaston Administration Building is comprised of programs within the Department of Career/Technical Education to include: Cosmetology, Barbering, and Culinary Arts.

Shop Buildings #1 and #2 are original buildings which contain various programs and services such as the Department of Facilities and Physical Plant, Department of Transportation Services, and the College’s Health Center.

George Howard Building is comprised of part of the Cosmetology and Nail Care programs along with a Chemistry lab and the plumbing program.

Web Campus is comprised of Lawson State’s eCollege program courses. Students take classes via distance education means. The Web Campus supports the online Business program and all subsequent General Education courses that fall under that program.

For more information about campus locations, visit Lawson's website at www.lawsonstate.edu

ACADEMIC AWARDS

Lawson State Community College is authorized to award the Associate in Arts (AA), Associate in Science (AS), Associate in Occupational Technology (AOT), and Associate in Applied Science (AS) degrees as well as certificates in occupationally specific areas by the Alabama Department of Postsecondary Education and the Alabama Community College System. Students successfully completing the prescribed series of courses obtain these degrees and certificates. Orientation 101 (ORI 101) is a prerequisite to all degree and certificate programs. Orientation is not usually transferable. Students transferring in at least 12 credit hours or more are also required to take ORI 101 although the course is abridged for them and takes less time to complete.

Placement in college level English and math courses depends upon placement. Placement is determined by either a score of 17+ on the ACT, a high school GPA (of 2.75 or higher along with passing grade of “C” or higher in English IV or Algebra II) or via placement tests results (Accuplacer). Placement in developmental level courses may be required to encourage student success. Placement in developmental courses requires a lab component as well.

COLLEGE TRANSFER

Course work leading to the Associate in Arts and the Associate in Science degrees are designed to prepare students to transfer to a four-year college or university to pursue a Bachelor of Arts or a Bachelor of Science degree. Students are assigned to advisors on the basis of an intended area of concentration indicated by individual students. Degree plans have been outlined in the catalog to guide students in the choice and sequence of particular courses.

It is the student’s responsibility to become familiar with the requirements of the senior institution to which he or she contemplates transferring. A student planning to transfer should follow a prescribed series of courses (as outlined by the Statewide Articulation Reporting System—STARS) in order to prevent loss of credit upon transferring. Students should consult with their faculty advisors before registering.

Students pursuing college transfer options should become familiar with STARS which provides them with very specific information about the requirements in each area of concentration for a given transfer institution. The STARS website can be accessed from the college’s main website at www.lawsonstate.edu. From STARS, students can print a transfer guide for his or her area of concentration and enter into a binding contract with the transfer institution of his or her choice. Once the contract has been completed, it is considered binding unless the student opts to attend a different institution or change his/her major.

CAREER, TECHNICAL, AND OCCUPATIONAL PROGRAMS

Programs leading to the Associate in Applied Science and the Associate in Occupational Technologies degrees are college-level programs of study designed to prepare students to enter occupational, semi-professional, or paraprofessional employment. Though many of the courses in these programs transfer to four-year colleges and universities, their primary intent is to prepare students for immediate employment after successful completion of a two-year program of courses. Certificates are awarded to students who successfully complete the requirements of specific technical or occupational programs. These programs vary in length from two to five semesters. Some certificate programs do not require a high school diploma for admission.

DEGREE OFFERINGS

ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE DEGREES

Degrees may contain 60-64 hours. ORI 101 is a prerequisite for this degree.

Area I — Written Composition (6)
ENG101 — Written Composition I
ENG102 — Written Composition II

Area II — Literature, Humanities and Fine Arts (12)
SPH 107 (3) — Fund. of Public Speaking
*ENG 251/252 (or ) — American Literature I-II
*ENG 261/262 — English Literature I-II

**Select one full sequence of English. Do not mix types of literature.

**The remaining three (3) semester hours to be selected from Humanities and/or Fine Arts: Area/Ethnic Studies, Art and Art History, Foreign Languages, Music and Music History, Philosophy, Ethics, Religious Studies, Theater and Dance from STARS.

Area III — Natural Sciences and Mathematics (11)

Area IV — Social and Behavioral Science (12)
*NOTE: Students have the option of completing a complete English series or History series. Once a track is selected, the completion of 3 credit hours in the remaining track will only be needed. See STARS guide for specifics.

Area V — Pre-Professional/Elective Courses (19-23)
• CIS 146 or Higher (3)
• Two PED 1-hour activity courses (2)
• Pre-professional courses (14-18)

Total Semester Transfer Hours (60-64)

ASSOCIATE IN APPLIED SCIENCE AND ASSOCIATE IN OCCUPATIONAL TECHNOLOGIES

(Degrees range from 60-76 hours)

General Studies Requirements
• Area I: Written Composition (3 credits)
• Area II: Humanities and Fine Arts (6 credits)
• Area III: Natural Science and Mathematics (7-15 credits)
• Area IV: Social and Behavioral Science (3-6 credits)
• Area V: Pre-Professional Electives (0-5)

*Indicates specific requirement for nursing only.
General Education is designed to develop informed, creative and disciplined minds. It focuses on undergraduate studies and is structured around four goals (student learning outcomes). The learning outcomes emphasize the content areas of communication, literature, mathematics, natural science, social and behavioral science and business and information technologies. Exiting students are expected to transfer to a four-year college majoring in a variety of degrees in the liberal arts or sciences.

**GENERAL EDUCATION SLO's (Student Learning Outcomes)**

There are four General Education Student Learning Outcomes/Goals set within the General Education program.

1. **Communicate Effectively**
   (Express ideas with clarity, logic, and originality in both spoken and written English).

2. **Reason Quantitatively**
   (Apply mathematical principles to address and solve problems)

3. **Think Critically**
   (Gather and interpret data using a variety of methods to address and solve both practical and theoretical problems).

4. **Develop Information and Visual Literacy**
   (Assess information requirements of complex projects, identify potential textual, visual and electronic resources, and obtain the needed information to interpret, evaluate, synthesize, organize and use that information, regardless of format, while adhering strictly to the legal and ethical guidelines governing information access in today’s society).

**GENERAL EDUCATION DESIGN**

General Education courses are specifically designed to satisfy specific criteria. These criteria represent general skills and perspectives that are applicable to all general education courses. Each course provides or enhances the following: a disciplinary mode of inquiry, creativity, consideration of the implications of knowledge, diverse perspectives, computer skills, written or oral communication skills, library research skills, and an awareness of the relationship of that discipline to others.

Students who seek degrees must fulfill each of the goals of the program. General Education provides a broad foundation of general knowledge for the more specialized upper division courses. The required courses help students toward the development of skills prerequisite for advanced studies. Students may choose among the core courses listed for each goal. Each of the courses listed under each goal has been specifically designed to address that goal. The total hours of core courses required for the General Education are listed below by degree type.

- Associate in Arts and Associate in Sciences — 49 hours
- Associate in Applied Science — 24-30 hours
- Associate in Occupational Technologies — 24 hours

**The General Education Course Criteria are listed below.**

1. General Education courses teach a disciplinary mode of inquiry (e.g., literary analysis, statistical analysis, historical interpretation, philosophical reasoning, aesthetic judgment, the scientific method) and provide students with practice in applying their disciplinary mode of inquiry, critical thinking or problem solving strategies.
2. General Education courses introduce creativity as a process and present examples.
3. General Education considers questions of ethical values.
4. General Education courses explore past, current, and future implications (e.g., social, political, economic, psychological or philosophical) of disciplinary knowledge.
5. General Education courses should encourage consideration of course content from diverse perspectives.
6. General Education courses provide opportunities for students to use computers for word processing, database spreadsheets and graphics.
7. General Education courses require at least one substantive written paper, oral report, or course journal.
8. General Education courses require specific assignments which necessitate use of library resources.
9. General Education courses foster awareness of the common elements among disciplines and the interconnectedness of disciplines.

General Studies offers a variety of Areas of Concentrations that students can follow in order to later transfer their credits to a four-year institution. Upon completion of the requirements for a General Studies degree (depending on the Area of Concentration selected), students will be awarded either an Associate in Arts or an Associate in Science degree in General Studies.

General Studies is designed specifically to allow students to transfer into senior level colleges and are aligned to match requirements as outlined within the STARS agreement. Because General Studies has Areas of Concentration opposed to actual Programs of Study, the college does not guarantee that all course requirements under specific Areas of Concentration (within General Studies) will be offered, particularly under Area V listings. In fact, based on availability of course offerings under Area V, General Studies students do have the option of transferring with less than 60 credit hours or take additional courses (needed to graduate) at another accredited college to be applied towards your graduation requirements at Lawson State Community College. Always seek advisement, however, prior to any decision that may affect your graduation.

**UNDERSTANDING GENERAL STUDIES AREAS**

*DEscribes the course is required for all degree types, AA, AS, AOT and AAS.*

There are five areas under the General Studies — Area I, Area II, Area III, Area IV and Area V.

Area I - Written Composition

**AA or AS Degrees:** 6 credit hours  
**AOT:** 3 credit hours  
**AAS:** 3 credit hours

Effective written communication skills are essential in a literate society. Minimum requirements include at least 6 semester hours in a written composition sequence for AA and AS degree seeking student. AOT and AAS degrees require 3 credits in English composition.

**Area I Course Selections:**

Refer to your AA, AS, AAS or AOT degree plan and/or STARS Guide (where applicable) for detailed course selection recommendations and requirements for your specific discipline.

</tr>
</tbody>
</table>

**AREA II - Humanities and Fine Arts**

Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education.

**AA or AS Degrees:** 12 credit hours  
**AOT:** 6 credit hours  
**AAS:** 6 credit hours

For AA or AS degree seeking students, minimum requirements include at least 12 semester hours in humanities with a minimum of 3 semester hours in literature; 3 semester hours in the arts, and the remaining semester hours from the humanities and/or fine arts. *Some degrees require a literature sequence, others allow students to select between a literature or history sequence. Please review the degree plan closely. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance. AOT and AAS degrees require 6 credit hours under Area II. See degree plan for specifics.*

*As a part of the General Studies (AA/AS) curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV).

**Area II Course Selections:**

Refer to your AA, AS, AAS or AOT degree plan and/or STARS Guide (where applicable) for detailed course selection recommendations and requirements for your specific discipline.

**Area II – English, Humanities & Fine Arts Options**

**Area III - Natural Sciences and Mathematics**

Study in the natural sciences and mathematics emphasizes the scientific method and applies quantitative or inductive reasoning. For AA and AS degrees, minimum requirements include at least 11 semester hours with at least 3 semester hours in mathematics* at the Finite Mathematics level (MTH110) or the Pre-calculus algebra level (MTH112) unless otherwise specified and at least 8 semester hours in the natural sciences which must include laboratory experiences. Some disciplines require specific science sequences. Hence, it is important to refer to degree plan or STARS Guide for specifics. Disciplines in the natural sciences include but are not limited to, astronomy, biology, chemistry, geology and physics. AAS and AOT degrees require 7 credit hours under Area III (which includes a Natural Science and college mathematics course. Students are required to take at least one Natural Science class and a college level mathematics course.

*Students must refer to their specific degree plan and/or STARS Guide to determine which math class is Some mathematics courses are offered for 4 semester credit hours. Only minimum semester requirements are indicated.

**Area III Course Selections: Natural Science or Mathematics**

Refer to your AA, AS, AAS or AOT degree plan and/or STARS Guide (where applicable) for detailed course selection recommendations and requirements for your specific discipline.

**Natural Sciences (Options):**

**Area IV- History, Social, and Behavioral Sciences**

Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. For AA and AS degrees, minimum requirements include 12 semester hours with at least 3 semester hours in history* and at least 9 semester hours from among other disciplines in the social and behavioral sciences. Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology. *NOTE: As a part of the General Studies curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV). AOT and AAS degrees require 3 semester hours in either history, social science or behavioral science.

**IMPORTANT NOTE:** AA and AS students must select complete either a literature pairing (6 credits) and one history class (3 credits), OR complete ONE history pairing (6 credits) and ONE literature class (3 credits). Do not mix pairings. Keep sequences together. Some degrees are specific and will outline the sequence. Some degrees require the completion of both sequence. Refer to degree plan and STARS Guide for specifics.

**Area IV Course Selections:**

Refer to your AA, AS, AAS or AOT degree plan and/or STARS Guide (where applicable) for detailed course selection recommendations and requirements for your specific discipline.

AREA V - Pre-Professional, Major, and Elective Courses

Area V is designated for courses appropriate to the degree/discipline/major requirements that each unique student must satisfy for their specific award or concentration (it may also include electives*). Depending on the degree, Area V requirements differ. There are common Area V General Education courses (listed below) that fall under General Studies to include CIS146 (Microcomputer Applications, 3 credits); and PED (Physical Education, 2 credits). AA and AS Degrees that require more General Education courses require an additional 3 credit General Education course. AA and AS degrees require 8 credits of General Education courses and AAS and AOT degrees require 5 credits of General Education courses under Area V.

All other courses required under Area V must be satisfied based on the students area of concentration/discipline to meet graduation completion requirements.

*Some institutions may include courses in wellness or physical education. Students wishing to transfer under the General Studies should follow the STARS agreement for the specific college the student is planning to transfer to in the future.

AA or AS Degrees: 8 credit hours
AOT: 5 credit hours
AAS: *0-5 credit hours
*Nursing does not require any General Education elective credits under Area V

Area V Course Selections:

Refer to your AA, AS, AAS or AOT degree plan and/or STARS Guide (where applicable) for detailed course selection recommendations and requirements for your specific discipline.

For AA and AS Degrees (Total General Education Requirements)

Associate in Arts and Associate in Sciences — 49 GE hours
Associate in Applied Science — 24-30 GE hours
Associate in Occupational Technologies — 24 GE hours

Degree Completion Requirements (for AS and AA degree additional requirements could continue to fall under General Studies course classifications).

AS and AS degrees have 49 General Education credit requirements, but students need 60 minimum credits to graduate overall. See Area V (within the specific degree plan) for additional pre-professional, major and elective courses.

AAS degrees have 24-30 General Education credit requirements, but students need 60-76 credits to graduate overall. See Area V (within the specific degree plan) for additional pre-professional, major and elective courses.

AOT degrees have 24 General Education credit requirements, but students need 70-76 credits to graduate. See Area V (within the specific degree plan) for additional pre-professional, major and elective courses.

Note: For institutions requiring 120 semester hours for graduation, the maximum allowable hours for transfer from a community college into a four-year baccalaureate degree program will be 60 semester hours.
College Transfer Mission & Outcomes

The college transfer division is dedicated to promoting and maintaining the highest form of instruction in all classrooms to ensure that learning takes place and that students are successful at the college and once they matriculate to their four-year institution of choice. Emphasis is placed on the following outcomes:

- The student will able to read, analyze, and interpret meaning from college level texts—both in poetry and prose.
- The student will be able to demonstrate mastery of college level mathematics which includes the ability to analyze, reason and problem solve.
- The student will demonstrate mastery of written communications in the form of essays and research papers. Such mastery should include the student’s ability to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will demonstrate proficiency in his/her major core subject area.
- The student will pass all required exiting competencies, as required.
- The student will demonstrate the ability to think critically and logically.
- The student will be knowledgeable in basic computer operations and programs.
- The student will demonstrate proficiency in oral communications.

Degrees Awarded:

Lawson State Community College (within the College Transfer Division) awards the following degrees: Associate in Arts, Associate in Science, and Associate in Applied Science.

A student shall be awarded a degree when he or she completes the full requirements outlined within a specific degree plan and/or area of concentration. Students MUST pay particular attention to the degree plan as well as the STARS agreement which highlights the courses that will satisfy the college the student wishes to transfer to.

MISSION: The mission of the Business and Information Technologies Division is to provide a superior values-laden education that motivates and enables our students to become effective and socially responsible business leaders. We strive to provide a diverse student body with an education that creates highly productive professionals who are ethical, entrepreneurial (profit and nonprofit), and prepared to succeed in corporate, government, and the global economy.

The Division achieves this through excellence in teaching, research, service, and engagement with the business community and other stakeholders. The student experience is distinguished by leadership training, teamwork, personal attention, and appreciation of the civic and social responsibility of business leaders.

The mission places the highest priority on teaching, which is predominately delivered by full-time faculty members with the appropriate degree, as well as scholarship and service, and seeks to:

- Provide students with skills that will allow them to matriculate successfully to a four-year institution.
- Provide programs that meet the special needs of the community.
- Promote learning through the continuous enhancement of the curriculum and its delivery.
- Encourage the development of professional competencies, attitudes, and ethics among students and faculty.
- Acknowledge the effects of increasing globalization, technological advancements, and diversity in workplaces.
- Support the professional development and renewal of the faculty.
- Encourage meaningful contributions to our academic, professional, and local communities through outreach and service.

VISION: The Business and Information Technologies Division’s vision is to empower students from diverse backgrounds to become productive and ethical business professionals who are among the best in the world. The Division offers:

- Programs that meet the special needs of the community.
- A Small Business Development Center that offers services to entrepreneurs so they can build a growing and stable platform that will enable them to expand.
- Assistance with campus online courses using BlackBoard and registering them as a Southern Regional Electronic Course (SREC).
- On-the-job training through the Division’s Internship Program so students can gain work experience before they graduate.
- Various areas of training to business and industry and the community.

The students play an important and active role in the life of the Division and are treated as an important individual with unique goals, drives, and needs. In addition, the faculty, staff, and dean, who represent diverse backgrounds and expertise, serve as advisors to students throughout their program. They are highly qualified in their specialty areas.

Because of our desire to be the “best of the best”, we have become stronger each year which has made our students highly marketable in their endeavors. The challenging training has enabled the students to place nationally in the varied competitive areas of business and technology yearly. This experience alone provides them growth in their vocation.

A large proportion of the employment opportunities in the United States and abroad are in business and business-related fields. The business students at Lawson State Community College are afforded the opportunity to prepare for a career in business and/or transfer to a four-year institution to further pursue a baccalaureate degree in business and related majors.

The Associate of Arts Degrees entails a liberal arts-based curriculum combined with basic business courses that prepare the student to transfer to a four-year institution with the courses based on obtaining a business degree.

The Associate of Applied Science Degrees entails hands-on experiences and affords each student the opportunity have an understanding of real-life experiences through internships/co-ops.

The Division’s mission and objectives reflect the application of Lawson State's overall mission to the field of Business. The Division specializes in providing state-of-the-art, highly marketable programs. According to the Occupational Handbook, the Division of Business and Information Technologies can train individuals in more than 200 occupations. The course offerings include numerous courses which also allow persons employed in business to learn new skills or refresh existing skills. The curriculum provides students with a broad understanding of business, a competence in business computer programming, and knowledge of information technology infrastructure.

Moreover, Information Technology is undergoing great changes as technology advances and the need for computer software increases. Simply providing students with skills necessary to enter the computing profession is not sufficient. Because of this, our students are given a solid theoretical foundation with knowledge of information technology infrastructure. Persons desiring noncredit, personal enrichment may audit any course offering which compliments their personal proficiency also.

To better assist students in meeting their classroom goals, the College has computer labs where all computer-related courses meet. The computer labs provide the student with state-of-the-art computer hardware and software that aid in preparing work for all of their classes. Open lab time is available for usage outside of class time as well. Students are encouraged to maximize their use of computers in all of their coursework.

Come and join the faculty, staff, and students in the Division of Business and Information Technologies at Lawson State Community College. Let us help you to become marketable.

The Business and Information Technologies Division now has TWO online programs:

- Business Administration (AA)
- Business Education (AA)

The business degrees are the most popular online degrees today. Online degrees allow you to build your skills in the comfort of your home or if you have a demanding job, while traveling or at your leisure.

Further, an Associate of Arts degree in business will allow you to easily matriculate a four-year institution of your choice to complete your bachelor’s degree, and you would have obtained your degree at an economical price. For more information, please contact:

AA DEGREES - Associate in Arts Degrees

AREA I – WRITTEN COMPOSITION - 6
• ENG 101 - English Composition I
• ENG 102 - English Composition II

AREA II – HUMANITIES/ FINE ARTS - 12
Humanities
• ART 100 - Art Appreciation
• MUS 101 - Music Appreciation
• HUM 100 - Introduction to Humanities
• SPH 107 - Fundamentals of Public Speaking
• Foreign Language Courses
• Religion Courses

Fine Arts Requirements
6 Hours required for AA Degree if only 3 hours in History
• ENG 251 / 252 - American Literature I & II
• ENG 261 / 262 - English Literature I & II
• ENG 271 / 272 - World Literature I & II

AREA III – NATURAL SCIENCE & MATH - 11
Natural Science Requirements
• BIO 101 - General Biology I W/Lab
• BIO 102 - General Biology II W/Lab
• BIO 103 - Principles of Biology I W/Lab
• BIO 104 - Principles of Biology II W/Lab
• BIO 201 - Human Anatomy & Physiology I *
• BIO 202 - Human Anatomy & Physiology II *
• CHM 104 - Intro to Inorganic Chemistry I W/Lab
• CHM 105 - Intro to Inorganic Chemistry II W/Lab
• CHM 111 - College Chemistry I W/Lab

NOTE: *REQUIRED FOR Office Admin/Medical Program

Mathematics Requirements (Choose One)
• MTH 110 - Finite Mathematics
• MTH 112 - Pre-Calculus Algebra
• MTH 113 - Pre-Calculus Trigonometry

NOTE: Check STARS for the Math Course

AREA IV – HISTORY/ SOC BEH SCIENCES - 12
History
6 Hours required for AA Degree if only 3 hours in Literature
• HIS 101 / 102 - History of Western Civilization I & II
• HIS 201 / 202 - United States History I & II

Social, and Behavioral Sciences Requirements
• ECO 231 - Principles of Economics I **
• ECO 232 - Principles of Economics II **
• PSY 200 - General Psychology
• SOC 200 - Introduction to Sociology

NOTE: **ECO Courses REQUIRED for Business Degrees

AREA V - PRE-PROF/MAJOR COURSES - 21
Please review your Business and Information Technologies’ degrees (Business Administration & Business Education) for Area V courses (Includes CIS 146 and 2 PED courses)

Please review your Business and Information Technologies’ degrees (Accounting, Business Management, Computer Science, Office Administration, Business Administration & Business Education) for Area V courses (Includes CIS 146 and 2 PED courses)
AREA V - PRE-PROF/MAJOR COURSES – 35-41

Electives: Business and Information Technologies Department

Computerized Accounting Requirements/Electives
- ACC 129 - Individual Income Taxes
- ACC 149 - Intro to Accounting Spreadsheets
- ACC 150 - Computerized General Ledger
- BUS 246 - Accounting on the Microcomputer
- NOTE: BUS 271 or BUS 272 will substitute

Hospitality Management Electives
- HSM 133 - Hospitality Field Experience II 3
- HSM 234 - Planning/Dev of Leisure Prog/Fes. 3
- HSM 265 - Planning/Development of Tourism 3
- HSM 270 - Planning/Mgmt of Sports Tourism and Events 3

Management Requirements/Electives
- BUS 275 - Principles of Management
- BUS 276 - Human Resource Management
- BUS 279 - Small Business Management
- HSM 111 - Orientation to Hospitality Management
- BUS 100 - Introduction to Business

Business Administration/Education Degrees – AA Electives

NOTE: The electives for Business Administration and Business Education Degrees will depend on the educational institution and degree program chosen. Students must have an institution and program identified to insure a classification of junior will be concrete upon transfer.

ACC, BUS, CIS, ECO, HIT, HSM, OAD, PRL, RLS

ACC Electives
- ACC 129 - Individual Income Taxes
- ACC 149 - Intro to Accounting Spreadsheets
- ACC 150 - Computerized General Ledger

BUS Electives
- BUS 241 - Principles of Accounting I
- BUS 242 - Principles of Accounting II
- BUS 246 - Accounting on the Microcomputer
- BUS 248 - Managerial Accounting
- BUS 263 - Legal/Social Env. of Business
- BUS 271 - Business Statistics I
- BUS 272 - Business Statistics II
- BUS 275 - Principles of Management
- BUS 276 - Human Resource Management
- BUS 279 - Small Business Management
- BUS 298 - Governmental/Business Nonprofit Acct.

CIS (Computer Science) Electives

** Industry Certification Course(s)
- CIS 147 - Advanced Microcomputer Apps **
- CIS 149 - Introduction to Computers **
- CIS 157 - Intro to App Development with Swift
- CIS 199 - Network Communication **
- CIS 207 - Intro to Web Development
- CIS 212 - Visual Basic Programming
- CIS 220 - App Development with Swift I
- CIS 222 - Database Management Systems
- CIS 227 - App Development with Swift II

- CIS 251 - C++ Programming
- CIS 268 - Software Support **
- CIS 269 - Hardware Support **
- CIS 270 - CISCO I **
- CIS 271 - CISCO II **
- CIS 272 - CISCO III **
- CIS 273 - CISCO IV **
- CIS 275 - Workstation Administration
- CIS 276 - Server Administration
- CIS 280 - Network Security **
- CIS 285 - Object Oriented Programming

ECO Electives
- ECO 231 - Principles of Macroeconomics
- ECO 232 - Principles of Microeconomics

HIT Electives
- HIT 230 - Medical Coding Systems I
- HIT 231 - Medical Coding Systems 1 Lab
- HIT 232 - Medical Coding Systems II
- HIT 233 - Medical Coding Systems II Lab
- HIT 235 - Medical Coding Systems III
- HIT 236 - Medical Coding Systems III Lab
- HIT 294 - Medical Insurance and Billing
- HIT 152 - Skill Developmental Lab I
- HPS 114 - Basic Pharmacology

HSM Electives
- HSM 111 - Orientation to Hospitality Management
- HSM 123 - Hospitality Field Experience I
- HSM 140 - Hospitality Industry Computer Sys.
- HSM 232 - Event Logistics and Entertainment
- HSM 234 - Planning & Development of Leisure
- HSM 250 - Hospitality Marketing
- HSM 265 - Planning & Development of Tourism

OAD Electives
- OAD 120 - Medical Terminology (or OAD 211)
- OAD 101 - Beginning Keyboarding
- OAD 103 - Intermediate Keyboarding
- OAD 125 - Word Processing
- OAD 138 - Records/Information Management
- OAD 200 - Machine Transcription
- OAD 201 - Legal Terminology
- OAD 202 - Legal Transcription
- OAD 203 - Legal Office Procedures
- OAD 211 - Medical Terminology (or BIO 120)
- OAD 212 - Medical Transcription
- OAD 218 - Office Procedures
- OAD 243 - Spreadsheet Applications

PRL (Paralegal) Electives
- PRL 101 - Introduction to Paralegal Study
- PRL 102 - Basic Research and Writing
- PRL 103 - Advanced Legal Research and Writing

RLS Electives

** State Real Estate Pre-License
- RLS 101 - Real Estate Principles**
The following applies for the Accounting Areas:

- All elective(s) and/or substitutions must be approved by the area advisor.
- BUS 210 (Introduction to Accounting) is recommended as a prerequisite for BUS 241.
- BUS 296 (Business Internship) MUST be taken in the last semester of enrollment.

Enroll in ORI 101 your first term at LSCC.

The Accounting Technology Program (Associate of Applied Science and Certificates) trains students with skills in preparing, analyzing, and verifying financial documents. Moreover, the Division of Business and Information Technologies assists in giving each student the self-confidence, maturity, and ability to work independently. The programs are designed to give each student excellent skills in mathematical and computer skills, analytic and problem solving skills, oral and written communication skills, and strong interpersonal skills. As with other industries, technology plays an integral role in the accounting field. Computer applications, database and spreadsheet classes complement the core curriculum with an emphasis on computerized accounting applications. Co-op is required of each student in the Applied Science degree program.

A Certificate in Accounting is excellent preparation for an accounting career and is ideal for those individuals holding a degree from a four-year institution in a field other than accounting, and wishes to change careers into an accounting profession.

A Certificate in Accounting will also provide the opportunity for individuals without a degree to advance by developing expertise and technical skills in the challenging and rewarding field of accounting. The accounting certificate program is designed to open career avenues for those seeking employment in accounting, as well as those wishing to enhance already established careers in other fields.

The Associate of Arts for the Business Administration Transfer Program is designed for students who are planning to transfer into baccalaureate degree programs in business administration, management, marketing, finance and accounting along with other business programs offered at four-year institutions. The coursework includes the basic business courses that are generally acceptable to the transfer institution. The major emphasis is on completion of general education requirements that are part of the senior institution's requirements for business majors. These are in the liberal arts areas of math, science, humanities, and social sciences. Students enrolling in this transfer program should be aware of the course requirements and application of transfer credits at the institutions to which they are considering transferring. Each student should work closely with the STARS program, their advisor, and transfer counselor to be sure that their requirements are sufficient. Co-op is not required.

The Associate of Arts for the Business Education Transfer Program is designed for students who are planning to transfer into baccalaureate degree programs in entrepreneurship, real estate, e-business, technology management, banking, business communications, computer science, e-commerce, educational leadership, economics, human resources, public administration, labor relations, paralegal, along with other business technologies programs offered at four-year institutions. The coursework includes the basic business courses that are generally acceptable to the transfer institution. The major emphasis is on completion of general education requirements that are part of the senior institution's requirements for business majors. These are in the liberal arts areas of math, science, humanities and social sciences. Students enrolling in this transfer program should be aware of the course requirements and application of transfer credits at the institutions to which they are considering transferring. Each student should work closely with the STARS program, their advisor, and transfer counselor to be sure that their requirements are sufficient. Co-op is not required.

The Associate of Applied Science for the Business Administration and Management Program trains students with skills needed to begin an exciting and challenging career in any number of today’s business fields. With the growth of the Internet industry and e-commerce opportunities, there is an even greater need for well-rounded business training. In this

dynamic age, you will succeed with a diverse, broad-based knowledge of vital business policies and procedures. The core curriculum will enable you to enter the job market in a number of capacities. Moreover, Co-op is required of each student in the Applied Science degree program. Co-op contributes to the overall skill development which builds self-confidence, maturity, and the ability to work independently.

A Short Certificate in Management and Supervision is designed to help you develop the skills you need to become an effective supervisor or manager. Initial offerings focus on helping you understand yourself and others, enhance your mathematics, computer, and writing skills. Subsequent offerings will show you how to set goals and objectives, solve problems, build effective teams, communicate effectively, and deal with difficult employees.

ONLINE DEGREES
ONLINE AA DEGREES ONLY

ONLINE EDUCATION is becoming more popular every day as an alternative way of learning because students are provided the same high-quality intellectual rigor of a traditional classroom setting. Enrolling in the AA Online Programs allows students to complete the first two years of college, at an economical price, before transferring to a four-year institution.

After the first semester of coursework, students should decide on the four-year institution in which they will be transferring to. This is vital in Areas II - V.

TOTAL REQUIRED HOURS FOR DEGREE 62

NOTE: Refer to the STARS guide as it relates to the courses required for your chosen major at the transferring institution.

All college transfer students should complete and retain a STARS guide in order to properly follow their degree plans. Failure to do so may result in students taking courses or enrolling in programs that are NOT transferable to their four-year institution. See the Self-Help Guidebook section of this catalog for instructions.

**Phi Beta Lambda** is a business organization that has a chapter in the Business and Information Technologies Department. The objective is to develop strong, aggressive leadership so that future businessmen and women may participate more effectively in the business community life of which they are a part.

**BIRMINGHAM CAMPUS** - 205-929-2024/205-9293597

**BESSEMER CAMPUS** - 205-929-6306

**Remember!** The Phi Beta Lambda professional student organization is for all majors at Lawson State Community College.

Can you see yourself managing a golf club or a golf resort? If the answer is yes, get the skills you need to achieve your goal—enroll in the Hospitality Management Program today!!

---

![Image of golf course with golfers]
**WHAT IS HOSPITALITY MANAGEMENT?**

Simply, providing services so customers feel welcome and at home! The key is being hospitable and accommodating to those being served, etc. SOME areas that hospitality is rendered are:

**Hotels**

**Tourism**

**Restaurants**

**Casinos**

**Galleries / Museums**, etc.

**Parks and Fairs**

As you can see, your talents will be needed EVERYWHERE!!

**ASSOCIATE IN APPLIED SCIENCE DEGREE HOSPITALITY MANAGEMENT (HSM)**

*The following applies for the Business Areas:*

- All elective(s) and/or substitutions must be approved by the area advisor.
- BUS 210 (Introduction to Accounting) is recommended as a prerequisite for BUS 241.
- HSM 123 OR BUS 296 (Business Internship) MUST be taken in the last semester of enrollment.

*Enroll in ORI 101 your first term at LSCC.*

The Associate of Applied Science for the Hospitality Management is among the fastest growing industries in the world, and is filled with a large variety of career options within the corporate and private sectors. Despite fluctuations in the economy, families and individuals are always looking for exciting new ways to enjoy their free time, whether it is planning a vacation or simply dining out. Business and industry leaders are always networking and planning events to expose and expand their businesses. For these reasons, there will always be a need for professionals to provide their services in an organized and well-planned manner. Hospitality careers are often stereotyped as low-wage, entry-level positions with little opportunity for advancement. Consequently, qualified workers are often surprised to learn about the range of hospitality careers and their earning potential beyond minimum wage.

**Contact:** Dr. Alice Tyler Milton for more information concerning Hospitality Management – amilton@lawsonstate.edu
The following applies for the Computer Science Areas:

- All elective(s) and/or substitutions must be approved by the area advisor.
- BUS 210 (Introduction to Accounting) is recommended as a prerequisite for BUS 241.
- BUS 296 (Business Internship) MUST be taken in the last semester of enrollment.

Enroll in ORI 101 your first term at LSCC.

The Computer Science/Business Program (Associate of Applied Science) is designed for students with an interest in computer science and its application in business. With the current trends to outsourcing and contracting for the provision of computing resources in business, it is imperative that computing practitioners have a strong grounding in business and business practices. These practitioners need entrepreneurial skills as they will often have to establish themselves as independent consultants and compete for contracts. This degree is intended to prepare students to compete in this market. Co-op is required of each student in the degree program. Co-op contributes to the overall skill development which builds self-confidence, maturity, and the ability to work independently.

The Computer Science/Math Program (Associate of Applied Science) provides each student with a background in the principles of computing and their applications in software and systems. Students are provided real-life experience together with the development of a sound basis in theory. Students work individually and cooperatively, on projects designed to foster an understanding of basic theoretical principles. Whether you plan to enter the computing industry or only to use computing as a tool for other purposes, the program prepares each student for great preparation for the future. Co-op is required of each student in the degree program. Co-op contributes to the overall skill development which builds self-confidence, maturity, and the ability to work independently.

A Certificate in Computer Science is designed for individuals that seek upgrading or retraining in areas related to computer science.

### INDUSTRY CERTIFICATIONS

#### INDUSTRY CERTIFICATE PROGRAMS

CompTIA’s goal is to provide a unified voice, global advocacy and leadership, and to advance industry growth through standards, professional competence, education, and business solutions.

- **A+ Certification** - The CompTIA A+ certification is the industry standard for validating vendor-neutral skills expected of an entry-level computer technician. Those holding the A+ certification have a broad base of knowledge and competency in core hardware and operating system technologies including installation, configuration, diagnosing, preventive maintenance and basic networking.

Every business uses computers and skilled technicians are a necessity. A+ opens the door to an exciting career in computer technology at an affordable price. A+ certification is the perfect launch pad into other more challenging careers in information technology.

- CIS 268 Software Support 3
- CIS 269 Hardware Support 3

**TOTAL REQUIRED HOURS FOR INDUSTRY CERTIFICATE** 6

- **CompTIA Security+ Certification** - CompTIA Security+ validates knowledge of systems security, network infrastructure, access control, assessments and audits, cryptography and organizational security. It is an international, vendor-neutral security certification that is taught at colleges, universities and commercial training centers around the world.

Although not a prerequisite, it is recommended that CompTIA Security+ candidates have at least two years of on-the-job technical networking experience, with an emphasis on security. The CompTIA Network+ certification is also recommended.

- CIS 280 Network Security 3

**TOTAL REQUIRED HOURS FOR INDUSTRY CERTIFICATE** 3
● **CompTIA Network+® Certification** – The CompTIA Network+ certification is an international industry credential that validates the knowledge of networking professionals with at least nine months of experience in network support or administration or adequate academic training. A typical candidate would have CompTIA A+ certification or equivalent knowledge, but this is not a prerequisite. An accepted foundation-level, vendor-neutral certification for networking professionals, many IT certifications integrate CompTIA Network+ into their curriculums. There are approximately 135,000 CompTIA Network+ certified professionals worldwide. The skills and knowledge measured by this examination were derived from an industry-wide job task analysis and validated through an industry-wide survey of more than 2,500 participants.

Earning a CompTIA Network+ certification demonstrates that a candidate can describe the features and functions of networking components, and possesses the knowledge and skills needed to install, configure and troubleshoot basic networking hardware, protocols and services. The exam tests technical ability in the areas of media and topologies, protocols and standards, network implementation, and network support. The exam also covers new technologies such as wireless networking and gigabit Ethernet.

**Professional Course Required for Network+ Level:**

CIS 199 – Network Communications

**Total Required Hours For Industry Certificate**  3

● **Cisco Certified Network Associate (CCNA)** – The CCNA certification (Cisco Certified Network Associate) indicates a foundation in and apprentice knowledge of networking. CCNA certified professionals can install, configure, and operate LAN, WAN, and dial access services for small networks (100 nodes or fewer), including but not limited to use of these protocols: IP, IGRP, Serial, Frame Relay, IP RIP, VLANs, RIP, Ethernet, Access Lists.

**Cisco Certified Network Professional (CCNP)** The CCNP certification (Cisco Certified Network Professional) indicates advanced or journeyman knowledge of networks. With a CCNP, a network professional can install, configure, and troubleshoot local and wide area networks for enterprise organizations with networks from 100 to more than 500 nodes. The content emphasizes topics such as security, converged networks, quality of service (QoS), virtual private networks (VPN) and broadband technologies.

**Professional Courses Required For CCNA Level:**

CIS 270 – Cisco I  
CIS 271 – Cisco II

CIS 272 – Cisco III  
CIS 273 – Cisco IV

**Total Required Hours For Industry Certificate**  6-12

● **Microsoft Certified Systems Administrator (MCSA)**

Earn the Microsoft Certified Systems Administrator (MCSA) certification to help advance your career by ensuring that you have the skills to successfully manage and troubleshoot system environments that run on the Windows operating system. The MCSA: Messaging credential identifies systems administrators who implement, manage, and maintain a messaging infrastructure by using Microsoft Exchange Server. The MCSA: Security credential identifies systems administrators who help manage, maintain, and implement security on the Windows operating system and help create a secure computing environment.

http://www.microsoft.com/learning/mcp/mcsa/default.mspx

**Total Required Hours For Industry Certificate**  12

● **Microsoft Certified Solution Developer (MCSD)** – The new Microsoft Certified Solution Developer (MCSD) for Microsoft .NET certification is the premier credential for lead developers who design and develop leading-edge enterprise solutions with Microsoft development tools, technologies, platforms, and the Microsoft .NET Framework.

http://www.microsoft.com/traincert/mcp/mcsd/default.asp

**Total Required Hours For Industry Certificate**  12

● **Microsoft Certified Systems Engineer (MCSE)**

**Total Required Hours For Industry Certificate**  18

OFFICE ADMINISTRATION (OAD)

The following applies for the Office Administration Areas:
- All elective(s) and/or substitutions must be approved by the area advisor.
- BUS 210 (Introduction to Accounting) is recommended as a prerequisite for BUS 241.
- BUS 296 (Business Internship) MUST be taken in the last semester of enrollment.

Enroll in ORI 101 your first term at LSCC.

The Office Administration Program is designed to teach students strong administrative, computer and interpersonal skills promoting greater efficiency in the office. Emphasis is placed on developing strong computer and communication abilities, which are vital tools in the workplace. The latest office administration skills will be learned that are required in the workplace—each student is highly organized and well trained in the leading edge office automation technology. The aim is to provide each student with a combination of office administration skills and technology that will prepare them to be highly competitive in the job market. Co-op is required of each student in the degree program.

The Office Administration/Legal Program is designed to teach students strong administrative, computer and interpersonal skills promoting greater efficiency in the legal office. Emphasis is placed on developing strong computer and communication abilities, basic accounting principles, legal concepts, business law, transcription, etc.—which are vital tools in the workplace. The latest office administration skills will be learned that are required in the workplace—each student is highly organized and well trained in the leading edge office automation technology. The aim is to provide each student with a combination of office administration legal skills and technology that will prepare them to be highly competitive in the job market. Co-op is required of each student in the degree program.

The Office Administration/Medical Program is designed to teach students strong administrative, computer and interpersonal skills promoting greater efficiency in the medical office. Emphasis is placed on developing strong medical coding and billing skills, computer and communication abilities, medical terminology, medical office procedures, transcription, etc.—which are vital tools in the workplace. The latest office administration skills will be learned that are required in the workplace—each student is highly organized and well trained in the leading edge office automation technology. The aim is to provide each student with a combination of office administration medical skills and technology that will prepare them to be highly competitive. Co-op is required of each student in the degree program.

## REAL ESTATE (RLS)
The Real Estate Certificate Program offers the course work that meets the standards of professionalism in the real estate industry. The program follows the guidelines set by the Alabama Real Estate Commission. Moreover, the program meets the career objective of persons interested in real estate sales or other allied real estate professions. For students seeking to enter the real estate field, it offers formal education that meets the industry's goals of professionalism.

Real Estate is a booming area for people of all ages. It offers excellent income potential, flexible work hours, and income is gained at your pace. The first step is being certified. The Real Estate Certificate takes each student through the 60 hours of instruction for pre-licensure. A certificate will be given to each student that successfully completes RLS 101 (60 Hours – Pre-License). The certificate is needed for the Real Estate Commission Examination.

CAREER & TECHNICAL PROGRAMS

AIR CONDITIONING/REFRIGERATION (ACR)

MISSION: The mission of the Air Conditioning and Refrigeration program is to prepare students to successfully install service and troubleshoot HVACR systems. As HVACR technicians, graduates will be skilled in both commercial and residential service.

The Air Conditioning/Refrigeration program’s instructional process begins with the fundamentals of refrigeration and electricity. Once these courses are mastered, students will take advanced courses in a sequence that fits their individual interest. Each course offers specific skills needed by technicians on the job. Students receive assignments and job sheets through each phase of study and all hands-on learning occurs on industry standard equipment.

This program consists of one certificate, an A.O.T. degree option, and one short-certificate with two specialties.

AIR CONDITIONING/REFRIGERATION Short Certificate – 25 Credit Hours

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

AIR CONDITIONING/REFRIGERATION SPECIALTY: MAJOR APPLIANCE REPAIR Short Certificate – 25 Credit Hours

In recent years, home appliances have become more technically advanced and increasingly required skilled technicians to diagnose and repair problems. Not only is

there a move toward intelligent appliances, more homes are expected to become wired within the next ten years, allowing homeowners remote access to appliances.

Today’s In-Home Service Professions have many career options. They can choose to open and operate their own business, or to work for a major appliance company, where career options include opportunities to become trainers or customer service managers.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

AUTO BODY/COLLISION REPAIR (ABR)

MISSION: The Auto Body/Collision Repair program is designed to teach students to repair collision damage on vehicles. The program includes the latest repair technology, welding, shop safety, metal straightening, fiberglass repair, damage estimating and refinishing. Students will obtain skills which include all phases of collision repair and refinishing.

Auto body/collision repair work has variety and challenges. Each damaged vehicle presents a different problem. Using their broad knowledge of automotive construction and repair techniques, graduates of the program learn to develop appropriate methods for each job. Auto body/collision repair technicians learn to make structural, nonstructural, and mechanical repairs. This program consists of one certificate, one A.O.T. degree option and one short-certificate.

AUTOMOTIVE MANUFACTURING (AUT)

MISSION: The mission of the Automotive Manufacturing program is to prepare students for employment and advancement in fields of robotics, electrical, machine tool, industrial electronics, automated manufacturing, and industrial maintenance. Additionally, the program provides training for industry and assists students in achieving their personal and professional goals.

Automated manufacturing is one of the fastest growing industries in the southeast. Companies producing intermediate components and finished goods locate near each other in industrial parks, because of easier access to recent manufacturing innovations and just in time inventory for the automotive industry. Today's manufacturers use automated manufacturing processes which include sensors, programmable logic controls, robotics, fluid power and process controls. The automotive manufacturing program is unique because graduates are prepared as multi-craft technicians.

This program consists of one A.A.S. degree, one certificate, and two specialty short certificates.

AUTOMOTIVE MANUFACTURING SPECIALITY: MECHATRONICS

Short Certificate – 28 Credit Hours

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

AUTOMOTIVE MANUFACTURING
Associate in Applied Science Degree
70 Credit Hours

AUTOMOTIVE MECHANICS
(AUM)

MISSION: The mission of the Automotive Mechanics program is to prepare students for successful employment or advancement as automotive technicians.

The Automotive Mechanics program prepares students to diagnose mechanical problems and to make repairs to all components of the automobile.

This program consists of one certificate, one A.O.T. degree option and one short-certificate.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

AUTOMOTIVE SERVICE (ASE)
GM ASE, FORD ASSET, & TOYOTA T-TEN

MISSION: The mission of the Automotive Service program is to prepare students for successful employment or advancement in either the Ford, General Motors, or Toyota automotive technology field through various instructional methods including theory classes, practical laboratory, shop experiences, and cooperative education work experience with area dealerships.

The Ford Motor Company Automotive Student Service Educational Training program (ASSET), the General Motors Automotive Service Education Program (ASEP), and the Toyota Technical Education Network (T-TEN) program are designed to provide students with the technical competence and professionalism expected of the incoming dealership technician. With a curricula designed by Ford, GM, and Toyota, the programs involve attending on-campus laboratory sessions and on-the-job work through sponsoring dealerships.

This program consists of one A.A.S. degree for each of the product specific manufacturers.

Note: Applicants must have a high school diploma or GED, a clean driving record, and must pass a drug test prior to beginning the program.

BARBERING (BAR)

MISSION: The mission of the program is to prepare graduates to be successful in the profession of Barber-Styling in the personal appearance industry.

The Barbering program at Lawson State Community College is designed to change student’s lives through education so they can become trained and equipped for a lucrative career.

To attain success in the program as well as in their chosen profession, it will require students to consistently practice their craft and be committed to learning. Students must be willing to learn the necessary scientific concepts within the theory classes so they can master all practical processes to be prepared for a successful career as entrepreneurs.

The Barbering program presents a variety of training opportunities to equip students with the necessary skills for a successful career. Some of the many aspects of study include: hair cutting, shaving, skin care, hair coloring, hairstyling, identifying scalp and skin disorders, first aid, infection control practices and professional communication skills are a few of the many areas of study. The instructional methods implemented allow students to make appropriate decisions about which direction they want to take their career.

** The program consists of one certificate and an A.O.T. which prepares the student for professional licensing, and one short certificate which is non-licensing.

### CARPENTRY (CAR)

**Mission:** The carpentry program provides students with job preparation through job related live-work experiences: studying the history and theory of working and producing goods and products with wood and related materials. The student will gain experience and knowledge of hand tools, power tools, and other industry related equipment.

Included in the course of study is an introduction to basic joists, job planning, blueprint reading, layout and excavation, foundation and form building, floors, walls, ceilings, and roofing. Interior and exterior finishes are also covered in carpentry. This program consists of one short certificate.

#### Carpentry

**Short Certificate – 28 Credit Hours**

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

### COMMERCIAL ART AND ILLUSTRATION (CAT)

**Mission:** The mission of the Commercial Art program is to prepare students for employment or advancement as practitioners in the field of commercial art. The program prepares students to become respected, responsible members of society by stressing good work habits, excellent craftsmanship, and ethical conduct.

Students with creativity, motivation, and talent find the Commercial Art program an ideal place to prepare for careers in advertising agencies, art studios, mass media, newspaper and TV enterprises, and publishing. Graduates can elect to become freelance commercial artists or photographers. This program consists of one certificate, one A.O.T. degree option and one short-certificate.

COSMETOLOGY (COS)

MISSION: To prepare students to successfully work in the hairstyling industry.

The Cosmetology program at Lawson State is designed to be the road to success. Some of the many aspects of study include: haircutting, hair coloring, styling, identifying scalp and skin disorders, manicures, pedicures, first aid and infection control, and communication skills are but a few of the many areas of study. This allows students to make appropriate decisions about which direction they want to take their career. Developing skills in many disciplines is important because, combined; they provide the foundation that is needed to allow for the many choices available.

The programs consist of one full certificate for cosmetology, an AOT in Salon Management, and two specialty short certificates for Nail Technology and Natural Hair Styling. The LS CC Cosmetology program is carefully designed to prepare students to pass the State Board examination and integrates a mock state board exam in all semesters to help familiarize the students with the examination procedures. The full certificate program also has a CO-OP class included in the third semester. This class is designed to introduce completing students into the industry. This is accomplished through industry professionals that have decided to give back to their profession by mentoring up and coming professional (students) in the daily operations of the salon. Both the state board mock exam and the CO-OP program have added to the overall success of the LS CC cosmetology program.

This program consists of one certificate, one AOT and two (2) short-certificate Specialty Options.

### CULINARY ARTS (CUA)

**MISSION:** The mission of the culinary arts program is to provide students with specialized learning experiences in order to be prepared for careers in the hospitality industry including restaurants, hotels, bakeries, cafes, catering and foodservice management. In addition to extensive hands-on kitchen and service training, students are exposed to real life experiences through professional field trips, guest Chefs, live-work, catering events, and industry internships.

Students rotate through three state of the art kitchens learning key topics including: knife skills, product and equipment identification, safety and sanitation, cooking and baking methodology and techniques, cost control and more. All culinary and pastry classes are taught by highly experienced Chefs that have been certified by The American Culinary Federation and The National Restaurant Association.

This program consists of one AAS degree, one certificate one Culinary Arts Short Certificate; one Culinary Arts Long Certificate and one Hospitality Management Certificate.

COMPUTER AIDED DRAFTING AND DESIGN (DDT)

MISSION: The mission of the Computer Aided Drafting and Design program is to prepare students as drafting technicians using state-of-the-art software and positioning them to become members of successful design and production teams while encouraging them to maintain competence through continuing education opportunities.

Computer Aided Drafting and Design (CAD) technicians use special computer software applications to create sketches, graphics, and drawings. As members of design and production teams, CAD technicians work with the architect, engineer, or project designer to create details, layouts, and graphic representations necessary for new projects.

The technician's career can move into advanced design, management, manufacturing, or estimating. The Associate Degree program begins with an introduction to computers and basic drafting skills. Advanced students have the opportunity to study architectural, mechanical, manufacturing processes and structural design. Additional career pathways include Computer Aided Manufacturing (CAM), Geographical Information Systems (GIS), 3D graphics and animation, technical illustration, 3D printing, and rapid prototyping. This program consists of three specialty short-certificates, one certificate, and one A.A.S degree.
Today, the definition of a designer has become vague and broad, everyone is a designer, and everyone is an artist. The foundation of courses within these specialties, are the building blocks to the creative process of true design conception. They teach you to plan, mold, organize, and prepare the structure and processes of a work to be executed in an interdisciplinary way. Distinguish yourself in a creative occupation with this in-demand specialty short-certificate as an Advanced Designer, a person prepared to perform the advanced design task and mission.

Advanced Architectural Design technicians use specialized software applications such as 3ds Max™, Revit Architecture™, and AutoCAD Architecture™ to create sketches, drawings and 3D animated graphics. Advanced Manufacturing Design technicians use industry preferred applications of Solidworks™, Autodesk Inventor™ and CATIA™ to prepare solid model files for Rapid Prototyping machines. This enables the communication and evaluation of 3D prototypes for manufacturing and product design concepts to be completed in hours instead of days.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

- GIS 204 GIS Application Programming 3
- CIS 212 Visual Basic Programming 3
- CIS 222 Database Management System 3

Select 3 credit hours from the following:
- DDT 133 Basic Surveying 3
- GIS 203 Remote Sensors, Spat. Analy./Mdl. 3

Geographic Information Systems (GIS) is changing the way we approach the world around us. GIS is mapping technology that harnesses the power of computers and data to make maps even more useful. It is a tool that is used by individuals and organizations, schools, governments, and businesses seeking innovative ways to solve their problems by visualizing, questioning, analyzing, and interpreting data to understand relationships, patterns, and trends. If you have used an Internet mapping program to find directions, or a GPS device to navigate then congratulations, you’ve personally used GIS.

GIS offers a reliable and cost-effective means for the sharing and analysis of geographic data among government agencies, private industry, non-profit organizations, and the general public.

Our certificate program is designed for professionals desiring to enter the GIS field or who wish to become more competitive within it. This certificate is stackable within the DDT Associate degree awards and is equally suitable for entry-level students who desire an inventive degree that they can create. Topics include GIS, civil and surveying engineering technology, cartography, remote sensing, programming and application customization.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

Computer Aided Drafting and Design Specialty: 3D Printing, Rapid Prototyping, and Advanced Manufacturing prepares graduates to learn about 3D printing modeling, rapid prototyping, and advanced manufacturing processes. This fast growing career opportunity is a specialized Computer Aided Design (CAD) program. Rapid Prototyping is an additive process that builds parts up in layers rather than cutting parts out of materials like most traditional subtractive processes. Students prepare solid model 3D files enabling the communication and evaluation of 3D printing. New techniques are rapidly expanding the capabilities of this technology, creating model prototypes of architectural, civil and product design concepts in hours instead
of days. Benefits of 3D printing and modeling can be applied in a number of industries including Architecture and Construction, Health and Science, Engineering, Research, Planning, Manufacturing and Geography.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

**COMPUTER AIDED DRAFTING AND DESIGN SPECIALITY: AUTODESK TRAINING AND CERTIFICATION**
Short Certificate – 28 Credit Hours

Computer Aided Drafting and Design Specialty: Autodesk Training and Certification prepares graduates to take certification credential exams of specific Autodesk software. In the global marketplace, design and visualization industries are competitive environments, where only the best stand out. Anyone who uses Autodesk software for professional reasons can benefit from the program by emphasizing their skills and knowledge with an official independent certification from Autodesk recognized worldwide. This certificate offers training to take multiple certification exams for AutoCAD, Autodesk Inventor, AutoCAD Civil 3D, Autodesk Revit Architecture, and Autodesk 3ds Max Design. Autodesk provides documentation for these credentials.

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

**ELECTRICAL/ELECTRONIC ENGINEERING (EET)**

**MISSION:** The mission of the Electrical/Electronic Engineering program is to provide a fundamental background for students interested in pre-engineering with a practical knowledge of electrical and electronic applications.

Electrical and electronic engineering technicians help design, develop, test, and manufacture electrical and electronic equipment. Engineering technicians use the principles and theories of science and engineering to solve technical problems in wiring, construction, and development. Many program graduates wire, troubleshoot, and maintain various types of electrical, electronic, or mechanical equipment. They also install and maintain the electronic controls for machines in business and industry. This program consists of a short certificate.

**ELECTRICAL/ELECTRONIC ENGINEERING**

**Short Certificate – 26 Credit Hours**

**Note:** ORI 101 Orientation is required during the first semester of attendance for all students entering this program.
### CAREER & TECHNICAL PROGRAMS

- **EET 100** Introduction to Engineering Technologies 3
- **ETC 101** DC Fundamentals 3
- **ETC 102** AC Fundamentals 3
- **ETC 120** Concepts of Solid State Electronics 5
- **ETC 127** Concepts of Digital Electronics 5
- **ILT 198** Electronic Circuits I 3
- **AUT 208** Automated System Diagnosis and Troubleshooting 3

### INDUSTRIAL ELECTRONICS: ELECTRICAL (ILT)

**MISSION:** The mission of the Electrical program is to provide a fundamental background for students interested in residential and commercial wiring with a practical knowledge of electrical systems.

Electricity is essential for light power, air-conditioning, and refrigeration. Electricians install, connect, test, and maintain electrical systems for a variety of purposes, including climate control, security, and communications. Electricians generally specialize in construction or maintenance work, although a growing number do both. Electricians specializing in construction primarily install wiring systems into new homes, businesses, and factories, but they also rewire or upgrade existing electrical systems as needed. This program consists of one short certificate.

### ELECTRICAL (ILT) Short Certificate – 28 Credit Hours

*Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.*

### ELECTRONICS-INDUSTRIAL (ILT)

**MISSION:** The mission of the Electronics program is to prepare students for employment and advancement in robotics, industrial electronics, automated manufacturing, or industrial systems. Additionally, the program provides training for local industries and assists students in achieving their personal and professional goals.

Electronic technicians help design, develop, test, and manufacture electrical and electronic equipment. These technicians use the principles and theories of science and engineering to solve technical problems in wiring, construction, and development of industrial systems. The Electronics program is unique because graduates wire, troubleshoot, and maintain various types of electrical, electronic, or mechanical equipment. They also install and maintain the electronic controls for machines in business and industry.

This program consists of one A.A.S. degree, one certificate, and one short-certificate.

### ELECTRONICS-INDUSTRIAL Short Certificate – 28 Credit Hours

The mission of the Graphics and Prepress program is to prepare students for employment in graphic design, prepress operations, printing, desktop publishing, and web page development using industry standard software applications and equipment. The program also offers continuing education opportunities in emerging technologies.

** Those interested in this Area of Concentration should first be advised by the program advisor prior to declaring it as a Program of Study for either option offered STC, CER, or AOT

Lawson State Community College provides education opportunities in the rapidly growing field of graphics and prepress communications. Because the program is based on the mastery of major computer software applications, students receive a strong foundation in desktop graphics and prepress skills. Graduates of the program find rewarding careers in traditional and electronic publishing, advertising, web design, and print production. Advanced students can participate in cooperative work courses that offer valuable field experience and allow for career exploration. This program consists of one certificate, one short-certificate, and one A.O.T. degree option.

**NOTE: For degree seeking students, choose general studies course options

### INDUSTRIAL MAINTENANCE (INT)

**MISSION:** The mission of the Industrial Maintenance program is to prepare students for employment and advancement in industrial systems maintenance. Additionally, the program provides training for industry and assists students in achieving their personal and professional goals.

The Industrial Maintenance Technician program prepares a student to install and maintain all types of industrial equipment. Graduates will align motors, interpret prints and schematics, properly use burning and welding equipment, and identify equipment components and their applications in industrial environments. The program is usually completed in five semesters/terms. This program consists of a short certificate.

**INDUSTRIAL MAINTENANCE**

Short Certificate – 28 Credit Hours

**Note:** ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

| MTT 139  Intro to Computer Numerical Controls  | 3 |
State Approved Only.

**LOGISTICS AND SUPPLY CHAIN TECHNOLOGY (LGT)**

**MISSION:** The mission of the Logistics and Supply Chain Technology program is to prepare students to manage and coordinate all logistical functions in an enterprise, ranging from acquisitions to receiving and handling, through internal allocation of resources to operations units, to the handling and delivery of output.

Logistics and supply chain management professionals are responsible for the entire life cycle of a product, including acquisition, distribution, internal allocation, delivery, and final disposition of resources. This program consists of one short certificate.

**LOGISTICS AND SUPPLY CHAIN TECHNOLOGY**

Short Certificate – 22 Credit Hours

*Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.*

**Pre-Professional Courses**
- ORI 101 Orientation to College

**Technical Courses of Study:**
- LGT 106 Workplace Essential Skills
- LGT 108 Introduction to Logistics
- LGT 110 Warehouse Operations I
- LGT 111 Warehouse Operations II
- LGT 114 Supply Chain Fundamentals/Mgmt.
- LGT 115 Purchasing in Logistics

*Select 3 credit hours from the following courses:*
- LGT 223 Warehouse Logistics Coop
- LGT 296 Directed Studies in Logistics

**MACHINE TOOL TECHNOLOGIST (MTT)**

**MISSION:** The mission of the machine tool technologist program is to prepare students for successful employment or advancement in the mechanic industry.

Computer control programmers and operators use computer numerically controlled (CNC) machines to cut and shape precision products, such as automobile parts, machine parts, and compressors. CNC machines include machining tools such as lathes, multi-axis spindles, milling machines, laser cutting, water jet cutting, and wire electrical discharge machines but the functions formerly performed by human operators are performed by a computer-control module. CNC machines cut away material from a solid block of metal, plastic, or glass – known as the work piece – to form a finished part. Although they may produce large quantities of one part, precision machinists often produce small batches or one-of-a-kind items. They use their knowledge of the working properties of materials and their skill with machine tools to plan and carry out the operations needed to make products that meet precise specifications. This program consists of two specialty short certificates.

**MACHINE TOOL**

Manual Short Certificate – 28 Credit Hours

*Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.*

**Pre-Professional Courses**
- ORI 101 Orientation to College

**Technical Courses of Study**
- MTT 107 Machining Calculations
- MTT 121 Blueprint Reading
- MTT 125 Introduction To Machining Technology
- MTT 139 Intro to Computer Numerical Controls
- MTT 147 Introduction to Machine Shop I
- MTT 148 Introduction to Machine Shop I Lab
- MTT 149 Introduction to Machine Shop II
- MTT 150 Introduction to Machine Shop II Lab
- MTT 281 Special Topics in Machine Tool Tech.

**MACHINE TOOL**

CNC Short Certificate – 28 Credit Hours

*Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.*

**Pre-Professional Courses**
- ORI 101 Orientation to College

**Technical Courses of Study**
- MTT 107 Machining Calculations
- MTT 121 Blueprint Reading
- MTT 139 Intro to Computer Numerical Controls
- MTT 140 Computer Integrated Manufacturing
- MTT 141 Basic CNC Milling Prog. I
- MTT 219 CNC Graphics: Turning
- MTT 220 CNC Graphics: Milling
- MTT 241 CNC Milling Lab I
- MTT 243 CNC Turning Lab I

**MEDIA PRODUCTION (RTV)**

**MISSION:** The mission of the radio and television production program is designed to prepare students for successful employment or advancement in the radio and television production industry.

Broadcast and sound engineering technicians work in program production. They also set up, operate, and maintain a wide variety of electrical and electronic equipment involved in almost any radio or television broadcast, concert, play, musical recording, television show, or movie. With such a wide range of work there are many specialized occupations within the field.

This program consists of one A.A.S. degree, one certificate, and one short certificate.
**MEDIA PRODUCTION**

**Short Certificate – 28 Credit Hours**

*Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.*

*NOTE: For degree seeking students, choose general studies course options*
MEDIUM/HEAVY TRUCK TECHNICIAN (DEM)

MISSION: The mission of the Medium/Heavy Truck Technician program is to prepare students for successful employment or advancement as truck service and repair technicians.

The program prepares students to diagnose mechanical problems and make repairs to components of medium and heavy-duty trucks and equipment. This program consists of one certificate, one A.O.T. degree option, and one short-certificate.

MEDIUM/HEAVY TRUCK TECHNICIAN

Pre-Professional Courses 1
- ORI 101 Orientation to College

Technical Courses of Study: 27
- DEM 104 Basic Engines 3
- DEM 122 Heavy Vehicle Brakes 3
- DEM 125 Heavy Vehicle Drive Trains 3
- DEM 130 Electrical/Electrical Fundamentals 3

Select 15 credit hours from the following courses:
- DEM 105 Preventive Maintenance 3
- DEM 111 Equipment Safety/Mechanical Fund 3
- DEM 135 Heavy Vehicle Steering and Suspension 3
- DEM 156 CDL License Test Preparation 3
- TRK 111 Basic Vehicle Operation 4
- TRK 112 Safe Operating Practices 3

MEDIUM/HEAVY TRUCK TECHNICIAN

Associate in Occupational Technologies Degree (AOT) 73 Credit Hours

The Medium/Heavy Truck Technician certificate must be completed prior to beginning this degree. Technical Major Courses that were taken in the certificate apply to this Associate in Occupational Technologies Degree.

Note: The A.O.T. degree requires a high school diploma or its equivalent.

Major: Diesel - Medium/Heavy Truck Certificate (DEM) or Automotive Mechanics (AUM)

Minor: Business (BUS)

General Studies Courses
- ORI 101 Orientation to College 1

NOTE: See Area V* for other College Requirements

Area I – Written Composition 3
- COM 100 Career Technical English 3
- ENG 101 English Composition I* 3

Area II – Humanities & Fine Arts 2-3
- SPC 103 Career Technical Speaking 2
- SPH 107 Fundamentals of Public Speaking* 3

Area III – Natural Science & Mathematics 3
- MAH 101 Introductory Technical Math I 3
- MTH 100 Intermediate College Algebra* 3

Area V* – Pre-Professional /College Requirements 3
Select one of the following courses:
- DPT 103 Introductory Computer Skills 3
- CIS 130 Introduction to Information Systems 3
- CIS 146 Microcomputer Applications* 3

Total Pre-Professional College Requirements 12-13

Area V – Technical Courses of Study: 36
- DEM 104 Basic Engines 3
- DEM 122 Heavy Vehicle Brakes 3
- DEM 125 Heavy Vehicle Drive Trains 3
- DEM 130 Electrical/Electrical Fundamentals 3

Select 24 credit hours from the following courses:
- DEM 105 Preventive Maintenance 3
- DEM 111 Equipment Safety/Mechanical Fund 3
- DEM 117 Diesel and Gas Tune-up 3
- DEM 123 Pneumatics and Hydraulics 3
- DEM 124 Electronic Engine Systems 3
- DEM 126 Advanced Engines 3
- DEM 127 Fuel Systems 3
- DEM 135 Heavy Vehicle Steering and Suspension 3
- DEM 137 Heating A/C and Refrigeration Systems 3
- DEM 156 CDL License Test Preparation 3
- TRK 112 Safe Operating Practices 3

Total General Studies Courses 25
Area V – Technical Major Courses 36
- DEM 104 Basic Engines 3
- DEM 122 Heavy Vehicle Brakes 3
- DEM 125 Heavy Vehicle Drive Trains 3
- DEM 130 Electrical/Electronic Fundamentals 3

Select 24 credit hours from the following courses:
- DEM 105 Preventive Maintenance 3
- DEM 111 Equipment Safety/Mechanical Fund 3
- DEM 117 Diesel and Gas Tune-up 3
- DEM 123 Pneumatics and Hydraulics 3
- DEM 124 Electronic Engine Systems 3
- DEM 126 Advanced Engines 3
- DEM 127 Fuel Systems 3
- DEM 135 Heavy Vehicle Steering and Suspension 3
- DEM 137 Heating A/C and Refrigeration Systems 3
- DEM 156 CDL License Test Preparation 3
- TRK 112 Safe Operating Practices 3

A Minor in DEM consists of two options. Take 12 Hours in one group only (Business or Automotive Mechanics). Do not combine groups for your 12 hours.

Area V – Business Minor/Elective Courses 12
Select 12 credit hours from the following courses:
- BUS 100 Intro Business 3
- BUS 210 Introduction to Accounting 3
- BUS 215 Business Communication 3
- BUS 275 Principles of Management 3
- BUS 276 Human Resource Management 3
- BUS 279 Small Business Management 3

Area V – Automotive Mechanics Minor/Elective Courses 12
Select 12 credit hours from the following courses:
- AUM 101 Fundamentals of Automotive Technology 3
- AUM 112 Electrical Fundamentals 3
- AUM 121 Braking Systems 3
- AUM 122 Suspension and Steering 3
- AUM 124 Automotive Engines 3
- AUM 130 Drive Train and Axles 3
- AUM 162 Electrical/Electronic Systems 3

PLUMBING & PIPE FITTING

**MISSION:** The mission of the plumbing program is to prepare students for successful employment or advancement in the plumbing industry.

In addition to residential work, plumbers also do installation for new construction, pipe-laying, and pipe-fitting. Plumbers install, maintain, and repair many different types of pipe systems. The Occupational Outlook Handbook reports that “job opportunities are expected to be excellent, as demand for skilled pipe layers, pipe fitters and steamfitters is expected to outpace the supply of workers trained in this craft.” This program consists of one short certificate.

PLUMBING
Short Certificate – 28 Credit Hours

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

Semester Hours
**Pre-Professional Courses** 1
- ORI 101 Orientation to College

Technical Courses of Study: 27
- PLB 111 Introduction to Plumbing 3
- PLB 112 Plumbing Applications 3
- PLB 113 Pipes and Fittings 3
- PLB 115 Pressure and Non-Pressure Systems 3
- PLB 116 Pressure and Non-Pressure Sys. Apps. 3
- PLB 117 Plumbing Codes 3
- PLB 211 Plumbing and Repair and Installation 3
- PLB 224 Plumbing Co-op 3

Select 3 credit hours from the following courses:
- PLB 118 Code Application 3
- WKO 110 NCCER Core 3

WELDING TECHNOLOGY (WDT)

**MISSION:** The mission of the Welding program is to prepare a skilled craftsman for employment or advancement in welding and fabricating industries. The program also provides specialized courses for welders desiring to upgrade their skills or to learn new skills.

The Welding curriculum provides students with the opportunity to acquire the skills, knowledge, and experience necessary for a career in this rapidly growing field. Emphasis is placed on the technical aspects of welding. Classroom and lab experiences are offered in the welding of carbon, aluminum, and stainless base metals with various welding processes. Specialized classes include blueprint reading/fabrication, welding inspection and testing, oxyfuel, and plasma arc cutting, CNC automated cutting, pipe welding and layout. Students may also become AWS certified welders upon program completion. This program consists of one certificate and one short-certificate.

WELDING TECHNOLOGY
Short Certificate – 28 Credit Hours

Semester Hours
**Pre-Professional Courses** 1
- ORI 101 Orientation to College

Technical Courses of Study: 27
- WDT 108 SMAW Fillet/OFC 3
- WDT 109 SMAW Fillet/PAC/CAC 3
- WDT 110 Industrial Blueprint Reading 3
- WDT 119 GMAW Welding 3
- WDT 120 SMAW Groove 3
- WDT 122 SMAW Fillet/OFC Lab 3
- WDT 124 GMAW Welding 3
- WDT 157 Consumable Welding Processes 3
- WDT 158 Consumable Welding Processes Lab 3
WELDING TECHNOLOGY
Certificate – 51 Credit Hours

Note: ORI 101 Orientation is required during the first semester of attendance for all students entering this program.

Pre-Professional Courses

Freshman &Transient Requirement
- ORI 101 Orientation to College 1

Area I – Written Composition
Select one of the following courses:

College Transfer Mission & Outcomes

Mission: The College Transfer Division is dedicated to promoting and maintaining the highest level of instructional delivery in all classrooms to ensure that learning takes place at the highest level and that students are successful at the college and once they matriculate to their four-year institutions of choice.

Emphasis is placed on the following program outcomes:

- The student will be able to demonstrate mastery of college level mathematics which includes the ability to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to read, analyze, and interpret meaning from college level texts—both in poetry and prose.
- The student will demonstrate a thorough understanding of college level mathematics which includes the ability to analyze, reason and problem solve.
- The student will demonstrate a thorough understanding of college level mathematics which includes the ability to analyze, reason and problem solve.
- The student will demonstrate mastery of written communications in the form of essays and research papers. Such mastery should include the student’s ability to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.
- The student will be able to plan, think (logically), organize and support his or her ideas using Standard English. Writings should also demonstrate a thorough understanding of grammar, syntax and punctuation.

Degrees Awarded:
Lawson State Community College (within the College Transfer Division) awards the following degrees: Associate in Arts, Associate in Science, and Associate in Applied Science.

A student shall be awarded a degree when he or she completes the full requirements outlined within the specific degree plan. Students MUST pay particular attention to the
degree plan as well as the STARS agreement which highlights the courses that will satisfy the college the student wishes to transfer to.

All college transfer students should complete and retain a STARS guide in order to properly follow their degree plans. Failure to do so may result in students taking courses that are NOT transferable to their four-year institution.

Lawson State Community College is an accredited college through the Southern Association of Colleges and Schools, Commission on Colleges (SACS COC) If you are a student seeking to transfer credit hours, the following colleges are under the STARS transfer agreement. For other colleges not listed, contact the appropriate Admissions Office for a transfer review.

- Alabama A&M University
- Alabama State University
- Auburn University
- Auburn University in Montgomery
- Jacksonville State University
- Troy University
- Troy State University
- Troy State University Dothan
- Troy State University Montgomery
- University of Alabama
- University of Alabama Birmingham
- University of Alabama Huntsville
- University of Montevallo
- University of North Alabama
- University of South Alabama
- University of West Alabama

Samford University is not a STARS participant; however, Lawson State Community College has a partnership with Samford under Interdisciplinary Studies. For more information about this specific degree, see Interdisciplinary Studies.

College Transfer Division

Lawson State Community College offers a wide variety of University Parallel Programs and General Studies (Areas of Concentrations) that will transfer to four-year institutions.

The following areas fall under the College Transfer Division:
- Developmental Education (non transferable)

Areas:
- General Studies-- Over 75 Areas of Concentration
- Health and Physical Education
- Health Professions
- Humanities & Fine Arts
- Mathematics and Natural Sciences
- Social and Behavioral Sciences

NOTE: Although Business Technologies falls under Career Technical Programs, it does offer some transferable degrees.

Distance Education (eCollege)

Distance learning courses are included in the curriculum of a particular program (Business) and are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

eCollege offers students the opportunity to take college courses completely online (via the Blackboard Online Learning Platform) without having to come to campus.

The difference between an eCollege course and a campus-based course is how each is delivered. eCollege courses are delivered to students electronically via the Internet. Instructors utilize various methods of communication to conduct the course, such as Web 2.0 technologies, social networking, threaded discussions, email, web conferencing, audio, online testing platforms (Proctor U), and recorded lectures.

Full Online Program: Lawson State offers one full online program in Business (only). Students seeking other degrees can take a limited number of their (General Education) classes online towards that degree.

Limitations: Students on Academic Probation or with less than a 2.0 GPA cannot enroll in online courses.
Verification of Distance Education Students Identities & Testing Requirements

The Department of Education states that accrediting organizations require institutions(s) that offer distance education programs(s) to have processes by which it establishes that the student who registers in a distance education course or program is the same person who receives academic credit. Therefore, eCollege has implemented proctored exams (live online face-to-face proctoring) in online courses in order to verify that the student who registered for the course is the same student who is completing the work. Information on exam dates and topics will be delivered within each online course by the instructor of record. Lawson State offers two means of test delivery (Proctor U and Blackboard) although ProctorU is the preferred and primary method of delivery. The majority of online courses require two proctored exams—one for the mid-term and one for the final exam.

Distance Education Fees

Testing Fees (Incurred at Registration):
Testing fees (whether the course requires the use of Blackboard, ProctorU or ground proctoring services) are automatically paid at the time of registration for all eCollege online students. Fees are $50 per online course registered for at the college (on top of the normal tuition and fees due). Students CANNOT opt out of these online fees. If the testing fees are a concern, please register for a ground course instead. Online classes have inherent testing fees. Testing fees are the same whether the online course uses Blackboard or ProctorU. All eCollege online courses use ProctorU and Blackboard.

NOTE: Distance Education Testing fees are non-negotiable and non-refundable. Students wishing not to pay testing fees at the time of registration should opt to take the course on campus.

Additional Testing Fees (Paid by Student if Registering Late for a Proctor U Test).

Students should schedule their exam with ProctorU no less than 72 hours before taking the exam online. If not, additional fees (paid directly to ProctorU by the student) will be assessed ($8+ or more). Please note that the testing fees collected $50 do NOT cover LATE fees. To avoid late fees, register to take your exam at least 72 hours before taking your exam.

Any additional charges due to ProctorU due to a student registering LATE (less than 72 hours) MUST be paid with a credit or debit card (directly to Proctor U). The eCollege student will be required to enter payment information into a secure page connected to a third-party card processing company. The page is encrypted and ProctorU does not see or store credit card/debit card data. eCollege students will have to re-enter payment information each time a new charge or charges are incurred.

Equipment Requirements (Distance Education)

Required Equipment Needed Prior to Testing with ProctorU (Additional Fees Related to Online Learning):
Proctor U requires three critical pieces of equipment in order for your test to be proctored: (1) a computer with Internet access; (2) a mountable (not built in) camera; and (3) an audio w/microphone headset. All equipment should always be tested prior to your exam. These types of cameras can be purchased in any Lawson State bookstore or within any major chain to include Walmart, Target, etc...
The cost is minimal. It is recommend that all online students purchase their camera and audio headset at the same time they secure their textbook.

Additional Fees (Associated with Online Courses at Lawson State):

Other fees associated with taking an online class include: textbook fees (fees vary per book), Internet access fees, personal desktop or laptop (do not use a phone or tablet to take an online course at Lawson State), attachable desktop camera, audio headset, and software requirements to include Microsoft Suite (or more software requirements, depending on the course). In addition, P.E. online courses require additional technical equipment to track physical activities (i.e., Fit bands, specialized Apps, cameras, etc…). And…science classes may required lab kits that can range in costs from ($250-$400), depending on the course.

Science Lab Kits
GENERAL STUDIES

General Studies offers a variety of Areas of Concentrations (not to be confused with Programs of Study) that students can follow in order to later transfer their credits to a four-year institution. Upon completion of the requirements for a General Studies degree (depending on the Area of Concentration selected), students will be awarded either an Associate in Arts or an Associate in Science degree in General Studies.

Although students can focus on specific areas of concentration within General Studies, General Studies is designed specifically to allow students to transfer into senior level colleges and are aligned to match requirements as outlined within the STARS agreement.

NOTE: Availability of course offerings under Area V can be limited for some Areas of Concentration. In such cases, students are encouraged to seek advisement for possible course substitutions, independent study or Reverse Transfer opportunities.

UNDERSTANDING GENERAL STUDIES:

Under General Studies, students wishing to tailor their education to a specific Area of Concentration for transferring purposes can do so by following the STARS Guide.

HOW TO CRAFT A GENERAL STUDIES DEGREE TO MATCH YOUR AREA OF CONCENTRATION?

Simply complete a STARS application and follow the degree options under Area V. Areas I through IV are standard courses all General Studies need to take. For information on how to complete a STARS GUIDE.

UNDERSTANDING GENERAL STUDIES AREAS

There are five areas under the General Studies — Area I, Area II, Area III, Area IV and Area V.

AREA I - Written Composition (6 SH)

Effective written communication skills are essential in a literate society. Minimum requirements include at least 6 semester hours in written composition.

AREA II - Humanities and Fine Arts (12 SH)

Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education. Minimum requirements include at least 12 semester hours in humanities with a minimum of 3 semester hours in literature*, 3 semester hours in the arts, and the remaining semester hours from the humanities and/or fine arts. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance.

*As a part of the General Studies curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV).

AREA III - Natural Sciences and Mathematics (11 SH)

Study in the natural sciences and mathematics emphasizes the scientific method and applies quantitative or inductive reasoning. Minimum requirements include at least 11 semester hours with at least 3 semester hours in mathematics* at the pre-calculus algebra level or Finite Mathematics level unless otherwise specified and at least 8 semester hours in the natural sciences which must include laboratory experiences. Disciplines in the natural sciences include but are not limited to, astronomy, biology, chemistry, geology, and physics.

*Some mathematics courses are offered for 4 semester credit hours. Only minimum semester requirements are indicated.

AREA IV - History, Social, and Behavioral Sciences (12 SH)

Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. Minimum requirements include 12 semester hours with at least 3 semester hours course in history* and at least 6 semester hours from among other disciplines in the social and behavioral sciences. Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology. *As a part of the General Studies curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV).

The Maximum total for AREAS I-IV is 41 Semester Hours

AREA V - Pre-Professional, Major, and Elective Courses (19-23 SH)

Area V is designated for courses appropriate to the degree/major requirements of the individual student (it may also include electives*).

*Some institutions may include courses in wellness or physical education. Students wishing to transfer under the General Studies should follow the STARS agreement for the specific college the student is planning to transfer to in the future.

GRAND TOTAL for AREAS I-V: 60-64 SH

Note: For institutions requiring 120 semester hours for graduation, the maximum allowable hours for transfer from a community college into a four-year baccalaureate degree program will be 60 semester hours.
GENERAL STUDIES OVERVIEW

As addressed previously, General Studies offers a variety of Areas of Concentrations (not to be confused with Programs of Study) that students can follow in order to later transfer their credits to a four-year institution. Upon completion of the requirements for a General Studies degree (depending on the Area of Concentration selected), students will be awarded either an Associate in Arts or an Associate in Science degree in General Studies.

Although students can focus on specific areas of concentration within General Studies, General Studies Areas of Concentration should not be viewed nor treated as programs of study. Rather, they are designed specifically to allow students to transfer into senior level colleges and are aligned to match requirements as outlined within the STARS agreement.

Because General Studies has Areas of Concentration opposed to actual Programs of Study, the college does not guarantee that all course requirements under specific Areas of Concentration (within General Studies) will be offered, particularly under Area V listings. In fact, based on availability of course offerings under Area V, General Studies students do have the option of transferring with less than 60 hours of credit or take additional courses (needed to graduate) at another accredited college to be applied towards your graduation requirements at Lawson State Community College. Always seek advisement, however, prior to any decision that may affect your graduation.

UNDERSTANDING GENERAL STUDIES:

Under the General Studies degree program option, students wishing to tailor their education to a specific degree, can do just that!

HOW TO CRAFT A GENERAL STUDIES DEGREE?

Simply complete a STARS application and follow the degree options under Area V. Areas I through IV are standard courses all General Studies need to take. For information on how to complete a STARS GUIDE, see the Step-by-Step directions listed on the next page of this catalog.

UNDERSTANDING GENERAL STUDIES AREAS

There are five areas under the General Studies program—Area I, Area II, Area III, Area IV and Area V.

AREA I - Written Composition (6SH)
Effective written communication skills are essential in a literate society. Minimum requirements include at least 6 semester hours in written composition.

AREA II - Humanities and Fine Arts (12SH)
Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education. Minimum requirements include at least 12 semester hours in humanities with a minimum of 3 semester hours in literature*, 3 semester hours in the arts, and the remaining semester hours from the humanities and/or fine arts. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance. *As a part of the General Studies curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV), unless otherwise prescribed within one’s STARS Agreement.

AREA III - Natural Sciences and Mathematics (11 SH)
Study in the natural sciences and mathematics emphasizes the scientific method and applies quantitative or inductive reasoning. Minimum requirements include at least 11 semester hours with at least 3 semester hours in mathematics* at the pre-calculus algebra level or Finite Mathematics level unless otherwise specified and at least 8 semester hours in the natural sciences which must include laboratory experiences. Disciplines in the natural sciences include but are not limited to, astronomy, biology, chemistry, geology, and physics.

*Some mathematics courses are offered for 4 semester credit hours. Only minimum semester requirements are indicated.

AREA IV- History, Social, and Behavioral Sciences (12 SH)
Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. Minimum requirements include 12 semester hours with at least a 3 semester hours course in history* and at least 6 semester hours from among other disciplines in the social and behavioral sciences. Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology.

*As a part of the General Studies Curriculum, students must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV).

The Maximum Total for AREAS I-IV is 41 Semester Hours

AREA V - Pre-Professional, Major, and Elective Courses (19-23 SH)

Area V is designated for courses appropriate to the degree/major requirements of the individual student (it may also include electives)*. Some institutions may include courses in wellness or physical education. Students wishing to transfer under the General Studies program option, should follow the STARS agreement for the specific college the student is planning to transfer to in the future.

GRAND TOTAL for AREAS I-V: 60-64 SH
COLLEGE READINESS:
DEPARTMENT OF
DEVELOPMENTAL EDUCATION

DR. SHERRI DAVIS, ACADEMIC DEAN &
DIRECTOR OF DEVELOPMENTAL EDUCATION
Lawson State Community College
3060 Wilson Road
Birmingham, Alabama 35221

sdavis@lawsonstate.edu
Phone: 205-929-6357

MISSION: The Department of Developmental Education is an intensive and technologically advanced instructional program designed to equip students with the academic skills necessary to perform on a college-level. In addition, the department supports the personal growth of its students through advising, tutoring, counseling, and tracking of academic progress.

PLACEMENT: Students are placed in the developmental program based on ACT scores (if available), high school GPA combined with performance in English IV and Algebra II (in high school) and/or individual placement test scores (if neither and ACT score or final high school transcripts are provided). NOTE: ACT scores and high school records must not be greater than 5 years old. If older, the student must take the Accuplacer exam.

Students with less than a 17 on the ACT or less than a 2.75 high school GPA combined with a passing grade of “C” (or higher) in English IV and Algebra II will be required to take the Accuplacer Placement test. If scored below norms, the student is then placed in one or more developmental classes (English or math). There are three academic areas tested: English, reading, and mathematics. Testing outcomes determine how many developmental courses individual students will have to take in order to reach college-level. Low reading levels are tied to a student’s ability to qualify to take distance education (online) courses. Students scoring below the 9th grade equivalent reading score, cannot enroll in online courses until he or she can demonstrate reading proficiency.

TRACKING: Student academic performance is tracked in each developmental course. Students are given a pre-test at the beginning of each semester to gauge their proficiency level and are post-tested upon completion of the course.

Program Outcomes:
• To equip students with the academic skills in reading, mathematics, and English to perform on college-level.
• To provide students with various types of support (advisement, counseling, tutoring) to ensure academic and personal success.
• To assist students individually with academic problems.

• To provide targeted-assisted instruction.
• To track student progress in order to guide instruction and improve the overall developmental program.
• To provide students with the technological skills necessary to perform on college-level and within the world around them.
• To provide students with intensive laboratory instruction in order to improve overall understanding of subject matter.
• To foster critical-thinking skills.
• To promote study skills throughout each course in an effort to increase academic discipline and overall subject-matter competency.

DEVELOPMENTAL COURSE SEQUENCE

Students are placed in specific levels of developmental studies.

ENGLISH TRACK: 1 Tiered (course); 2 Tiered Labs

ENR 098 Developmental English and Reading (3 credits)
ENG 080 Dev. Eng. & Rdg. Learning Support Lab (1 credit)

Students who originally tested into ENR098 will take ENG099 (which is a Learning Support Tutoring Lab) when they enroll in their first gateway college-level English class, ENG101.

ENG101 English Comp. (3 credits)—College Level Course
ENG099 English Composition Learning Support Lab (1 credit)

MATHMATICS: 1 Tiered (course); 2 Tiered Labs

MTH 098 Developmental Algebra (3 credits)
MTH 080 Dev. Algebra Learning Support Lab (1 credit)

Students who originally tested into MTH098 will take MTH099 (which is a Learning Support Tutoring Lab) when they enroll in their first gateway college-level mathematics class, MTH100.

MTH100 Intermediate Algebra. (3 credits)—College Level Course
MTH099 Intermediate Algebra Learning Support Lab (1 credit)

Testing Out Policy:

Once a student has placed (via the AccuPlacer Exam) into a developmental course, he or she is given an Entrance Exam (for the course they have tested in) within the first week of the course. If the student masters the Entrance Exam by scoring 80% or better, then he or she will be given the Exit Exam (for the course). If passed with a “C”/70% or higher, the student will advance to the next level.

In addition, students are eligible to retest (via Accuplacer) as long as the semester has not started. Students must incur the expense of this retest. After re-testing, the student will be eligible to place in the proper college level course—depending on the placement results.
DEPARTMENT OF HEALTH & PHYSICAL EDUCATION

MR. ERIC AGEE, CHAIRPERSON, HEALTH & PHYSICAL EDUCATION

MR. CARLTON RICE, ATHLETIC DIRECTOR

Lawson State Community College
3060 Wilson Road
Birmingham, Alabama 35221

twilson@lawsonstate.edu
crice@lawsonstate.edu
eagee@lawsonstate.edu

MISSION: The Department of Natural Health, Physical Education, Recreation and Dance is an integral part of the total educational program at Lawson State Community College. The primary focus of the Department is the education of students toward the development of physical, mentally, emotionally, and socially fit citizens through the medium of physical activities, which have been selected, with a view toward realizing these outcomes.

The objectives of the Department are:

- To understand and respect the body as a medium for the expression of self.
- To portray socially acceptable and personally rewarding behavior in a thorough relationships with others.
- To identify the physically under-developed student and mark him/her to improve his/her physical capacities.
- To develop strength, flexibility, balance, and individual perfection of the body through vigorous muscle activities.
- To grow in understanding and skills in order to maintain fitness for later years.
- To develop skills in the lifetime sports to be perpetuated in later life.

The aims and services of the Department are to provide students at Lawson State with:

- Opportunities for fun, enjoyment, and a fellowship through participation.
- Opportunities that will be conducive to their health and physical fitness.
- Programs that constitute health and fitness.
- Instructional programs that identify and emphasize certain specific objectives. These include developing skills and improving physical endurance.

Distance Education:

Distance learning courses taught in Physical Education are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

DEPARTMENT OF HUMANITIES AND FINE ARTS

MRS. REBECCA DUNCAN, CHAIRPERSON

rduncan@lawsonstate.edu

Phone: 205-929-3448

MISSION: The Humanities and Fine Arts Department serves students from the Birmingham area in providing components of a fine arts education degree. Speech, humanities, art, music, and theater are available for courses as well as degrees for concentration in a two-year transfer program. The Department assists students in achieving their educational goals through mastery of academics as well as the arts. Through the service-oriented philosophy of the department, students are provided the experiences of on-site learning, as well as performance-oriented experiences throughout the campus.

LONG-RANGE GOALS

- To increase student awareness and appreciation for the arts.
- To develop and implement a comprehensive program for staff development based on identified needs and current research in the area of Humanities to enhance student experiences in the arts.
- To expose students to diversity through the Humanities.
- To support the General Educational Program of the institution through implementation of requirements throughout the department.

The Department of Humanities is designed to provide opportunities for students to:

- Develop knowledge and understanding and appreciation for the arts and humanities.
- Help students develop the ability to read, think, and write clearly, and critically and apply such knowledge within the arts and humanities.
- Help students become aware of the truth, beauty, and wisdom of our culture to the extent that they are able to make value judgments about the arts.
- Teach the fundamental skills of speaking, performing, and creating art and music.
Help students develop an understanding of and a respect for other cultures through diverse study of art, music, and theater.

Give the student an awareness and appreciation of the aesthetic and intellectual history of the target culture and of its present day manifestations.

Help students comprehend, analyze and explicate literary works via theatrical exposure and performance.

To preserve, appreciate and transmit knowledge of the arts past and present in order to provide a comprehensive understanding of the human experience.

To increase understanding of a multi-cultural world and demonstrate the ability and diversity of human experience.

To improve the understanding of students’ own culture through exposure to the arts and humanities.

To help remove myths and stereotypes about other cultures through a gained understanding and appreciation for the arts and humanities (across cultures).

To develop critical thinking.

Students who plan to receive an Associate in Arts Degree are able to transfer to a four-year institution and pursue a bachelor’s degree in related fields.

Distance Education:

Distance learning courses taught within the Department of Humanities and Fine Arts are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

DEPARTMENT OF LANGUAGES AND LITERATURE

MS. VYAVUKA MASI MASI, CHAIRPERSON

vmasimasi@lawsonstate.edu

MISSION: The Humanities Department serves students from the Birmingham area in providing components of a liberal arts education degree. College writing, reading, and foreign language are available for courses as well as degrees for concentration in a two-year transfer program. The Department assists students in achieving their educational goals through mastery of academics. Through the service-oriented philosophy of the department, students are provided the experiences of on-site learning as well as distance education learning.

LONG-RANGE GOALS

To increase the variety and availability of courses offered in the department.

To develop and implement a comprehensive program for staff development based on identified needs and current research in the area of Humanities.

To expose students to diversity through languages and literature.

To support the General Educational Program of the institution through implementation of requirements throughout the department.

To recruit and maintain full-time and adjunct faculty to meet the needs of the institution.

The Department of Humanities is designed to provide opportunities for students to:

- Develop knowledge and understanding of reading and writing on the college level.
- Help students develop the ability to read, think, and write clearly, and critically.
- Help students understand and appreciate good writing and literature.
- Help students become aware of the truth, beauty, and wisdom of our culture to the extent that they are able to make value judgments about the society in which they live.
- Teach the fundamental skills of reading and writing in a foreign language.
- Help students develop an understanding of and a respect for another culture.
- Give the student an awareness and appreciation of the aesthetic and intellectual history of the target culture and of its present day manifestations.
- Help students comprehend, analyze, and explicate literary works in a foreign language.
- To preserve, appreciate, and transmit knowledge of the past and to provide a comprehensive understanding of the human experience.
- To increase understanding of a multi-cultural world and demonstrate the ability and diversity of human experience.
- To improve the understanding of students’ own culture.
- To help remove myths and stereotypes through the exposure of literature and critical analysis.
- To develop critical thinking.

Students who plan to receive an Associate in Arts Degree are able to transfer to a four-year institution and pursue a bachelor’s degree in related fields.

Distance Education:

Distance learning courses taught within the Department of Languages and Literature are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives,
skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

**DEPARTMENT OF NATURAL SCIENCES**

**DR. TRACEY WILSON, CHAIRPERSON**

twilson@lawsonstate.edu

**MISSION:** The faculty of the Department of Natural Sciences at Lawson State Community College believes that all students are important individuals who, although different from each other in background, talent, capability, and initiative, is entitled to an education that will enable them to realize their maximum potential both as individuals and as members of society. The Department is designed for students who plan to receive an Associate in Science Degree in order to transfer to a four-year institution and pursue a bachelor degree in natural science, health professions and/or related fields. Instructors are employees of the college and, as such, are just as accountable for the content and quality of instruction on or off campus. The instructor is responsible for keeping the courses current and making revisions when necessary.

The program objectives Natural Science are:

- Educate students in the basic principles of scientific reasoning and problem solving. This enhances their ability to assess critical situations accurately.
- Prepare the student for entrance into a four-year institution with emphasis in the various allied health professions and other science or health related professions (under the General Studies curriculum). Moreover, the Allied Health and related professions are designed to enhance student's analytical thinking skills, communication skills and learn to apply these skills and other teaching to the job market.

**Distance Education:**

Distance learning courses taught within the Department of Natural Sciences are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

**DEPARTMENT OF MATHEMATICS**

**DR. CHARLES FOWLER, CHAIRPERSON**

Lawson State Community College
Bessemer, AL

cfowler@lawsonstate.edu

**MISSION:** The faculty of the Department of Mathematics at Lawson State Community College believes that all students are important individuals who, although different from each other in background, talent, capability, and initiative, is entitled to an education that will enable them to realize their maximum potential both as individuals and as members of society. The Departments are designed for students who plan to receive an Associate in Science Degree in order to transfer to a four-year institution and pursue a bachelor degree in mathematics and related fields.

Distance learning courses are included in the curriculum of a particular program and are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

The program objectives for Mathematics are to:

- Develop quantitative skills of curious students who enjoy the enterprise of problem solving and the rewards of discovery.
- Encourage students to pursue advanced training in math commensurate with their goals and talents.
- Develop students' potential for employment in business, industry, teaching, government, etc. by acquainting them with fundamental concept in mathematics.
- Service those students majoring in fields where mathematics is required.
- Prepare effective teachers of mathematics and competent mathematicians for work in business, government, and industry.
- Offer a course of study in mathematics for students entering the College with mathematics deficiencies.
- Offer general mathematics courses for non-science majors.
- Offer courses essential for those students pursuing study in major fields other than mathematics, including those that elect to minor in mathematics.
• Distance Education:

- Distance learning courses taught within the Department of Mathematics are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

---

**DEPARTMENT OF SOCIAL AND BEHAVIORAL SCIENCES**

**MS. VENITA TUBBS, CHAIRPERSON**
Lawson State Community College
3060 Wilson Road
Birmingham, Alabama 35221

vtubbs@lawsonstate.edu

**MISSION:** The Mission of the Social and Behavioral Sciences Department at Lawson State is to provide students with high quality academic coursework leading to a certificate or associate degree, or in preparation for transfer into a baccalaureate degree program. Additionally, this department provides excellent scholastic support in the many general education courses required of students pursuing any degree program at Lawson State. Our programs are relevant to students’ personal and professional needs, develop student’s critical thinking skills, enhance their self-esteem, and assist in the development of student into organized, focused, empowered, and independent lifelong learners.

The Department of Social and Behavior Sciences prepares competent professionals equipped with the knowledge, values and skills that are required to meet the challenges of problems and needs faced by diverse individuals, families, organizations, and urban communities in a changing, global, social environment. Students who plan to receive an Associate in Arts Degree are able to transfer to a four-year institution and pursue a Bachelor’s degree in related fields of study.

**Distance Education:**

Distance learning courses taught within the Department of Social and Behavioral Sciences are regulated by the same policies as though conducted in a classroom on campus—they are held to the same standards. The same goals and objectives, skills, and competencies that apply to classroom instruction also apply to distance learning courses. Admissions, degree, completion, curriculum, and instructional design policies and procedures are the same as those for traditional campus-based programs.

COLLEGE TRANSFER / GENERAL STUDIES PROGRAMS

OVERVIEW
College Transfer & General Studies Degree Plans
(Areas of Concentration)
GENERAL STUDIES AREA OPTIONS
Associate of Arts (AA) and
Associate of Science (AS)
CAUTION: DO NOT FOLLOW THIS DEGREE PLAN WITHOUT A STARS GUIDE IN YOUR HAND

*LSCC Requirement for all Graduates 1
ORI101 Freshman Academy 1
Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I – Written Composition 6
ENG 101 English Composition I and 6
ENG 102 English Composition II 6

Area II – English, Humanities & Fine Arts 12-13
SPH 107 Fund. of Public Speaking 3

IMPORTANT NOTE: You must select ONE literature pairing (6 credits) and one history class (3 credits), OR select ONE history pairing (6 credits) and ONE literature class (3 credits). Do not mix pairings. Keep sequences together.

ENG 251 American Literature I 3-6
ENG 252 American Literature II /OR 3-6
ENG 261 English Literature I 3-6
ENG 262 English Literature II/OR 3-6
ENG 271 World Literature 3-6
ENG 272 World Literature 3-6

*Select remaining credits from the listing below. Total credits for Area II must equal 12 or 13.

SPA 101 Introductory Spanish I 4
ART 100 Art Appreciation 3
HUM 101 Intro. to Humanities 3
MUS 101 Music Appreciation 3
THR 120 Theater Appreciation 3
THR 126 Intro. to Theatre 3
PHL 206 Ethics and Society 3
PHL 106 Introduction to Philosophy 3
REL 151 Survey of the Old Testament 3
REL 152 Survey of the New Testament 3
SPH 116 Introduction to Interpersonal Comm 3
HUM299-01 PTK Honors Course I 1
HUM299-02 PTK Honors Course II 1
HUM299-03 PTK Honors Course III 1
HUM 299 PTK Honors Course 3
REL 100 World Religion 3

Area III – Natural Science or Mathematics 11-12

Select ONE math course based on your STARS Guide.
MTH 110 Finite Mathematics 3
MTH 112 Precalculus 3
MTH 113 Precalculus Trigonometry 3
MTH 115 Precalculus Algebra & Trig 4
MTH 120 Calculus and Its Applications 3
MTH 125 Calculus I 4
MTH 126 Calculus II 4
MTH 227 Calculus III 4
MTH 237 Linear Algebra 3
MTH 238 Applied Differential Equations I 3
MTH 265 Elementary Statistics 3
MTH250 DISCRETE MATH 3
MTH270 PROBABILITY AND STATISTICS 3

REFER TO YOUR STARS GUIDE FOR PROPER COURSE SELECTION; DO NOT RANDOMLY SELECT COURSES. Select ONE science pairing ONLY.

BIO 101 Introduction to Biology I w/Lab and 8
BIO 102 Introduction to Biology II w/Lab/OR 8
BIO 103 Principles of Biology I w/Lab and 8
BIO 104 Principles of Biology II w/Lab OR 8
CHM 104 Intro. to General Chemistry and 8
CHM 105 Intro. to General Chemistry OR 8
CHM 111 College Chemistry I and 8
CHM 112 College Chemistry II OR 8
GEO 101 Principles of Geology I and 8
GEO 102 Principle of Geology II OR 8
PHS 111 Physical Science I and 8
PHS 112 Physical Science II OR 8
PHY 201 General Physics I and 8
PHY 202 General Physics II/OR 8
CHM221 Organic Chemistry 8
CHM222 Organic Chemistry II 8

Area IV – History, Social & Behavioral Sciences 12

IMPORTANT NOTE: You must select ONE literature pairing (6 credits) and one history class (3 credits), OR select ONE history pairing (6 credits) and ONE literature class (3 credits). Do not mix pairings. Keep sequences together.

HIS 101 Hist. of Western Civ. I and 3-6
HIS 102 Hist. of Western Civ. II/OR 3-6
HIS 201 United States History I and 3-6
HIS 202 United States History II 3-6
HIS 121 World History I and 3-6
HIS 122 World History II/ OR 3-6

*Select remaining credits from the listing below. Total credits for Area IV must equal 12.

PSY 200 General Psychology 3
PSY 210 Human Growth & Development 3
*ECO 232 Principles of Microeconomics 3
SOC 200 Intro. to Sociology 3
SOC 210 Social Problems 3
POL 200 Intro. to Political Science 3
POL 211 American National Government 3
ECO 231 Principles of Macroeconomics 3
GEO 101 Prin. of Physical Geography 3
GEO 100 World Regional Geography 3
GEO 201 Principles of Human Geography 3
ANT 200 Introduction to Anthropology 3

Area V – Pre-Professional/LSCC Courses 19-23
CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
Pre-professional Electives based on GS major. 14-18

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
FOR ACCOUNTING & ACCOUNTING TECHNOLOGY LISTINGS,
See the Business & Information Technologies Section of this Catalog.

ADVERTISING (UA ONLY)
General Studies (AA)

*LSCC Requirement for all Graduates
ORI101 Freshman Academy 1
Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
ENG 101 English Composition I 3
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
SPH 107 Fundamentals of Public Speaking 3
Literature (3) or Literature Sequence (6) 3-6
(American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.) 3-6
Fine Arts Required Electives: 3-6
(Theater, THR120 or Art, ART100 or Music, MUS101) Additional Humanities Elective Options
(Spanish, SPA101 or Humanities HUM101) 0-3

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III – Natural Science or Mathematics 11
MTH 110 Finite Mathematics or higher level Mathematics from STARS 3
Select 2 science classes (8 credits) from the listing below:
BIO 101 Introduction to Biology I 4
BIO 102 Introduction to Biology II 4
BIO 103 Principles of Biology I 4
BIO 104 Principles of Biology II 4
CHM 104 Introduction to General Chemistry 4
CHM 105 Introduction to Org. Chemistry 4
CHM 111 College Chemistry I 4
CHM 112 College Chemistry II 4
Lawson recommends a science sequence although not required. See STARS for more course options in Physics and Physical Science).

Area IV – History, Social & Behavioral Sciences 12
ECO 232 Principles of Microeconomics 3
History 3 or History Sequence (6)—See STARS 3-6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
PSY200 General Psychology 3
Select remaining credits from the Area IV STARS Guide:
PSY210 Human Growth & Development 3
SOC200 Introduction to Sociology 3
SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses 19-23
CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
MCM 100 Intro. to Mass Communication 3
MCM 102 Writing for Mass Media 3
SPH 107 Fundamental of Public Speaking 3
Pre-professional Electives (See STARS Guide) 5-9

Total Required Hours for Degree 60-64

AGRonomy and Soils
General Studies (AS)
Auburn University Only—See STARS Guide

*LSCC Requirement for all Graduates
ORI101 Freshman Academy 1
Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
ENG 101 English Composition I 3
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
SPH 107 Fundamentals of Public Speaking 3
PHL206 Ethics and Society 3
Literature (3) Select on Literature course only. 3
(American Literature, ENG251 OR English Literature, ENG261 OR World Literature, ENG271.)
Fine Arts Required Electives 3
(Theater, THR120 or Art, ART100 or Music, MUS101) Additional Humanities Elective Options

Area III: Natural Sciences and Mathematics 11
MTH 113 Pre Calculus Trigonometry 3
CHM 111 College Chemistry I and
CHM 112 College Chemistry II 8

Area IV – History, Social & Behavioral Sciences 12
ECO 232 Principles of Microeconomics 3
History Sequence (6)—Required 6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
PSY200 General Psychology 3

Area V – Pre-Professional/LSCC Courses 19-23
CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
MTH 125 Calculus I 4
BIO 103 Principles of Biology I and
BIO 104 Principles of Biology II 8

*Select remaining credits from the listings below:
CHM 221 Organic Chemistry I 4
SPA 101 Introduction to Spanish I 4
SPA 102 Introduction to Spanish II 4
PHY 201 General Physics I 4
PHY 202 General Physics II 4

NOTE: For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on “Quick Links” on the website.

Total Required Hours for Degree 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

CHM 111 College Chemistry I 4
CHM 112 College Chemistry II 4

Lawson recommends a science sequence although not required. See STARS for more course options in Physics and Physical Science.

Area IV – History, Social & Behavioral Sciences 12
History Sequence (6)—See STARS 6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
PSY 200 General Psychology 3
Select remaining credits from the Area IV STARS Guide:
PSY 210 Human Growth & Development 3
SOC 200 Introduction to Sociology 3
SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses 19-23
CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
ART 113 Drawing I 3
ART 114 Drawing II 3
ART 121 Two-Dimensional Composition I 3
ART 127 Three-Dimensional Composition 3
ART 204 Art History II 3
Pre-professional Electives (See STARS Guide) 0-4

NOTE: Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer.

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

*NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on "Quick Links" on our website.

**BEHAVIORAL SCIENCE**

General Studies (AS)

Athens State University Only—See STARS Guide

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

**NOTE:** We recommend HED221. For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on “Quick Links” on the website.

**Athletic Training**

*MUST BE ADMITTED TO THE PROGRAM. General Studies (AS)

*LSCC Requirement for all Graduates 1

ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

---

**What is STARS?**

"STARS stands for Statewide Transfer & Articulation Reporting System. STARS is a web-accessible database system which provides guidance and direction for prospective transfer students in the State of Alabama. The STARS System allows public two-year students in Alabama to obtain a Transfer Guide/Agreement for the major of their choice. This guide/agreement, if used correctly, guides the student through their first two years of coursework and prevents loss of credit hours upon transfer to the appropriate public four-year university in Alabama. Although transfer guides/agreements can only be printed for two-year to four-year transfers, the STARS system can still provide guidance and direction to transfer students who have a different transfer situation.

**How to Access My STARS Report?**

To access your STARS Report, click on QUICK LINKS from the LSCC Website and click on the STARS Link. Follow the directions on the page to access or watch our online video tutorial.

**Can I Transfer Early? What is Reverse Transfer?**

Yes. You can transfer early and complete a Reverse Transfer. Reverse transfer assists students who earned credits that applied towards an Associate Degree while enrolled at a community college but who did not complete sufficient credits to earn their Associate Degree. These students then pursued their education at a four-year institution. This agreement is designed to facilitate the transfer of credits earned by students at a four-year institution back to the community college to complete their associate degree. Student consent for FERPA purposes will be obtained prior to any reverse transfer data exchange. Students will be eligible for reverse transfer when they have met the following criteria:

a. Have earned at least 25% of the credit hours required for their degree from a member institution in the Alabama Community College System.

b. Have earned at least 3 semester credit hours from the four-year institution.

c. Adhere to all policies and guidelines related to student admissions and transfer at both the four-year institutions and ACCS college.
FOR ELEMENTARY / EARLY CHILDHOOD EDUCATION, SEE DEGREE PLANS THAT START WITH THE LETTER “E”  
General Studies (AAS)

   CHD 220                   Parenting Skills                                3

Total Required Hours for Degree          67-70

Interested in obtaining a 4-year degree and teaching on the elementary, middle or high school level? Pursue an Associate in Science degree in Education. See Education listings.

EDUCATION: Program Options for Associate in Science Degree (transferable programs)

- Elementary/Early Childhood Education
- Education: Middle/High School (Pre-Teacher)
- Art Education: Middle/High School (See next page.)
- Biology Education: Middle/High School
- Business Education: Middle/High School
- Chemistry Education: Middle/High School
- English/Language Arts Education: Middle/High School
- Geography Education: Middle/High School
- Health Education: Middle/High School
- History Education: Middle/High School
- Math Education: Middle/High School
- Music Education: Middle/High School
- Physics Education: Middle/High School
- Social Studies Education: Middle/High School
- Spanish Education: Middle/High School

Students MUST print and retain a copy of the STARS articulation agreement guide prior to selecting courses.

Failure to do so may result in your Area of Concentration NOT being TRANSFERABLE.

NOTIFICATION OF STARS CHANGES: Please note that transfer colleges can change course requirements within STARS agreements; thus, this catalog only represents what the STARS agreements were as outlined at the time of printing. Hence, it is the student’s responsibility to ALWAYS print out a current STARS agreement and follow that agreement. Please alert your advisor and our Records Office if you notice a discrepancy between your current STARS agreement and the outlined degree plan in this catalog.

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website. *Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*LSCC Requirement for all Graduates 1
  ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
  ENG 101 English Composition I 3
  ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
  SPH 107 Fundamentals of Public Speaking 3
  Literature (3) or Literature Sequence (6) 3-6
  Fine Arts Required Electives: 3
    (Theater, THR120 or Art, ART100 or Music, MUS101)
  Additional Humanities Elective Options:
    (Spanish, SPA101 or Humanities HUM101) 0-4

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics 11
  MTH 112 Precalculus Algebra or higher 3
  CHM111 College Chemistry I 4
  CHM112 College Chemistry II 4

Area IV: History, Social and Behavioral Sciences 12
  History (3) or History Sequence (6) (See STARS) 3-6
  (History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
  PSY200 General Psychology 3
  Select remaining credits from the Area IV STARS Guide:
    PSY200 Human Growth & Development 3
    SOC200 Introduction to Sociology 3
    SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses 19-23
  CIS 146 Microcomputer Applications 3
  Two 1-hour PED activity courses (no substitutions) 2
  BIO103 Principles of I Biology I 3
  CHM 221 Organic Chemistry I 4
  BIO 220 General Microbiology 4
  *MTH 265 Elementary Statistics/OR 3
  *PSY 260 Statistics for the Social Sciences 3
  Pre-professional Electives (See STARS Guide) 0-4

NOTE: For more Area V listings, see your STARS Guide or transfer college's catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on “Quick Links” on the website.

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website. *Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.

Select one science sequence only. See other science options via STARS.

### Area IV — History, Social & Behavioral Sciences

Complete a History Sequence:

<table>
<thead>
<tr>
<th>Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>History Sequence (6) (See STARS) 6</td>
</tr>
</tbody>
</table>

(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

- PSY200 General Psychology 3

Select remaining credits from the Area IV STARS Guide:

- PSY210 Human Growth & Development 3
- SOC200 Introduction to Sociology 3
- SOC 210 Social Problems 3

<table>
<thead>
<tr>
<th>Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>Economics, Geography, Pol. Science, Psychology &amp; Sociology. See STARS guide to help with selections.</td>
</tr>
</tbody>
</table>

### Area V – Pre-Professional/LSCC Courses

<table>
<thead>
<tr>
<th>Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>CIS 146 Microcomputer Applications 3</td>
</tr>
<tr>
<td>Two 1-hour PED activity courses (no substitutions) 2</td>
</tr>
</tbody>
</table>

Select 9 additional math credits from the listing below. See STARS Guide for more options.

- MTH 112 Precalculus Algebra or higher 3
- MTH 113 Precalculus Trigonometry 3
- MTH 115 Precalculus Algebra & Trig. 4
- MTH 125 Calculus I 4
- MTH 231 Math for Elem. Teacher I 3
- MTH 232 Math for Elem. Teacher II 3

Select 4 additional science credits. See STARS Guide.

Course selected in Area II cannot substitute.

- BIO 102 Introduction to Biology II 3
- BIO 103 Principles of Biology 3

See STARS for additional course selections 1-4

**TOTAL REQUIRED HOURS FOR DEGREE** 60-64

---
### EMERGENCY MEDICAL SERVICES (EMS)

**General Studies (AS)**

Associate in Science—USA Only

*LSCC Requirement for all Graduates 1  
ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

**Area I – Written Composition 6**

- ENG 101 English Composition I 3
- ENG 102 English Composition II 3

**Area II – Humanities & Fine Arts 12**

- SPH 107 Fundamentals of Public Speaking 3
- Literature (3) or Literature Sequence (6) 3-6  
  (American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)
- Fine Arts Required Electives: 3  
  (Theater, THR120 or Art, ART100 or Music, MUS101)
- Additional Humanities Elective Options:  
  (Spanish, SPA101 or Humanities HUM101) 0-4  
  *(See STARS Guide for course selection options)*

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.*

**Area III: Natural Sciences and Mathematics 11**

- MTH 110 Finite Mathematics or higher 3
- Select 2 science classes (8 credits) from the listing below:  
  - BIO 101 Introduction to Biology I 4  
  - BIO 102 Introduction to Biology II 4  
  - BIO 103 Principles of Biology I 4  
  - BIO 104 Principles of Biology II 4  
  - CHM 104 Introduction to General Chemistry 4  
  - CHM 105 Introduction to Org. Chemistry 4  
  - CHM 111 College Chemistry I 4  
  - CHM 112 College Chemistry II 4

Lawson recommends a science sequence although not required. See STARS for more course options in Physics and Physical Science.

**Area IV: History, Social and Behavioral Sciences 12**

- History (3) or History Sequence (6) *(See STARS)* 3-6  
  (History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
- PSY 200 General Psychology 3
- SOC 200 Introduction to Sociology 3

Area IV Electives *(See STARS Guide)*

- Select additional Social & Behavioral Sciences Electives 3-6  
  - PSY 210 Human Growth & Development 3  
  - SOC 210 Social Problems 3

**Area V – Pre-Professional/LSCC Courses 19-23**

- CIS 146 Microcomputer Applications 3  
  - Two 1-hour PED activity courses (no substitutions) 2

Select Remaining Courses from the listing below:  

- EMS118 Emergency Medical Technician 9
- EMS119 Emergency Medical Tech. Clinical 1
- EMS189 Applied Anatomy & Physiology I 4
- BIO201 Human Anatomy & Physiology I 4
- BIO202 Human Anatomy & Physiology II 4
- BIO120 Medical Terminology 3

NOTE: For more Area V listings, see your STARS Guide.

### ENGINEERING (AEROSPACE) TRACK

**General Studies (AS)**

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

*LSCC Requirement for all Graduates 1  
ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

**Area I – Written Composition 6**

- ENG 101 English Composition I 3
- ENG 102 English Composition II 3

**Area II: Humanities and Fine Arts 9**

- Literature (3) or Take one Literature course 3  
  (American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)
- SPH 107 Public Speaking 3
- Fine Arts Required Electives: 3  
  (Theater, THR120 or Art, ART100 or Music, MUS101)  
  *(See STARS Guide for course selection options)*

**Area III – Natural Science or Mathematics 12**

- MTH 125 Calculus I 4
- PHY 213 General Physics with Calculus and 4
- PHY 214 Gen. Physics with Calculus II 8

**Area IV – History, Social & Behavioral Sciences 9**

- History Sequence (6) 6  
  (History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

Select remaining Area IV credits from the listing below:  

- PSY 200 General Psychology 3
- PSY 210 Human Growth & Development 3
- SOC 200 Introduction to Sociology 3
- SOC 210 Social Problems 3

**Area V – Pre-Professional/LSCC Courses 24-28**

- CIS 146 Microcomputer Applications 3  
  - Two 1-hour PED activity courses (no substitutions) 2

Select remaining credit hours from the courses below:  

- MTH 126 Calculus II 4
- MTH 227 Calculus III 4
- MTH 237 Linear Algebra 3
- MTH 238 Applied Differential Equations 3
- CHM 111 College Chemistry I 4
- CIS 251 “C” Programming/OR 3
- CIS 231 FORTRAN Programming 3
- PHY 218 Modern Physics 3

Area V offerings may be limited.

**TOTAL REQUIRED HOURS FOR DEGREE** 60-64

*NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.  
*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.*
**ENGINEERING (BIOMEDICAL) TRACK**  
**General Studies (AS)—UAB Only**

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

*LSCC Requirement for all Graduates*  
ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

- CIS 231 Fortran Programming/OR 3
- CIS 251 “C” Programming 3

Area V offerings may be limited.

**Total Required Hours for Degree** 60-64

**Note:** Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.*
ADVISING ALERT:
Interested in Industrial Maintenance or Drafting and Design?
See the Career Technical section of this catalog and your advisor for assistance.

See page xiii for step-by-step directions on completing your STARS Guide.

*LSCC Requirement for all Graduates  
ORI101 Freshman Academy (Required) 1

Enroll in ORI101 your first term at LSCC.

Area I – Written Composition  
ENG 101 English Composition I 3  
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts  
Literature (3) Take one Literature course 3  
(American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)  
SPH 107 Public Speaking 3  
Fine Arts Required Electives: 3  
(Theater, THR120 or Art, ART100 or Music, MUS101)  
(See STARS Guide for course selection options)

Area III – Natural Science or Mathematics  
MTH 125 Calculus I 4  
PHY 213 General Physics with Calculus and  
PHY 214 Gen. Physics with Calculus II 8

Area IV – History, Social & Behavioral Sciences  
History Sequence (6) 6  
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

Select remaining Area IV credits from the listing below:  
PSY 200 General Psychology 3  
PSY 210 Human Growth and Development 3  
SOC 200 Introduction to Sociology 3  
SOC 210 Social Problems 3  
See STARS for additional Area IV course options.

Area V – Pre-Professional/LSCC Courses 24-28  
CIS 146 Microcomputer Applications 3  
Two 1-hour PED activity courses (no substitutions) 2  
*Select remaining credit hours from the courses below.  
MTH 126 Calculus II 4  
MTH 227 Calculus III 4  
MTH 237 Linear Algebra 3  
MTH 238 Applied Differential Equations 3  
CHM 111 College Chemistry I 4  
CHM 112 College Chemistry II 4  
CIS 231 Fortran Programming/OR 3  
CIS 251 “C” Programming 3  
Area V offerings may be limited.

**MTH 238**  Applied Differential Equations I  3

**REFER TO YOUR STARS GUIDE FOR PROPER COURSE SELECTION; DO NOT RANDOMLY SELECT COURSES. Select ONE science pairing ONLY.**

BIO 101  Introduction to Biology I w/ Lab and BIO 102  Introduction to Biology II w/ Lab/OR  8
BIO 103  Principles of Biology I w/ Lab and BIO 104  Principles of Biology II w/ Lab OR  8
CHM 104  Intro. to General Chemistry and CHM 105  Intro. to General Chemistry OR  8
CHM 111  College Chemistry I and CHM 112  College Chemistry II OR  8
GEO 101  Principles of Geology I and GEO 102  Principles of Geology II OR  8
PHS 111  Physical Science I and PHS 112  Physical Science II OR  8
PHY 201  General Physics I and PHY 202  General Physics II/OR  8
CHM221  Organic Chemistry  8
CHM222  Organic Chemistry II  8

**Area IV – History, Social & Behavioral Sciences 12**

**IMPORTANT NOTE:** You must select ONE literature pairing (6 credits) and one history class (3 credits), OR select ONE history pairing (6 credits) and ONE literature class (3 credits). Do not mix pairings. Keep sequences together.

HIS 101  Hist. of Western Civ. I and HIS 102  Hist. of Western Civ. II/OR  3
HIS 201 United States History I and HIS 202 United States History II  3
HIS 121 World History I and HIS 122 World History II/OR  3

*Select remaining credits from the listing below. Total credits for Area IV must equal 12.

PSY 200  General Psychology  3
PSY 210  Human Growth & Development  3
SOC 200  Intro. to Sociology  3
SOC 210  Social Problems  3
POL 200  Intro. to Political Science  3
POL 211  American National Government  3
ECO 231  Principles of Macroeconomics  3
ECO 232  Principles of Microeconomics  3
GEO 101  Prin. of Physical Geography  3
GEO 100  World Regional Geography  3
GEO 201  Principles of Human Geography  3
ANT 200  Introduction to Anthropology  3

**Area V – Pre-Professional/LSCC Courses 19-23**

CIS 146  Microcomputer Applications  3

**Two 1-hour PED activity courses (no substitutions) 2**

Pre-professional Electives based on GS major.  14-18
See STARS Guide for course selections under Area V

**NOTE:** For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on “Quick Links” on our website.

**TOTAL REQUIRED HOURS FOR DEGREE 60-64**

**NOTE:** Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.*
Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

*LSCC Requirement for all Graduates  1
ORI101  Freshman Academy  1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Possible course selections are listed only. Refer to the STARS Guide for specific course selections.

Area II courses taken cannot substitute for Area V.
HIS121  World History I 3
HIS122  World History II 3
HIS101  History of Western Civilization I 3
HIS102  History of Western Civilization II 3
HIS201  US History I 3
HIS202  US History II 3
POL 211  American National Government 3
POL 200  Introduction to Political Science 3
POL 220  State & Local Gov’t 3
HIS 256  Afro-American History 3
HIS 260  Alabama History 3

TOTAL REQUIRED HOURS FOR DEGREE 60-64

HORTICULTURE
General Studies (AS)
Auburn University Only—See STARS Guide

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*LSCC Requirement for all Graduates 1
ORI101  Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
ENG 101  English Composition I 3
ENG 102  English Composition II 3

Area II: Humanities and Fine Arts 12
SPH 107  Fundamentals of Public Speaking 3
Fine Arts Required Electives: 3-6
(Theater, THR120 or Art, ART100 or Music, MUS101)
Additional Humanities Elective Options:
(Spanish, SPA101 or Humanities HUM101) 0-6

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV and take PHL 206, Ethics in Society (under Area II).

Area III: Natural Sciences and Mathematics 11
MTH 112  Precalculus Algebra 3
BIO 103  Principles of Biology I and 3
BIO 104  Principle of Biology II 8

Area IV: History, Social and Behavioral Sciences 12
ECO 231  Principles of Macroeconomics/OR 3
ECO 232  Principles of Microeconomics 3
History 3 or History Sequence (6)—See STARS 3-6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

Select remaining credits from the Area IV STARS Guide:
PSY200  General Psychology 3
PSY 210  Human Growth & Development 3
SOC 200  Introduction to Sociology 3
SOC 210  Social Problems 3

Area V – Pre-Professional/LSCC Courses 19-23
CIS 146  Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
CHM 111  College Chemistry I 4
Pre-professional Electives (See STARS Guide) 10-14

Advising NOTE: See STARS Guide for Landscape, Nursery, and Fruit and Vegetable Production Emphasis. Courses vary per area of study. Area V class offerings can be limited.

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
HOSPITALITY, SPORT, AND TOURISM MANAGEMENT
General Studies (AS)
Troy Only—See STARS Guide

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses.

*LSCC Requirement for all Graduates

ORI101 Freshman Academy

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition

ENG 101 English Composition I 3
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts

SPH 107 Fundamentals of Public Speaking 3
Literature (3) or Literature Sequence (6) 3-6
(American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)
Fine Arts Required Electives: 3-6
(Theater, THR120 or Art, ART100 or Music, MUS101)
Additional Humanities Elective Options:
(Spanish, SPA101 or Humanities HUM101) 0-3

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics

MTH 112 Precalculus Algebra or higher 3
BIO 101 Introduction to Biology I/OR 3
BIO 103 Principles of Biology I 4
- and -
CHM 111 College Chemistry I/OR 3
PHS 112 Physical Science II/OR 3
PHY 201 General Physics I 4

Area IV – History, Social & Behavioral Sciences

History 3 or History Sequence (6)—See STARS 3-6
(American Lit. HIST101, HIST102; or World History: HIST121, HIST122; or US History: HIST201, HIST202)
PSY 200 General Psychology
Select remaining credits from the Area IV STARS Guide:
PSY 210 Human Growth & Development 3
SOC 200 Introduction to Sociology 3
SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses

CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
BUS 271 Business Statistics 3
**Pre-professional Electives (See STARS Guide) 11-15
See STARS Guide (Area V listings) from Troy University to determine course selections.

NOTE: For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer. For more information on Reverse Transfer, click on “Quick Links” on the website.

TOTAL REQUIRED HOURS FOR DEGREE 60-64

HOTEL AND RESTAURANT MANAGEMENT
General Studies (AS)

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

Select up to 6 credits from the MUL listing below:

- MUL 101 Classic Piano I 1
- MUL 102 Classic Piano II 1
- MUL 171 Music Workshop I 1
- MUL 172 Music Workshop II 1
- MUL 271 Music Workshop III 1
- MUL 272 Music Workshop IV 1

*NOTE: See STARS. Area V Offerings may be limited.

**TOTAL REQUIRED HOURS FOR DEGREE** 60-64

**NOTE:** Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.*
PRE-ACCEPTANCE NURSING TRACKS EXPLAINED

There are two tracks that a student can take to become a Registered Nurse.

PRE-ACCEPTANCE NURSING (TRACK I) (COLLEGE TRANSFER TRACK)
Associate in Science Degree (AS)

Track I is called the “Pre-Nursing Track I”. This track is designed for the student who is wishing to one day transfer to a BSN (Bachelors of Science in Nursing) program at a four-year college. In taking this track, students will take a variety of liberal arts classes in Written Composition (Area I); Humanities and Fine Arts Area II); Natural Sciences and Mathematics (Area III); History and Social & Behavioral Sciences (Area IV); and Pre-Professional/LSCC Courses (Area V). Students who are following this track will still seek admission into LSCC’s two-year RN (Registered Nursing) program once they have met the required criteria for admissions into that program. However, the benefit to students seeking this two-year General Studies degree in Nursing is that they will be able to transfer more credits earned toward their Bachelors of Science at a four-year institution. As a result, they will be able to graduate from a four-year college in nursing faster. Interested in pursuing this degree? See the degree plan breakdown on the next page of this catalog and speak to your advisor.

PRE-ACCEPTANCE NURSING (TRACK II) (RN/2-YEAR TRACK TO EMPLOYMENT)
Associate in Science Degree (AS)

Track II is called the “Pre-Nursing Track II”. This track is designed for the student who only wants to seek admission into LSCC’s RN (Registered Nursing) Program and has no initial intention to one day seek the four-year BSN (Bachelors of Science in Nursing). Students take courses that serve as pre-requisites for admission into the nursing program. They also take specific courses that serve as requirements for all LSCC graduates to include (ORN 101/PSY100—The Freshman Academy and CIS 146, Microcomputer Applications). NOTE: LSCC course requirements are subject to change. Students who are following this track should seek admission into LSCC’s two-year RN (Registered Nursing) program once they have met the required criteria for admissions into that program. For more information about admission requirements for the RN program, visit LSCC’s website at and see your advisor.

For more information about applying to the Nursing Program visit our website (under Program of Study) and/or contact us via email at: nursingquestions@lawsonstate.edu

PRE-ACCEPTANCE NURSING (TRACK I) (ADN to BSN TRANSFER TRACK)
Associate in Science Degree (AS)

Follow TRACK I if you plan to transfer credits earned towards a Bachelors degree in Nursing either now or years later. See advisor for help.

*LSCC Requirement for all Graduates 1
  OR101 Freshman Academy 1
  Enroll in OR101 your first term at LSCC. If you are transfer student, enroll in OR101T (the shorter version).

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
Follow TRACK II if you are not intending to transfer to a four-year college and only wish to seek the 2-year RN degree. Not sure? See your advisor. It is important to pick the correct track.

NOTE: This is NOT a degree plan; this is a guide for students who only wish to take the pre-requisite courses required for application into the Nursing Program.

*LSCC Requirement for all Graduates 1
  ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

ENG 101 English Composition I 3
SPH 107 Fund. of Public Speaking 3
HUM101 Introduction to Humanities/OR 3
ART100, THR120, THR 126, OR MUS101 (Art,Theater or Music Appreciation)
MTH 100 Intermediate Algebra 3
PSY200 General Psychology 3
PSY210 Human Growth & Development 3

*HPS103 Foundation Competencies for Health Sciences/ OR 3
CIS 146 Microcomputer Applications 3

BIO 103 Principles of Biology I w/Lab and 4
BIO 201 Human Anatomy Phy. I w/Lab and 4
BIO 202 Human Anatomy Phy. I w/Lab and 4
BIO 220 Microbiology w/ Lab 4

Electives Below (NOT Required for Admission) 0

BIO 120 Medical Terminology 3
MTH 186 Medical Dosage Calculations 3
HED 231 First Aid 3

*Taking HPS103 will garner points towards Nursing Acceptance. Electives (listed directly above) are courses pre-nursing students can take while waiting to gain entrance into the nursing program. **NOTE:** They are NOT required for admission into the nursing program.

For more information about applying to the Nursing Program visit our website (under Program of Study) and/or contact us via email at: nursingquestions@lawsonstate.edu

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website. *Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster. *

NOTE: The STARS system does not provide a Transfer Guide in the pre-professional program for this degree. As such, students should contact the institution to which they plan to transfer to do discuss course selection options and pre-admission requirements. Or, search their catalog.
If searching for this degree in STARS, search for Pre-Physical Therapy

TOTAL REQUIRED HOURS FOR DEGREE 60-64

PHYSICS
General Studies (AS)

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

*LSCC Requirement for all Graduates 1
  ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
  ENG 101 English Composition I 3
  ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
  SPH 107 Fundamentals of Public Speaking 3
  Literature (3) or Literature Sequence (6) 3-6
  (American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)
  Fine Arts Required Electives: 3-6
  (Theater, THR120 or Art, ART100 or Music, MUS101)
  Additional Humanities Elective Options:
  (Spanish, SPA101 or Humanities HUM101) 0-3

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics 12
  MTH 125 Calculus I 4
  PHY 213 General Physics with Calculus I and 4
  PHY 214 General Physics w/ Calculus II 8

Area IV – History, Social & Behavioral Sciences 12
  History 3 or History Sequence (6)—See STARS 3-6
  (History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)
  PSY200 General Psychology 3
  Select remaining credits from the Area IV STARS Guide:
  PSY210 Human Growth & Development 3
  SOC200 Introduction to Sociology 3
  SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses 18-22
  CIS 146 Microcomputer Applications 3
  Two 1-hour PED activity courses (no substitutions) 2
  Pre-professional Electives: 14-18

NOTE: If you are transferring into a 120 SH program, select an additional 9 SH from courses approved in AREAS II-IV. If you are transferring into a 128 SH (or higher) program, select an additional 12 SH from courses approved in AREAS II-IV.
For a complete listing of AFSC approved two-year courses for AREAS II-IV, go to the following website. The remaining hours in AREA V must be fulfilled by the requirements of the institution to which the student plans to transfer. Please refer to the institutional Home Page or Catalog for a major in Physics.

TOTAL REQUIRED HOURS FOR DEGREE 60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website. *Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster..
Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*LSCC Requirement for all Graduates 1
ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
ENG 101 English Composition I 3
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
SPH 107 Fundamentals of Public Speaking 3
Literature (3) or Literature Sequence (6) 3-6
(American Lit: ENG251, ENG252 OR English Lit: ENG261, ENG262 OR World Literature: ENG271, ENG272.)
Fine Arts Required Electives: 3-6
(Theater, THR120 or Art, ART100 or Music, MUS101)
Additional Humanities Elective Options: (Spanish, SPA101 or Humanities: HUM101) 0-3

*NOTE: If a literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics 11
MTH 112 Precalculus Algebra 3
Select 2 science classes (8 credits) from the listing below.
BIO 101 Introduction to Biology I 4
BIO 102 Introduction to Biology II 4
BIO 103 Principles of Biology I 4
BIO 104 Principles of Biology II 4
CHM 104 Introduction to General Chemistry 4
CHM 105 Introduction to Organic Chemistry 4
CHM 111 College Chemistry I 4
CHM 112 College Chemistry II 4

Lawson recommends a science sequence although not required. See STARS for more course options.

Area IV – History, Social & Behavioral Sciences 12
History 3 or History Sequence (6)—See STARS 3-6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.
IMPORTANT ALERT:
Lawson State Community College (LSCC) no longer recognizes (PRE) as a part of any degree plan. That does not mean that the degree cannot be sought; it can. It just means that you MUST look up the degree by its identified name in the LSCC catalog. The listing below will help all students find these degree. Note that STARS still addresses these degrees with the (PRE) designation.

RADIOLOGIC SCIENCES
University of South Alabama ONLY
General Studies (AS)

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*LSCC ORI101/PSY 100 Freshman Academy 1
Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

Area I: Written Composition 6
ENG 101 English Composition I 3
ENG 102 English Composition II 3

Area II: Humanities and Fine Arts 12
SPH 107 Fundamentals of Public Speaking 3
Literature (3) or Literature Sequence (6) 3-6
(American Lit. ENG251, ENG252 or English Lit. ENG261, ENG262 or World Literature ENG271, ENG272.)
Fine Arts Required Electives: 3-6
(Theater, THR120 or Art, ART100 or Music, MUS101)
Additional Humanities Elective Options:
(Spanish, SPA101 or Humanities HUM101) 0-3
*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics 11
MTH 112 Precalculus Algebra 3
Natural Sciences (See STARS Guide) 8
BIO 101 Introduction to Biology I/and 3
BIO 102 Introduction to Biology II/OR 8
BIO 103 Principles of Biology I/and 3
BIO 104 Principles of Biology II/OR 8
BIO 105 Principles of Biology I/and 8
Select one science sequence only. See other science options via STARS. Do NOT mix science types.

Area IV – History, Social & Behavioral Sciences 12
History 3 or History Sequence (6)—See STARS 3-6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or U.S. History: HIS201, HIS202)
PSY200 General Psychology 3
Select remaining credits from the Area IV STARS Guide:
PSY210 Human Growth & Development 3
SOC200 Introduction to Sociology 3
SOC 210 Social Problems 3

Area V – Pre-Professional/LSCC Courses 23
CIS 146 Microcomputer Applications 3
Two 1-hour PED activity courses (no substitutions) 2
PHY120 Introduction to Physics I 3
*BIO 103 Principles of Biology 4
BIO 201 Anatomy & Physiology I/OR 4
BIO 202 Anatomy & Physiology II 4
Select Remaining Electives from STARS Guide 0-3
MTH 265 Elementary Statistics/OR 5
PSY 260 Statistics for the Social Sciences 7

NOTE: For more Area V listings, see your STARS Guide or transfer college’s catalog. Area V offerings may be limited.

TOTAL REQUIRED HOURS FOR DEGREE 64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow all course recommendations outlined by your transferring college. DO NOT randomly select courses. Also, refer to your Course Sequencing Guide for help (on the website).

### SOCIAL WORK
General Studies (AA)

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

**LSCC Requirement for all Graduates**
- ORI101  Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

**Area I – Written Composition**
- ENG 101  English Composition I 3
- ENG 102  English Composition II 3

**Area II: Humanities and Fine Arts**
- SPH 107  Fundamentals of Public Speaking 3
- Literature (3) or Literature Sequence (6) 3-6
- Fine Arts Required Electives: 3-6
  - Theater, THR120 or Art, ART100 or Music, MUS101
  - Additional Humanities Elective Options:
  - Spanish, SPA101 or Humanities HUM101 0-3

**NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.**

**Area III: Natural Sciences and Mathematics**
- MTH 110  Finite Mathematics 3
- Natural Sciences (See STARS Guide) 8
- BIO 101  Introduction to Biology I/OR BIO 103  Principles of Biology I/ 4

Then, select one more science course from the listing below. (Each science course below=4 credits. Select ONE only)
- BIO 102  Introduction to Biology II
- BIO 104  Principles of Biology II
- CHM 104  Introduction to General Chemistry
- CHM 105  Introduction to Org. Chemistry

A science sequence is NOT required for this degree. See STARS for more information.

**Area IV – History, Social & Behavioral Sciences**
- History 3 or History Sequence (6)—See STARS 3-6
- History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202 3
- PSY200  General Psychology 3
- SOC200  Introduction to Sociology 3

Select remaining credits from the Area IV STARS Guide:
- PSY210  Human Growth & Development 3
- SOC200  Introduction to Sociology 3
- SOC 210  Social Problems 3

**Area V – Pre-Professional/LSCC Courses**
- CIS 146  Microcomputer Applications 3
- Two 1-hour PED activity courses (no substitutions) 2
- MTH 265  Elementary Statistics/OR 3
- PSY 260  Statistics for Social Sciences 3
- ECO 231  Principles of Macroeconomics 3

Select Remaining Electives from STARS Guide 8-12

**NOTE:** For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early and complete a Reverse Transfer.

OR1101  
Freshman Academy  

Enroll in OR1101 your first term at LSCC. If you are a transfer student, enroll in ORI101T (the shorter version).

Area I – Written Composition  6  
ENG 101  English Composition I  3  
ENG 102  English Composition II  3  

Area II: Humanities and Fine Arts  12  
SPH 107  Fundamentals of Public Speaking  3  
Literature (3) or Literature Sequence (6)  3-6  
(American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)  
Fine Arts Required Electives:  3-6  
(Theater, THR120 or Art, ART100 or Music, MUS101)  
Additional Humanities Elective Options:  
(Spanish, SPA101 or Humanities HUM101) 0-3  

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

Area III: Natural Sciences and Mathematics  11  
MTH 110  Finite Mathematics  3  
Natural Sciences (See STARS Guide)  8  
Select 2 science classes (8 credits) from the listing below.  
BIO 101  Introduction to Biology I  4  
BIO 102  Introduction to Biology II  4  
BIO 103  Principles of Biology I  4  
BIO 104  Principles of Biology II  4  
CHM 104  Introduction to General Chemistry  4  
CHM 105  Introduction to Organic Chemistry  4  
CHM 111  College Chemistry I  4  
CHM 112  College Chemistry II  4  

Lawson recommends a science sequence although not required. See STARS for more course options.

Area IV – History, Social & Behavioral Sciences  12  
History 3 or History Sequence (6)—See STARS  3-6  
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or U.S. History: HIS201, HIS202)  
SOC 200  Introduction to Sociology  3  
SOC 210  Social Problems  3  
Select remaining credits from the Area IV STARS Guide:  
PSY200  General Psychology  3  

Area V – Pre-Professional/LSCC Courses  19-23  
Two 1-hour PED activity courses (no substitutions)  2  
CIS 146  Microcomputer Applications  3  
SOC 247  Marriage and Family  3  
SOC 209  Juvenile Delinquency  3  
Select Remaining Electives from STARS Guide  8-12  

NOTE: For more Area V listings, see your STARS Guide or transfer college’s catalog. Failure to follow your STARS Guide can void your transfer agreement. Area V class offerings can be limited. As such, some students may opt to transfer early.

TOTAL REQUIRED HOURS FOR DEGREE  60-64

NOTE: Follow your STARS Guide. Transferring colleges may have unique requirements listed under Area V and class offerings can be limited. Thus, students can transfer early via Reverse Transfer (RT). For more information on RT, click on “Quick Links” on our website.

*Lawson State recommends 60 credit hours for completion, were applicable. Try also to enroll in 15 credits per semester to finish faster.
**SPEECH PATHOLOGY**  
General Studies (AS)

Before you attempt to follow any General Studies degree plan, print off a copy of your STARS Guide and follow it.

*LSCC Requirement for all Graduates 1
ORI101 Freshman Academy 1

Enroll in ORI101 your first term at LSCC. If you are transfer student, enroll in ORI101T (the shorter version).

**Area I:** Written Composition 6
- ENG 101 English Composition I 3
- ENG 102 English Composition II 3

**Area II:** Humanities and Fine Arts 12
- SPH 107 Fundamentals of Public Speaking 3
- Literature (3) or Literature Sequence (6) 3-6
(American Lit. ENG251, ENG252 OR English Lit. ENG261, ENG262 OR World Literature ENG271, ENG272.)

Fine Arts Required Electives: 3-6
- Theater, THR120 or Art, ART100 or Music, MUS101
- Additional Humanities Elective Options:
  - (Spanish, SPA101 or Humanities HUM101) 0-3

*NOTE: If a Literature sequence is not selected in Area II, you MUST complete a History sequence in Area IV.

**Area III:** Natural Sciences and Mathematics 11
- MTH 110 Finite Mathematics 3
- Natural Sciences (See STARS Guide) 8
- BIO 103 Principles of Biology I 4

Select one additional science course. See STARS for more options. Course selected does NOT have to be in sequence.
- BIO 101 Introduction to Biology I 4
- BIO 102 Introduction to Biology II 4
- BIO 104 Principles of Biology II 4
- CHM 104 Introduction to General Chemistry 4
- CHM 105 Introduction to Organic Chemistry 4

**Area IV – History, Social & Behavioral Sciences** 12
- History 3 or History Sequence (6)—See STARS Guide 3-6
(History of Western Civilization: HIS101, HIS102; or World History: HIS121, HIS122; or US History: HIS201, HIS202)

Select remaining credits from the Area IV STARS Guide:
- PSY 210 Human Growth & Development/OR 3
- SOC 200 Introduction to Sociology 3
- SOC 210 Social Problems 3

**Area V – Pre-Professional/LSCC Courses** 19-23
- CIS 146 Microcomputer Applications 3
- Two 1-hour PED activity courses (no substitutions) 2
- PSY 200 General Psychology 3

*Students must take one of the following courses:
- PSY 210 Human and Growth Dev./OR 3
- PSY 211 Child Growth and Development 3

Select Remaining Electives from STARS Guide 8-12

**TOTAL REQUIRED HOURS FOR DEGREE** 60-64

HEALTH PROFESSIONS
DIVISION OF HEALTH PROFESSIONS

MISSION: The mission of the Nursing programs within the Department of Health Professions is to prepare individuals in the art of caring in a high touch and high technology learning environment to be employed in the community as registered nurses and licensed practical nurses. Students are facilitated in developing the knowledge, skills, and attitudes necessary for successful practice and are encouraged to pursue advanced education.

The Associate Degree Nursing program and Practical Nursing program consist of a combination of general education courses and nursing courses. Basic needs, as identified by Maslow’s Hierarchy of needs, the nursing process, Quality and Safety Education for Nurses (QSEN) Competencies, and National League for Nursing (NLN) Competencies are the major themes used to develop content within the curriculum. Nursing courses include a classroom component where a variety of methodologies are used to assist the student to identify scientific principles in nursing. A clinical component is also included to assist the student to apply the scientific principles to meet individual client’s needs. Guided clinical experiences are offered in hospitals, health agencies, and selected community agencies.

The Associate Degree Nursing program consists of five (5) sequential semesters. The Practical Nursing program consists of (3) sequential semesters. In order to progress to another nursing course, the student must earn a “C” (75) or better in classroom and “Satisfactory” in clinical. Students not satisfying these requirements will fail to progress to the next nursing course. However, based on availability of space and GPA, the student may be considered for reinstatement to repeat the failed or withdrawn course. Reinstatement to the nursing program is not guaranteed. Students must write and successfully pass the HESI specialty examination for the course(s) requesting consideration for reinstatement. Students must score 800 or above to be considered for reinstatement. Students are allowed only one attempt on the HESI examination. Reinstatement is allowed only once during the entire nursing program. However, students may apply for readmission as a new student. All nursing courses must be retaken/taken once readmitted.

Upon successful completion of the programs in nursing, graduates are eligible to apply to write the National Council Licensure Examination (NCLEX-RN or NCLEX-PN respectfully). The programs of nursing are approved by the Alabama Board of Nursing and are accredited by the Accreditation Commission for Education in Nursing.
LAWSON STATE COMMUNITY COLLEGE
NURSING (ADN, PN AND MOBILITY)
PROGRAM ADMISSION CRITERIA

AT THE TIME OF PUBLICATION
(SUBJECT TO CHANGE)

- Unconditional admission to the college
- A completed application for admission to nursing program received before published deadline.
- A minimum of 18 ACT composite score National or Residual.
- A minimum of 2.5 GPA for nursing required academic core courses (ENG101, MTH100 or higher, BIO201 and BIO202) and minimum 2.0 cumulative GPA at current, native institution or cumulative 2.0 in institution from which student is transferring.
- A minimum of 2.5 GPA cumulative high school GPA for students without prior college courses (GED will be used if applicable).
- Meeting the essential functions for nursing.
- Eligibility for ENG 101, MTH 100, and BIO 201
- Mobility students are additionally required to provide proof of unencumbered, Alabama licensure (i.e. LPN). No work history is required. Prerequisites required for Mobility program application: ENG 101, MTH 100 or higher level math, BIO 201 & 202, SPH 106 or 107, PSY 200, and PSY 210. The NUR 201 Mobility applicants must have graduated from Lawson State Community College PN program and return within two years of graduation.

Note: Lawson State has temporarily suspended admission to the NUR 200 Mobility program and to non graduates of LSCC PN program.

NURSING PROGRAM SELECTION CRITERIA

- A minimum of 18 ACT Composite score. There are 36 points possible. No time limit on when the ACT was taken.
- Points for grades in the following nursing required core general educational courses are as documented:
  - A = 3 points, B = 2 points, C = 1 point
  - English Composition I
  - Intermediate College Algebra
  - Anatomy & Physiology I
  - Anatomy & Physiology II
- Additional 10 points may be awarded as determined by the individual college policy and procedure: Up to seven points in the HPS 103 - Foundation Competencies for Health Sciences course and up to three points in the MTH 186 – Medical Dosage Calculation course.
- *Minimum 2.5 GPA required in the core general educational courses for the nursing program. Not all courses may have been completed at time of admission.

Core general educational courses taken in high school as dual enrollment will be used in GPA calculation.

Practical nursing core courses (for stand-alone PN programs):
  - ENG 101, MTH 100, BIO 201, and BIO 202.
  - Associate degree nursing core courses: ENG 101, MTH 100, BIO 201, BIO 202, PSY 200, PSY210 SPH107, BIO 220, and a Humanities elective.
  - Minimum 2.0 cumulative GPA at current, native institution or cumulative 2.0 GPA at institution from which student is transferring
    - Minimum 2.5 cumulative high school GPA for students without prior college courses (GED as applicable).

Notification

The following is the notification process:

- The number of admissions will be determined by the college.
- Students are selected on a basis of a point system, and completion of requirements. In case of ties, grade point average and number of courses taken at LSCC will become the deciding factors.
- Department of Health Professions will review all applicants for completeness of requirements and notify students selected for admission.
- Along with the notification of acceptance, students will receive information in reference to registration, ordering of uniforms, and physical examination.

Nursing students shall comply with legal, moral and legislative standards that determine acceptable behavior of the nurse. It is important for prospective nursing students to know about the Alabama Board of Nursing regulations on the review of candidates for eligibility for initial and continuing licensure. There will be questions on the application for Licensure as a Registered Nurse and Licensed Practical Nurse:

- Have you ever been arrested or convicted of a criminal offense other than a minor moving traffic violation?
- Have you, within the last 5 years, abused drugs/alcohol or been treated for dependency to alcohol or illegal chemical substances?
- Have you, ever been arrested or convicted for driving under the influence of drugs/alcohol?
- Have you, within the last 5 years, received inpatient or outpatient treatment or been recommended to seek treatment for mental illness? If you answer “YES: to either question, send appropriate documents identified on the instruction sheets.
- Have you ever had disciplinary action or is action pending against you by any state board of nursing? If YES, have certified documents sent from the licensing agency to the Alabama Board of Nursing.
- Have you ever been placed on a state AND/OR federal abuse registry?
- Have you ever been court-martial/disciplined OR administratively discharged by the military?
- If YES, documentation should accompany the application for licensure by examination form.
Graduation

All students must satisfy the specific requirements for the Associate in Applied Science Degree and Certificate as outlined in the Student Catalog. However, provisions are made for nursing students to document that content completion of institutional course requirements have been met.

- Each student must complete a minimum of 25% of the total program at Lawson State Community College.
- Each student must maintain a minimum of a 2.0 grade point average, with at least a “C” in each course presented for the Associate in Applied Science Degree or Certification.

END OF PROGRAMS STUDENT LEARNING OUTCOMES/GRADUATE COMPETENCIES

The Department of Health Professions through its nursing programs is committed to prepare a graduate to function in the role of a RN and LPN. The program outcomes developed by the faculty are consistent with the mission of the college, the expected roles of the practice setting and the competencies and roles of a RN and LPN.

The Practical Nursing graduate will be able to:
1. Demonstrate competency in performing basic nursing skills for individuals with common health alterations.
2. Utilize foundational knowledge of the communication process in providing nursing care for clients across the lifespan.
3. Apply foundational knowledge of the nursing process in providing nursing care for clients across the lifespan.
4. Utilize critical thinking skills in formulating a plan of care for clients with common health alterations in a variety of settings.
5. Utilize a teaching/learning plan for culturally diverse clients with common health alterations in a variety of settings.
6. Develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process.
7. Examine relevant technology for client care and documentation.
8. Demonstrate professional behaviors associated with nursing.

QSEN/NLN Graduate Competencies:
- Human Flourishing
- Patient-Centered care
- Nursing Judgement
- Informatics
- Safety
- Professional Identity
- Teamwork and Collaboration
- Spirit of Inquiry
- Quality Improvement
- Evidenced-Based Practice

(See Nursing Student Handbook for details)

The Associate Degree Nursing graduate will be able to:
1. Demonstrate proficiency in performing advanced nursing skills for individuals with health alterations in a variety of settings.
2. Apply therapeutic communication techniques in providing advanced nursing care for clients throughout the lifespan.
3. Apply foundational knowledge of the nursing process in providing advanced nursing care for clients throughout the lifespan.
4. Utilize critical thinking skills in providing collaborative care for clients with selected health alterations in a variety of settings.
5. Formulate a teaching/learning plan for culturally diverse clients with selected health alterations in a variety of settings.
6. Demonstrate competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process.
7. Examine relevant technology for client care and documentation.
8. Demonstrate professional behaviors and roles of a registered nurse upon entry into practice.

QSEN/NLN Graduate Competencies:
- Human Flourishing
- Patient-Centered care
- Nursing Judgement
- Informatics
- Safety
- Professional Identity
- Teamwork and Collaboration
- Spirit of Inquiry
- Quality Improvement
- Evidenced-Based Practice

(See Nursing Student Handbook for details)

Written: September 1969  Reviewed: Yearly

Program Outcomes

- Performance on Licensure Exam
  The most recent annual licensure examination pass rate will be at least 80% for all first time test-takers during the same 12-month period.
- Program Completion.
  At least 35% of the students admitted will graduate within 150% of the time of the stated program length beginning with the first required nursing course as delineated below:
  *AAS in Nursing – seven semesters (nine for part-time tract)
  *AAS in Mobility LPN with 201 –four semesters
  *PN Certificate – four semesters
- Job Placement
  At least 80% of the graduates seeking employment will be employed one year after graduation in a position for which the program prepared them.
• Program Satisfaction
  A minimum of 80% of graduates responding to the
  graduate survey distributed within one year after
  graduation will indicate satisfaction with the
  program.

  A minimum of 80% of employers responding to the
  employers responding to the employer survey distributed within one year after
  graduation will indicate satisfaction with the
  program.

### Lawson State Community College
Nursing Education Programs
Revised Fall 2016

#### Progression Policy
In order to progress in the nursing program, the student must:

- A minimum of 80% of graduates responding to the graduate survey distributed within one year after graduation will indicate satisfaction with the program.
- A minimum of 80% of employers responding to the employers responding to the employer survey distributed within one year after graduation will indicate satisfaction with the program.

1. A total of two unsuccessful attempts in two separate semesters (D, F, or W) in the nursing program will result in dismissal from the program.

2. A student may be reinstated to the nursing program only one time. The reinstatement is not guaranteed due to limitations in clinical spaces. All nursing program admission standards must be met.

3. A student must have a 2.0 cumulative GPA at the current institution for reinstatement.

4. If a student has a documented extenuating circumstance that should be considered related to a withdrawal or failure, then this student may request a hearing before the Admissions Committee or other appropriate college committee for a decision on repeating a course or readmission to the program.

5. Students must write and successfully pass the HESI specialty examination for the prior semester successfully completed course requesting consideration for reinstatement. Students must score 800 or above to be considered for reinstatement. Students are allowed only one attempt on the HESI examination. Fees at the students expense for exam.

6. Students in the first semester who submit a declaration of intent, and were unsuccessful or withdrew from NUR 102 only, may be reinstated if the HESI score on previous admission equaled or exceeded a score of 600.

#### Definitions
Reinstatement: Students who have a withdrawal or failure in a nursing course and are eligible to return to that course will be considered for reinstatement to the program.

Readmission: Students not eligible for reinstatement may apply for program admission as a new student and must submit all application criteria. If accepted as a new student the student must take, or retake, all nursing program courses.

#### Process for Reinstatement
1. Students should first schedule an appointment with a nursing faculty/advisor to discuss eligibility for reinstatement.

2. Students must apply for reinstatement to the nursing program and submit the Declaration of Intent by published deadlines.

3. Students must apply for readmission to the college if not currently enrolled. College readmission must be accomplished by published deadlines.

4. Update immunizations, CPR, drug testing, and background screening according to program policy.

5. Demonstrate competency in previous course(s) as required by the College’s nursing program.

#### Transfer Policy
The transfer policy applies to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer from other institutions.

#### Criteria for Transfer
1. Must meet minimum admission standards for the nursing program and demonstrate competency as defined by the institution.

2. Must possess a grade of C or better in all nursing program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA at time of transfer.

3. Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program.

4. Must comply with all program policy requirements at accepting institution.

5. Complete at least 25% of the nursing program required courses for degree/certificate at the accepting institution.

6. Must meet acceptability criteria for placement at clinical agencies for clinical experience.

7. The last nursing course in which a student was enrolled cannot be more than 12 months old.

8. Acceptance of transfer students into nursing programs is limited by the number of faculty and clinical facilities available. Meeting minimal standards does not guarantee acceptance.

#### ADN Transfer to PN Program
Associate Degree nursing students may apply for admission to the third semester of the practical nursing program within the same college, after they have completed the first and second semesters of coursework – MTH 100, ENG 101, BIO 201, BIO 202, NUR 102, NUR 203, NUR 104, NUR 105 and NUR 106 – with a grade of “C” or better. Students who elect to transfer to the last semester in the practical nursing program will be required to meet the current program admission/readmission requirements. Students may be admitted on a space available basis to the PN program.
To be eligible for this option:
1. Students must complete a transfer/readmission form.
2. Have a minimum of a 2.0 cumulative GPA at current institution.
3. Meet clinical record/health record requirements.
4. The last clinical nursing course, in which the student was successful, cannot be more than twelve months old.
5. Student will be ranked on cumulative GPA for the purpose of transfer/readmission to the PN program.
6. Students who have the maximum allowed attempts (or non-progressions) in the RN program are allowed only one attempt to complete the PN program.

Students who are successful may apply for the LPN to RN Mobility program as outlined in the college catalog and Nursing Student Handbook

**Transient Student Policy**
The transient policy applies only to students desiring to transfer between Alabama Community College System institutions. It does not apply to students wishing to transfer from other institutions.

**Criteria for Transient Status**
1. Must meet minimum admission standards for the nursing program.
2. Must possess a grade of C or better in all nursing program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA.
3. Dean/Director of previous nursing program must provide a letter of eligibility for progression in previous nursing program.
4. A student enrolled at another institution must secure permission from that institution by submitting an application for admission to the College and a Transient Student Form completed by an official (Nursing Program Dean/Director) of the primary institution.
5. Transient students must complete a Transcript Request Form at the end of the term before a transcript will be issued to the primary institution.
6. Must comply with all program policy requirements at accepting institution.
7. Must meet acceptability criteria for placement at clinical agencies for clinical experience.
8. Acceptance of transient student into a nursing program is limited by the number of faculty and clinical facilities available. Meeting minimal standards does not guarantee acceptance.
9. If unsuccessful in the PN transfer option, the student must apply for admission as a new student.

---

**Essential Functions**

The Alabama Community College System endorses the Americans’ with Disabilities Act. In accordance with College policy, when requested, reasonable accommodations may be provided for individuals with disabilities.

Physical, cognitive, psychomotor, affective and social abilities are required in unique combinations to provide safe and effective nursing care. The applicant/student must be able to meet the essential functions with or without reasonable accommodations throughout the program of learning. Admission, progression and graduation are contingent upon one’s ability to demonstrate the essential functions delineated for the nursing programs with or without reasonable accommodations. The nursing programs and /or its affiliated clinical agencies may identify additional essential functions. The nursing programs reserve the right to amend the essential functions as deemed necessary.

In order to be admitted and to progress in the nursing program one must possess a functional level of ability to perform the duties required of a nurse. Admission or progression may be denied if a student is unable to demonstrate the essential functions with or without reasonable accommodations.

The essential functions delineated are those deemed necessary by the Alabama Community College System nursing programs. No representation regarding industrial standards is implied. Similarly, any reasonable accommodations made will be determined and applied to the respective nursing program and may vary from reasonable accommodations made by healthcare employers.

The essential functions delineated below are necessary for nursing program admission, progression and graduation and for the provision of safe and effective nursing care. The essential functions include but are not limited to the ability to:

1) Sensory Perception
   a) Visual
      i) Observe and discern subtle changes in physical conditions and the environment
      ii) Visualize different color spectrums and color changes
      iii) Read fine print in varying levels of light
      iv) Read for prolonged periods of time
      v) Read cursive writing
      vi) Read at varying distances
      vii) Read data/information displayed on monitors/equipment
   b) Auditory
      i) Interpret monitoring devices
      ii) Distinguish muffled sounds heard through a stethoscope
      iii) Hear and discriminate high and low frequency sounds produced by the body and the environment
      iv) Effectively hear to communicate with others
2) Communication/Interpersonal Relationships
   a) Verbally and in writing, engage in a two-way communication and interact effectively with others, from a variety of social, emotional, cultural and intellectual backgrounds
   b) Work effectively in groups
   c) Work effectively independently
   d) Discern and interpret nonverbal communication
   e) Express one's ideas and feelings clearly
   f) Communicate with others accurately in a timely manner
   g) Obtain communications from a computer
   h) Express one's ideas and feelings clearly
   i) Detect body odors and odors in the environment

3) Cognitive/Critical Thinking
   a) Effectively read, write and comprehend the English language
   b) Consistently and dependably engage in the process of critical in order to formulate and implement safe and ethical nursing decisions in a variety of health care settings
   c) Demonstrate satisfactory performance on written examinations including mathematical computations without a calculator
   d) Satisfactorily achieve the program objectives
   e) Examine and modify one's own behavior when it interferes with nursing care or learning
   f) Discern tremors, vibrations, pulses, textures, temperature, shapes, size, location and other physical characteristics
   g) Detect body odors and odors in the environment
   h) Convey caring, respect, sensitivity, tact, compassion, empathy, tolerance and a healthy attitude toward others
   i) Demonstrate a mentally healthy attitude that is age appropriate in relationship to the client
   j) Handle multiple tasks concurrently
   k) Perform safe, effective nursing care for clients in a caring context
   l) Understand and follow the policies and procedures of the College and clinical agencies
   m) Understand the consequences of violating the student code of conduct
   n) Understand that posing a direct threat to others is unacceptable and subjects one to discipline
   o) Meet qualifications for licensure by examination as stipulated by the Alabama Board of Nursing
   p) Not to pose a threat to self or others
   q) Function effectively in situations of uncertainty and stress inherent in providing nursing care
   r) Adapt to changing environments and situations
   s) Maintain balance from any position
   t) Stand on both legs
   u) Coordinate hand/eye movements
   v) Push/pull heavy objects without injury to client, self or others
   w) Stand, bend, walk and/or sit for 6-12 hours in a clinical setting performing physical activities requiring energy without jeopardizing the safety of the client, self or others
   x) Walk without a cane, walker or crutches
   y) Function with hands free for nursing care and transporting items
   z) Transport self and client without the use of electrical devices
   {) Flex, abduct and rotate all joints freely
   |) Respond rapidly to emergency situations
   }| Maneuver in small areas
   )| Perform daily care functions for the client
   ^| Coordinate fine and gross motor hand movements to provide safe effective nursing care
   _| Calibrate/use equipment
   `| Execute movement required to provide nursing care in all health care settings
   v| Perform CPR and physical assessment
   u| Operate a computer

Upon admission, an individual who discloses a disability can request reasonable accommodations. Individuals will be asked to provide documentation of the disability in order to assist with the provision of appropriate reasonable accommodations. The respective College will provide reasonable accommodations but is not required to substantially alter the requirements or nature of the program or provide accommodations that inflict an undue burden on the respective College. In order to be admitted one must be able to perform all of the essential functions with or without reasonable accommodations. If an individual's health changes during the program of learning, so that the essential functions cannot be met with or without reasonable accommodations, the student will be withdrawn from the nursing program. The nursing faculty reserves the right at any time to require an additional medical examination at the student's expense in order to assist with the evaluation of the student's ability to perform the essential functions.

Requests for reasonable accommodations should be directed to: Janine McCoy-Jones ADA Coordinator on the Birmingham Campus at 929-6383 or Dr. Renay Herndon, ADA Coordinator on the Bessemer Campus at 929-3419.
Pre-Clinical Preparation

1. Read assigned text unit.
2. Answer unit objectives.
3. Read assigned articles related.
4. Review anatomy and physiology of system involved with each disease.
5. Review pharmacological actions, side effects of all drugs mentioned in each disease.
6. Review nutritional aspects of special diets in related diseases.
7. Define all unfamiliar words or terms.

Pre-Clinical Preparation

It is required that the student utilize the following as a guide to enhance the degree of his/her performance and application of theory content in the clinical setting.

1. Familiarize self with patients needs and problems (through chart, kardex, text, team members, patient/family) as related to:
   a. Diagnosis/Psychosocial Factors
   b. Nursing/Medical Management Treatment
   c. Nutrition/Special Diets
   d. Medication, etc.
2. Familiarize self with medications of assigned patient(s). (Identify the patient’s need for specific medication, relate the expected outcomes, identify side effects and state nursing responsibilities, as well as accurate dosage calculations.)
3. Demonstrate knowledge of pre-planning when performing new procedure or handling new equipment.
4. Organize nursing care for patient according to basic need priorities, recognizing patient care.
5. Practice charting professionally using correct grammar and medical terminology that includes treatment, observations or any aspect of patient care.
6. The student CANNOT pass the course, based on grade point average alone, if his/her performance is, unsafe or is not satisfactory in the clinical area.

If a student comes to the clinical area unprepared to deliver safe nursing care, he/she will receive a clinical absence for the day. The student may be asked to return to the School of Nursing during the remaining clinical time to complete required clinical preparation. Written documentation of completed clinical preparation is to be submitted to the clinical instructor not later than end of the clinical day.

If a student comes to the clinical area unprepared to deliver safe nursing care for second time during a nursing course, he/she must meet with the Chairperson of the Nursing Program. The meeting must occur prior to the next scheduled clinical day. Failure to do so will result in an additional clinical absence.

If a student comes to the clinical area unprepared to deliver safe nursing care for a third time during a nursing course, he/she will be unable to meet course objectives and must withdraw from the course.

Clinical Expectations

Clinical and individual conferences are planned to provide the student with the opportunity to share learning and to evaluate experiences encountered in the clinical setting. Objectives are prepared for each unit and are intended to help the student focus on relevant aspects.

The student is to assume responsibility for his/her independent learning. The instructor assumes the responsibility of guiding, assisting, clarifying, expanding upon this knowledge the student has obtained through his/her independent actions.

It is recommended that the student utilize the following suggestions as a guide to enhance the degree of his/her class participation, understanding and comprehension of material presented by the instructor.

Please note the following:

- The third clinical/laboratory absence in any semester will be grounds for termination from the nursing course. A grade of “F” will be assigned.
- Students are not allowed to leave assigned clinical area without permission from the clinical instructor.
- All information about patients and records in clinical facilities is confidential.
- Even doctors’ statements cannot excuse students from this departmental policy.

Attendance

- Students are expected to attend all classes for which they are registered. Students who are unable to attend class regularly, regardless of the reason or circumstance, should withdraw from that class before poor attendance interferes with the student’s ability to achieve the objectives required in the course. Withdrawal from class can affect eligibility for federal financial aid. Withdrawal from class can prohibit progression in nursing and allied health programs.

- Students are expected to attend all clinical rotations required for each course. Only excused absences will be considered for makeup. However, due to limited clinical space and time, clinical make up days cannot be guaranteed. Failure to complete clinical rotations will prohibit progression in nursing and allied health programs. Specific absences will be discussed per the instructor.

Participation Policy

The faculty of the nursing programs unanimously agree that participation in Clinical/Laboratory is an essential learning experience for all students and the lack of participation in this experience both lessen student learning and impairs the ability of the teacher to realistically evaluate student performance. The faculty also believes that avoidable absence from clinical/lab reflects a lack of responsibility and will hinder the student’s opportunity to obtain a satisfactory clinical/lab grade based on the required elements.

Clinical Expectations

Clinical and individual conferences are planned to provide the student with the opportunity to share learning and to evaluate experiences encountered in the clinical setting. Objectives are prepared for each unit and are intended to help the student focus on relevant aspects.

The student is to assume responsibility for his/her independent learning. The instructor assumes the responsibility of guiding, assisting, clarifying, expanding upon this knowledge the student has obtained through his/her independent actions.

It is recommended that the student utilize the following suggestions as a guide to enhance the degree of his/her class participation, understanding and comprehension of material presented by the instructor.
Professional Behavior

Students must abide by both the Department of Health Professions and the clinical agency policies.

It is the responsibility of the student to notify the clinical facility and instructor in advance if the student will be either tardy or absent for the scheduled clinical experience. Failure to notify the instructor and clinical facility in advance will result in a clinical absence for the day. Any missed clinical days are required to be made-up.

Students must maintain patient information confidentiality in accordance with HIPPA requirements. Failure to do so will result in a clinical absence for the day.

Students are to remain in their assigned clinical area. Leaving the clinical area without permission of the clinical instructor will result in a clinical absence for the day. Displaying poor professional behavior during Clinicals can lead to dismissal from the program. This includes, but is NOT limited to, receiving complaints from physicians, nurses, hospital or clinical personnel, instructors and patients. Altercations at Clinical sites will NEVER be tolerated (either verbal or physical) and can lead to immediate removal from the program following a due process hearing.

Clinical Procedures Performance

All students must be able to satisfactorily perform clinical skills required in previous prerequisite nursing courses. A student who performs unsatisfactorily on a nursing procedure in the clinical area will be given an unsatisfactory for the procedure and must return to the college practice laboratory and satisfactorily demonstrate the skill within the time frame determined by the instructor. Unsatisfactory performance of the skill in the college practice laboratory means that the student is unable to meet the objectives for the nursing course and must withdraw from the course.

Clinical Experience Policy

The clinical evaluation tool is written in accordance with the program and course outcomes and includes expected behaviors and characteristics for clinical participation as well as for written assignments.

The clinical evaluation tool will be shared with and explained to the student prior to the clinical rotation. Written assignments will be an inherent aspect of the clinical experiences. All written assignments must be turned in on date due in the acceptable form (type or ink written neatly on lineless paper). Written work received after the due date will be considered late (unless the dates have extended by the instructor). IF ALL WRITTEN ASSIGNMENTS ARE NOT RECEIVED PRIOR TO THE END OF THE SEMESTER, THE STUDENT WILL RECEIVE A COURSE GRADE OF “I”. All requirements to remove an “I” must be completed within six weeks of the following semester in which the grade was given. If requirements are not completed within the six weeks period, the grade of “F” will be assigned.

A satisfactory clinical grade and C (75) or above theory grade MUST be obtained to complete the course successfully. The student cannot pass the course if unsuccessful in either theory or clinical.

Furthermore, it is understood that your role is as a student: (1) enrolled in a clinical course requiring your presence at the health care facility; (2) not an employee of the institution or of the health care facility; (3) not expecting nor receiving compensation for participation in the clinical course from either the institution or the health care facility; and (4) not promised nor offered a job at the health care facility as a result of participation in the clinical course.

Learning Resources Center

The Department of Health Professions has established a Learning Resources Center. There are two components of the Center: an Instructional Center and a Clinical Learning Laboratory.

The Center is stocked with easily accessible resources to help you reach these objectives. There is a specialized area The Nursing NCLEX Resource Center devoted to NCLEX preparation. These resources include audio visuals and computer software, additional reference materials for review or remediation assessment examinations and study guides. These audio visuals and computer software are supportive of the concepts discussed and objectives of the course. Tutors are available by appointment for student requiring remediation. Tutors schedules are posted each semester. A Nurse Counselor is available for students seeking assistance. The Instructional Center is open daily from 8 a.m. to 5 p.m. on both campuses.

Clinical Learning Laboratory

The Clinical Learning Laboratory provides the opportunity for you to develop your nursing skills through self-activity (practice). You may practice psychomotor skills until mastery is obtained. You are expected to practice all procedure prior to your assigned laboratory periods. Clinical Associates are available three days a week for assistance. The Clinical Learning Laboratory is opened daily from 8 a.m. to 5 p.m.

Cardiopulmonary Resuscitation Certification

All students are required to become certified in cardiopulmonary resuscitation at the basic level for health professionals prior to being permitted to engage in any clinical experience.

Health Form

Each student must have on file a current health status form. An annual health examination including TB skin test and/or chest x-ray is required of students whose course of study extends past a twelve month period. Additional immunizations may be required based on Center for Disease Control (CDC) recommendations.

Background/Drug Screen Policy

Any student who enrolls in a Lawson State Community College nursing program and desires to participate in courses which have a clinical component is required to have an initial preclinical drug and alcohol screening. The student must abide by the College’s Drug and Alcohol Screen Policy and Clinical
agency policy for which the student is assigned clinical practice. This policy includes random drug and alcohol screening and reasonable suspicious screening.

Students will be required to submit to a criminal background screening prior to being allowed to begin clinical experiences. Many of our clinical affiliates require the background screening as part of the clinical contractual agreements with the nursing programs. Any student who is denied access to a clinical experience by a clinical affiliate due to adverse findings on the background screening may be subject to dismissal from the nursing programs. Additionally, students who refuse to submit to a criminal background screening may be subject to dismissal from the nursing program. Students are responsible for the payment of the background check.

Resolution of an Immediate Problem
Any student who feels he/she has been treated “unfairly” by an instructor has the right to have complaint(s) aired and/or investigated. This document describes the procedure whereby the student may present his/her complaints.

Step 1. The student should consult with the instructor and level coordinator promptly (within 3 days) after the occurrence of the event. If the appeal is not satisfied at this level; the student should meet with the Department Chairperson then the Associate Dean of Health Professions in an informal attempt to reach closure. The conference will be recorded on the appropriate form with the rationale for the decision. One form will be given to the student, one copy for the student record, and one copy for the Nursing Program’s file.

Step 2. If an agreement is not reached using the informal approach, the student may file a formal written appeal by following the procedure in the College Student Handbook.

Total required hours for Associate in Applied Science Nursing Education 72

The nursing programs are offered on a full time enrollment status. Nursing students enrolled in 12 contact hours or more per semester are considered as full time students.
The Nursing Assistant/Home Health Aide program is a one semester ten (10) credit hours short certificate program that will prepare a person to work under the supervision of a RN or LPN and give direct client care in the home and/or a variety of health care settings. Successful completion of the program allows eligibility to write the State Nursing Assistant Certification Examination.

Option 1
- ORI 101 Orientation to College is a prerequisite for this program

NAS 120 Fundamentals of Nursing Assistant/Home Health Aide 7
NAS 121 Fundamentals of Nursing Assistant/Home Health Aide Clinicals 3

Total Required Hours for Certificate 10

Option 2

Long Term Care Nursing Assistant

This course fulfills the seventy-five (75) hour Omnibus Budget reconciliation Act (OBRA) requirements for training of long-term care nursing assistants in preparation for certification through competency evaluation. Successful completion of this course allows eligibility to write the State Nursing Assistant Certification Examination. The course is offered twice a semester in the mini-terms.

NAS 100 Long Term Care Nursing Assistant 4

DENTAL ASSISTING (DAT)

PROGRAM DESCRIPTION:

Lawson State Dental Assisting Program is a three semester certification program that will all graduates to be competent in general dental assisting skills. The Dental Assisting program is accredited by the Commission on Dental Accreditation and has been granted the accreditation status of approval without reporting requirements.

PROGRAM MISSION & GOALS:

The mission of the Dental Assisting program is to provide the academic and clinical learning experiences that assist students in developing the knowledge, attitudes, and skills necessary for successful and effective functioning in the biological, behavioral, and clinical aspects of dental assisting and to encourage graduates to continually seek personal and professional growth opportunities. The Dental Assisting program awards the certificate and offers an option to complete the Associate in Occupational Technologies degree.

1. Demonstrate clinical competencies of an entry level dental assistant.
2. Function safely and efficiently as a member of the dental team under the supervision of the dentist.
3. Communicate effectively with patients and dental team members.
4. Provide dental services with respect and compassion regardless of cultural diversity.
5. Exhibit legal and ethical behavior which adheres to professional conduct standards for dentistry.

ADMISSION REQUIREMENTS:

1. Meet all the general admission requirements of LSCC.
2. Be eligible for ENG 101 and MTH 100.
3. Possess an ACT score of 14 or higher
4. Possess a minimum 2.1 grade point average on a 4.0 scale
5. Applications MUST be submitted to the Bessemer Campus Health Professions Office no later than 5:00 p.m. (CST) on June 30. If June 30th falls on a weekend or holiday, then the application due date will fall on the next business day.

SELECTION AND NOTIFICATION:

1. The Dental Assisting Program admits a maximum of 24 students each Fall semester.
2. Students are selected on the basis of ACT score and GPA
3. In the event of a tie, the higher GPA will break the tie.
4. Students must respond in writing or e-mail, confirming their intent to enroll, within 7 days after receipt of their acceptance letter. A student who fails to respond will result in forfeiture of their place in the class. A signed consent to drug testing must accompany the acceptance confirmation.
5. Students accepted must attend a mandatory orientation session. Failure to do so will result in forfeiture of their place in the class.
6. Upon acceptance into the program students must submit a physical examination form (current within one year), which includes documentation of immunizations along with evidence of having begun the Hepatitis B vaccinations.

PROGRESSION:

1. Students must attain a “C” in general and major required courses. Failure to do so with result in dismissal from the program.
2. Students who withdraw or are dismissed from the program must apply for re-admission the following year. There is no guarantee of acceptance. Student will be readmitted only once.

COURSE TRANSFERABILITY:
Currently, the Alabama Community College System has no policy for Dental Assisting Programs transferring credits between ACCS institution. Criteria for transfer to Lawson State’s must follow the following criteria.
1. Must meet minimum admission standards for the dental assisting program and demonstrate competency as defined by the institution.
2. Must possess a grade of C or better in all dental assisting program required courses taken at another institution and possess a minimum of a 2.0 cumulative GPA at time of transfer.
3. Dean/Director of previous dental assisting program must provide a letter of eligibility for progression in previous dental assisting program.
4. Must comply with all program policy requirements at accepting institution.
5. Complete at least 25% of the dental assisting program required courses for degree/certificate at the accepting Lawson State.
6. Must meet acceptability criteria for placement at clinical agencies for clinical experience.
7. The last dental assisting course in which a student was enrolled cannot be more than 12 months old.
8. Acceptance of transfer students into dental assisting programs is limited by the number of faculty and clinical facilities available. Meeting minimal standards does not guarantee acceptance.

NOTE: Further information can be found on Lawson State’s webpage:

*Approved for the Associate in Occupational Technologies degree.
**EMERGENCY MEDICAL TECHNICIAN (EMT)**

The Emergency Medical Technician (EMT) program is designed to prepare individuals to provide basic health care assistance at the scene of an illness or traumatic injury. EMT classes are offered day and evening hours. The Basic Level can be completed in one semester. The faculty is committed to providing academic and clinical learning experiences that will enable the student to develop the necessary knowledge, attitudes, and skills required of the EMT. Many graduates are employed by the Birmingham Fire and Rescue and Ambulance Service. Program graduates use the knowledge and skills they obtain to prepare them to serve their communities in Volunteer Fire and Rescue Services. Program graduates are awarded a certificate and are eligible to take the National Registry of EMT Basic Examination. The Alabama Department of Postsecondary Education and the Alabama Department of Public Health approve the program.

**Admission Criteria:**
1. Meet all institutional requirements.
2. Meet the Essential Functions or Technical Standards required for EMS.
3. Receipt of completed application for the EMT-Basic program.
4. ORI 101 is a prerequisite for this program.

**NEW! DIAGNOSTIC MEDICAL SONOGRAPHY (DMS) CARDIAC**

The Diagnostic Medical Sonography program prepares individuals, under the supervision of physicians, to utilize medical ultrasound techniques to gather sonographic data used to diagnose a variety of conditions and diseases. The program includes instruction in obtaining, reviewing, and integrating patient histories and data; patient instruction and care; anatomic, physiologic and pathologic data recording; sonographic data processing; sonography equipment operation; and professional standards and ethics. Emphasis within the Lawson State Community College sonography program will focus on cardiac sonography.

The Pharmacy Technician Assistant Program prepares the individual to assist the Pharmacist in a variety of settings to include the institutional and retail pharmacies. The individual will learn inventory management and understand the technicians’ role in community and hospital pharmacy. In addition, the individual will learn drug calculation, drug classification, side effects of the top 200 drugs, and prescription terminology.

For additional health related majors, see the following listings under the General Studies listings within this catalog. Listings begin on page 83.

### Other Majors Include the Following:

- Biology
- Biomedical Engineering
- Clinical Lab Sciences / Medical Tech
- Pre-Dentistry
- Exercise Science and Wellness
- Health Education
- Health Information Management
- Health Promotion
- Health Services
- Laboratory Technology
- Pre-Medicine
- Nuclear Medicine Technology
- Pre-Nursing
- Pre-Occupational Therapy
- Pre-Optometry
- Pre-Osteopathic Medicine
- Pre-Pharmacy
- Pre-Physical Therapy
- Pre-Speech Therapy
- Public Safety and Health Administration
- Radiologic Sciences
- Rehabilitation Sciences
- Respiratory Therapy/Cardio Science
- Surgical Physician Assistant
- Pre-Veterinary Medicine

In pursuing General Studies majors, follow the General Studies listings for Areas I-IV as outlined on page 83 and print off a copy of a STARS Guides. Go to page 70 for Step-by-Step instructions on how to complete a STARS Guide. Never randomly select course offerings.
To ALL Nursing Students

Join NSNA – National Student Nurses Association

The Mission of NSNA is to: Organize, represent and mentor students preparing for initial licensure as registered nurses, as well as those enrolled in baccalaureate completion programs; convey the standards and ethics of the nursing profession; promote development of the skills that students will need as responsible and accountable members of the nursing profession; advocate for high quality health care; advocate for and contribute to advances in nursing education.

GENERAL INFORMATION

The Student Services Division is committed to helping each student at Lawson State Community College achieve his/her goals. The division assists students with admissions, advisement, counseling services, registration, orientation, academic support services, disability services, student activities, and career planning. Professionally trained staff are available to assist the individual student in evaluating his or her potential for success as he or she selects a program of study.

MISSION AND GOALS

The mission of Student Services is to provide assistance to prospective and enrolled students, former students and graduates in the area which relate to student growth and development. The division supports the instruction of students through a variety of programs, services, and activities.

Student Services long range goals are:

• To provide orientation, counseling and academic support services that promotes student success.
• To support academic advising for all students.
• To coordinate student retention measures.
• To provide a dynamic student life experience enhanced by social, cultural, service and athletic activities.

ORIENTATION – ORI 101

All full-time and part-time award seeking students are required to enroll in ORI 101 (Freshman Academy) during their first semester at Lawson State.

Transfer students with fewer than 12 semester hours of transfer credit are required to enroll in ORI 101 during their first semester at Lawson State Community College. Transfer students with 12 semester hours or more of transfer credit are required to enroll in ORI101-T which is an abridged version of ORI101.

The Freshman Academy is designed to provide information that will aid a new student in his/her transition to college and stimulate an excitement for learning. Through this freshman encounter, students are engaged, equipped and empowered to excel in their college studies and are introduced college policies, procedures, requirements, and services as well as knowledge of the physical environment of the campus and the college community at large. Focus provided through the Freshman Academy includes critical thinking, improvement of technology skills, social skills, leadership skills, oral and written communication skills, commitment to studies overall and more. Individualized counseling, monitoring of students’ progress to ensure early identification of those having problems, individualized assistance with academic and personal adjustment issues, and group activities to address study/test-taking strategies and to provide appropriate intervention are also emphasized in the course.

Students are encouraged to make wise use of all services made available in the Office of Student Services. Every student enrolled is assigned a faculty advisor. Students are encouraged to discuss their plans, problems, and needs with their faculty advisors or other members of the counseling staff.
The Office of Admissions / Enrollment Management and the Records Office provide efficient student enrollment services. The Office of Admissions / Enrollment Management coordinate all aspects of student recruitment and the admission of qualified student body. The Office processes student applications, advise students of available program offerings, disseminates appropriate brochures, literature, etc. to interested students, verifies student qualifications for specific certificate and degree programs.

REGISTRATION

Registration is held each semester according to scheduled dates and procedures published in the semester Schedule of Classes booklet. Students are responsible for registering each semester. Lawson State may withhold the privilege of registering for the following reasons:

- Unpaid Fees
- Overdue Loans
- Library Books
- Incomplete Admission Records

Students who experience academic difficulties (see Satisfactory Academic Progress) may be limited in their selection of courses and the number of credits for which they may register. These students must see a Counseling Services professional to complete registration.

GENERAL ID POLICY

For admission to Lawson State Community College an applicant must provide:

1. One of the following forms of identification: an unexpired Alabama driver’s license or instruction permit; an unexpired Alabama identification card; an unexpired U.S. passport; an unexpired U.S. permanent resident card; Resident Alien card – Pre-1997; Unexpired Driver’s License or instruction permit from another state or possession that verifies lawful presence, dated 2000 and beyond; U.S. Alien Registration Receipt Card (Form I-151) prior to 1978; BIA or tribal identification card with photo; I-797 Form with expiration date, or voter identification card from a state that verifies lawful presence.

2. All international applicants must provide: a VISA acceptable to the United States and an official translated copy of the student’s high school/college transcript; a minimum score on an approved English as a Foreign Language exam as specified in the guidelines; signed, notarized statement verifying adequate financial support; and documentation verifying adequate financial support; and documentation demonstrating adequate health and life insurance which must be maintained during enrollment. (SEE SECTION ON ADMISSION OF INTERNATIONAL STUDENTS).

Applicants who fail to satisfy the requirements of items 1 or 2 will not be admitted to Lawson State Community College. This information is also available on the Admissions page of the College’s website (http://www.lawsonstate.edu).

Further, applicants may submit the documentation identified in items 1 or 2 in person. Those applicants unable to present identification in person may submit a legible copy by U.S. mail or via electronic submission consistent with local institutional policy.

All male students between the ages of 18 and 26 must show proof of registration with the U.S. Selective Service System in accordance with § 36-26-15.1 of the Code of Alabama of 1974 (as amended).

REQUIRED ADMISSION DOCUMENTATION

Degree seeking students: Admission application, primary form of identification, proof of high school graduation, official transcript – high school or GED, official transcript(s) – all other colleges attended, ACT scores (for placement purposes only). Students who have achieved a minimum Baccalaureate degree are only required to submit a transcript from the granting
institution. The College does require official transcripts of other undergraduate coursework earned elsewhere if that coursework is to be used toward earning an award or fulfilling pre-requisites.

Non-degree seeking students: (High School Graduate / GED Recipient) - admission application, primary form of identification, proof of graduation, official transcript - high school or GED®, official transcript - all other colleges (if attended), students who have achieved a minimum of a Baccalaureate degree are only required to submit a transcript from the granting institution.

Non-degree seeking students: (Non-High School Graduate / No GED) - Admission application, primary form of identification, official transcript - high school (if attended), official transcript - all other colleges attended (if attended), required assessment score (State Board Policy 801.05: Admission: Non-High School Graduate), Students who have achieved a minimum of a Baccalaureate degree are only required to submit a transcript from the granting institution.

In keeping with the mission of the Lawson State Community College and the Alabama Community College System, applicants with less than a high school diploma or GED may be admitted to courses not creditable toward an associate degree or programs comprised exclusively of courses not creditable toward an associate degree, provided that he/she meet following criteria: the applicant is at least 16 years of age and has not been enrolled in secondary education for at least one calendar year, and has specifically documented ability-to-benefit based on an assessment approved by the federal government.

Students admitted under the “Ability to Benefit” provision may enroll in one of the following programs at the short certificate award level: Automotive Body Repair, Automotive Mechanics, Barbering, Cabinetmaking, Carpentry, Cosmetology, Graphics and Printing, Home Health Aide, Medium / Heavy Truck Technician, Nurse Assistant, Plumbing, and Welding. However, such students may proceed beyond the short certificate award if the GED (General Equivalency Diploma), the Alabama High School Diploma, or its equivalent is acquired.

ADMISSION STATUS TYPES

There are two types of admission status: 1) unconditional and 2) conditional. Students who have submitted all required documentation may be admitted as unconditional status. Students who have not submitted all required documentation may be admitted as conditional status. Failure to provide documentation by the end of the first semester, as determined by local institution calendars, will prevent a student from future registration and official transcript release.

ADMISSION CLASSIFICATION

First Time: A student who has no prior post-secondary experience, attending any institution for the first time.

Transfer: A student entering the institution for the first time, having previously attended a post-secondary institution. The student may transfer with or without credit. Acceptance of transfer credits is based upon Lawson State Community College policy.

Transient: A student enrolled at another college or university who is taking classes at an Alabama Community College System institution for the express purpose of transferring back to the home college or university.

Accelerated: A secondary education student who is earning college credit while still in high school. Accelerated High School program may not substitute for high school credit.

Dual Enrollment and Dual Credit: A secondary education student who is earning college credit while still in school. Dual enrollment credit may be applied toward a high school diploma.

International: A student who is a citizen of another country.

Admission to Lawson State Community College does not ensure admission to any individual program or course.

First-time Student Admission

A student, who has no prior post-secondary experience, attending any institution for the first time, must submit an application for admission, appropriate ID, and an official copy of the high school transcript or GED score report.

A first-time student who does not have on file the official high school transcript or GED score report and any additional documents required may be granted conditional admission. No first-time student shall be allowed to enroll for a second semester unless all required admissions records have been received prior to registration for the second semester.

If all required admissions records have not been received prior to issuance of first semester grades, the grades will be reported on the transcript, but the transcript will read CONTINUED ENROLLMENT DENIED PENDING RECEIPT OF ADMISSIONS RECORDS. This notation will be removed from the transcript only upon receipt of all required admissions records.
Transfer Student Admission

An applicant who has previously attended another duly accredited postsecondary institution will be considered a transfer student. To be classified as degree eligible, a transfer student must have submitted an application for admission and official transcripts from all duly accredited postsecondary institutions attended and any other documents required for first-time students. Transcripts from all previously attended institutions are required for recipients of federal student aid. *A duly accredited institution is accredited by one of the six regional accrediting bodies recognized by the U.S. Department of Education.*

A transfer student who does not meet the requirements in the previous paragraph will be classified as a non-degree eligible student/ability to benefit student or conditional. An applicant who has completed the baccalaureate degree will be required to submit only the transcript from the institution granting the baccalaureate degree. However, potential transfer credit deemed equivalent to Lawson State Community College courses may be applied to our curricula once official transcripts have been received from each college or university a student previously attended.

A transfer student who does not have on file official transcripts from all postsecondary institutions attended and any additional documents required may be granted conditional admission. No transfer student shall be allowed to enroll for a second semester unless all required admissions records have been received prior to registration for the second semester.

If all required admissions records have not been received prior to issuance of first semester grades, the grades will be reported on the transcript, but the transcript will read **CONTINUED ENROLLMENT DENIED PENDING RECEIPT OF ADMISSIONS RECORDS.** This notation will be removed from the transcript only upon receipt of all required admissions records.

Transient Student Admission

A transfer student who attended another postsecondary institution and who seeks credit at for transfer to that parent institution may be admitted to Lawson State Community College as a transient student. The student must submit an application for admission and an official letter from the institution which certifies that the credit earned at the institution will be accepted as a part of the student's academic program. Such student is not required to file transcripts of previously earned credits at other postsecondary institutions.

Accelerated High School Program Admission

The Accelerated High School program allows high school students the opportunity to earn college credit while still in high school. College credit earned through the Accelerated High School program may not substitute for high school credit.

A student is eligible for early admission if the student meets all of the following criteria:

a. The student has successfully completed the 10th grade;

b. The student provides certification from the local principal and/or his or her designee certifying that the student has a minimum cumulative 2.5 grade point average and recommends the student be admitted under this policy;

c. The student may enroll only in courses for which high school prerequisites have been completed.

d. Students may enroll in academic, career and technical, or health profession courses/programs in accordance with guidelines issued by the Chancellor of the Alabama Community College System.

Dual Enrollment / Dual Credit for High School Student Admission

Lawson State Community College admits students from within its service area for dual enrollment/dual credit. Courses offered are on the postsecondary level and enrolled students must pay normal tuition as required by the College, or as stipulated in a contract for services between the College and the student’s school system.

A student is eligible for dual enrollment/dual credit if the student meets the following criteria:

a. The student must meet the entrance requirements of the college as stipulated in Alabama Community College System Policy and Procedure for Dual Enrollment for Dual Credit for high school students;

b. The student must have a minimum 2.5 grade point average in completed high school courses;

c. The student must have written approval of the appropriate principal or career and technical education program representative (if applicable) and counselor. Dual Enrollment for Dual Credit eligibility for students enrolled in private, home school/ private tutor, parochial, or church/ religious secondary educational entities must be documented in writing by an appropriate school official. Approval from secondary school officials indicates that the student has demonstrated both academic readiness and social maturity.
d. The student must be in grade 10, 11, or 12.

e. Students registering for any college-level English or math courses must take the state-approved placement assessment to determine their academic preparedness for college-level courses. Students registering for career and technical education courses, with the exception of math and English, in the 10th or 11th grade should not be required to take the state-approved placement test. Students must take the state-approved placement assessment before the start of their 12th grade year of high school, or submit ACT scores which exempt them from the test (20 or higher on ACT English, Reading, and Mathematics.)

f. Students must meet all applicable pre-requisites prior to enrolling in courses.

g. Developmental courses (those numbered below 100) are not offered through dual enrollment.

Continuous Eligibility
Students who meet the criteria for initial admission to Dual Enrollment for Dual Credit Program as specified in the Alabama Community College System Procedure for Dual Enrollment for Dual Credit for High School Students, section 2, will remain in continuous eligibility as long as a grade of “C” or better in all attempted college courses is earned. Students who fail to meet this minimum grade requirement or who withdraw from a course will be suspended from the program for a minimum of one term. The one term suspension may not be served during the summer term. The student may not re-enroll until the suspension has been served. For re-entry, the student must re-apply to the program and must meet the minimum (unweighted) grade point average of 2.5 on a 4.0 scale.

ADMISSION FOR INTERNATIONAL STUDENTS

For admission to Lawson State Community College, an international applicant must provide:

1. A completed admission application

2. A certified original translated and evaluated copy of the student’s high school transcript verifying completion status and a translated and evaluated transcript from each college attended if graduated outside of the United States. *Students who have achieved a minimum of a Baccalaureate degree are only required to submit a translated and evaluated transcript from the degree granting institution (*International transfer students only). These documents must be reviewed by Educational Credential Evaluators, Inc. www.ece.org.

World Education Services, Inc. www.wes.org or by a member-agency of the National Association of Credential Evaluation Services (NACES) www.naces.org in the United States, at the expense of the applicant. An official report should be forwarded directly to Lawson State Community College.

3. Original transcripts from all US institutions attended (International transfer student only).

4. A signed notarized statement verifying financial support. Please note that the College offers no financial assistance or scholarships for international students.

5. Copy of the student’s current Form I-20 (International transfer student only).

6. Receipt of payment of I-901 Student and Exchange Visitor Information System (SEVIS) Fee.

7. Copy of student’s Visa and Passport with current photo. Current and valid passport or other official documentation verifies lawful presence.

8. A medical health history with proof of vaccination signed by a physician. (Form is on the website.)

9. Documentation demonstrating adequate accident, sickness and life insurance that includes evacuation repatriation. Students must maintain insurance coverage throughout the duration of their I-20. The institution may provide an insurance plan or a list of available insurance providers.

10. A minimum score ranging from 5.5 on the IELTS International English Language Testing System) as determined by the college, or a total score of 61 on the Internet-based TOEFL, a 2A on the Step EIKEN Test in Practical English Proficiency, or a total score of 500 on the paper-based TOEFL. Institutions may admit students to an established ESL program in preparation for the English Language Exam. However, students may not enroll in regular college courses until the English Language requirement is met. The English as a Second Language exam may be waived for students from all English speaking countries including but not limited to: Anguilla, Antigua and Barbuda, Australia (Australian English), the Bahamas, Barbados, Bermuda, Belize (Belizean Kriol), the British Indian Ocean Territory, the
British Virgin Islands, Canada (Canadian English), the Cayman Islands, Dominica, the Falkland Islands, Gibraltar, Grenada, Guam, Guernsey (Channel Island English), Guyana, Ireland (Hiberno-English), Isle of Man (Manx English), Jamaica (Jamaican English), Jersey, Montserrat, Nauru, New Zealand (New Zealand English), Nigeria, Pitcairn Islands, Saint Helena, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Tanzania, Singapore, South Georgia and the South Sandwich Islands, Trinidad and Tobago, the Turks and Caicos Islands, The Gambia, the United Kingdom, the U.S. Virgin Islands, and the United States. Other waivers, with substantial documentation, must be submitted to the Chancellor for approval.

11. Transient or transfer international students must submit a Transient/Transfer Clearance Form signed by the foreign student advisor at the institution from which the prospective student comes. Further, transfer students must submit a copy of the Form I-20 from the institution from which the student transfers.

An international student applicant who fails to provide the required documentation will not be admitted to any Alabama Community College System institution.

Other non-immigrant students must meet all ACCS admission requirements as well as provide documentation of immigration status as prescribed by the institution.

Admission to an ACCS institution does not ensure admission to any individual program or course. Institutions are expected to comply with all applicable accreditation requirements and standards regarding program admission.

**SENIOR CITIZEN ADMISSION**

Persons age 60 or over may receive tuition waivers. Such persons must follow standard admissions procedures and meet all course prerequisites as stated in the catalog. Waivers apply ONLY to college-credit courses and do not include books, fees, supplies, or tools. Registration will take place during regular registration periods. Available space will not be assured until the last day of late registration. In the event space is no longer available, such persons will be required to withdraw from the course.

**READMISSION REQUIREMENTS**

Prospective students who were previously enrolled are required to complete the following steps to reapply for admission to Lawson State Community College:

- Submit an updated Application for Admission if the student has not attended a fall or spring term within the academic year. An updated Application will not be required for students who enrolled during spring but did not enroll for the following summer term.
- Submit ID as appropriate if previously submitted ID is expired.
- Request transcripts from other colleges and universities attended since leaving LSCC. Transcripts should be sent to the Office of Admissions & Enrollment Management at Lawson State Community College, if such transcripts are not in the student’s academic record.
- Submit Selective Service Verification if appropriate.

A student who has a break in enrollment may be required to study under the catalog currently in use at the time of re-admission.

A returning student who is on academic or disciplinary suspension from any other college(s) must appeal in writing to the Admissions Appeals/Grievance Committee in care of the Director of Admissions & Enrollment Management.

**CHANGE OF PROGRAM**

Students may change their program by completing a Change of Record Request Form, which is available in the Admissions forms section of the College’s website, as well as, in the Admissions & Enrollment Management / Records Offices. The student’s current program advisor should review the degree plan and transcript before signing indicating that the student qualifies for the new program. The student’s permanent record will reflect a change of program upon submission of the signed form to the Office of Admissions.

Students planning to transfer to another college or university are cautioned that the receiving institution may use all grades earned in computing grade point averages for admission or other purposes. For more information, log on to AGSC/STARS Home Page at: [http://stars.troy.edu](http://stars.troy.edu).
GENERAL PRINCIPLES FOR TRANSFER OF CREDIT

Transfer credit will be evaluated and recorded by the Admissions and Enrollment Management Office once all official transcripts are on file. Transfer credit for courses with a grade of “D” cannot be accurately determined until all official transcripts are on file and the cumulative grade point average has been calculated. Students should have all institutions attended forward an official transcript to our office as quickly as possible to facilitate this process. Students may check their transfer credits online through their Lawson State Community College Student Portal. Transfer credit will be awarded based on the following criteria.

1. Coursework transferred or accepted for credit toward a program must represent collegiate coursework relevant to the formal award, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the institution’s own degree and certificate programs. A course completed at other regionally or duly accredited post-secondary institutions with a passing grade will be accepted for transfer as potentially creditable toward graduation requirements.

2. A transfer student from a collegiate institution not accredited by the appropriate regional association or duly accredited post-secondary institution may request an evaluation of transfer credits after completing 15 semester hours with a cumulative GPA of 2.0 or above.

3. A transfer grade of “D” will not be accepted.

4. Courses included in the Approved Alabama General Studies Committee General Course Listing for which Lawson State Community College does not have an equivalent course will be accepted as a core requirement for the appropriate core area in the General Education Core.

5. The transfer course must be 6 or more quarter hours or 4 semester hours to satisfy the requirements of a 4 semester hour course at Lawson State; 4 or more quarter hours or 3 or more semester hours to satisfy the requirements of a 3 semester hour course at Lawson State; 3 or more quarter hours or 2 semester hours to satisfy the requirements of a 2 semester hour course at Lawson State; 2 or more quarter hours or 1 semester hour to satisfy the requirement of a 1 semester hour course at Lawson State. Exceptions must be requested by the student and approved by the advisor, appropriate chairperson/associate dean/dean and the dean of instruction.

6. The criteria for awarding credit for work completed at international colleges and universities are the same as for institutions within the United States. International students who earned credits at foreign colleges or universities may submit official, evaluated documents for consideration of credit. The following credentialing services may be used: World Education Services, Inc. www.wes.org or Educational Credential Evaluators, Inc. www.ece.org. Evaluations should be forwarded to LSCC directly from one of these providers. Those without prior college credit must have high school documents evaluated / translated.

7. Credit may be awarded based on previous formal training. Examples include military training, Community College of the Air Force, Police Academy, and Fire College Certifications.

INITIAL ACADEMIC STATUS OF TRANSFER STUDENTS

1. A transfer student whose cumulative grade point average at the transfer institution(s) is 2.0 or above on a 4.0 scale will be admitted on Clear academic status.

2. A transfer student whose cumulative grade point average at the transfer institution(s) is less than 2.0 on a 4.0 scale will be admitted on Academic Probation. The transcript will read ADMITTED ON ACADEMIC PROBATION.

3. An applicant who has been academically suspended from a duly accredited postsecondary institution may be admitted as a transfer student only after following the appeal process established at the institution for "native" students who have been academically suspended. If the transfer student is admitted upon appeal, the student will enter the institution on Academic Probation. The transcript will read ADMITTED UPON APPEAL—ACADEMIC PROBATION.
CREDIT AWARDED BY NON-TRADITIONAL MEANS

- College credit may be awarded through nontraditional means (i.e., credit awarded for prior learning from which the skills that comprise courses – terminal objectives – are mastered to an acceptable degree of proficiency).

- Credit awarded through nontraditional means for academic transfer courses may be awarded by examination, nationally recognized guidelines (AP, CLEP, ACT/PEP, DANTES, Challenge Exams, ACE PONSI/CREDIT, ACE/MILITARY) or through other statewide programs identified by the Department.

- The College will accept for credit a score of 3 or higher on Advanced Placement® subject examinations.

- Credit awarded through nontraditional means for non-academic transfer courses may be awarded through portfolio review by a prior learning assessment specialist through Instructional Services, through statewide articulation agreement for career and technical students or other statewide programs identified by the Department.

- Not more than 25 percent of total credit required for any program may be awarded through nontraditional means. Credit awarded through nontraditional means is not applicable toward the minimum of 25 percent of semester credit hours that must be completed at Lawson State Community College.

- Nontraditional credit is not applicable for the 25 percent semester credit hours that a student completing a program must be earned at Lawson State.

- A student may be granted advanced placement by presenting scores on the College Board Advanced Placement Examination. Students with a minimum score of 3 will be given college credits (but no academic grade) for beginning courses.

- A transfer student who is admitted on Clear academic status is subject to the same standards of academic progress as a native student. Grades accrued at other regionally accredited postsecondary institutions, including other Alabama Community College System institutions, are not included in GPA calculation.

- If the Cumulative GPA at Lawson State is below 1.5 at the conclusion of the semester in which the transfer student has attempted a total of 12 or more semester credit hours, the student will be suspended for one semester. The transcript will read SUSPENDED–ONE SEMESTER.

- If the cumulative GPA at Lawson State is 1.5 or above at the conclusion of the semester in which the transfer student admitted on Academic Probation has attempted a total of 12 semester credit hours, the student's status will become Clear.

STANDARDS OF PROGRESS FOR TRANSFER STUDENTS

- A transfer student who is admitted on Clear academic status is subject to the same standards of academic progress as a native student. Grades accrued at other regionally accredited postsecondary institutions, including other Alabama Community College System institutions, are not included in GPA calculation.

- If the Cumulative GPA at Lawson State is below 1.5 at the conclusion of the semester in which the transfer student has attempted a total of 12 or more semester credit hours, the student will be suspended for one semester. The transcript will read SUSPENDED–ONE SEMESTER.

- If the cumulative GPA at Lawson State is 1.5 or above at the conclusion of the semester in which the transfer student admitted on Academic Probation has attempted a total of 12 semester credit hours, the student's status will become Clear.

TRANSFERRED TO ANOTHER COLLEGE FROM LAWSON STATE

Counselors and other members of the College’s staff will advise and assist any student planning to transfer to a four-year institution. However, it is the student’s responsibility to follow the admissions requirements closely. These requirements are indicated in the particular institution’s catalog. Reference copies of various catalogs are available in the various offices at Lawson State.

Because of the highly specialized nature of courses in career programs, many of the courses are not designed for transfer to a four-year institution. Students also should note that courses with numbers below 100 usually do not transfer.

Students are strongly recommended to see an advisor regularly if they are planning to transfer to a four-year college or university. Representatives from four-year colleges often visit the campus to help Lawson State Community College’s students plan their transfer programs.

RESIDENCY

The in-state tuition rate plus applicable fees shall be established by the Alabama Community College System Board of Trustees. The out-of-state tuition rate shall be 2.00 times the in-state tuition rate plus applicable fees. International students must pay the out-of-state tuition rate plus applicable fees. Each institution may implement an optional deferred tuition payment plan for students.

---

**SCHEDULE OF CLASSES**

A schedule of classes is published each semester and is available approximately four weeks before each registration date. Schedules are available online via the college website, Admissions Office, Records Office and at other campus locations. Please note that fees, curricula, etc. can change at any time; therefore, it is recommended that EACH student be counseled by an advisor before planning class schedules each semester.

**ENROLLMENT CLASSIFICATIONS**

<table>
<thead>
<tr>
<th>Day</th>
<th>A student who is enrolled for a majority of course work scheduled before 5:00 p.m.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Evening</td>
<td>A student who is enrolled for a majority of course work scheduled after 5:00 p.m.</td>
</tr>
<tr>
<td>Full Time</td>
<td>A student who is enrolled for twelve or more semester hours.</td>
</tr>
<tr>
<td>Part Time</td>
<td>A student who is enrolled for fewer than twelve semester hours.</td>
</tr>
<tr>
<td>Freshman</td>
<td>A student who has completed 0-32 semester hours of coursework.</td>
</tr>
<tr>
<td>Sophomore</td>
<td>A student who has completed 33 or more semester hours of coursework.</td>
</tr>
</tbody>
</table>

Only course work taken at Lawson State Community College is used in computing grade point averages.

---

**Hours of Operation**

**Monday - Tuesday**
8:00 a.m. – 7:00 p.m.

**Wednesday-Friday**
8:00 a.m. – 5:00 p.m.

The Records Office primarily stores and maintains student academic records. This office provides transcripts of student academic records (official and student copies), facilitates registration each semester for credit classes, and verifies and certifies student enrollment status. In addition, the office processes grade changes, certificates and degrees, and changes in student information. Specific registration information is contained in instructions distributed before each semester begins.

**REGISTRATION**

Registration is held each semester according to scheduled dates and procedures published in the semester *Schedule of Classes* booklet. Students are responsible for registering each semester. Lawson State may withhold the privilege of registering for the following reasons:

- Unpaid Fees
- Overdue Loans
- Library Books
- Incomplete Admission Records

Students who experience academic difficulties (see Satisfactory Academic Progress) may be limited in their selection of courses and the number of credits for which they may register. These students must see a counseling services professional to complete registration.
**COURSE LOAD**

Students are classified according to the following minimum schedule:

<table>
<thead>
<tr>
<th>Credit-Hour Loads</th>
<th>Semester Hrs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum Full-time Load</td>
<td>12</td>
</tr>
<tr>
<td>Normal Full-time Load</td>
<td>12-19</td>
</tr>
<tr>
<td>Financial Aid and Veterans Benefits (3/4 allowance)</td>
<td>9-11</td>
</tr>
<tr>
<td>Financial Aid and Veterans Benefits (1/2 allowance)</td>
<td>6-8</td>
</tr>
<tr>
<td>International Students (F-1 Visa)</td>
<td>12</td>
</tr>
</tbody>
</table>

**STUDENT COURSE OVERLOAD**

The student course load for a full-time student will be 12 to 19 credit hours per semester. Credit hours above 19 credit hours will constitute a student overload. **No student will be approved for more than 24 credit hours in any one term for any reason.** Students may access the form online under records forms via college website or in the Records Office on either campus.

All hours including physical education, internship, seminar and will be counted toward the maximum load.

Each credit hour taken usually requires a minimum of two hours of outside study each week. Students should carefully balance their course load and other obligations (i.e. employment, child/family care, etc.)

**AUDITING A COURSE**

Registration for an audit course must be declared by the end of the registration period and may not be changed thereafter. To change the registration for a course from credit to audit, the following procedures is used:

- The student must have the approval of the instructor and the appropriate divisional administrator.
- When the request to change to audit is approved, the student must officially notify the Records Office.
- Class attendance and work requirements are the same as for students taking the course for credit. The student is not required to take the final examination.
- Students who satisfactorily complete a course for audit will be assigned the grade of “AU”.
- The cost for auditing a course is the same as taking it for credit.

**ADDING AND DROPPING COURSES**

Students may receive permission from his or her advisor to change from one class to another only when it is determined that:

- The schedule has conflicting classes.
- The student does not have the required course prerequisites.
- The student is enrolled in a course not acceptable in his or her program of study.
- The student already has credit in the course and does not wish to repeat it.
- Administrative actions justify such changes. Appropriate signatures must be secured and the “Drop/Add Form” or appropriate email notification must be submitted to the Records Office before it is official.

**STATUTE OF LIMITATIONS FOR COURSES**

Acceptance of some courses that were taken five years or more may be recommended for approval by the appropriate departmental chairperson to the Vice President for Instructional Services.

**WITHDRAWAL FROM A COURSE**

A student may withdraw from a course and receive a grade of “W” at any time during a given semester prior to the designated last day to withdraw. (See Academic Calendar on website for withdrawal deadline dates and semester schedule.)

Students may withdraw by using the electronic withdrawal process (e-Withdrawal) during the designated withdrawal period each term. The e-Withdrawal form is available on the Student Records page and the student portal of the College’s website at www.lawsonstate.edu. Students may also visit the office on either campus for assistance with completing the electronic withdrawal.

Students who withdraw from a course are strongly encouraged to speak with an Academic Advisor and/or Student Financial Services prior to withdrawing. Any student who withdraw may submit a request to reverse the withdrawal within 5-10 business days.

NOTE: Students who stop attending classes for any reason should not expect the instructor to withdraw them. It is the student’s responsibility to officially withdraw by completing the e-Withdrawal Form online under the student portal by the deadline date published in the semester schedule. A student cannot withdraw from a course once official grades have been issued. If a student remains enrolled/registered in a course, he or she will be issued a grade at the end of the term. Again, it is the sole responsibility of the student to withdraw from a course.
The College may drop or withdraw students from any course for the following reasons:

1. Failure to complete registration properly
2. Failure to fulfill conditions of registration if allowed to register on a conditional basis
3. Failure to pay applicable fees
4. Disciplinary action
5. Misrepresentation of required information
6. Failure to attend class

This process may be necessary in cases where student cannot properly withdraw due to lack of access. In such cases, the College will extend a good faith effort to initiate an administrative withdrawal to minimize any negative impact on the student’s cumulative GPA. Reasons for initiating such action may include the student’s inability to withdraw due to mental illness, physical illness, or incarceration.

**GRADES AND RELATED MARKS**

The following letter symbols are used to indicate the student's level of achievement in courses taken:

<table>
<thead>
<tr>
<th><em>Grading Scale for the Programs:</em></th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
</tr>
<tr>
<td>B</td>
</tr>
<tr>
<td>C</td>
</tr>
<tr>
<td>D</td>
</tr>
<tr>
<td>F</td>
</tr>
<tr>
<td>AU</td>
</tr>
<tr>
<td>I</td>
</tr>
<tr>
<td>W</td>
</tr>
</tbody>
</table>

*NOTE:* Some programs and/or courses (i.e., nursing) may require a higher numeric range than the standard noted above.

A, B and C are letter grades which represent levels of accomplishment sufficient to allow students to progress satisfactorily toward graduation and/or prerequisite requirements.

D is a letter grade which indicates minimum level accomplishment. Some courses/programs require a minimum of a "C" grade to progress to the next course or to remain eligible for continuation in a program of study. Senior colleges and universities may or may not grant credit for a course in which the student has made a grade of "D".

F is the letter grade assigned to students who fail to meet minimum course requirements.

W is a letter grade assigned when a student withdraws from a course/courses after the designated drop/add period. The grade of W is assigned to a student who officially withdraws from a course(s) by the date designated in the semester schedule and Academic Calendar on the website. Students must notify the Records Office of their intent to withdraw from a course, courses, or programs using the electronic process (e-Withdrawal). Students may also visit the office on either campus for assistance with completing the electronic withdrawal.

Withdrawal from class or removal from the registration database can affect eligibility for federal financial aid. For more information, a student may contact the Office of Student Financial Services. A student should never withdraw from a course without seeking advice from their advisor and a Student Financial Services Specialist.

"I" is a letter grade which indicates incompletion of course requirements; thus an "I" is not a satisfactory completion and will not allow a student to progress to the next course level. An "I" is awarded only under extenuating circumstances. An "I" typically is used to signify that an instructor has granted permission to a student to complete work or that the Dean or designee has approved the student to take her/his final examination late. Other circumstances as approved by the instructor and/or Dean of designee may be granted. The student must be aware that he/she is not to sign up for the course again, but to see the instructor promptly and complete the course requirements. The grade "I" may affect eligibility for federal financial aid. For more information, a student may contact the Office of Student Financial Services.

Regardless of the circumstances, a grade of "I" must be changed by the designated date each semester or it will be converted automatically to an F. At LSCC, if a student is seeking federal financial aid, all "I" grades must be removed prior to the awarding of federal financial aid.

AU as a grade indicates audit and is a course taken for non-credit. Credit hours will not be averaged into the grade point average. Audit must be declared by the end of the registration period and may not be changed thereafter.
A student's academic standing or grade point average is a means to evaluate the overall quality of work being done. In order to perform this measure, the following grade points are assigned:

<table>
<thead>
<tr>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A 4 grade points per hour</td>
</tr>
<tr>
<td>B 3 grade points per hour</td>
</tr>
<tr>
<td>C 2 grade points per hour</td>
</tr>
<tr>
<td>D 1 grade points per hour</td>
</tr>
<tr>
<td>F 0 grade points per hour</td>
</tr>
</tbody>
</table>

The student's grade point average is obtained by dividing the total grade points earned by the total number of semester hours for which the grades of A, B, C, D, F or are assigned. Marks of W, I, and AU do not affect the grade point average but may affect financial aid.

A final grade is the instructor’s evaluation of the student’s work and achievement throughout the course. Grades and marks are given at the discretion of the instructor. Factors upon which the final grade may be based are class participation, recitation, written and oral quizzes, reports, papers, final examination, and other class activities. At the beginning of each course, it is the responsibility of each instructor to notify students in writing the grading practices that will be used. Grade changes may occur if legitimate calculation errors are made. The Change of Grade Form must be completed and submitted to the Records Office for processing.

Reverse transfer assists students who earned credits that applied towards an associate degree while enrolled at a community college but who did not complete sufficient credits to earn their associate degree. These students then pursued their education at a four-year institution. This agreement is designed to facilitate the transfer of credits earned by students at a four-year institution back to the community college to complete their associate degree. This policy also allows for transfer of credits between two-year colleges as well. Student consent for FERPA purposes will be obtained prior to any reverse transfer data exchange.

Students will be eligible for reverse transfer when they have met the following criteria:

a. Have earned at least 25% of the credit hours required for their degree from Lawson State Community College.

b. Have earned at least 3 semester credit hours from the transfer institution.

c. Adhere to all policies and guidelines related to student admissions and transfer at both the transfer institution and Lawson State Community College.

Note: Withdrawal from a class or removal from the registration database can affect eligibility for federal financial aid. The grade of “I” may affect eligibility for federal financial aid. For more information, a student may contact the Office of Student Financial Services.

These standards of progress shall apply to all students unless otherwise noted.

Exceptions

Programs within the institution which are subject to external licensure, certification, and/or accreditation, or which are fewer than four semesters in length may have higher standards of progress than the institutional standards of progress.
Selected transfer students will be placed on academic probation upon admission and must transition to these standards of academic progress.

Special standards of academic progress have been established for students enrolled in institutional credit courses carrying optional grades and for students who wish to remain eligible to receive Title IV Financial Aid.

### REQUIRED GPA LEVELS ACCORDING TO HOURS ATTEMPTED AT LAWSON STATE

The following applies to the required GPA for attempted hours:

- Students who have attempted 12-21 semester credit hours at the institution must maintain a 1.5 cumulative grade point average.
- Students who have attempted 22-32 semester credit hours at the institution must maintain a 1.75 cumulative grade point average.
- Students who have attempted 33 or more semester credit hours at the institution must maintain a 2.0 cumulative grade point average.

### INTERVENTION FOR STUDENT SUCCESS

When a student is placed on academic probation, one-term academic suspension, or one-calendar year academic suspension, college officials may provide intervention for the student by taking steps including, but not limited to, imposing maximum course loads, requiring a study skills course, and/or prescribing other specific courses.

### APPLICATION OF STANDARDS OF PROGRESS

- When the cumulative GPA is at or above the GPA required for the total number of credit hours attempted at the institution, the student’s status is “Clear.”
- When a student’s cumulative GPA is below the GPA required for the number of credit hours attempted at the institution, the student is placed on academic probation.
- When the cumulative GPA of a student who is on academic probation remains below the GPA required for the total number of credit hours attempted at the institution, but the semester GPA is 2.0 or above, the student remains on academic probation.
- When the cumulative GPA of a student who is on academic probation remains below the GPA required for the total number of credit hours attempted at the institution and the semester GPA is below 2.0, the student is suspended for one semester. The transcript will read suspended—one semester.
- The student who is suspended for one semester may appeal. If, after appeal, the student is readmitted without serving the one semester suspension, the Transcript will read Suspended—One Semester/Readmitted Upon Appeal.
  - The student who is readmitted upon appeal re-enters the institution on academic probation.
  - A student who is on academic probation, after being suspended for one semester, will remain on academic probation until the required GPA for the total number of hours attempted is sufficient.
  - A student returning from a one semester suspension that has failed to obtain the required GPA for the number of hours attempted, and has failed to maintain a semester GPA of 2.0, will be placed on a one year suspension. The student may appeal a one term or one-year suspension.

The permanent student record will reflect the student’s status (except when the status is clear). When appropriate, the record will reflect Academic Probation, Academic Suspension—One Term, Academic Probation—One Year, One Term Suspension—Readmitted On Appeal, or One-Year Suspension—Readmitted On Appeal.

If a student declares no contest of the facts leading to suspension, but wishes to request consideration for readmission, the student may submit a request in writing for an “appeal for readmission” to the Dean of Students within a designated published number of days of receipt of the notice of suspension. During the meeting, which shall not be considered a “due process” hearing, but rather a petition for readmission, the student shall be given an opportunity to present a rationale and/or statement of mitigating circumstances in support of immediate readmission. The decision, together with the materials presented by the student, shall be placed in the Lawson State’s official records. Additionally a copy of the written decision shall be provided to the student. Equity, reasonableness, and consistency should be the standards by which such decisions are measured.

### Definition of Terms: Standards of Progress

**Grade Point Average (GPA)**—The grade point average based on all hours attempted during any one term at the institution based on a 4.0 grading scale.

**Cumulative Grade Point Average**—The grade point average based on all hours attempted at the institution based on a 4.0 grading scale.

**Clear Academic Status**—The status of a student whose cumulative grade point average is at or above the level required by this policy for the number of credit hours attempted at the institution.
**Academic Probation**—The status of a student whose cumulative GPA falls below the level required by this policy for the total number of credit hours attempted at the institution.

The status of a student who was on academic probation the previous term and whose cumulative GPA for that semester remained below the level required by the policy for the total number of credit hours attempted at the institution, but whose semester GPA for that term was 2.0 or above.

**One Semester Academic Suspension**—The status of a student who was on academic probation the previous term but who has never been suspended, or since suspension, had achieved clear academic status. In addition, the cumulative GPA for that term was below the level required by the policy for the total number of credit hours attempted at the institution and whose semester GPA for that term was below 2.0.

**One Year Academic Suspension**—The status of a student who was: (1) on academic probation the previous term; (2) was suspended without since having achieved clear academic status; (3) whose cumulative GPA that term remained below the level required by the policy, for the total number of credit hours attempted at the institution; and (4) whose semester GPA for that term was below 2.0.

**Appeal of Suspension**—The process by which an institution shall allow a student, suspended for one term or one year (whether a “native” student or a transfer student), to request readmission without having to serve the suspension.

---

**ACADEMIC BANKRUPTCY**

A student at Lawson State may declare academic bankruptcy only once. The student may request in writing, to the Records Office, declaration of academic bankruptcy under the following conditions: Academic bankruptcy is the removal of one to three semesters of grades from the calculation of a student’s cumulative grade point average (GPA). The following apply to any request for academic bankruptcy:

1. Academic bankruptcy is initiated by a written request from the student to the Records/Registrar’s Office.
2. Upon receipt of the student’s request, the college will inform the student that an award of academic bankruptcy may impact his/her financial aid status.
3. Academic bankruptcy may only be declared once and may be applied to no more than three (3) semesters, which do not have to be consecutive.
4. The bankrupted courses and grades remain on the transcript but are not calculated in the student’s cumulative GPA.

5. None of the coursework taken during a semester for which academic bankruptcy is declared, including hours completed satisfactorily, will be used to fulfill degree requirements.
6. Developmental courses successfully completed during a period of academic bankruptcy can be used to fulfill prerequisites.
7. To be eligible for academic bankruptcy, the student must have completed 12 semester credit hours of coursework at the college since the most recent semester for which the academic bankruptcy is requested. A grade of “C”, “S”, or higher is required in each course in 12 semester credit hours in the post-bankruptcy period.

When a student receives a declaration of academic bankruptcy, a permanent notation of “ACADEMIC BANKRUPTCY” will be reflected on the transcript for each semester affected.

Approval of the academic bankruptcy status at a college does not guarantee other institutions will honor that status. This determination will be made by the respective transfer institution(s).

---

**DISMISSAL FROM AN ASSOCIATE IN APPLIED SCIENCE DEGREE PROGRAM AND CERTIFICATE PROGRAM**

If the department chairperson determines that a student is not a safe and dependable practitioner in the lab, shop, clinic, or field area (in the progress of a course), the student may be dismissed from the program with the concurrence of the Vice President or appropriate Dean through the due process procedure.

Certain courses within many occupational programs are offered only once during the sequence. Students may not have an opportunity to repeat one of these courses or to elect a substitution course. Therefore, a student who fails one of these sequential courses may be dismissed from the program at the end of the semester in which the failure occurs.

Students dismissed from an occupational program under this policy may petition for enrollment in a later class. Re-enrollment may be based on the availability of space.

Dismissal from a degree or certificate program does not cause dismissal from the college.

---

**GROUNDS FOR STUDENT DISMISSAL**

Academic standards and compliance with accreditation and legal requirements are maintained through regulations and policies related to student behavior, both in and out of the classroom (matriculation for scholarly pursuit and citizenship regulations). Noncompliance with college regulations and policies may constitute grounds for dismissal.
President’s List

The President’s List is a semester honor roll for students attaining a grade point average of 4.0 consisting of a minimum course load of not fewer than twelve (12) semester hours of 100 level courses or above.

Dean’s List

In order to qualify for the Dean’s List, a student must take a minimum course load of not fewer than twelve (12) semester hours of 100 level courses or above, and maintain at least a 3.50 grade point average.

REQUIREMENTS FOR GRADUATION IN AA, AS, AOT, AND AAS DEGREE PROGRAMS

A student must:

1. Satisfactorily complete a minimum of 60 semester hours of college credit for AA or AS degrees and 60-76 semester hours of college credit for AOT and AAS degrees in an approved program of study, including prescribed general education courses.
2. Earn a 2.0 cumulative grade point average in all courses attempted at the College. All grades in repeated courses will be averaged into the grade point average; however, a course may be counted only once for the purposes of meeting graduation requirements unless specifically noted in the College Catalog that the course may be repeated for credit.
3. Complete at least 25% of the credit hours required for the degree at Lawson State Community College.
4. Successfully complete all courses that are a part of the student’s major program of study or degree plan with a grade of “C” or higher.

REQUIREMENTS FOR GRADUATION IN CERTIFICATE PROGRAMS

A student must:

1. Satisfactorily complete an approved program of study.
2. Earn a 2.0 cumulative grade point average in all courses attempted at the College. All grades in repeated courses will be averaged into the grade point average; however, a course may be counted only once for the purposes of meeting graduation requirements unless specifically noted in the College Catalog that the course may be repeated for credit.
3. Complete at least 25% of the total semester credit hours required in the program at Lawson State Community College.
4. Successfully complete all courses that are a part of the student’s major program of study or degree plan with a grade of “C” or higher.

RECEIPT OF A CERTIFICATE

In order to receive a diploma and/or certificate from Lawson State Community College, the following must occur:

1. The student or academic advisor must submit a formal application for graduation in accordance with institutional policy, if applicable.
2. The student must fulfill all financial obligations to the College.
3. The student must satisfy those requirements either as stated in the current College Catalog at the time of graduation or as stated in catalog at the time of entry into the college.
4. The student must successfully complete all courses that are a part of the student’s major program of study or degree plan with a grade of “C” or higher.

The College award degrees and certificates to students in respective divisions each year. A graduation fee is charged to each graduating student.

The specific date of the commencement exercise is listed in the College calendar (in front of this catalog) as well as in the Academic Calendar via website.

Graduation with Honors

Superior academic achievement by graduating students shall be recognized by the following designations on transcripts:

- Graduation with Honors
  (Cum Laude—3.50 to 3.69)
- Graduation with High Honors
  (Magna Cum Laude—3.70 to 3.89)
- Graduation with Highest Honors
  (Summa Cum Laude 3.90 to 4.00)

Graduation with Honors for Certificate

- Graduation with Distinction
  (3.50 to 4.00)

Calculation of the GPA for graduation honors shall be identical to that method used to calculate the GPA to fulfill graduation requirements for the degree or certificate being earned. In addition, to be eligible for a graduation honor, the student must have completed a minimum of 32 semester credit hours at the college conferring the degree.
REPEATING COURSES

If a student repeats a course once, the second grade awarded (excluding grades of AU, W and WP) replaces the first grade in the computation of the cumulative grade point average. The grade and grade point average during the term in which the course was first attempted will not be affected.

When a course is repeated more than once, all grades for the course, excluding the first grade, will be employed in computation of the cumulative grade point average. Official records at the institution will list each course in which a student has enrolled. A repeated course will count only once toward the requirements for graduation. Repeating courses may or may not affect federal financial aid. For more information, contact the Office of Student Financial Services.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA) TRANSCRIPT POLICY

In accordance with the provisions of Public Law 93-380, the Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, the Records Office will release a transcript of a student's academic record only upon written request of the student. The request for the transcript release must bear the signature of the student along with identifying information. Official transcripts are not issued to the student but to the institution, official, or agency listed on the request.

RETENTION OF STUDENT RECORDS

TRANSCRIPTS OF GRADES

Information on a student's academic performance is available on a semester and cumulative basis via the web-based student information system and transcript records available in the Records Office.

Lawson State Community College does not re-issue transcripts from other colleges and schools. Official Lawson State transcripts will include totals of courses taken at the College, as well as, some courses transcribed as a part of the record of transfer students. However, students should make official transcript requests of the institution at which credit was originally earned.

Transcripts are sent by mail or electronically through eScrip-Safe within 24 to 48 business hours. Generally, written requests are processed within forty-eight hours (48) of receipt. Electronic requests are processed within twenty-four (24) business hours. No transcript will be furnished for any student or alumnus who has a financial obligation to Lawson State such as unpaid fees or overdue library books. Transcripts may also be held for incomplete admissions records. Students who attended prior to 1990 may experience longer processing periods, as older records were stored on microfilm and on other forms of media.

A. Students wishing to send transcript requests by fax must furnish the following information: full name and any previous names under which enrolled, social security number, approximate dates of attendance, school or organization and fax number of where the transcript is to be forwarded, along with the student’s signature and a daytime phone number.

B. Telephone requests are not honored. A student should be aware that the receiving institution has the right to decline receipt faxed transcripts. The College does not charge a transcript fee.

C. Transcript requests will not be honored for any student who has outstanding academic or financial obligations in any of the administrative offices of the College.

E. Any student who withdraws from the College must have completed all admission credentials and have cleared all financial or other obligations in all of the administrative offices before being entitled to an official academic transcript.

NOTE: Students who attended the former Bessemer State Technical College should clearly indicate dates of attendance, as well as, denote that courses were taken through that specific institution. Further, most records of students who attended Lawson State Community College prior to 1990 are archived on microfilm and require additional processing.

Written request for transcripts should include the following information:
- Full Name (First, Middle, Last)—Please include any former names
- Social Security Number
- Mailing Address
- Daytime Telephone
- Name and Address of Institution or Agency to Which Transcript Should be Mailed
- *Signature
- Current Date
- Personal Email Address

NOTE: Written transcripts will not be released without a signature. It is highly recommended that all requests be submitted through the electronic process for faster processing.
Transcripts may be requested from the College’s website homepage at http://www.lawsonstate.edu. Click on “Get Your Official Transcripts Online” Red Button on the homepage or Quick Links Transcript Requests under Registration using a secure login. **Students may also visit the office on either campus for assistance with completing the electronic transcript requests process.**

Requests may also be mailed to Lawson State Community College at either of the following locations:

### Confidentiality of Student Records

The Family Educational Rights and Privacy Act (FERPA) of 1974, 20 U.S.C. 1232g, is a federal law that protects the confidentiality of student educational records. Lawson State Community College officials recognize their obligation to exercise discretion in recording and disseminating information about a student. To implement this law and to meet the obligation to the student, a written institutional policy governing student records has been formulated. Annual notification will be made to Lawson State Community College students to their rights relative to educational records by publishing the policy in the current student catalog and distributing copies of the policy at fall registration.

For purposes of this policy, a student is defined as an individual who has been admitted and is enrolled or has been enrolled at the College. A student has the right of access to his/her educational records and may inspect and review the information contained therein. Exceptions to a student's rights of access are stated in the College policy. Educational records refer to all records maintained directly pertaining to an individual as a student. At the postsecondary level, parents have no inherent rights to inspect a student's education records. The right to inspect is limited solely to the student.

### Student Access to Records

#### A. The student has the following rights:

- To be provided with a list of the types of educational records maintained in the College.
- To inspect and review contents of these educational records.
- To be given responses by the Registrar or other college records officers to reasonable requests for explanation and interpretation of these records.
- To request amendment of any part of these records considered by the student to be inaccurate or misleading.
- To be afforded hearings, should the request to amend the records be declined.
- To consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- To file a complaint with the U.S. Department of Education concerning alleged failures by Lawson State Community College to comply with the requirements of FERPA.

#### B. The student does not have access to the following records:

- Financial records, including any information those records contain, of his/her parents.
- Confidential letters and confidential statements of recommendation placed in the educational record prior to January 1, 1975, as long as the statements are used only for the purposes for which they were specifically intended.
- Confidential letters and statements of recommendations placed in the file after January 1, 1975, if the student has waived his/her right to inspect and review those letters and statements and those letters and statements are related to the student's admission to an educational institution, application for employment, and receipt of an honor or honorary recognition.
- Instructional, supervisory, and administrative personnel records which remain the sole possession of the maker.
- Campus security records
- Employment records, except when such employment requires that the person be a student.
- Alumni office records
- Physical or mental health records created by a physician, psychiatrist, psychologist, or other recognized professionals.

### Procedures for Access

The Records Office has a list of educational records maintained by the College. The Registrar or other college records officers may require that a college official be present when a student inspects and reviews his/her educational records. A student should submit to the Registrar a letter that identifies the record(s) he/she wishes to inspect. If it is an inappropriate time to retrieve the record(s) on short notice, the Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, the student
will be advised of the correct official to whom the request should be addressed. Any questions concerning a student's access to records should be directed to the Registrar.

### Amendment of Education Records

A student may ask for amendment of a record that he/she believes is inaccurate or misleading. The student should make the request in writing to the Dean of Students, clearly identify the part of the record requesting to be changed, and specify why it is inaccurate or misleading. If the decision is not to amend the record as requested by the student, the Dean of Students will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

### Release of Directory Information

The College may release directory information to others without the necessity of obtaining permission from the student. Directory information is limited to the following:

- Student's name, address (local and permanent), and telephone number
- Parents and Spouse
- Date and place of birth
- Major field of study
- Participation in officially recognized activities and sports
- Weight and height statistics for athletic team members
- Dates of attendance
- Degrees and awards received
- Previous educational institution most recently attended
- Photographs

If a student does not wish the directory information released, he or she may indicate by notifying the Registrar in writing at the time of registration, and the College will withhold the information during that particular semester. The request for nondisclosure of directory information should be renewed each semester.

Directory information will not be disclosed to private or profit making entities other than employers, prospective employers or representatives of the news media. Directory information will be released only on the condition that the party to whom the information is disclosed will not disclose the information to any other party without prior written consent of the student. When directory information is disclosed to an institution, agency or organization, such information may be used by its officers, employees, and agents but only for the purposes for which the disclosure was made.

### Release of Educational Records

The student may request release of copies of those educational records that are subject to release. The student must submit a written request in the Records Office and specify the following information:

- Records to be released
- Purpose of disclosure
- Party and address to which information is to be released

All requests must have the student's signature (not printed name) in the space provided for the signature. Copies of transcripts from other colleges or universities are not released to the student or other parties. A student may request to view his/her educational records under the supervision of the Registrar.

Student educational records may be released to the following without prior written consent from the student:

- School officials within the institution who have been determined by the College to have a legitimate educational interest.
- School officials including counselors and instructors who are involved in counseling students, administrators who assist in counseling and who advise students with other problems, professional staff and clerical staff who directly relate to the administrative task of the College, College law enforcement officials, College attorneys, auditors, and a student serving on an official College committee.
- A school official who has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.
- Authorized representatives of the Comptroller General of the United States, the Secretary of Education, or state or local educational authorities.
- Appropriate authorities in connection with financial aid if the information is necessary to determine eligibility, amount of aid, conditions of aid, or to enforce the terms and conditions of the aid.
- State and local authorities if a state statute adopted before November 19, 1974, specifically requires disclosures to those officials.
- Organizations conducting studies, for, or on behalf of, the College for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction and student life provided that the studies will not permit the personal identification of the
ACADEMIC ADVISEMENT

The College uses a dual system of academic advisement. Upon admission, each newly admitted student is randomly assigned a program advisor from among the faculty within the instructional department that corresponds with the student’s declared program study. However, professional staff within Student Services, including counselors, student services specialists, and other professionals provide initial advising and assistance with the scheduling of classes during scheduled appointments or pre-enrollment orientation. During the early or pre-registration period of the first semester of enrollment and each subsequent semester, the student should consult their assigned faculty program advisor for an overall review of their degree plan and appropriate class selection.

COUNSELING SERVICES

The counseling staff provides professional guidance and counseling services. The guidance program is committed to the establishment of an environment where a student is provided the opportunity to become a responsible, self-directed learner and to maximize his/her potential for growth. A student is provided information and support in the achievement of realistic career and educational goals in agreement with his/her expressed interests and abilities. It is recommended that students meet with a counselor or advisor on a regular basis to review degree plans and academic progress.

Counselors and Student Services Specialist provide personal counseling, career and academic advisement, assessment (achievement, aptitude, career, interest, personality, self-directed search, and values inventory), college transfer information, student activities information, tutorial services, and academic placement.

If services are needed, please contact one of the counseling services staff that is listed below:

► Renay Herndon, Ph.D. – Counselor (Coordinate Counseling Services, New Student Advising, Testing Services, and ADA Coordinator)
  Student Services Center, Room 183 (Bessemer Campus)
  (205) 929-3419

► Janine McCoy, MPA – Student Services Specialist (Counseling, New Student Advising, Testing Services, Special Events, and ADA Services)
  Leon Kennedy Student Center, Room 207 (Birmingham Campus)
  (205) 929-6396

► Moore, Kimberly, MS – Student Services Specialist (Counseling, New Student Advising, and Testing Services)
  Student Services Center, Room 184 (Bessemer Campus)
  (205) 929-3420

ASSESSMENT SERVICES

Each college in the Alabama College System shall require a comprehensive assessment of students upon admission to the college and prior to enrollment in associate degree, diploma, or certificate programs. Students shall not be allowed to enroll for more than four
credit hours or eight weekly contact hours before being assessed with a comprehensive assessment instrument.

All first-time students who enroll in Associate Degree, diploma, or certificate programs and who enroll for more than four credit hours or eight weekly contact hours per semester will be assessed through one of the following methods:

- ACT (American College Test)
- High School GPA and math and English performance (Course Applicable Placement)
- ACCUPLACER (computerized assessment instrument)

Accordingly, the student will be placed in the appropriate English or math course as indicated by the assessment results, or other placement options. The following exemptions from the assessment requirement may apply for:

1. Students scoring 480 or above on the SAT verbal and 526 or above on the SAT math, and 20 or above on the ACT English and math provided they enroll in a System college within three years of high school graduation.
2. Students who have an associate degree or higher.
3. Students who transfer degree-creditable college-level English or mathematics courses with a grade of “C” or better.
4. Senior citizens, undeclared, and other non-award seeking majors who are taking classes for vocational reasons only.
5. Students in certain short certificate programs having no English or mathematics requirements.
6. Students who have completed required developmental coursework at another Alabama College System institution within the last three years.
7. Students auditing English or mathematics courses.
8. Students who can provide documentation of ACCUPLACER assessment within the last three years.
9. Students who are transient.

It is the student’s responsibility to have ACT, SAT, or ACCUPLACER scores on file with the assessment coordinator or the Admissions Office at Lawson State. Assessment services on the Birmingham Campus is located in the Leon Kennedy Student Center (Room F221). Assessment services on the Bessemer Campus is located in the Student Services Center, Room 182.

Other tests and assessments that are offered are:

- American College Test (ACT)
- *Ability To Benefit Test
- American College Test (ACT Residual)

- ETS (Educational Testing Services: Proficiency Profile)
  (*assessed through various approved instruments)

Please visit The Testing and Assessment Link under Student Services at www.lawsonstate.edu for additional information or visit the Testing and Assessment Services Office on either campus.

**ACCOMMODATIONS FOR THE DISABLED**

Lawson State Community College is committed to providing a quality environment to support and assist its students throughout the academic process. In compliance with Section 504, as amended, of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, special services and accommodations are given on an individual basis once supporting documentation is provided. It is the responsibility of a student to notify the college of a disability that requires assistance. Requests for accommodations should be made prior to enrollment.

Students with mobility impairments who require assistance from offices/personnel housed on the second floor of the Administration Building on the Birmingham Campus should report to the Office of Student Financial Services, Room 104, for such assistance. Signage indicating such is visibly posted at each entrance and in the hallway of the building. Students with disabilities receive appropriate accommodations relative to their specific disability. Though the Academic Building has no elevator, students are not excluded from a requested course offering, program or activity because it is not offered in an accessible location. The college relocates classes, programs and activities as necessary to accommodate students with mobility challenges.

**Policies for Use of Service Animals/Guide Dogs**

**Service Animals / Guide Dogs**

In accordance with the Americans with Disabilities Act, (ADA, as amended), service animals are permitted on the college campus and in its facilities. Technically speaking, a service animal means any guide dog, signal dog or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including but not limited to guiding individuals with impaired vision, alerting individuals with impaired hearing, providing minimal rescue or protection work, pulling a wheelchair or fetching dropped items. Therapy or companion animals are not service animals and are not covered under the ADA, as amended. To be permitted on campus, a guide dog must be specifically trained to perform a service function. Furthermore, the animal should wear a harness, cape, identification tag or other gear that readily identifies its working status. Guide dogs whose behavior poses a direct threat to the health or
safety of others may be excluded regardless of training or certification.

**Assistive Technology Use and Check out Policy**

In accordance with the American with Disabilities Act (ADA, as amended), the use of assistive technology is permitted in the college’s classrooms and in its facilities. The college is committed to providing accommodation to those students who follow the policy and procedures for registering with our Disability Counselors. Accommodations may include Assistive Technology that students will need to retain in their possession. Please adhere to the following procedures:

- Student must check out devise at beginning of semester and check it back in at the end of the semester.
- Student is responsible for reasonable care and maintenance of equipment.
- If equipment is loss or damage it is the student’s responsibility to report it to the Disability Counselor.
- If a student cannot afford the care and maintenance of an equipment, it is the student’s responsibility to inform the Disabilities Counselor and request assistance with funds to maintain equipment.

**Tape Recording Policy**

Tape Recording Lectures In subpart E of Section 504 of the 1973 Rehabilitation Act and the Americans with Disabilities Act Rehabilitation Act, as amended, states... “ A recipient may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity. “ Therefore to comply with Section 504, institutions of higher education must provide reasonable accommodations to a student’s known disability and may not deny equal access to the institution’s programs, courses, and activities. Recording lectures is a reasonable accommodation for students whose documentation calls for this accommodation. Instructors have the right to require a student who uses a tape recorder to sign an agreement for tape recording and present the form to the instructor. In accordance with the American with Disabilities Act (ADA, as amended), tape recorders are permitted in the college’s classrooms and in its facilities.

**Note Taking Policies and Procedures**

In accordance with the American with Disabilities Act (ADA, as amended), note takers are permitted in the college’s classrooms and in its facilities. The ADA Coordinator determines if the accommodation of note taking is appropriate. Generally, the determination is based on the student’s documentation. Disability Services will provide ADA students with note takers and necessary note taking supplies. The student will provide the instructor with a letter of accommodation. After receipt of the letter, the ADA student or instructor may recommend candidates for note taking. However, the final decision regarding selection of a note taker will be decided by the ADA Coordinator.

The note taker provides the ADA student with the notes at the end of each class. If copies need to be made (note taker is in the same class as ADA student) the ADA Coordinator will make copies. (Unless other arrangements have been made to provide the notes in a different format). If a note taker is not identified the instructor and the student must notify ADA SERVICES as soon as possible so that other arrangements can be made.

*Note takers do not provide any other service to the student except for taking notes nor do they provide personal information regarding themselves.

All students requesting assistance should contact:

► Janine McCoy Jones, Student Services Specialist
   ADA Services (Birmingham Campus)
   Leon Kennedy Student Center

► Renay Herndon, Counselor
   ADA Coordinator (Bessemer Campus)
   Student Services Center
   Building A, Room 183

For TDD users in Alabama, the Alabama Relay Center is available by calling 1-800-548-2545 (TT only) or 1-800-548-2547 (voice only). Additional ADA information and forms are located under the Student Services. Additional ADA information and forms are located under the Disability Services Link under Students Services at www.lawsonstate.edu.

**Placement Testing for Transfer Students**

Transfer students who have not taken English, and mathematics courses may require the same assessment that is administered to new students at Lawson State Community College.

**ACT WorkKeys Assessment**

Lawson State Community College is licensed by American College Testing (ACT) as an ACT WorkKeys Testing Site. The Workkeys Assessment is administered
in several areas within the college. The goal is to provide diverse options for administering the assessment and to ensure a comprehensive system for measuring, communicating, and improving the common skills required for success in the workplace. It allows these skills to be quantitatively assessed for both individual persons and in actual jobs. Therefore, WorkKeys can correctly identify individuals who have the basic skills required to be successful in a given position or career. ACT’s rigorous approach has guaranteed that the WorkKeys assessment and job profiling systems are EEOC compliant and legally defensible.

Lawson State Community College students who participate in career/technical programs are encouraged take the WorkKeys assessment as part of their curriculum. Students participate in targeted instruction to build their skills while they are enrolled at the College. KeyTrain software is available in labs on both campuses and is used by students to practice skills associated with the WorkKeys employment system. The software provides review topics in each WorkKeys skill area and practice problems similar to those on the actual WorkKeys assessment. It is a fully interactive computer-based training system. The curriculum is based on WorkKeys Targets for Instruction; thus guaranteeing that all of the important skills measured in the WorkKeys assessments are covered. Upon completion, in addition to their technical competencies, students will have documentation of their workplace skills.

| SPACE CENTER  
| (Student Persistence through Assistance and Collaborative Efforts) |

The SPACE Center is a comprehensive center designed to provide a structured means of ensuring that students are aware of and utilize the services and assistance provided by the College. Services include tutoring, counseling, academic advisement, mentoring, technology-based services, student financial services assistance, academic support activities and programming, non-academic support and referrals, faculty/staff awareness activities, collaboration and resource sharing, and special programs and community-based activities. These supportive services enhance persistence, student learning, and overall student success. Counselors and other College personnel proactively assist students in utilizing these services.

**CONTACT PERSONS**—For further information regarding the SPACE Center contact:

► Ms. Lesley Harper, Student Persistence Counselor  
leharp@lawsonstate.edu ; 205-929-6383

| CAREER & COLLEGE TRANSFER SERVICES |

The Career and College Transfer Services Office functions as a bridge between the student’s academic preparation and the world of work. The Office sponsors numerous activities, including one-on-one career counseling, interview preparation, resume assistance, maintaining a career information library, receiving and publishing job vacancy notices, arranging for prospective employers to visit the campus, interviewing applicants, mailing students credentials to prospective employers, publicizing campus interviews and other invaluable career-related resources not only to current students, but also to alumni of both Lawson State Community College and the former Bessemer State Technical College.

The Office facilitates college transfer fairs, as well as private visits from various in-state and out-of-state colleges and universities. Students receive assistance with preparation of transfer admissions packets, scholarship applications, and college searches.

**CONTACT PERSONS**—For further information regarding Career Services contact:

► Dorian Waluyn, MSP, Career Services/College Transfer Coordinator; 1100 9th Avenue, SW; Bessemer, AL 35022; Office: 205-929-3514;  
Email: dwaluyn@lawsonstate.edu

| TRIO PROGRAMS |

The TRiO programs at Lawson State Community College are federally funded by the United States Department of Education. The programs identify qualified youth or adults who are low income and first-generation college students. Participants are selected according to their potential for academic success. TRiO at LSCC is comprised of two programs: Upward Bound and Student Support Services. The ultimate goal of each TRiO program is to assist participants in postsecondary education. Each program has specific goals, objectives and criteria for students served based on its respective grant proposal approved by the Department of Education.

**CONTACT PERSONS**—For further information regarding the TRiO programs at Lawson State Community College, contact the TRiO program coordinators:

► Mrs. Mattie Crawford, Coordinator of Upward Bound  
mcrawford@lawsonstate.edu; 205-929-6339

► Ms. LaSharron Harris, Director of Student Support Services-Bessemer; lharris@lawsonstate.edu; 205-929-3518

► Ms. LaTasha Nix, Director of Student Support Services-Birmingham; lnix@lawsonstate.edu; 205-929-6397
STUDENT LIFE,
ACTIVITIES & ORGANIZATIONS
Lawson State Community College is dedicated to the total development of the individual. Therefore, the variety of activities at Lawson State represents a diversity of student interests. These activities are under the direction of the Executive Vice President and Dean of Students.

All student organizations are open to students of this institution who qualify for membership.

NO STUDENT MAY BE DENIED MEMBERSHIP TO ANY STUDENT ORGANIZATION BY REASON OF RACE, RELIGION, SEX, NATIONAL ORIGIN, OR HANDICAPPING CONDITIONS.

The representative and advocacy body of the students is the Student Government Association (SGA). The SGA is composed of officers elected by the entire student body, the presidents of the freshman and sophomore classes, the Inter-Club Council, and elected representatives from two classes.

Student Government Association (SGA) is the representative and advocacy body of the students. The SGA is composed of officers elected by the entire student body, the presidents of the freshman and sophomore classes, the Inter-Club Council, and elected representatives from two class levels.

The SGA exists to promote student leadership, growth and development; to serve as the voice of the student body at our multi-campus institution; to coordinate beneficial student activities on both campuses which promote student leadership, boost morale, health and wellness, cultural diversity, and community service; do hereby establish the Student Government Association.

Afro-American History Club seeks to enlighten students about their African-American Heritage and the contributions made to the American society.

Alpha Sigma Mu is an organization for Veterans. Each member must have a service record with the armed forces of the United States. He or she also must maintain a scholastic average of 2.5 throughout the membership in the fraternity. Each year the fraternity gives a $200 scholarship to a graduating senior who is the child of a veteran. In addition to other activities, Alpha Sigma Mu sponsors a book exchange at the beginning of each semester and solicits the support of all veterans on campus.

Alpha Theta Phi Library Society is an organization that promotes an interest among students in the use of books and libraries. Membership is open to all interested persons. The organization promotes activities during National Library Week and sponsors literary programs during the year.

American Dental Assistants Association offers students the opportunity to attend the annual meeting of the Alabama Dental Assistants Association and participate in demonstration, essay, and poster contests sponsored by the Birmingham Dental Assistants Society. The dental assistant class elects officers each September. The president of the class serves as the representative to the Executive Board of the Birmingham Dental Assistants Society.

American Welding Society (AWS) is a multi-faceted, non-profit organization whose major goal is advancing the science, technology, and application of welding and related joint disciplines. AWS has led the way in supporting welding education and technology development to ensure a strong, competitive, and comfortable way of life for America and its people. Membership included a subscription to the Welding Journal, the most current welding handbook, discounts on AWS technical publications and educational programs, membership in a local AWS Section, membership certificate, card and insignia, electronic forums, and computer-based research.

Association of Information Technology Professional is the professional association comprised of career minded individuals who seek to expand their potential—employers, employees, managers, programmers, and many others. The organization seeks to provide avenues for all their members to be teachers as well as students and to make contacts with other members in the IT field, all in an effort to become more marketable in rapidly changing, technological careers. The organization is comprised of computer science students.

The Criminal Justice Club exists to share and promote scholarly interests and endeavors in Criminal Justice; to promote the education of the college community and the general community at-large regarding political and social issues that impact all of us; to strengthen educational, professional/career and social networks for members of
the CJC; to schedule visits and field trips to various social science related venues; to assist all CJC members in preparing for continued education and career opportunities after Lawson State; to provide a forum for discussing local, state, national, and international issues and to host educational events including speakers, voter education/registration campaigns, and sponsor service projects for the community as well as the college.

The Honors College is designed to attract and develop tomorrow’s civic, political, scholastic and corporate leaders. The four pillars are as follows: Scholarship, Leadership, Global Citizenship and Community Service. Ultimately, the Honors College is simply a platform that allows its students to express themselves in their own unique way, and through critical reflection of self, the students are better prepared to shape their own destinies and discover how they can have the most profound impact on a global society.

Human Services Club seeks to strengthen students in their work to improve humanity intellectually, morally, and religiously. Good citizenship and perpetuation of the concept of human services are encouraged.

Inter-Club Council coordinates all clubs on the campus. The Council’s membership is composed of all club presidents. This organization co-sponsors with the Student Government Association, all activities, and identifies ways to improve the club program.

Kappa Beta Delta International Honor Society (KBD) is for the students who rank in the top 20 percentile in the Business and Information Technologies Department. Member institutions are accredited through the Association of Collegiate Business Schools and Programs (ACBSP). ACBSP was established in 1988 as an accrediting body for business programs. An Associate Degree Commission established standards in 1991 for accrediting programs at two-year institutions. Kappa Beta Delta membership is available exclusively to business students enrolled at schools accredited by ACBSP.

Kappa Beta Delta’s purposes are to encourage and recognize scholarship and accomplishment among students of business pursuing associate degrees; and to encourage and promote personal and professional improvement and a life distinguished by honorable service to humankind.

Mu Beta Chi Phi is the science-mathematics club that seeks to broaden the science-mathematics experiences of Lawson State Community College’s science-mathematics students. Ideas and experiences are shared with the College family and with other students and teachers. The Club’s further purpose is to assist in developing greater awareness of the academic areas and their relationship to daily life in the local community. Through field trips, seminars, workshops, and special assemblies, the club provides opportunity for active participation of all its members.

National Association of Home Builders (NAHB) student chapters program is dedicated to enriching the educational experience of students by offering them firsthand exposure to the real world of the building industry through NAHB membership, educational programming, and networking opportunities.

Working with a faculty adviser and drawing on the mentors and industry leaders in their local home builders association, student chapters can compete in national competitions, win scholarships, enjoy discounts on trade shows, and enjoy all the benefits of membership in NAHB.

Pep Squad seeks to promote school spirit and provide more student involvement in all school-sponsored athletic activities. Any student at Lawson State can be a part of the Pep Squad.

Phi Beta Lambda (PBL) is an organization sponsored by the Business and Information Technologies Department. The objective is to develop strong, aggressive leadership so that future businessmen and women may participate more effectively in the business and community life of which they are a part. Members learn to lead and participate in group discussions, preside at meetings and conferences, work on committee assignments, engage in group problem conferences, and work in other activities that contribute to the development of desirable leadership qualities. Phi Beta Lambda is opened to all majors.

Phi Theta Kappa Honor Society has as its objective to promote, recognize, and encourage scholarship among students with superior achievement at two-year college. To achieve this purpose, Phi Theta Kappa shall provide opportunity for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence.

Skills USA (VICA) seeks to promote progressive leadership in the field of trade, industrial, and technical education that is competent, aggressive, self-reliant, and cooperative. Skills USA (VICA) is a national organization serving high school and college students and professional members who are enrolled in technical, skilled, and service occupations, including health occupations.

Society of Manufacturing Engineers (SME) is an international organization whose purpose is to serve the professional enrichment needs of varied practitioners that
make up the manufacturing community. Membership includes access to SME’s database of more than 15,000 papers, articles, and periodicals that relate to the varied manufacturing disciplines; an opportunity to network through conferences and seminars; recognition through certification; employment and resume database assistance; and the development of personal relationships through participation in the Birmingham Area Senior Chapter activities.

Student Alabama Education Association seeks to acquaint the student with the objectives and goals of education in the American society. During American Education Week, this club sponsors special programs such as lectures, field trips of educational interest, and a social hour for respected educators. Membership in the SAEA is open to all students who plan to enter the teaching profession.

Student Nurses Association seeks to promote a spirit of citizenship, leadership and fellowship; it encourages responsibility for maintaining the high ideals for the nursing profession.

<thead>
<tr>
<th>STUDENT HEALTH SERVICES</th>
</tr>
</thead>
</table>
| Lawson State Community College is committed to providing direct, basic health information and screenings to students. Wellness is an integral component of our student health services. Every effort is made to increase health awareness among students with each contact, health pamphlets, health fairs, and films relating to health issues (AIDS, alcohol, drugs, teenage pregnancy, etc.).  
While the College does not provide on campus medical care, Campus Police and the Student Health Nurse should be contacted. The student’s parents, spouse, guardian or any other person designated will be contacted as soon as possible to inform them of the student’s condition and to secure other vital information needed for emergency responders. Expenses incurred for emergency care beyond that provided by Lawson State Community College’s insurance provider is the responsibility of the student. |

<table>
<thead>
<tr>
<th>STUDENT ID CARDS</th>
</tr>
</thead>
</table>
| Student registration is not complete until an ID card is issued. ID cards should be worn at all times and are
required for using equipment in the library; being admitted to social, cultural, and athletic events; voting in student elections; etc. Lost or stolen cards should be reported to the Chief of Police immediately. A $25 fee is assessed for the second ID.

**STUDENT FACILITIES**

The Leon Kennedy Student Center on the Birmingham campus houses the cafeteria, recreation room and Chief of Police offices on the first floor, Student Services and the Dean of Students Office, Testing, SPACE Center, bookstore, and Upward Bound on the second floor.

The Student Services Center (Building A) on the Bessemer campus houses the offices of Admissions, Records, Student Financial Services, Counseling Services, Student Assessment, Career Services, and the Dean of Students office. The cafeteria is also located in Building A, adjacent to the Student Services Center.

**LEARNING LIVING RESIDENTIAL FACILITY**

Living on campus gives the student an opportunity to meet other students and develop bonds that last a lifetime. The Learning Living Residential Facility consists of 120 spaces available to students on a first-come, first-served basis.

All students interested in living in campus housing facilities must completed an application for admission and have been admitted to the College through the Admissions Office. A housing application must be accompanied by a $200.00 non-refundable application processing fee. This fee is not a deposit.

Students may enter into a 10-Month Contract which covers fall & spring semesters. Individual semester contracts are not available for the fall semester only. However, the contracts of students who are not enrolled for the spring semester may not reside on campus and thereby forfeit their room assignments. Students arriving for the spring semester may enter into a one semester contract if space is available. Housing is available during the summer term based on availability.

**MOTOR VEHICLE INFORMATION**

**General Campus Parking and Traffic Regulations**

Lawson State Community College provides on-campus parking to handle as many vehicles as possible. However, rules and regulations are necessary to assure maximum usefulness and convenience. It is required that all students cooperate in seeing that these rules and regulations serve their intended purpose – to make parking spaces available to as many vehicles as possible, and to assure a safe, smooth traffic flow on the campus.

The use of motor vehicles on the campus should be regarded as a privilege to park on campus. Each student and employee of the college should become familiar with and make every effort to comply with these rules and regulations.

**Vehicle Registration/Parking Decals**

All motor vehicles operated on campus by students and employees alike must be registered with the Campus Police Department. Motor vehicles including motorcycles, motor scooters and motorbikes must be registered. It is further required that owners of these motor vehicles carry appropriate liability insurance on such vehicles. Vehicle registration decals can be obtained from the Business Affairs Office, located in the Administration Building “A” (Birmingham Campus) or the College Cashier on the Bessemer Campus. To properly register a motor vehicle, all students and employees must present a current college ID and a current vehicle tag number in order to complete the vehicle registration and receive a parking decal.

Parking decals are valid for one year only. All decals expire yearly at the end of the Summer Semester and must be renewed annually. Parking decals are not transferable from one vehicle to another or from one individual to another.

All parking decals must be permanently affixed to the driver’s side of the front window of all motor vehicles, except motorcycles and motorbikes. The parking decal must be easily seen. Only a current decal should be displayed.

Parking decals should be removed if a motor vehicle is sold or traded. All changes in motor vehicle ownership must be reported to the Office of the Chief of Police. The individual under whose name a vehicle is registered, and to whom a parking decal is issued, will be responsible for all violations, regardless of who is driving the vehicle.

**Parking and Traffic Restrictions/Regulations**

All students and employees of the college are required to adhere to the following applicable parking and traffic restrictions while operating a motor vehicle on campus:

- Students and employees must park in designated areas as follows:
  - **Curb/Parking Slot Color**
    - Unpainted: Student
    - Green: Faculty and Staff
    - Red: Administrators
• All parking will conform to mark off areas and shall be in accordance with curb/parking slot colors and parking signs.
• Improper parking will not be permitted anywhere on campus.
• Double parking is prohibited at all times.
• Parking on or over a line curb is prohibited.
• All parallel parking will be within twelve inches of the curb.
• In all lots marked with parking spaces, motor vehicles will be parked headed into the parking space.
• Driving or parking on the grass or sidewalks and parking or standing at crosswalks, loading zones or yellow curbing is prohibited at all times.
• Motorcycles, motor scooters, motor bikes and bicycles must not be parked on yellow curbs, or sidewalks, or in driveways so that they block entrances or exits to parking areas, sidewalks, or buildings.
• Employees of the college may not authorize students to park in any other parking zone other than those specifically designated for student parking.
• All traffic regulation signs on campus must be obeyed, including stop signs, yield, crosswalk one way, and speed limit signs.
• The speed limit on all campus roadways and in all parking areas is 15 mph, but any speed not safe for the conditions of the road, including vehicle and pedestrian congestion during peak periods of the day, is prohibited.
• Motor vehicles must yield to pedestrians in designated crosswalks.
• The use of the track as a roadway by any vehicle, including bicycles, is prohibited.
• If a motor vehicle must be left on campus overnight, the Campus Police Department should be notified.

### Fines and Citations

Each violation of the Parking and Traffic Restrictions or Regulations stated above will result in a citation, and a fine will be assessed as follows:

<table>
<thead>
<tr>
<th>Standing Violation Fines:</th>
<th></th>

### Enforcement of Disciplinary Actions

Police and Security Officers patrol the campus and, where necessary, warnings and tickets will be issued. Students who receive citations for serious traffic violations such as speeding or reckless driving may be referred to the Disciplinary Committee.

Payment of all Lawson State Community College fines must be made through the Business Affairs Office within seventy-two (72) hours of violation. Failure of a student to pay a fine will result in the student’s inability to register for a new semester, to graduate, or receive a transcript. In the case of repeated parking or traffic violations, a written notice will be sent to the violator prior to revocation of permit. Any unauthorized vehicle parked on campus may be towed away at the owner’s expense.

All fines for citations issued on the Birmingham campus must be paid through the City of Birmingham Traffic Citation Division of the Municipal Court located at 710 20th Street North, City of Birmingham, by the court date at the bottom of the citation to avoid doubling of fines or warrants being issued.

All fines for citations issued on the Bessemer campus must be made through the City of Bessemer.

### Appeal

Any student or employee of the college who wishes to discuss and to appeal a traffic/parking citation shall contact the Chief of Police within three school days. If not, the right of appeal is waived. Individuals shall have their appeals processed within thirty days of citation. Appeals for City of Birmingham citations are made at Traffic Citation, 710 20th Street North, after three school days.

### Termination of Parking Authorization

Authorization to park on campus will be terminated when:
• A student or employee is no longer enrolled or employed at the college.
• A student or employee is officially prohibited from coming on campus.
- There is a change in control of ownership to the motor vehicle.
- Parking privileges are revoked due to repeated parking or traffic violations.

**SAFETY AND SECURITY**

Lawson State Community College provides a safe environment for students, faculty, staff and other campus visitors. The college maintains a staff of uniformed Campus Police/Security officers 24 hours a day. Selected areas on campus are under video surveillance as well. A student should report suspicious activity, safety hazards, or security concerns to the Campus Police/Security Office.

A person who is not enrolled at the college; who is not an officer or employee of the college; or who is not otherwise authorized to be on the campus or at any other facility owned, operated, or controlled by the governing board of the college and who does not have legitimate business on the campus or facility or has no license or invitation to enter or remain on the campus or facility may be directed by any officer of the college to leave the campus or facility.

Any person committing any act tending to interfere with the normal, orderly, peaceful, or efficient conduct or activities of such facility, may be directed by an official of the college to leave the campus or facility.

Emergency Assistance

As part of LSCC’’s ongoing effort to safeguard students, faculty and staff, the College has implemented a new emergency communications system. Known as Cougar Alert, the system allows students, faculty and staff to receive time-sensitive emergency messages in the form of e-mail, voice and text messages. Everyone who has a Lawson State Community College e-mail address will receive emergency alerts to their campus e-mail address. In order to also receive text and voice message alerts, members of the campus community will be asked to provide phone contact information. While participation in the text and voice messaging notification is optional, enrollment is strongly encouraged. The information you supply is considered confidential and will not be shared or used for other purposes. You will only be contacted through the system in the event of an emergency. Once you have signed up for Cougar Alert you will be eligible for notifications after 24 hours.

Emergency Messages

Telephone messages will only be delivered to students in the event of an emergency such as illness in the family, death, an accident, or the like.

Emergency Procedures

Evacuation Plan

The purpose of an established Emergency Procedures and Evacuations Plan is to provide a system of alerting and moving students and employees to safe areas during a fire, impending tornado, or any situation that may occur that poses a threat of bodily harm.

Note: All faculty members will be responsible for notifying and/or assisting the hearing, visually, or physically impaired of the evacuation signal.

Fire Evacuation Procedures

Evacuation Routes are posted throughout the campus and identify the location of fire exits. Students should; become familiar with Evacuation Routes. Fire drills will be conducted in each building at least once per term by the Safety Officer. When a fire alarm signal is heard, each person should immediately make his or her way to the nearest exit and meet. A brief check of the building will be conducted to determine compliance with the fire exit drill procedures. At the conclusion of the drill, an “All Clear” signal will be given, and participants may return to the building. All students, faculty, staff, and guests are required to participate in the fire exit drills.

When a fire occurs:

1. Report the fire to the Campus Police/ Office or Switchboard Operator by dialing “0” from any college telephone. The college dispatcher will notify the Fire Department.
2. Activate the building alarm. If the building is not equipped with an alarm/signal, notify by voice.
3. Begin evacuation of the immediate area. The instructor is responsible for evacuating the classroom, turning off all equipment and lights, and closing all doors and windows before leaving the classroom, lab, or shop, when feasible. DO NOT LOCK DOORS!
4. Assist the disabled in exiting the building! Remember, smoke is the greatest danger in a fire, so stay near the floor where the air is less toxic.
5. Assemble in groups by classes at least 50 yards away in designated safe locations. Safe locations are predetermined by each instructor. Once assembled, the instructor will call roll and report any missing students to the administrator on the scene. Students must remain clear of fire lanes, hydrants, and walkways for emergency vehicles and crews.
6. Do not return to an evacuated building unless instructed to do so by the Campus Police, Security Officer or designee.

It is the policy of the college to evacuate only the building(s) that contain the fire. When the fire department arrives, the fireman in command will order the evacuation of additional buildings should it become necessary.

If trapped in a building during a fire and a window is available, place an article of clothing outside the window as a marker for rescue crews. If there is no window, stay near the floor where the air will be less toxic. Shout at regular intervals to alert emergency crews of your location. REMAIN CALM!

**Tornado Evacuation Procedures**

The college will utilize the E-Warn notification system as the primary source of information regarding dangerous weather conditions. This system notifies selected administrators via e-mail and radio as dangerous weather conditions develop. However, close attention should be paid to the Emergency Management sirens, which are sounded for severe weather warnings or other emergencies that require shelter.

The college operator, Campus Police/Security Officer, or administrator will alert the faculty and staff, visitors, etc., in the event of a tornado warning. Should it be necessary to evacuate some areas of the campus, a verbal command will be issued, and students and employees will move to the identified shelter areas. Students and instructors should proceed to these areas in groups and remain in groups until instructed to return to classes by a college administrator.

Everyone should be familiar with the *Emergency Evacuation Procedures* and safe locations within each department/building. Remember, a safe location is the predetermined area decided upon by the instructor. If unaware of the predetermined area, get as far away from the affected building as possible.

For persons with disabilities, the landings inside of each stairwell and protected elevator lobbies are considered safe areas. It is routine procedure for emergency personnel (i.e., fire department and police) to check these areas for individuals with disabilities and/or injured persons. Individuals with disabilities should be escorted to the closest stairwell, and a staff member should remain with that person until emergency personnel arrive.

**Inclement Weather**

**Policy Statement**

The safety and well-being of students and employees are primary considerations during inclement weather. The college has an established procedure to be followed during adverse weather conditions. However, weather, road conditions, and power outages tend to vary within the college's service area. Accordingly, the final decision to travel during adverse weather conditions when the college remains open must be made by the individual college employee or student.

The Campus Police/Security officer on duty will observe and monitor weather conditions at the college and contact the appropriate college officials if conditions become inclement.

**Authorization to Close the College**

The President of the college is the only person authorized to close the college. During his absence, this authority is transmitted to the Vice President or designee. The Evening Coordinator has the responsibility for dismissing evening classes early after receiving approval from the President or Vice President. Should it be necessary to close classes during the day, night classes will also be canceled unless otherwise directed.

**Instructional Days Missed Due to College Closing**

The college attempts to design the annual calendar with instructional days lost when the college is closed due to inclement weather. Because a specific number of instructional days are required each semester/term, accounting for class days lost due to inclement weather must be documented. In the event that class days are lost due to inclement weather, it will be necessary for the college calendar to be revised to account for those days. Students will be notified of changes to the calendar and are expected to attend classes as scheduled.

**Notification Procedure**

As travel advisories are issued, a decision to implement the *Inclement Weather Plan* will be made. The plan includes notification of all major radio and television stations in the area. The Cougar Alert Emergency Notification System will be activated to provide specific information. If a student is uncertain of the status of the
college (open or closed), he/she should call the college for current information.

### Safety, Precautions & Procedures

#### Protection of Valuables

The college cannot be responsible for personal property. All valuable articles should be locked in a car trunk or a locker. Serial numbered items should have numbers recorded and kept in a separate location. Students are encouraged to keep purses, handbags, and the like in their possession at all times.

#### Safety Goggles

Alabama Law: SS16-1-7

Eye protective devices for pupils and teachers participating in certain courses.

1. Every pupil and every teacher in the public schools shall wear industrial quality eye protective devices while participating in the following courses:
   a. Vocational or industrial arts, shops, or laboratories involving experience with:
      (1) Hot molten metals
      (2) Milling, sawing, turning, shaping, cutting or stamping of any solid materials;
      (3) Heat treatment, tempering or kiln firing of any metal or other materials;
      (4) Gas or electric arc welding;
      (5) Repair or servicing of any vehicle;
      (6) Caustic or explosive materials.
2. Chemical or combined chemical-physical laboratories involving caustic or explosive chemicals or hot liquids or solids.

College Policy

It shall be the policy of Lawson State Community College that all persons, instructors as well as students, wear protective eye wear while participating in laboratory/shop experiences as described in Alabama Law SS16-1-7.

#### Student Incident Procedure

Lawson State Community College faculty and staff will provide immediate attention to a student in the event of an incident, injury, or severe illness occurring on campus. All student accidents, injuries, and severe illnesses must be reported as soon as possible to the instructor or nearest college personnel. Immediate notification provides the opportunity for an on-the-scene investigation, insures prompt preventive action, and also provides the individuals with assistance in matters of medical attention and insurance.

All incidents and injuries require the instructor/responsible person to complete the Lawson State Community College Accident/Incident Report Form. To proceed with the correction of any safety hazards or deficiencies, the instructor or responsible person must complete the form quickly and accurately.

The Incident Report must be completed when a student is injured. The report will be used by the appropriate college to investigate the injury. It is important that all questions be answered in as much detail as possible.

In the event an injured individual refuses medical attention or transport, the attending staff member will complete and have the injured individual sign the Refusal of Medical Services and/or Transport form. Every student is expected to comply with all emergency procedures.

#### Utility Failure

In the event of a utility failure occurring during regular working hours, immediately notify the Switchboard Operator by dialing “0” from any college telephone.

If the utility failure occurs after hours, weekends, or holidays, notify Campus Police/Security at 925-3587.
GENERAL STUDENT POLICIES

[SEE STUDENT HANDBOOK FOR MORE INFORMATION]
Each student has the right to express opinions, make suggestions, and submit grievances. Channels of communication are always open to a student with legitimate problems. For the simplest, most direct, and best action, a student should use the channels in the order presented in this student handbook/catalog. Otherwise, a student may forfeit his/her right to seek resolution of his/her complaint.

If a student will first take his/her complaint to the person or group of persons who have the authority to deal with such complaints, much misunderstanding and ill feeling can be eliminated. The channels of communication are as follows:

1. Instructor
2. Division Chairperson
3. Associate Dean
4. Dean
5. Vice President
6. President

For additional information, contact the Dean of Students.

Communications to the entire student body are considered properly delivered when they are sent via college e-mail, placed on official campus bulletin boards and/or displayed on the video information centers. Each student is responsible for checking their college e-mail, the bulletin boards and video information centers regularly and giving proper action to such communications.

In order to maintain the proper environment for the effective delivery of college-level instruction, students are not permitted to bring children to classrooms, labs, or shops at Lawson State Community College. Nor should students leave unattended children in any building or on any grounds of the College at any time. From time to time, activities that minor children may be invited to attend are scheduled at LSCC.

In addition, in the interest of safety, if a person under the age of 18 (who is not a student of Lawson State Community College or another participating college) is a participant in a Lawson State Community College sponsored activity, an adult must supervise or accompany the young person at all times while on the College campus. It is not permissible for any person to leave a child in custodial care on the premises of Lawson State. It is recommended that Lawson State students, and visitors leave their children in the care of an appropriate childcare provider while attending any class, function, or other college activity that may prevent their personal supervision of their children.

Lawson State Community College will not be liable for any injury or property loss/damage suffered by any part as a result of a violation of this policy.

The provisions of the Alabama Computer Crime Act are applicable at Lawson State Community College. This act provides for criminal prosecution of any persons who knowingly, willingly and without authorization destroy or manipulate intellectual property. The act in its entirety is available in the Business Office.

Students’ dress and grooming are to reflect the high standards of personal conduct so that each student may share in promoting a positive, healthy and safe atmosphere within the college community. Students’ dress and grooming will be the responsibility of the individual within the following guidelines:

1. Dress and grooming will be clean and in keeping with sanitary and safety requirements.
2. All students must wear shoes, boots, or other types of footwear made for outside wear.
3. Dress and grooming will not disrupt the teaching/learning process or cause undue attention to an individual student.
4. Class activities that present a concern for student safety may require the student to adjust hair and/or clothing during the class period, in the interest of maintaining safety standards.
5. Additional dress regulations may be imposed upon students participating in certain extracurricular activities.
6. Hats and/or head coverings are not to be worn in the buildings and are not to be visible during instructional time.
7. Shirts/tops must be worn at all times while in public or common areas of the college.
8. Attire must not display obscene, profane, lewd, illegal or offensive images or words.
9. Dress must be in good taste and appropriate for the occasion or setting.
10. Pajamas, stocking caps, wave caps or “do-rags”, hair rollers and bedroom slippers shall not be worn while in public or in common areas of the college.
11. Females must not wear undergarments as shirts or skirts or shorts; dresses, shorts, and skirts must be worn at an appropriate length and in consideration of the activities attending on campus and/or representing the college; females must not wear low cut shirts or blouses which overexpose.

In many programs, a student may be encouraged to purchase clothing applicable to the trade or occupation related to his/her training. In some programs, protective eye glasses and protective footwear are required.

### DRUG- AND ALCOHOL-FREE CAMPUS

As required by Section 22 of the Drug Free Schools and Communities Act of 1989 (Public Law 101-226) and in recognition of this institution's responsibility to serve as a beneficial influence on its students, its employees, and the community at large, Lawson State Community College is designated as a drug- and alcohol-free campus and will comply with all the provisions of Public Law 101-226:

- The college expects its students and employees to obey all federal, state and local laws concerning the possession, use, distribution, and sale of alcohol and illegal drugs and will consider violation of such laws as grounds for appropriate sanctions up to and including expulsion of students and termination of employees when such violations occur on campus or during an activity officially approved by the college.
- The college also expects its students and employees to be aware that abuse of alcohol and illegal drugs has serious negative consequences to the health of the abuser including, but not limited to, cardiovascular disease, liver failure, and death.
- The college expects its students and employees to be aware that they may seek information about alcohol and drug abuse and may seek aid in the form of referrals to appropriate treatment programs and support groups by contacting a college counselor.
- The college reserves the right to require students and employees who violate the statutory laws or policies of the college concerning alcohol and drug abuse to take part at their own expense in an appropriate counseling or treatment program as a condition of continued enrollment or employment at the college.
- Nothing in this policy may be construed in such a way as to deny any other constitutional or civil protection, nor should anything in this policy be construed in such a way as to conflict with statutory law.

### COMMUNITY RELATED VISITORS

All visitors to Lawson State Community College, regardless of the nature of their visit, are requested to obtain a Visitor’s Pass and a Visitor’s Parking Permit from the Campus Police or Security Office on duty at the entrance to the campus and to discard same upon leaving the campus. The visitor's pass must be in the possession of the individual at all times during the visit. Unauthorized visitors will not be permitted on campus.

### ELECTRONIC DEVICES

Using devices such as tape players, radios, beepers, cell phones, or other electronic devices in the student center, hallways, lecture rooms, classrooms, library, or any other place which will interfere with normal activity of the college is prohibited.

### EQUAL OPPORTUNITY STATEMENT

It is the official policy of the Alabama Community College Board of Trustees, Alabama Community College System, and Lawson State Community College that no person on the grounds of race, color, national origin, religion, age, disability, marital status or gender be excluded from participation in, be denied the benefits of or be subject to discrimination under any program, activity, employment practice, or other educational service.

### FEDERAL STATUTES RELATING TO NONDISCRIMINATION

Lawson State Community College complies with the following nondiscriminatory regulations:

2. *Title IX of the Education Amendments of 1972*, as amended (20 U.S.C., subsections 1681-1683, 1685-1686), which prohibits discrimination on the basis of sex. Section 106.8 provides protection against acts of sexual harassment.
5. *The Americans with Disabilities Act of 1990 (ADA)*, which provides that no otherwise qualified person
shall be discriminated against in the provision of an educational service or benefit on the basis of disability. Lawson State Community College endeavors to provide reasonable accommodations to qualified students with a disability.

For more information, contact the Coordinator of ADA, Section 504, Title II and Title IX for Employees: Mrs. Janice McGee, Director of Human Resources or Coordinators of ADA, Section 504 and Title II for Students: Ms. Renay Herndon, Counselor, Bessemer Campus, or Ms. Janine McCoy Jones, Counselor, Birmingham Campus. Title IX for Students: the Dean of Students.

**NON-DISCRIMINATION POLICY**

It is the policy of the Alabama Community College System, its Board of Trustees, and Lawson State Community College, a postsecondary institution under its control, that no person shall, on the grounds of race, color, disability, sex, religion, creed, national origin, or age, be excluded from participation in, be denied the benefit of, or be subjected to discrimination under any program, activity, or employment.

Lawson State Community College also prohibits discrimination due to ethnic origin, marital status, parental status, economic status, sexual orientation, gender identity, genetic information, citizenship, veteran status or disability, reasonable accommodations or any other protected class as defined by federal and state law. The college has zero tolerance for harassment, retaliation, violence, physical bullying, cyber-bullying, and hazing.

This nondiscrimination policy covers employment, admissions, training, organizational affiliation, student housing, and advisory boards in all college programs and activities. This policy is enforced by Federal law under Title IX of the Education Amendment of 1972, Title VI and Title VII of the Civil Rights Act of 1964, Section 504, of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 as amended in 2008. If you have questions regarding compliance with these statutes or you need to file a complaint, please contact the Dean of Students or the Director of Human Resources.

**ACCEPTABLE USE POLICY**

Use of computer resources at Lawson State Community College is a privilege extended by the college to students, employees, and other authorized users as a means of promoting the mission of the college. These resources include, but are not limited to computers, network equipment, printers, software, and Internet access. Users of these resources are responsible for adhering to local, state, federal, and international laws. All users of the college's Internet services must abide by the terms and conditions of this policy. Violation of the policy may result in suspension of privileges, initiation of formal disciplinary procedures, or criminal prosecution under federal or state law.

Generally, college officials will not examine personal information transmitted over the network or stored on college computers. However, the college reserves the right to monitor the system when it has cause to believe laws and/or policy are being violated.

**LIFE THREATENING ILLNESSES**

Lawson State Community College (LSCC) recognizes that students, faculty, and staff with life threatening illnesses (LTI), including but not limited to cancer, heart disease, diabetes, and HIV/AIDS, may wish to engage in as many of their normal pursuits as their condition allows, including work. As long as students, faculty, or staff are able to meet the same performance standards as those persons without LTI, and medical documentation indicates that their conditions are not a threat to others, administrators should be sensitive to their conditions and ensure that they are treated consistently with other students, faculty, and staff members. It is the policy of Lawson State Community College to provide a safe environment for all students, faculty, and staff. Policy guidelines are as follows:

1. LSCC will not undertake programs of mandatory testing of either employees or students for the presence of indicators of LTI. For health status testing and/or counseling, students, faculty, and staff should be aware of appropriate community health agencies.
2. The existence of conditions related to LTI in an applicant for LSCC admission or employment will not be considered in the initial admission or employment decision.
3. LSCC students with LTI conditions, whether or not symptomatic, will be allowed regular classroom attendance in an unrestricted manner, as long as they are able to attend classes.
4. LSCC faculty and staff who have LTI-related conditions, whether or not symptomatic, will be allowed to continue their work in an unrestricted manner, so long as they are able to perform the duties of their jobs, in compliance with LSCC employment policies and federal guidelines.
5. The access of LSCC students or employees with LTI or LTI-related conditions to LSCC public areas will not be restricted, in compliance with LSCC and federal guidelines.
6. There will be an ongoing program to educate students, faculty, and staff in regard to LTI.
7. Information regarding a patient diagnosed as having an LTI or LTI-related conditions will be maintained in the strictest confidence. Only people within the college with a legitimate need to know should be informed of the identity of students, faculty, or staff that has LTI or LTI-related conditions; this number should be kept to an absolute minimum. Individuals should be aware that medical information cannot be released to anyone outside the college without the specific written consent of the patient, except as required by law.
8. Any breach of the above guidelines will be handled as follows:
   a. Breaches of these guidelines involving students, staff, or faculty should be reported to the Director of Human Resources.
   b. Complaints regarding such breaches should be made in writing within seven (7) days of their occurrence.

**STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT**

The Student Right-To-Know and Campus Security Act of 1990 requires Lawson State Community College to disclose information about student outcomes, campus security, and crime statistics. The college publishes an annual report to faculty, staff, and students to comply with the provisions of the law. This report provides projected graduation rates, program completion rates, licensure requirements, and campus crime statistics. Copies of this publication are available in the Admissions, Business, and Student Services Offices.

**STUDENT CODE OF CONDUCT**

Lawson State Community College recognizes that enrolled students are both citizens and members of the academic community. Upon enrolling in the college, all students assume an obligation to conduct themselves in a manner compatible with the College's function as an educational institution both as ground (traditional) and online students. Upon enrollment, students also fall under the Lawson State Community College Code of Conduct and all sanctions imposed. It is expected that students are enrolled for serious educational pursuits and that they will conduct themselves so as to assume the responsibilities of citizenship in the academic community.

The following Student Code of Conduct is relative to conduct on college property and at all college-sponsored activities held off campus as well as any online activities (related to Lawson State and students of Lawson State). Failure to comply with the Code of Conduct (which governs both discipline issues and academic integrity issues) can lead to sanctions (punishments) issued and possibly probation or suspension or (in severe cases) criminal charges levied against a student. Students at Lawson State are entitled to due process, if a sanction is imposed.

Below you will find the following:

1. List of Code of Conduct violations and recommended sanctions
2. A detailed breakdown of the Code of Conduct
3. Overview of the Due Process and Appeal Process

**CODE OF CONDUCT SANCTIONS**

Below is a listing of Code of Conduct provisions. Other provisions that fall under the Code of Conduct are listed after this preliminary list and are outlined with a complete listing of sanctions imposed for violating specific codes under the Code of Conduct.

**COLLEGE DOCUMENTS AND POLICIES**

1. Furnishing false or misleading information and/or forging, altering, or misusing college documents, records, or identification cards;
2. Disclosing records, files, or data in violation of the Family Educational Rights and Privacy Act (FERPA) of 1974 and/or using or attempting to use college computers, computer facilities, or data without proper authorization. Deliberate installation of "viruses" on college computers is included in this provision;
3. Disclosing or otherwise misusing college computer access codes;
4. Writing, issuing, or attempting to negotiate a check on an account that has insufficient funds. Violations of this provision will result in a student being automatically withdrawn from the college unless the check, plus applicable service charges, is immediately paid.
5. Sharing of passcodes associated with Lawson State Community College and its online platforms (email, Blackboard, Student Suite) or accessing other student records via unauthorized modes.
6. Gaining unauthorized access into administrative or faculty files, records, etc.
COLLEGE SPONSORED ACTIVITIES

1. Engaging in or sponsoring as an individual student or group of students any college activity on or off the campus that represents a clear and present danger to the normal educational process of the college;
2. Gambling in any form on campus or at any social function approved by the college;
3. Violating college policies, procedures or regulations concerning registration of student organizations, the use of college facilities, or the time, place, and manner of public expression;
4. Soliciting and/or selling on campus unless approved by the President;
5. Entering or occupying college buildings or property without proper authorization or bringing a guest or visitor to the college or to an approved college activity who fails to abide by the rules and regulations of the college; A student is responsible for obtaining a visitor's pass from the Student Services Center lobby for any guest or visitor he/she may bring on campus.

COLLEGE AND PERSONAL PROPERTY

1. Defacing, damaging, or maliciously destroying any college, faculty, or student property or the attempt to do such destruction; Violators may be required to make appropriate financial restitution.
2. Stealing property of the college or other individuals for personal use;
3. Selling stolen property of the college or other individuals to a member of the college community or a visitor to the campus;
4. Eating or drinking in unauthorized areas, especially in classrooms, shops, and laboratories
5.

COLLEGE INSTRUCTION

1. Conducting an activity on the part of any individual or group that causes disruption or interference with the teaching-learning environment or the regular operation of the college, including:
   a. occupying any building or campus areas for the purpose of disruption or interference;
   b. preventing or attempting to prevent the entrance or exit of students, faculty, administration, staff, or authorized visitors to and from the campus or buildings;
   c. failing to obey directions of faculty, administrators, or security officers in situations relating to the regular operation of the college;
2. Displaying any inflammatory or incendiary signs, posters or banners, or the distribution of literature, or the circulation of petitions or publications proposing any actions to disrupt the educational process or teaching-learning environment;
3. Failing to comply with a request to report to a faculty or staff member for a conference;
4. Failing to follow department rules, directives of instructors, or failing to carry out assignments;
5. Leaving scheduled classes or training sessions without permission of the instructor;
6. Cheating on tests, individual projects, and/or individual assignments through any means, including electronic means.

FIREARMS, DRUGS, AND ALCOHOL

1. Possessing, exhibiting, or using firearms of any kind, explosives (including all types of fireworks), live ammunition, obnoxious bombs, chemicals, or weapons already designated as illegal by city, county, state, or federal law. Duly authorized peace officers, who will be wearing or carrying guns, are required to display their official badges at all times while on campus.
2. Possessing, transporting, selling, and/or using any illegal or hallucinatory substances and/or drug paraphernalia while on campus and/or involved in any college activity.
3. Possessing, transporting, distributing, consuming, or being under the influence of alcoholic beverages and or illegal drugs while on campus or involved in approved college activities.

HARASSMENT AND RETALIATION

Harassment and Retaliation Lawson State Community College has a zero tolerance policy against harassment and/or retaliation and takes such actions seriously. With that in mind, please be advised that knowingly filing false harassment or retaliation claims can have serious repercussions.

HARASSMENT

1. Harassing a student or students, faculty, staff, administration, or the college as an institution by a student or students, or by a non-student or nonstudents, including threats in any way expressed or implied against persons or property.
2. Assaulting physically or abusing any person on campus or at an approved college activity to the extent that such abuse would endanger or threaten the general health or welfare of the person abused or assaulted.
3. Conducting or expressing oneself in a loud, indecent, or profane manner on campus, on college-controlled property, or at approved college activities.
Harassment is abusive or hostile conduct which is directed toward or inflicted upon another person because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran's status and which, because of its severity or pervasiveness, unreasonably interferes with an individual's work or academic performance or creates a hostile or abusive work or learning environment for that individual's work, education, or participation in a college activity.

Harassment is typically based on stereotyped prejudices and includes, but is not limited to, slurs, jokes, objectionable epithets, or other verbal, graphic, or physical conduct that demeans, insults, or intimidates an individual because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran status (UA, 2012).

SEXUAL HARASSMENT

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of employment or academic advancement; (2) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's performance as an employee or student or creating an intimidating, hostile, or offensive working or learning environment (UA, 2012). Retaliation (Against Sexual Harassment Claims)

RETIATION

Retaliation against persons who oppose, complain, or file a grievance or any other issue is strictly prohibited on the campus of Lawson State. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as making a complaint or appeal or grievance, or assisting in a complaint or appeal or grievance investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a complaint, an appeal or grievance or participating in said investigation (UA, 2012).

SOCIAL MEDIA GUIDELINES

Be mindful with using the name of Lawson State in all social media online. Remember, your opinion online is your opinion and does not reflect Lawson State nor (as a student) are you authorized to speak for Lawson State. Thus, in your comments, you have an obligation as a LSCC student to make it clear that your opinions are yours and do not represent the college in any way.

1. Students in using social media should always exercise good judgment and common sense.
2. Protect your privacy. Do not share passwords to third parties unless you are working with the technical Help Desk to trouble shoot a technical issue with Student Suite, Email or Blackboard. Releasing of passwords could violate subject you to privacy violations and could also jeopardize the security of your personal records here at Lawson State.
3. Social Media is Not Private. Be mindful that you are creating a history via your Social Media sites. Thus, create a positive existence that future colleges or companies would be proud of reading about you. Posting of inappropriate statements to include foul language, sexually explicit photos or videos can damage your reputation. Also note that once you put something on the World Wide Web (associated with your name) it does not truly disappear.
4. Photo and Video. Never use individual photos or videos of others online without their express person.
5. Inappropriate Use Violations. Violating the Code of Conduct while using social media may result in disciplinary action.
6. Treat others with respect. Social media should NEVER be used to assail, attack or seek retribution against others. Remember, everything you do and say can be tracked. Never embarrass yourself or the
college. Consider that employers and colleges use social media as well to determine your readiness to enter their college or join their workforce.

7. Report Inappropriate Incidents Online: If a student finds themselves on an inappropriate website while on the campus of Lawson State, they should log off and report the incident immediately, so the college can take steps to rid the “pop up” from the system and trouble shoot the problem.

8. Electronic/text stalking or bullying. Lawson State has a strict harassment policy. Bullying and stalking fall under harassing behavior. The college makes no distinction between face-to-face bullying, intimidation, assaulting or stalking or online bullying, text harassing, intimidation, assaulting or stalking if it involves two LSCC students or a LSCC employee. Thus, if a student is involved in this type of serious behavior, he or she is subject to disciplinary action.

9. YouTube, Posting of Video or Creating of a Lawson State Website. It is a violation to use Lawson State Community College’s name to post unauthorized videos online or websites (using the college’s name in the title). As a student, the college does NOT grant you the right to use the name or likeness of the institution online. Permission to use the name of Lawson State MUST be granted in advance before posting of video or creating of a website. Contact the Public Relations Office for permission. Never create an unauthorized video or website using the name of Lawson State or Lawson State Community College.

NOTE: Lawson State reserves the right to seek all legal remedy in its efforts to remove the unauthorized use of any social media page, video, content or account that uses the college’s name (Lawson State or Lawson State Community College or LSCC). Further, the college will work with law enforcement investigators regarding such approaches to the truth. In addition, the college will cooperate with law enforcement investigators regarding such approaches to the truth. In such cases, the student could face suspension.

### SANCTIONS

Sanctions (punishments imposed for acts of academic dishonesty or code of conduct violations) are categorized by levels (based on the severity of the infraction/offense committed by the student or based on whether the infraction has been repeated by a student). Sanctions are categorized by degrees, Level 1, Level 2 and Level 3. Sanctions categorized as Level 1 sanctions are considered less severe punishments in response to violations.

If a student repeats an offense, the level of the sanction increases. Some offenses (based on severity) do not have a Level 1 sanction associated with them. In such cases, the college views the offense as being so extreme that the offense is automatically elevated to a Level 2 or Level 3 offense upon execution of the act itself (i.e., paying a third party to complete assignments, bringing a weapon on campus, etc.). In such cases, the student could face suspension.

### REFUSAL TO CARRY OUT SANCTIONS

Some sanctions may require the student to take a short educational course (i.e., Drug Abuse 101) or could require the student to write an essay on a topic (associated with the offense) or require a certain number of community service hours. If a student refuses to complete the requirements of the imposed sanction, the original sanction will move up to the next highest level sanction which will lead to more severe sanction, including suspension or dismissal.

### VIOLATION OF CODE OF CONDUCT & SANCTIONS

A student or group of students deemed to be in violation of the Student Code of Conduct is subject to the imposition of the following restrictions, sanctions and/or action.

1. Warning (Level 1 Sanction): Used for minor infractions of college regulations and consists of a restatement of the regulation violated with an official warning concerning future behavior. The restriction notifies a student that:
   a. Any further violation of college regulations will subject him/her to further disciplinary action.
   b. He/she must maintain exemplary conduct during the period of restriction.
   c. The restriction is generally for an indefinite period of time, but not less than one academic semester/term.
   d. Termination of the restriction is generally based upon a student's cooperative attitude, academic progress, and positive contributions of service to the college.

2. Community Service (Level 1 Sanction): Students may, in response to a student code of conduct violation, be required to perform a certain number of community service hours within a specific and targeted time period.

3. Online Courses (Behavioral Remediation)--(Level 1 Sanction): Students may, in response to a student code of conduct violation, be required to complete specific behavioral remediation courses (i.e., Alcohol 101, Drug Abuse 101, Plagiarism 101, etc.)
A student facing suspension or expulsion has the following two options.

1. **Option 1: Penalty Without Hearing**
   
   In the event a student wishes to waive the right to a formal hearing or makes voluntary written confession of the allegation and waives the right to a hearing, the violation may be administratively disposed of if:
   
   1. It is in the best interest of the college and the student concerned, and
   2. The student concerned consents in writing to administrative disposition.
   
   At a conference with the student in connection with the allegation, he/she shall be advised of his/her rights.
   
   If a student accepts administrative disposition, he/she shall sign a statement that he/she understands the formal charges; his/her rights to a hearing, or to waive the same; the penalty imposed; and his/her waiver of the right to appeal.
   
   In administrative disposition, the penalties imposed shall not differ from those penalties stated in Definitions of Disciplinary Actions. Once a student has been informed of his/her rights and the penalty that could be imposed should a violation be found and has knowingly and voluntarily accepted in writing the authority of the administration to impose the penalty, a student shall have waived the right to request a formal hearing.
   
2. **Option 2: Formal Hearing**
   
   In the event a student wishes a formal hearing:
   
   1. Notice of the charges and their implications will be given orally or in writing prior to the hearing.
   2. The list of witnesses and their expected testimony will be given to the accused student prior to the hearing or at the hearing itself.
   
   A Disciplinary Committee composed of college faculty, staff and two students will be convened to conduct the hearing. It is the duty of the Disciplinary Committee to hear all evidence presented concerning the alleged misconduct/violation. Because the college is an academic institution and not a court of law, the Disciplinary Committee is not bound by the common laws of evidence or civil procedure. Therefore, hearsay may be used during the hearing. It is the committee’s responsibility to render a fair and impartial decision from the evidence presented and to assure the student received due process in accordance with his/her constitutional rights. At the hearing, a student has the right to present his/her defense against the charges and to produce other oral testimony or written affidavits of witnesses in his/her behalf. A student may be represented by counsel. If so, the college expects the courtesy of notification. The counsel will be allowed only to advise a student and not to actively participate in
the hearing. The college is not required to provide the opportunity for cross-examination but may do so at the discretion of the chief hearing officer. The Disciplinary Committee shall report findings within 72 hours of the hearing. The findings shall be reported to the President or his designee and said person will notify the student of the results of the hearing and the implications of the decision.

**How to Appeal a Formal Hearing Result**

Any student who is dissatisfied with the results of the hearing may file an appeal to the Disciplinary Appeal Committee (online) via the Advocate system.

If a student would like to challenge the findings of the Discipline Appeal Committee, he or she can file an appeal to the President of the College. During the period of the student’s appeal, the student shall not be present on the campus of Lawson State Community College.

**More about the Appeal Process (and Categories of Appeal)**

All students at Lawson State Community College are entitled to due process. Hence, once a sanction is imposed against a student, a student has a right to Appeal the sanction and present their own defense and evidence and challenge the decision reached (regardless if the sanction is a Level 1, Level 2 or Level 3 sanction).

The Appeal Process differs depending on the type of offense committed (either academic dishonesty offense or code of conduct offense) and is divided into two categories of Appeals— (1) Appeals of Academic Dishonesty Sanctions; and (2) Appeals of Code of Conduct Sanctions.

**Appealing Academic Sanctions**

**Categories of Appeals**

- Appealing Level 1 Academic Dishonesty Sanctions
- Appealing Level 2 & 3 Academic Dishonesty Sanctions
- Appealing Code of Conduct Sanctions
- Categories of Appeals
- Appealing Level 1 Code of Conduct Violation Sanctions
- Appealing Level 2 & 3 Code of Conduct Violation Sanctions

**Appealing Level 1 (L1) Academic Dishonesty Sanctions**

How to Appeal Level 1 Unlike discipline issues, students can appeal Level 1 academic dishonesty sanctions.

**Academic Dishonesty Sanctions Imposed:** All LSCC students have due process rights the moment an academic dishonesty sanction is imposed. Appealing an imposed sanction is done completely online through the online Advocate system. Failure to file an Appeal (within 7 business days after a sanction has been issued) indicates acceptance and agreement of the sanction issued and penalty imposed.

A Level 1 (L1) academic dishonesty sanction cannot be issued by an instructor unless the following conditions are met.

1. The instructor must report the academic dishonesty offense online via the online Advocate Code of Conduct tracking system within 10 business days following the documented cheating offense. If not, the sanction cannot be issued against a student.
2. The instructor must report the cheating offense in writing (via the Advocate Code of Conduct tracking system) and upload evidence, including photographic documents (supporting the claims of academic dishonesty including any witness statements) prior to issuing any sanction against any student, if applicable.

Sanctions issued against cheating are assumed factual if a student does not issue an Appeal. Students have seven (7) business days to challenge a sanction. Once the seven (7) business days has lapsed, the sanction can be imposed.

If an appeal is filed, the evidence submitted which includes eyewitness accounts (by the instructor or other students) will be reviewed by the appropriate Dean (Academic or College Transfer), and the sanction will either be upheld or denied (due to lack of evidence) within 10 business days upon receipt of the academic dishonesty charge (online). Phone calls and emails are NOT appropriate; this is a completely online process.

**Submitting an Appeal:**

Appeals cannot be issued outside of the Advocate online system. Students MUST use the Advocate system to submit all Appeals. Click on the Current Students page on the LSCC website to submit your Appeal.

When submitting an Appeal for a Level 1 sanction imposed, the student will need to outline a defense as it relates to the academic dishonesty charge. A student simply stating that he or she does not agree with the
sanction or the cheating offense is not enough to turn over a sanction that has been imposed by an instructor. Rather, they will have to provide evidence or witnesses countering the instructor’s assertions that they have been caught cheating.

NOTE: Students asserting that they did not know they were committing an academic dishonesty offense is not acceptable, particularly since LSCC publishes its Academic Dishonesty violations publicly. All LSCC students are responsible for reading all policies and procedures, particularly those that govern student behavior and responsibilities on campus and within all academic environments (in class and online). Meaning distance education students are held to the same academic integrity standards as face-to-face (ground) students.

Once an Appeal has been received, the appropriate Dean (Academic or College Transfer) will send the FINAL ruling to the student and faculty member via email only. No phone calls will be issued. Because Level 1 academic sanctions do not involve penalties that require a student to be administratively withdrawn from a course or to be withdrawn from the course or be issued a failing grade in the course or suspension, Appeals cannot be appealed beyond the Dean level. **The Dean’s decision on all Level 1 offenses are final.** No other method of Appeal is available at this Level.

1. Go to Lawson State’s main webpage ([www.lawsonstate.edu](http://www.lawsonstate.edu))
2. Click on Current Students
3. Click on the Online Appeal Form icon and follow the prompts to file an Appeal

NOTE: Appeals without evidence will not be successful. You cannot appeal a decision based on your disagreement with the decision. Since sanctions are posed based on evidence submitted, in order to reverse an appeal, you must provide new evidence that would speak to your innocence (i.e., new witnesses, evidence that you wrote the work, etc.).

### Appealing Level 2 (L2) or Level 3 (L3) Academic Dishonesty Sanctions

How to Appeal Level 1 Academic Dishonesty Sanctions
Imposed: All LSCC students have due process rights the moment an academic dishonesty sanction is imposed. Appealing an imposed sanction is done completely online through the online Advocate system.

A Level 1 (L1) academic dishonesty sanction cannot be issued by an instructor unless the following conditions are met.

1. The instructor must report the academic dishonesty offense online via the online Advocate Code of Conduct tracking system within 10 business days following the documented cheating offense. If not, the sanction cannot be issued against a student. In other words, if an instructor issues a grade of zero on an assignment (because he or she alleges that a student has cheated on an exam), but fails to report the incident to the college officially (for review and approval by the appropriate Dean—either Academic or College), the sanction will not stand and the original grade earned on the exam will stand.

2. The instructor must report the cheating offense in writing (via the Advocate Code of Conduct tracking system) and upload evidence, including photographic documents (supporting the claims of academic dishonesty including any witness statements) prior to issuing any sanction against any student.

### Confiscation of Cheating Evidence: A teacher has the right to confiscate all evidence of cheating from a student (i.e., cheat sheets, crib notes, phones, calculators, etc…) temporarily for up to ONE hour (no more) after the end of the class). It is during this time, that the instructor will be allowed to photograph all evidence of cheating. Once the hour has expired, the instructor must give the student back all evidence of cheating. If a student refuses to give the instructor the evidence (which is viewed as obstruction), then the sanction sought against the student will automatically move the highest level sanction (Level 3) given for the offense committed. Further, such refusal will be used against the student during his or her Due Process hearing.

1. The evidence submitted (by the instructor) will be reviewed by the appropriate Dean (Academic or College Transfer) and the sanction will either be upheld or denied (due to lack of evidence) within 10 business days upon receipt of the academic dishonesty charge (online). Phone calls and emails are NOT appropriate; this is a completely online process.

2. **Submitting an Appeal:** If the Level 1 sanction is upheld, the student can challenge the validity of the academic dishonesty charge and the sanction imposed in writing within 10 business days (via the Advocate online appeal process). Appeals submitted after 10 business days will not be considered. Appeals cannot be issued outside of the Advocate online system. Students MUST use the Advocate system to submit all Appeals. Click on the Current
3. When submitting an Appeal for a Level 1 sanction imposed, the student will need to outline a defense as it relates to the academic dishonesty charge. A student simply stating that he or she does not agree with the sanction or the cheating offense is not enough to turn over a sanction that has been imposed by an instructor. Rather, they will have to provide evidence or witnesses countering the instructor’s assertions that they have been caught cheating.

NOTE: Students asserting that they did not know they were committing an academic dishonesty offense is not acceptable, particularly since LSCC publishes its Academic Dishonesty violations publicly. All LSCC students are responsible for reading all policies and procedures, particularly those that govern student behavior and responsibilities on campus.

4. Once an Appeal has been received, the appropriate Dean (Academic or College Transfer) will send the FINAL ruling to the student and faculty member via email only. No phone calls will be issued. Because Level 1 academic sanctions do not involve penalties that require a student to be administratively withdrawn from a course or to be withdrawn from the course or be issued a failing grade in the course or suspension, Appeals cannot be appealed beyond the Dean level. The Dean’s decision on all Level 1 offenses are final. No other method of Appeal is available on this Level.

NOTE: Appeals without evidence will not be successful. You cannot appeal a decision based on your disagreement with the decision. Since sanctions are posed based on evidence submitted, in order to reverse an appeal, you must provide new evidence that would speak to your innocence (i.e., new witnesses, evidence that you wrote the work, etc.)

Receiving a Level 2 (L2) or Level 3 (L3) Academic Dishonesty sanction is a serious infraction. It means you have either received your second charge of cheating as a Lawson State student or the severity of your first academic dishonesty alleged act was viewed as so severe (i.e., getting someone other than you to complete your work online) that a Level 2 charge is being sought against you.

All Level 2 and Level 3 academic dishonesty claims (against the student) warrant a hearing (unless waived by the student). In such cases, students will be given two options:

1. Challenge the sanction issued via a Due Process Hearing
2. Penalty without Hearing: Waive his or her rights to a Due Process Hearing and accept the sanction.

**STUDENT RIGHT-TO-KNOW AND CAMPUSS SECURITY ACT**

The Student Right-To-Know and Campus Security Act of 1990 requires Lawson State Community College to disclose information about student outcomes, campus security, and crime statistics. The college publishes an annual report to faculty, staff, and students to comply with the provisions of the law. This report provides projected graduation rates, program completion rates, licensure requirements, and campus crime statistics. Copies of this publication are available in the Admissions, Business, and Student Services Offices and are also posted online.
FINANCIAL AID INFORMATION
Lawson State Community College offers financial assistance to students who are in need of help to pay the cost of their education. Financial aid is designed to supplement the family’s ability to finance the student’s educational expenses.

Lawson State is approved for the following:

- Federal Financial Assistance
- Veterans Benefits
- Vocational Rehabilitation Training
- Alabama Student Assistance Program
- Alabama Prepaid Affordable College Tuition (PACT)
- Institutional Scholarships
- Private Scholarship Programs

Title IV Federal Financial Aid Programs that are available include the following:

- Federal Pell Grant

- Federal Work-Study Program (FWSP)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Alabama Student Assistant Program (ASAP)

Lawson State Community College does not participate in any Federal and State Loan Programs. Lawson State is, however, approved for deferment of previous loans. Students attending Lawson State are eligible to participate in an affordable tuition payment plan offered through Tuition Management Systems. For additional information contact Tuition Management Systems at 1-800-722-4867 or visit the college’s web site or the Office of Student Financial Services.

**GENERAL INFORMATION**

Lawson State Community College awards financial assistance on a rolling basis for the entire year. Upon receipt of the original SAR (Student Aid Report) or electronic ISIR (Institutional Student Information Record), consideration for other financial aid can be made. Those students who submit documents by July 1, for the coming fall semester, who demonstrate the greatest need for assistance will receive priority consideration for other financial aid which is distributed on a first-come, first-served basis. These programs are the Federal Supplemental Educational Opportunity Grant, Federal Work-Study and Alabama Student Assistance Program.

Students applying for financial aid must first adhere to the following:

- Complete an Application for Federal Student Aid (FAFSA) for the current academic year. The FAFSA is available through the Internet by accessing [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and following the instructions there.

- Apply for admission to the College. If currently not enrolled or accepted for admission, you should apply immediately. An application for Federal Financial Aid cannot be acted upon until you have been accepted for admission as a degree/certificate-seeking student.

- Qualifying for Federal Financial Aid

Students applying for Federal Financial Assistance must:

- Generally have a financial need; the financial need is determined by the U. S. Department of Education, which will determine the student's Expected Family Contribution (EFC) from the application submitted.
• Have a high school diploma, GED, have passed an independently administered test approved by the U. S. Department of Education, or complete 6 credit hours which count toward a degree or certificate program at the institution, not using federal funds (effective July 1, 2011), or meet other standards established by your state that are approved by the U.S. Department of Education, or complete a high school education in a home setting that is treated as a home school or private school under state law.
• Be a U. S. citizen or eligible non-citizen (must provide documentation to verify their eligibility).
• Submit signed copies of certain financial documents for the student and student’s spouse or student’s parent if dependent if they are selected for the process called verification. Contact the Office of Student Financial Services to find out which documents are required. Approximately 1/3 of all financial aid applications are selected by the federal government for the process called verification.
• Have a valid social security number.
• Not be in default on a federal loan or owe a refund on a Grant received for attendance at any postsecondary institution.
• Not have received grants or loans in excess of the annual or aggregate limits
• Have certified Selective Service registration status (if appropriate).
• Have all official transcripts on file.
• Must be enrolled as a student in an eligible program, making satisfactory academic progress.
• Not be convicted of drug possession or drug sale while receiving federal student aid.

Finally, a student who is subject to an involuntary civil commitment after completing a period of incarceration for a forcible or non-forcible sexual offense is ineligible to receive a Federal Pell grant. (HEA Sec.401(b)(8) 34 CFR 668.32(c)(2)(ii)

Students who are eligible for federal funds will only receive aid for courses within their designated degree plan and program. Students may receive federal funds for courses successfully passed or transferred only once to improve the grade. Students who gets an F may receive federal funds to retake the course until passed, however if the student subsequently passes the course with a D, the student can receive Title IV funds only once to improve the D grade. [Guidance issued 8/26/2011]

Note: Federal regulations require that Federal Pell grant amounts for selected non-degree programs be calculated differently from other programs leading to an Associate Degree.

**PELL GRANT LIFETIME ELIGIBILITY**

The recently enacted Consolidated Appropriations Act of 2012 set new lifetime eligibility limits for Pell grant recipients. The duration of a student’s eligibility to receive a Pell grant is set at 12 semesters (or its equivalent). This includes all grant awards the student has received in the past.

**RENEWAL OF FINANCIAL AID**

FAFSA Renewal/Early Submission Financial assistance is awarded annually. Starting with the 2017-18 FAFSA students can file as early as October 1 every year rather than January 1, 2017. Eligible students and parents who have a valid e-mail address in the Central Processing System (CPS) will receive an email notice between January and early February.

**STUDENT RIGHTS AND RESPONSIBILITIES**

A student attending Lawson State on financial aid has certain rights and responsibilities pertaining to his/her award.

The student has the right to ask the college:
• What financial assistance is available, including information on all federal, state, and institutional financial aid programs
• What the deadlines are for submitting applications for each of the financial aid programs available.
• What the cost of attending the college is, and what the refund policy is
• What criteria it uses to select financial aid recipients
• How financial need is determined. This process includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc., are considered in the budget
• What resources (such as family contribution, other financial aid, assets, etc.) are considered in the calculation of need
• How much of the financial need, as determined by the institution, has been met
• To explain the various programs in the student aid package. If a student believes he/she has been treated unfairly, he/she may request reconsideration of the award which was made
• What portion of the financial aid received must be repaid, and what portion is grant aid.
• How the school determines whether a student is making satisfactory academic progress and what happens if he/she is not
The student has the responsibility to:

- Review and consider all information about a school’s program before enrolling
- Pay special attention to the application for student financial aid. Complete it accurately and submit it on time to the appropriate place. Errors can result in delays in a student’s receipt of financial aid. Intentional reporting of false information on application forms for federal financial aid is a violation of law and is considered a criminal offense, subject to penalties under the Criminal Code of the United States. The Inspector General’s office will be notified in such cases
- Return all additional documentation, corrections, and/or new information requested by either the Office of Student Financial Services or the agency to which the application is submitted.
- Read, understand, and keep copies of all forms that he/she is asked to sign.
- Accept responsibility for all agreements he/she signs.
- Notify the lender of changes in his/her name, address, or school status for each loan he/she may have
- Perform the work that is agreed upon in a satisfactory manner when accepting a Federal Work Study assignment.
- Know and comply with the deadlines for application and reapplication for aid.
- Know and comply with the school’s refund procedure.
- Notify the Registrar’s Office, in writing, whenever there is a change of name, address, or telephone number.
- Submit documents verifying the information submitted on the Free Application for Federal Student Aid if requested.

<table>
<thead>
<tr>
<th>DISBURSEMENT OF FINANCIAL AID FUNDS</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Business Affairs Office has the responsibility for disbursement of grants, scholarship checks, and FWS paychecks.</td>
</tr>
<tr>
<td>When students receive a Financial Aid Award Notification, it is his or her indication that the financial aid award has been established. The award notification contains data on students' budgets, expected family contribution, award categories and students' rights and responsibilities. The Financial Aid Awards are usually made on an annual basis. The annual award is divided into two equal installments, which are posted to the student's account (WORK-STUDY IS EXCLUDED). If the financial aid award and/or cash payments exceed college expenses/charges, the student is eligible to receive a refund. Refunds are processed by the Business Affairs Office and will be disbursed fourteen (14) days after the first day of class through the Business Affairs Office. Students who drop classes will have their financial aid adjusted accordingly.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>RETURN OF TITLE IV FUNDS WHEN A STUDENT WITHDRAWS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Definitions:</td>
</tr>
<tr>
<td>Federal Financial Grant Recipient – Students who receive one or more of the following: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study money received by the student is affected.</td>
</tr>
<tr>
<td>Complete Withdrawal – The withdrawal date is the date the student submits a completed schedule change form (dropping all classes) to the Records Office or the appropriate instructional site. In those cases where a student unofficially withdraws (stops attendance without completing the withdrawal process), the withdrawal date is the last date of attendance as documented by the instructor.</td>
</tr>
<tr>
<td>Repayment – This is money that the student must return to the U. S. Department of Education. The amount of repayment will be based upon a formula, prescribed by law, that considers the date of withdrawal and the amount of federal aid (excluding work-study) received. Students who fail to repay the U. S. Department of Education will not be eligible to receive federal aid at Lawson State Community College or any other institution.</td>
</tr>
<tr>
<td>Return of Title IV Funds is a Department of Education financial aid policy, which affects students receiving federal assistance.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>FINANCIAL AID COURSE LOAD REQUIREMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>To receive the amount of Federal Pell Grant as indicated on a Financial Aid Award notification, students must enroll for a full-time course load (a minimum of 12 credit hours).</td>
</tr>
<tr>
<td>Students who enroll (each semester) in fewer than 12 credit hours will have their Pell Grant Award adjusted according to their registration status. Students enrolling in 9 to 11 credit hours are considered three-quarter (3/4) time, 6 to 8 credit hours are half (1/2) time, and 1-5 credit hours are less than half time. Students will not receive federal financial aid for classes outside their program of study. Questions regarding the enrollment status of adjusted credit hours should be directed to the Office of Student Financial Services.</td>
</tr>
</tbody>
</table>
Students completely withdrawing from college will have their financial aid adjusted; however, there are consequences for withdrawing from the college effective fall semester 2000. The U.S. Department of Education requires an institution to return all unearned Title IV funds to the appropriate Title IV program. When a student who receives Title IV aid withdraws on or before completing 60% of the period of enrollment, the College must calculate the amount of Title IV Aid the student did not earn and return it to the Title IV Programs. This action may require a student to repay funds issued directly to them. The non-payment of Title IV aid will also be reported to the U.S. Department of Education for collections and the overpayment of grants will be reported to the National Student Loan Data System as required by federal law. If a student withdraws after 60% of the semester is complete, the student most likely will not owe a repayment.

In addition, withdrawal from College affects the Satisfactory Academic Standard of progress and may affect the future receipt of Federal Financial Aid.

### Minimum Standards of Satisfactory Academic Progress

Federal law requires that institutions of higher education monitor the academic progress of students who receive federal financial aid. In order to remain eligible for federal, state and some institutional financial aid, students must comply with Lawson State Community College Standards of Satisfactory Academic Progress (SAP). Therefore, each student must adhere to the following:

- **ENROLLMENT STATUS/TIME FRAME** – Eligible students may receive Title IV Federal Financial Aid for a period of time. The time allowed MUST not exceed 1.5 times the normal length of a specific program (the “normal length” of a specific program will vary depending upon the enrollment status of the student). A two-year program of study (six semesters) must be completed within three years (nine semesters) of attendance.

- **QUALITATIVE MEASURES** – Each student on Title IV Federal Financial Aid must earn, each academic year, two-third (2/3) of the minimum number of hours required to complete a program and are expected to meet or exceed the following Grade Point Average (GPA) at the indicated points in their program of study:
  - 12 – 21 Hours 1.50 GPA
  - 22 – 32 Hours 1.75 GPA
  - 33 Hours and Above – 2.0 GPA

Students enrolled in a short certificate program equal to 26 hours must achieve a cumulative grade point average of:
  - 12 – 17 Hours 1.50 GPA
  - 18 or more Hours 2.0 GPA

- **QUANTITATIVE MEASURES** – Although a student is maintaining a high GPA by withdrawing from every course they are attempting after the first year would meet qualitative standard, the student is not progressing towards graduation. Each student must pass at least one-half (50%) of the hours attempted during the academic year. The student must complete their degree or certificate within 150% of the length of the program. For instance, if the length of the undergraduate program is 64 credit hours, the maximum time frame allowed to earn a degree/certificate will not exceed 96 attempted hours.

### Example:

#### Quantitative Standards Complete Percentage

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Hours Earned</th>
<th>Completion</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>06</td>
<td>50</td>
</tr>
<tr>
<td>25</td>
<td>12</td>
<td>55</td>
</tr>
<tr>
<td>57</td>
<td>34</td>
<td>60</td>
</tr>
<tr>
<td>72</td>
<td>48</td>
<td>67</td>
</tr>
</tbody>
</table>

The number of hours attempted will be counted as of the beginning day of record of each semester. All periods of enrollment at Lawson State Community College, including transfer hours accepted, will be counted in the completion percentage. Students who do not earn a degree/certificate within the specified time will not be eligible for federal aid.

### Failure to Meet Standards of Satisfactory Academic Progress (SAP) Requirements

#### Financial Aid Warning

If the student fails to achieve the required cumulative GPA or does not successfully complete the required percentage of hours, he/she will be placed on financial aid warning, which allows the student to receive financial aid for one additional semester. Student will be monitored for SAP again at the end of the warning period in order to determine additional eligibility.
Financial Aid Probation

Probations may not be given automatically. If the student fails to achieve the Standards of Satisfactory Academic Progress by the end of the financial aid warning, the student aid is suspended and he/she loses their financial aid eligibility and must submit the Standards of Satisfactory Academic Progress Appeals form to the Financial Aid Appeals Committee for review and approval. Should the student not wish to appeal, the student must meet SAP requirements before aid eligibility can be re-established.

APPEALS PROCESS

The student may file an appeal by submitting the Satisfactory Academic Appeals Form along with a Plan of Action to the Financial Aid Appeals Committee. The deadline for students to submit the appeals is posted on page one of the Satisfactory Academic Appeals Form and the student must indicate the term he/she is seeking reinstatement of federal aid. The student must submit appropriate documentation support the extenuating circumstances.

If the appeal is approved, the student will be placed on Financial Aid Probation and would be eligible for federal aid for one semester. The student’s academic progress will be monitored and reviewed at the end of that semester. If at the end of that semester, the student does NOT meet the SAP requirements, the student will no longer be eligible for federal aid until the student attends at his/her own expenses and meets ALL SAP Requirements.

(Students are encouraged to contact the Office of Student Financial Services for additional guidance)

Monitoring Progress

Academic progress for students at Lawson State Community College will be monitored at the end of each semester.

Remedial Courses

A Title IV Federal financial aid recipient enrolled in a remedial course may not be paid for more than 30 credit hours of remedial course work (Per federal guidelines). These courses will not be counted in the student’s maximum time frame to complete his or her program of study.

Repeated Courses

Will be factored into your completion rate and maximum timeframe calculations. The revised regulations allow students to receive Title IV aid for one-time repeat of a previously passed course.

Should the student subsequently fail the course, any additional attempt of that course cannot be included in the student’s enrollment status for Title IV assistance.

Academic Bankruptcy

Bankrupted courses will be factored into the completion rate, maximum time frame and the GPA calculation.

Withdrawals

Will not be factored into the GPA calculation but will be included in the completion rate and maximum time calculations.

Transfer Credits

Count toward maximum attempted credits and your completion ratio. Note: All Transcripts must be received by the Registrar before a student may receive any financial aid disbursement.

Federal Pell Grant is a part of a federal program that requires interested students to apply directly to the government for funds. A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants are only awarded to undergraduate students who have not earned a bachelor’s or professional degree. Any full, three-quarter, or half time student, who is a U.S. Citizen and has not received a bachelor’s degree, is eligible to apply. The amount of each Federal Pell Grant depends on the student’s need, the cost of his or her education and enrollment status (full-time, 12 semester hours or more; three-fourth time, 9-11 semester hours; half-time, 6-8 semester hours; and less than half-time, 1-5 semester hours).

Federal Supplemental Educational Opportunity Grant (FSEOG)

Federal Supplemental Educational Opportunity Grant is designed to assist students who demonstrate an exceptional financial need. These funds are limited and are distributed to students with the most needs based on the student’s EFC number. A student must be eligible for a Federal Pell Grant in order to be considered for this grant.
FEDERAL WORK-STUDY (FWS)

The Federal Work-Study Program (FWS) provides part-time employment opportunities for students on and off campus who need the earnings to help meet their costs of postsecondary education. The FWS Program encourages students receiving FWS assistance to participate in community service activities. To be eligible student must be enrolled at least half time and be capable of maintaining satisfactory academic progress.

ALABAMA STUDENT ASSISTANCE PROGRAM (ASAP)

Alabama Student Assistance Program (ASAP) are funds awarded to eligible Alabama residents who demonstrate need and who are enrolled at least half time. The program consists of the Federal State Student Incentive Grant funds and funds appropriated by the Alabama Legislature. ASAP funds are gifts that do not have to be repaid.

VOCATIONAL REHABILITATION

The state of Alabama provides certain benefits for students with disabilities through the Department of Rehabilitation Services (DRS). Please contact DRS for more information.

BENEFITS FOR VETERANS AND DEPENDENTS OF VETERANS

Before a veteran can make application for educational benefits, he or she must complete the following procedure:

- Apply for admission to Lawson State and complete his or her admissions file.
- Provide a certified copy of DD-214 or Certificate of Eligibility (Doc# 2384). Dependents must have a copy of their Certificate of Eligibility and Entitlement.
- Chapter 33 recipients must have a copy of their Certificate of Eligibility to determine percentage and remaining eligibility.
- Transcripts from all institutions previously attended.
- Certified copies of divorce papers from any previous marriage by either the veteran or spouse, if applicable.
- Certified copy of the marriage certificate for current marriage, if applicable.
- Official document of dependency, Form 21-509, if parents are claimed as dependents

CERTIFICATION OF VETERANS

The following criteria will be used for certifying veterans or eligible persons:

- Enrollment Certification will be submitted once a student is no longer listed as “Pre-registered”, which indicates unpaid.
- Enrollment Certification may be submitted for “Pre-registered” or unpaid students who submit a request for Advanced Payment at least six weeks prior to the beginning of a new term. This option is not available for students returning for an immediate subsequent term, nor is it available for Chapter 33, Post 911 students.
- Certification will be granted for only those courses that are applicable to the declared program of study (major). The appropriate instructional officer must approve any deviation, e.g. course substitution, in writing.
- Certification may be granted for basic institutional credit courses and developmental courses if such courses are necessary for the student to reach his or her objective. Developmental courses will be certified on a semester to semester basis.
- Certification will not be granted for audit courses.
- The veteran must be re-certified for educational benefits when he or she re-enters Lawson State after an interruption of his or her educational program.
- The veteran who has received college credit at other institutions will be certified for only those courses necessary to complete the declared program of study.
at Lawson State Community College.

- Payments for benefits will be based upon the following schedule:
  - Full-time payment (12 credit hours or more)
  - Three-fourths payment (9-11 credit hours)
  - One-half payment (6-8 credit hours)
  - Reimbursement for tuition and fees (5 or fewer credit hours)

- Should a veteran register for a course not in his or her program of study and not approved by the appropriate instructional officer, his or her benefits may be reduced at any time during the semester. **This action may occur without notification to the student.**

- Veterans may be certified for only one semester if he or she has prior credit that has not been received and evaluated. Re-certification is contingent upon the receipt of transfer credit information.

- Benefits may not be paid for courses previously passed unless a better grade is required in the degree objective, or for courses in which an “I” (Incomplete) was previously received.

*Veterans may contact the Veterans Assistant when registration is complete in order for enrollment certification to be submitted to the Department of Veterans Affairs.*

### WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) INDIVIDUAL REFERRAL PROGRAM

The Workforce Innovation and Opportunity Act (WIOA) Individual Referral Program is designed to train individuals eighteen years of age or older in a selected academic and career field. The student may be placed in any selected program where there is available space. However, the applicant must first be certified WIOA eligible by the Employment Service Intake Unit. Upon determination that the individual is eligible and that training is appropriate, the individual will be referred to the institution.

It is the purpose of the WIOA to establish programs to prepare youths and unskilled adults for entry or re-entry into the labor force. WIOA affords job training to those economically disadvantaged individuals and other individuals facing serious barriers to employment who are in special need of such training to obtain productive employment.

The ultimate goals of WIOA training programs are to:

- Increase employment and earnings of participants.
- Increase educational and occupational skills.
- Reduce welfare dependency.

Lawson State will determine the participants’ expenses of attending school and whether he or she is eligible for a Pell Grant. All income sources such as the Pell Grant will be deducted from the participant’s budget to determine remaining need.

WIOA will pay the following expenses to the extent needed to supplant the shortfall as described below:

- The published tuition rate for the training to be provided as shown in the edition of the College catalog (in effect) during the semester being billed.
- Appropriate fees.
- Required books and training supplies purchased on account through Lawson State’s bookstore up to various amounts as per program.
- Repeat courses will be the responsibility of the participant. WIOA funds shall not be used, under any circumstance, to pay for a repeat course (i.e. a failing grade, a dropped course for which the SDA was billed for any portion of training, etc).
- WIOA funds do not pay for remedial courses, general studies or pre-requisites to a course of study.

### CLASS ATTENDANCE OF VETERANS

**ALL** students attending Lawson State Community College are required to attend classes. For veterans, failure to attend class may result in a reduction or elimination of benefits. Should the veteran accumulate excessive unexcused absences, the reduction of benefits to the veteran will be made effective the first day of attendance in class.

### WITHDRAWAL FROM CLASS OR CLASSES BY VETERANS

Veterans may adjust their schedule, without penalty, only during the late registration or drop/add period. A veteran (or dependent) who withdraws after this period, must demonstrate extenuating circumstances, e.g. deployment, or he or she will suffer loss of payments under the VA educational assistance program. *The Veterans Assistant must be notified when a reduction is made in the class load.*
SCHOLARSHIPS
Lawson State Community College offers numerous scholarships in the form of tuition waivers. The college's scholarship application deadline is April 15. For specific information regarding scholarships offered at Lawson State Community College contact the Office of Student Financial Services or visit the college website. Listings of scholarship foundations or companies are available in the Office of Student Financial Services, on the Lawson State Community College website, at local libraries and at various websites on the Internet.

COST TO ATTEND
See next page for tuition and fee chart. This information is also posted on our website under Quick Links. Please view for most recent updates. Tuition and fees are subject to change.

REFUND POLICY
Refund for Complete Withdrawal
Students who officially or unofficially withdraw from all classes before the first day of class will be refunded the total tuition and other institutional charges. The “first day of class” is the first day classes are offered within any term configuration, including but not limited to full terms, split terms, mini-terms, and weekend terms.

A student who officially or unofficially withdraws completely on or after the first day of class but prior to the end of the third week of class will be refunded according to the withdrawal date, as follows:

- Withdrawal during first week
  75% of tuition and other institutional charges
- Withdrawal during second week
  50% of tuition and other institutional charges
- Withdrawal during third week
  25% of tuition and other institutional charges
- Withdrawal after third week—NO REFUND

For calculating refunds during the fall and spring sixteen-week terms, a “week” is defined as seven calendar days. Refunds of tuition for terms shorter than sixteen weeks, such as summer terms, mini terms, and weekend terms, will reflect a prorated week based on the number of days in the term.

Refund for Partial Withdrawal
Students who do not completely withdraw from the College but drop a class during the regular drop/add period will be refunded the appropriate tuition and fees associated with the dropped class. There is no refund due to a student who partially withdraws after the official drop/add period.

Administrative Fee
Administrative fee not to exceed 5 percent of tuition and other institutional charges or $100, whichever is smaller, shall be assessed for each withdrawal within the period beginning the first day of class ending at the third week of class.

Refund for No Attendance Recorded
Students who have been determined to have no attendance recorded (No-Show) for a traditional or online course at the end of each term will be refunded the appropriate tuition and fees associated with that class. Books and/or supplies are not included. Therefore, a refund will not be granted.

Refund of Textbooks Books and Supplies using Title IV Funds
Students who have used Federal Funds (PELL, SEOG, etc.) to purchase returnable books and/or supplies from Follett that creates an account credit balance will be provided a refund by the College upon receipt of credit amount from Follett.

Refund of Books and Supplies with Complete Withdrawal
The on campus bookstore is owned and operated by Follett bookstores. SEE TEXTBOOK REFUND POLICY below.

TEXTBOOK REFUND POLICY
Students who purchase books and/or supplies using cash, check credit/debit cards will adhere to the general refund policy that is set forth by Follett, a third party operating entity. See Follett refund policy at www.bkstr.com or visit the bookstore on campus.

Students who use Federal Funds (PELL, SEOG, etc.) to purchase returnable books and/or supplies from Follett that create an account credit balance will be provided a refund by the College upon receipt of credit amount from Follett (a third party entity).

Refund for Alabama National Guard and Reservists Called to Active Duty
Students who are active members of the Alabama National Guard or reservists or who are active duty military who are called to active duty by executive order of the President of the United States or a State Governor in the time of national crisis may receive a full refund of tuition and other appropriate institutional charges at the time of withdrawal. If a National Guard student is receiving Title IV funding, a recalculation must be performed as required by Federal Title IV regulations, which could result in less than a 100% refund.

Refund of Room and Board with Complete Withdrawal
Students who officially request a meal ticket refund and/or withdraw from a residence hall before the first official day of classes or during the first three weeks of the term will receive a refund calculated in accordance with the policy on Refund for Complete Withdrawal.

Additional Information
- Pertinent dates affecting withdrawal and late registration are on the Academic Calendar.
- When credit hours are added during the drop/add period, additional tuition and fees are charged.
- Drop/Add period for each semester is published in the Academic Calendar.

**** Full Time (12 credit hours or more)

Out-of-State Residents shall be charged 2.00 times the above Basic Tuition rates; Fees will remain the same per credit hour.

$25.00 Late Registration Fee for any returning student who fails to take advantage of the pre-registration process.
STUDENT HANDBOOK

Complaints, Grievances, Grade Appeals & Code of Conduct
Student Complaints, Grievance & Grade Appeal Procedures

Note: Code of Conduct is the Second-half of this Document

Definitions:

A-Z

**Academic Injury** is determined based on whether an alleged grading error caused a student’s grade to decrease by a full letter grade. In other words, if a Grade Appeal has to do with a grade changing in percentages (within the same grade category of “A”, “B”, “C”, “D” or “F”), the Grade Appeal will be denied. Meaning, if the change a student is seeking moves a grade from a 82% to an 86%, the Grade Appeal will fail, for the student was not successful in demonstrating that the alleged error had any academic injury, for the grade in the course did not change. Grade Appeals, then, are for students who can demonstrate that an alleged error in the calculation of the final grade caused the grade to drop at least one full letter grade (i.e., error caused the grade to drop from a “B” to a “C”, etc…)

**Anonymous Complaints:** Anonymous complaints are read and the College takes such complaints under advisement. While such complaints are read, no formal action from the College is required unless the College feels it is appropriate (to take action). Students issuing Anonymous complaints should not expect any formal reply or cause of action, since the complaint was issued without a name. Thus, students are encouraged to issue formal complaints if they would like their complaint addressed and tracked by the College formally.

**Appeal:** An appeal can be filed if a student is dissatisfied with a Dean’s Resolution (under the Grade Appeal or complaint process). Appeals are not automatically granted and are assessed and evaluated based on the evidence put forward by the student requesting the appeal. (See the Grievance Process and the Grade Appeal Process for more information).

**Complaint:** A student complaint is a College-related problem or condition in which a student believes to be unfair, inequitable, discriminatory, or a hindrance to the educational process. A complaint also includes discrimination on the basis of race, color, disability, gender, religion, creed, national origin or age.
Complaint Process: Lawson State has a two-tiered Complaint Process. The first, initial stage, called the Informal Complaint Process, moves a complaint through the proper chain-of-command up to the Dean’s level. In the end, the Dean issues a final resolution (called a Dean’s Resolution) to formally close and address the complaint. Typically, the majority of complaints end on this level. The second tier, called the Formal Complaint Process, only comes into play when a student is dissatisfied with the Dean’s Resolution issued. In such cases, the student can file an official grievance. Afterwards, the complaint is then taken to Committee and reviewed and another resolution is then issued.

External Agency (Social Networking/Public Display) Complaints: Students are strongly discouraged and cautioned against using Social Networking sites to discuss school-related issues or concerns or to personally vent or attack another student or LSCC personnel member, opposed to following Lawson State’s proscribed Informal and Formal Complaint Process. Please note that issuing false claims via a Social Networking site (i.e., Facebook, blogs, websites, and even email) could potentially make the student subject to legal jeopardy (slander) if the accusations shared proved false or proved to be written with malicious intent to cause harm to the institution’s reputation or person’s reputation. Thus, students are encouraged to issue formal complaints if they would like their complaint addressed and tracked by the College.

Formal Complaint Process: The Formal Complaint Process is the second tier of the overall complaint process as LSCC. It only comes into play when a student is dissatisfied with the Dean’s Resolution issued (See Informal Complaint Process). In such cases, the student can file an official grievance. Afterwards, the complaint is then taken to Committee and reviewed and another resolution is then issued.

Grade Appeal: The purpose of the Grade Appeal Process is to provide students with a safeguard against receiving an unfair final grade (based on a calculation error; a misrepresentation of the grading scale; incorrect application of the grading scale; or other error which academically injured the student), while respecting the academic responsibility of the instructor. Grade Appeals cannot be filed unless the student provides evidence of the error. The Vice President for Instructional Services has the final say on all grade appeals.

  Arbitrariness: The grade awarded represents such a substantial departure from accepted academic norms as to demonstrate that the instructor did not actually exercise sound professional judgment in administering the grade.

  Prejudice: The grade awarded was motivated by ill will, and is not indicative of the student’s academic performance.

  Error: The instructor made a calculation error in fact or application of points awarded or the weighting of final grades (as outlined in the syllabus).
Grade Dispute: A grade dispute is NOT a grade appeal. A grade dispute deals with disagreements related to individual grades received on assignments, projects, tests. If you have a dispute as it relates to an individual assignment, project or test, you MUST address that matter with the instructor one-on-one. Please be advised that the faculty member, not administration, has the final say on the issued grade for your assignment, test, project, etc...unless your dispute meets the following criteria: (a) the grade issued was issued out of unfairness or calculation error; (b) the grade issued was issued out of retaliation; (c) the grade issued was issued due to harassment. In such cases, the student needs to meet with the Department Chair and the instructor to resolve the single grade dispute. If the matter goes unresolved, and the single grade caused enough academic injury to cause the student to fail the class, the student can provide the grade dispute evidence as part of the formal Grade Appeal packet (for consideration).

Grievance: A grievance is filed when a student is not satisfied with the Formal Complaint Process findings and involves a formal hearing by a Grievance Committee. A grievance can only be issued after a student has adhered to the College’s formal complaint process and a Dean’s Resolution has been issued (in writing) and the student would like to challenge the decision reached. (See Formal Complaint Process for more information).

Informal Complaint Process: The first or initial stage of LSCC’s complaint process is called the Informal Complaint Process. The Informal Complaint Process moves a complaint through the chain-of-command up to the departmental level. Typically, the majority of complaints end at this level. If a student is dissatisfied at this level, the he or she can file an official complaint using the Advocate system. In doing so, the formal complaint process is initiated.

Retaliation: Retaliation is punishment received for filing a complaint. Students filing complaints should never fear retaliation. Retaliation for complaints issued is NOT tolerated on the campus of Lawson State. If a student feels he or she is being retaliated against after filing a complaint, they need to file a Retaliation Complaint immediately. Employees and students are subject to discipline if practicing any form of retaliation against a student or another employee after filing a complaint.

Resolution: For the purposes of Lawson State Community College’s complaint, grievance and appeal procedures, the word “Resolution” refers to any decision reached in the complaint process, after facts, evidence and testimony (in some cases) have been reviewed. Resolutions are always mailed to the individual who filed the complaint.

Unqualified (Third-Party) Complaints: Unqualified complaints are those complaints that come in from non-Lawson State students or unqualified external agencies. Such complaints are read but no formal action from the College is required unless the College feels it is appropriate (to take action). Students issuing an unqualified complaint should not expect a
formal reply by the College or cause of action, since the complaint was issued by a third party. Thus, students are encouraged to issue formal complaints if they would like their complaint addressed by the College formally.

Terms (associated with harassment and retaliation) below have been expressly written by the legal team from the University of Alabama. Lawson State Community College has been granted special license to use all terms and wording set forth as outlined below.

**Harassment**
Harassment is abusive or hostile conduct which is directed toward or inflicted upon another person because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran's status and which, because of its severity or pervasiveness, unreasonably interferes with an individual's work or academic performance or creates a hostile or abusive work or learning environment for that individual's work, education, or participation in a [college] activity. Harassment is typically based on stereotyped prejudices and includes, but is not limited to, slurs, jokes, objectionable epithets, or other verbal, graphic, or physical conduct that demeans, insults, or intimidates an individual because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran status (UA, 2012).

**Sexual Harassment**
Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of employment or academic advancement; (2) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's performance as an employee or student or creating an intimidating, hostile, or offensive working or learning environment (UA, 2012). See Sexual Assault on page 5.

**Retaliation (Against Sexual Harassment Claims)**
Retaliation against persons who oppose or complain about harassment is strictly prohibited. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as alleging harassment, making a harassment complaint, or assisting in a harassment investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that
would dissuade a reasonable student or employee from filing a harassment complaint or participating in a harassment investigation (UA, 2012).

Retaliation

Retaliation against persons who oppose, complain, seek a grade appeal or file a grievance or any other issue is strictly prohibited on the campus of Lawson State. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as making a complaint or appeal or grievance, or assisting in a complaint or appeal or grievance investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a complaint, an appeal or grievance or participating in said investigation (UA, 2012).

Sexual Assault (Revised, 2015)

Sexual Assault is any involuntary sexual act in which a person is coerced or physically forced to engage against their will, or any non-consensual sexual touching of a person. Sexual assault is a form of sexual violence, and it includes rape, groping, forced kissing, or the torture of person in a sexual manner.
The Complaint Process—from Informal to Formal

NOTE: If you have a Grade Dispute, see Grade Dispute Procedures.

Most complaints issued are resolved informally. Informal complaints related to instructional issues or non-instructional issues all follow the same process that is designed to lead to a fair and vetted resolution of your complaint (informally). All students (whether a ground/on-campus student or online student) are required to follow the Informal Complaint Procedure as outlined (in steps) below. Failure to follow this process can invalidate your complaint.

STEP 1: Informal Process
If comfortable, talk one-on-one with the individual directly related to complaint
If dissatisfied on this level, move to Step 2

STEP 2: Informal Process
Speak or meet with the Department Chair and/or Instructor (if this is student related)
This step cannot be skipped.
If dissatisfied, move to Step 3

STEP 3: Formal Process (Dean's Resolution)
File a formal complaint online. This will ensure that you meet or speak with the Deans
A Dean’s Resolution will be issued. Move to the grievance phase if dissatisfied at this level.

STEP 4: Formal Process (Grievance)
If dissatisfied with the Dean's Resolution, an official Grievance can be filed (online).
Grievances are heard by Committee and are considered final.
Steps 1 & 2: The Informal Complaint Process

Note: If dealing with matters of harassment and/or retaliation, you can skip to Step 3 (if you feel uncomfortable working through Steps 1 and 2).

Step 1: Speak with the Individual Privately about Your Concern(s)

Step 1 is the first stage of the Informal Complaint Process.

(If comfortable, speak directly to employee connected or student associated with the complaint in person or over the phone, if you are an online student) Students who wish to file an informal complaint should first discuss the concern with the College employee or student most directly responsible for the condition which brought about the alleged complaint. If no satisfactory resolution is reached at this level or if the student feels uncomfortable, move to Step 2.

Step 2: Speak with the Individual’s Department Chair or Your Instructor (if this matter involves another student)

Step 2 is the second stage of the Informal Complaint Process

(Speak with the Department Chairperson or Director of the Office in person or over the phone, if you are an online student). Step 2 requires that the student meet with the first level administrator, the Department Chair (if the complaint falls under Instruction) or a Director, if the complaint falls under Administrative (including the Business of Financial Aid Offices) or Student Services Offices or Library Services.

How to Locate a Department Chair or Office Director

To view a current listing of Department Chairs or Directors, click on Lawson State’s official webpage at www.lawsonstate.edu.

Once on the webpage, follow these steps to find the Supervisor and their contact information

a. Click on either the Student Portal or the Current Student button (from LSCC’s main webpage).

b. From there, click on either the Complaint Process, or Report a Concern button.

c. Once on that page, look for the “Find a Supervisor” button. This will link to the Employee Directory. Department Chairs are listed by the Department, so search for the specific department. Do not involve the Vice Presidents or Deans at this level. If you still encounter problems locating a supervisor, speak with your advisor for assistance.
d. NOTE: You can click on Quick Links (on the web) which also houses the directory. From there, you can email the Department Chair. Email is preferred and also creates a track record (evidence) that you tried to contact the director. Phone calls are discouraged.

Students filing informal complaints MUST complete Step 2 in order to advance to Step 3, if warranted. If no satisfactory resolution is reached, the student may move to the next level of authority (the Dean’s level, Step 3).

Step 3: The Formal Complaint Process

Step 3: Filing a Formal Complaint

Step 3 moves complaints from informal to formal. Formal complaints are recorded and tracked at the college.

(Formal Complaints MUST be Filed Online)

Filing a formal complaint takes place after the Informal Process was not successful for you (but not before). Filing a Formal Complaint is done in writing and online only. Once filed, a formal investigation into your complaint and meetings to discuss your complaint (with a Dean or Deans) will take place.

If the complaint is still unresolved after following Step 2 (but not before), the student may file a formal complaint online via the Advocate Complaint Reporting System.

How to File a Formal Complaint (Ground & Online Students)

Whether you are a ground (on campus) student or whether you are an online student (distance education student), filing of formal complaints is the same and occurs online ONLY.

To file a formal complaint, you need to access Lawson State’s official webpage at www.lawsonstate.edu. Once on the webpage, Click on either the Student Portal or the Current Student button. From there, click on either the Complaint Process, Complaints or Report a Concern button. The system will then “walk you through” the filing of a complaint formally online. Be sure to read the information before filing a formal complaint.

If you have not followed the Informal steps (first) before filing a formal complaint, it is very likely that you will be redirected after issuing your complaint and asked to complete the
Informal Process first. This is not to frustrate you. Rather, the college is simply trying to resolve the complaint informally first before advancing your complaint formally.

**No Computer. How Do I File?**

If you are a ground (on campus) student, and you do not have access to a computer at home, file your complaint in either the library or SPACE Center where computer access is plentiful. Again, formal complaints must be in writing in order for the Deans to initiate a formal investigation into your complaint.

**NOTE:** If you are filing a retaliation or harassment or sexual assault complaint, you do not have to follow the informal process, if you feel uncomfortable. You can move directly to filing a formal complaint online, so the matter can be sped up and advanced to the Dean’s level immediately. Lawson State has a no tolerance policy as it relates to harassment, sexual assault and retaliation complaints, so such accusations need to investigated and resolved immediately.

**Dean’s Resolution (Formal Resolution)**

Once you file a formal complaint (online), the Deans will investigate your complaint. Students filing a formal complaint MUST cooperate in all matters related to the investigation of the complaint. This includes meeting with the Deans and providing additional information, upon request. Once the investigation is over, the Deans will issue a formal resolution (called the *Dean’s Resolution*). The formal resolution will be sent by certified and/or registered mail to the student and to any and all parties related to the complaint.

Once the Dean’s Resolution has been issued, the complaint will be formally closed by the college. The entire Formal Complaint process is typically completed within 30 business days, from the initial filing of the complaint online. However, some investigations could take longer, depending on the scope of investigation that is launched and the number of individuals involved.

**Step 4 & 5: Formal Grievances & Hearing**

**Step 4: File a Formal Grievance**

(*Challenging a Dean’s Resolution*)

Filing a Grievance is a serious step to take and must be based on facts, not opinion or simply disagreeing with findings outlined in the Dean’s Resolution. Although extremely rare, if the *Dean’s Resolution* does not prove to be a satisfactory closure to the student (who filed the original formal complaint), a student may file a formal grievance to the *Grievance Committee*. In doing so, a *Grievance Committee* reviews the Dean’s Resolution issued and the original complaint to once again, try to find closure of the complaint.
A Formal Grievance can only be filed if the student has first followed all of the required steps under the Informal and Formal Complaint Process (Steps 1 through 3). If the student does not have an official Dean’s Resolution finding in writing (that is being disputed), then he or she cannot proceed to this step (filing a formal grievance), and as such, must go back and follow the College’s Informal and Formal Complaint Process (Steps 1-3).

**NOTE:** Grade disputes follow a different process. See Grade Disputes/Appeal section for more information.

The Grievance Process continues the Formal Complaint Process and begins ONLY if a student finds that the Dean’s Resolution did not resolve the complaint satisfactorily. The chart below, outlines the Grievance Process (in detail).

### Filing a Grievance (Step 4) & The Hearing (Step 5)

Procedures for filing an official grievance are as follows:

**Filing Procedures:** A student who wishes to file a Grievance to be heard by the college’s Grievance Committee (which includes one of the Vice Presidents or designee serving on the committee) must file a formal grievance via the online Advocate system. To file a grievance, go back to either the Student Portal or Current Students page and click on the Complaint button. From there, click on the link to file a Grievance and proceed as instructed.

A Formal Grievance must be submitted online (within 5-business days of receipt of a Dean’s Resolution). Failure to follow the online process and submit your request within that timeframe will automatically invalidate your request for a hearing and the Dean’s Resolution will stand.

Please note that grade disputes are not handled through this process. If you have grade dispute, please follow the Grade Dispute Complaint Process.

A Grievance Hearing date must be provided to the student (via email) within 10 to 14 business days of a student filing a Formal Grievance. The hearing should take place no later than 30 to 45 business days following notification to the Grievance Committee (that a hearing has been requested), unless the request comes during a holiday. If a Formal Grievance is filed between semesters (when the College is not operational), expect a delay beyond 30 to 45 business days.
Please note that the Grievance Committee works to adhere to outlined deadlines but students may experience reasonable delays depending on the case load of the Committee to hear all cases.

The Grievance Committee is an ad hoc committee and consists of student(s), faculty members, staff members and administrators and one or both of the Vice Presidents (or designee). It is the responsibility of the College President (or designee) to appoint all committee members, and the appointer shall examine each member to ensure his or her impartiality. All Grievance Committee members held to strict confidentiality rules and are trained on conflict resolution techniques.

The **Grievance Committee (which includes the Vice President’s ruling)** will make it findings and send its decision to the grievant (student) and the appropriate Dean (who filed the original Dean’s Resolution). Grievance Committee findings are final and binding and officially close the complaint at the college. No further investigate or remedy to the original complaint is required after a Grievance Committee has reached a final resolution of the complaint.

1. A Grievance Hearing is not automatically granted, but all challenges to a Dean’s Resolution are reviewed. The Grievance Committee can take the following actions after reviewing the facts presented in a formal grievance:
   a. **Action 1:** Full Denial. Uphold the decision issued in the Dean’s Resolution without granting a formal hearing.
   b. **Action 2:** Full Reversal. Overturn the decision issued in the Dean’s Resolution (without a hearing) and issue a new decision.
   c. **Action 3:** Modification. Modify the decision in the Dean’s Resolution (without a hearing).
   d. **Action 4:** Grant the Grievance Hearing in which the student is granted a full hearing and re-vetting of the circumstances with the Grievance Committee (and other third parties, if requested by the Committee).

2. The Grievance Committee will make the final finding (called the **Grievance Committee’s Resolution**) and send the decision to the student, Committee members, the Vice Presidents, and the appropriate Dean. The student will receive the final resolution via certified and/or registered mail. The Grievance Committee’s decision is final and cannot be appealed at the college.

**Step 6: Reporting to External Agencies:** If an individual is still dissatisfied following Steps 1-5, they can submit an external complaint to the Alabama Community College System (ACCS), following the outcome of the Grievance Hearing. To file a complaint with the ACCS or with Lawson State's accrediting agency, go to Lawson State's website and click on Quick Links. From there, click on the "Report a Concern/Complaint/Incident" link for students or employees. Once on the Complaint directional page, scroll down to Step 6 and follow the prompts to submit an external complaint or concern. **NOTE:** Steps 1-5 must be complete before moving to Step 6.
Student Responsibilities:
Grievance Procedures & Requirements

If a student submits a formal grievance (challenging a Dean’s Resolution), a grievance must be filed online (via the Advocate System) in writing (within 5 business days after the Dean’s Resolution has been issued) and contain:

1. The student's name and address;
2. Student’s Lawson State email account;
3. The detailed nature of the grievance; why you are filing and what evidence you are presenting in order to counter the Dean’s Resolution reached.
4. The corrective action sought (what you would like the college to do); and
5. Submit any relevant information requested to establish grounds for the grievance. Simply disagreeing with the Dean’s Resolution, does not establish grounds for a grievance. You must provide a strong rationale for your request to go to hearing.

As previously noted, the Informal and Formal Complaint Process should take no more than 30 days (typically). However, the formal Grievance Process could take a protracted amount of time in large part due to unforeseen legal entanglements. The college does work expeditiously to resolve all complaints in a reasonable amount of time to ensure and protect all parties considered, yet times can vary depending on the type of grievance filed and the complexities that each unique circumstance may yield.

In conducting any Grievance proceeding, administrators representing the College can:

1. Require any student or employee to provide a written statement, along with any documents concerning the events and circumstances that may have given rise to the grievance;
2. Require any student or employee to provide a written statement as to why (or under what grounds) do they object to the Dean’s Resolution filed;
3. Require any student, witness or employee to appear and testify before the Committee;
4. Require any student, witness or employee to maintain confidentiality as it relates to the information shared during the hearing.
5. Record proceedings (audio or video);
6. Require the signing of affidavits, if deemed necessary
7. Question each individual who testifies; and
8. Copy all documents.

Legal Representation at Hearings

Hearings are not an adversarial proceeding. The Committee shall conduct a Hearing in a professional and cooperative manner, and all participants are expected to do likewise. Students wishing to bring legal counsel, although rare, may do so only if pre-approved by the
Grievance Committee (in advance). In such cases, the student must notify the Grievance Committee no less than 7 business days prior to the hearing. **Pre-approval MUST be sought.** If the student fails to notify the Committee as required, the committee can refuse entry of any and all legal representatives if it chooses to do so. If granted access to a Grievance Committee, legal representatives cannot engage the Committee in any manner or disrupt the Hearing. The legal representative can only engage the student or employee and not ask questions of the Committee directly or interfere in the proceeding in any way. If the legal representative violates this procedural rule, then he or she will be asked to leave the Hearing, without penalty to the student and without incident.

## Grievance Hearing (Students Rights)

A student has a right to be heard (in writing or in person, if approved) and their complaint (and all evidence collected to support that complaint) vetted. When participating in any Grievance Hearing, students can:

1. **Have legal representatives attend (if pre-approved 7 business days prior to the Grievance Hearing).** As previously addressed, students wishing to bring legal counsel must notify the Grievance Committee no less than 7 business days prior to the hearing. If the student fails to notify the Committee as required, the committee can refuse entry of any and all legal representatives if it chooses to do so. Legal representatives, though, cannot engage the Committee in any manner or disrupt the Hearing. The legal representative can only engage the student or employee and not ask questions of the Committee directly or interfere in the proceeding in any way. If the legal representative violates this procedural rule, then he or she will be asked to leave the Hearing, without penalty to the student and without incident.

2. **Have a parent or guardian present.** This does not include boyfriends or girlfriends, but legal spouses can attend (for support). Students are permitted to bring a parent or guardian (if they so choose) to a Grievance Hearing or a spouse. If the student is 18 years of age or older, the parent can only engage the student and cannot ask questions of the Committee or disrupt the proceeding in any way. If the parent or guardian violates this procedural rule, then he or she will be asked to leave the Hearing, without penalty to the student. If the parent is a witness to what generated the complaint or is issuing the complaint themselves, then this rule changes and the parent can engage the Committee. This rule also changes if the student is under 18. In such cases, the parent can ask questions of the Committee and be involved in the hearing without restriction. In cases in which the parent or guardian is a witness the
Committee may request that the parent or guardian be interview without the student present.

3. **Invite witnesses related to the Complaint to a Grievance Hearing.**

Witnesses must be first-hand witnesses in order to attend a hearing. Meaning, if the witness is only going to report on what he or she was told by the Complainant (student issuing the complaint), then the witness cannot participate in the Grievance Hearing. However, if the individual witnessed the actual incident that led to the complaint, then the witness can participate.

NOTE: All witnesses are subject to questions by the Committee and must be pre-approved by the Committee before attending. Only witnesses listed in the initial complaint can attend a hearing. Witnesses do not participate in Vice Presidents’ Appeals process or President’s Appeal situations unless requested.

### Causes to Dismiss a Complaint or Grievance

There are several reasons that could cause a Complaint or Grievance to be dismissed during the Informal or Formal Complaint Process. **They are as follows:**

- Failure (on the part of a student) to comply with a summons, order or request from a Committee or college representative investigating the complaint.

- Submitting of false statements (of any kind) in a complaint or within a Grievance Hearing will cause a complaint or grievance to be dismissed automatically. Submitting false claims can also lead to disciplinary action being sought against and could potentially lead to legal action being sought if such claims involve filing a false harassment, sexual assault or retaliation report.

- Writing or conspiring with another student or witnesses to issue false claims within the investigation of the formal complaint or during a Grievance Hearing.

- Failure to answer questions as it relates to the complaint or grievance filed.

- Failure to file a grievance within the outlined deadlines (within 5-business days after receiving a written Dean’s Resolution).

- Failure to attend a scheduled meeting related to your complaint or grievance on the scheduled date and time provided, a No Show.

- Posting confidential information about the Complaint Process, individuals involved in the complaint, and how the College is handling the complaint on a Social Networking Site or website.
The Reasonable Standard

The College views all student issues, concerns, and complaints seriously. Thus, a student has a right to be heard and their complaint (and all evidence collected to support that complaint) vetted appropriately.

Findings of Complaints and Grievances shall be based on impartiality and recommendations will be based on objectivity, common sense, and good judgment.

Committees (charged with investigating complaints) make recommendations and/or decisions based on the “reasonable” standard. In other words, what would a “reasonable” person do or how would a “reasonable” person react. Using this standard, the Deans (charged with fielding formal complaints) and Grievance Committee members will move forward with a decision.

The Deans and Grievance Committee members also work from a premise of fairness to all parties involved. In order to guarantee fairness, all formal complaints and Grievance Hearings shall ensure that all relevant evidence is obtained from parties during formal complaint investigations and hearings and that all parties are questioned thoroughly and that all information shared during meetings and/or hearings remain confidential.

Other Procedural Matters
(within the Formal Complaint Process)
Related to Required Cooperation & Dismissal of Complaints

If a student files an informal or formal complaint, the following procedures apply:
(1) The student shall discuss the informal complaint fully at each level in the process in a professional manner. (2) At each level of authority, a decision shall be made based on common sense and good judgment of a reasonable person. (3) Each level may seek the appropriate authority, if necessary, to resolve the complaint. (4) Complaints can be dismissed if the student is no longer willing to discuss the complaint or if he or she misses at least one scheduled meeting to discuss the complaint or if it is determined that a falsehood has been reported by the student.

NOTE: The Grievance process is outside of the scope of the Informal Complaint Process and may be a protracted process taking anywhere from 30 to 45 business days (typically) to meet full resolution, depending on the complexity of the complaint.
Scope

Student Complaints vs. Student Code of Conduct

Complaints must be filed within 45-days of the alleged incident. The student complaint and grievance processes are not intended to supplant the Student Code of Conduct, which allows the student procedural due process in disciplinary proceedings initiated by the College. Rather, the student complaint and grievance procedures are designed to provide the student with the opportunity to file a complaint or a grievance, as defined above and below, and to provide a process for a fair and fully vetted resolution.

At times, student complaints can overlap and involve violations of the Student Code of Conduct. For example, if a complaint involves a student harassing another student, then the complaint will be investigated (under the Student Complaint Process) and if the Student Code of Conduct is found to be violated, then a sanction will be issued. In such cases, the student will fall under the Student Code of Conduct due process protections and will have the right to appeal the findings or the findings could lead to a Disciplinary Hearing being ordered.

General complaints of all types of nature (i.e., treatment on campus by an employee or student; disagreement with a rule issued by a faculty member that caused academic harm, etc…) are taken seriously and should be issued. A student may also file a complaint concerning a policy, procedure, rule, or grade if the complaint alleges discrimination on the basis of race, color, religion, national origin, sex, disability, or age is the basis for the complaint. This student complaint procedure is not designed to include changes in policy nor does it apply to grading practices. A grade dispute that is not based on an allegation of discrimination is handled under the Grade Dispute and Appeal Process.

NOTE: Recommendations for initiating new policy or changing established policy are handled through normal administrative channels, not the Complaint process.

Harassment & Retaliation Claims

Filing a Harassment or Retaliation Claim

Lawson State has a no tolerance harassment, sexual assault or retaliation policy. Due to the serious nature of any harassment, sexual assault or retaliation claim and obvious risk and potential harm, the standard student grievance procedure is not applicable to complaints of this serious nature. Rather, all students shall report complaints of harassment or retaliation to either the Dean of Students, the Academic Dean, or the Title IX Coordinator for immediate handling. Complaints must be filed within 45-days of the alleged incident. To report a sexual assault
incident of harassment or retaliation, students must formally submit a harassment or retaliation claim online or go directly to any Dean (see listing above).

To file online or in-person, students need to follow the steps outlined on the next page.

**Filing a Harassment, Sexual Assault or Retaliation Claim (Online)**

**Step 1:** Log on to www.lawsonstate.edu

**Step 2:** From the main website, click on the Quick Links button and locate the Complaint/Concern link and click it.

**Step 3:** Once on the page, review the Terms and Conditions (at the bottom of the page) which outline what Harassment, Sexual Assault & Retaliation are specifically. Read the definitions. If you still feel you have a claim, Click on the Report Harassment or Retaliation or Sexual Assault link (provided on the page).

**Step 4:** Clicking on the Harassment/Sexual Assault/Retaliation link, will take you to Lawson’s online Advocate Complaint Reporting System. From there, follow the prompt to submit your harassment or retaliation complaint. The system will prompt you to put your claim in writing, provide witness information (if you have any), and evidence (if you have any). Provide only truthful and accurate information.
NOTE: Filing an intentional false harassment or retaliation claim can lead to disciplinary or civil action being sought. Never file a false claim.

**Step 5:** One of the Deans at the college will contact you for a formal meeting regarding your harassment or retaliation complaint. It is your responsibility to cooperate fully in the investigation of your complaint. Failure to attend meetings or refusing to discuss the complaint absolves the college from all responsibility to pursue your complaint.

Note: If filing a Title IX claim dealing with sexual assault or sexual harassment, the College has a Title IX Coordinator or Co-Coordinator that handles all such claims. Darren Allen serves as the Title IX Coordinator for all students and Mrs. Janice McGee serves as the Co-Director.

Contact Information: Darren Allen / Email: dallen@lawsonstate.edu / Phone: 205-929-6361
Janice McGee/Email: sdavis@lawsonstate.edu/ Phone: 205-929-6313
Filing a Harassment, Sexual Assault or Retaliation in Person

(Secondary Way to File)

Due to the serious nature of harassment, sexual assault and retaliation complaints, students can report the complaint to the Dean or Title IX Coordinator in person.

Follow these steps:

Step 1: Report to any Dean’s office (Academic Dean, Dean of Students or Dean of Educational Support Office) to file your report and see the Dean, if available.

  Academic Dean: Office is located on both campuses. Birmingham: Library Complex, Building “D”. Bessemer campus: Library Complex, Building “A”.

  Dean of Students: Office is located on both campuses. Birmingham: Office is located in Student Services in the Leon Kennedy Building (across from the bookstore on the 2nd floor). Bessemer campus: Office is located in Student Services (near the bookstore) in Building “A”. Title IX offenses: Report to Darren Allen. Call 205-929-6361.

Step 2: Submit your claim in writing online (at the time of your office visit), providing only truthful and accurate information. Let the Administrative Assistant know you would like to report a harassment or retaliation complaint. They will ensure you have access to a computer to report it at the time of your visit.

Step 3: In some instances, if the Dean is available at the time you come to the office, be prepared to meet on the same day your claim is filed.

You will be contacted within 24 to 48 hours, depending on the day and time of the filing of your harassment / retaliation claim. All harassment and retaliation claims are investigated by the institution and resolved in a timely manner and are fully vetted. Harassment and retaliation claims are handled by Committee.

Due to the seriousness of harassment, sexual assault and retaliation claims, such claims are expedited at the College. Complaints of this nature, then, do not follow the normal grievance or appeal process. They are fast-tracked and given priority at the institution.

NOTE: Filing false claims of harassment or retaliation can be viewed as an act of retaliation (on the part of the person filing the claim) and will be thoroughly investigated and could lead to a violation of the Student Code of Conduct. This in no way should discourage an individual from filing a claim. This warning is written expressly to discourage the practice of filing intentional false claims.
Grade Disputes, Appeals & Challenges

Understanding What Qualifies for a Grade Appeal Filing

**SPECIAL NOTE:** Lawson State Community College holds that the instructor of record has the professional obligation and expertise to administer final grades. Thus, the grade appeal process should not be treated or turned into an exploration on the part of the student to find points in order to pass. The grade appeal process does not involve going back and looking at every assignment (and every question within every assignment) and examining every exam question in hopes of finding points. Rather, grade disputes must center on a specific claim of unfairness (directed and applied on the single student) or should center a specific error or arbitrariness (i.e., calculation error, weighting of grades error, gradebook errors) that the student feels the faculty member made in the calculation of the final grade. The re-vetting of assignments and old exams is not permissible under the grade appeal process. Students who wish to question an exam, assignment, or project results must do so during the administration or review of an exam (while the class is up and running) and work with the instructor of record for clarification of individual assignment grades at the time they are administered, not beyond. If unresolved, the student must use the informal complaint process to resolve individual grade disputes. Grade Appeals, then, deal with final grades, not specific test questions or assignment questions. Hence, grade appeals are not designed to dissect a course and should not be treated as such.

The purpose of the Grade Appeal Process is to provide students with a safeguard against receiving an unfair final grade (based on a calculation error; a misrepresentation of the grading scale; incorrect application of the grading scale; or other human errors which academically injured the student), while respecting the academic responsibility of the instructor. Thus, this procedure recognizes that,

- Every student has a right to receive a grade assigned upon a fair and unprejudiced evaluation based on a method that is neither arbitrary nor capricious; and,
- Instructors have the right to assign a grade based on any method that is professionally acceptable to all students and applied equally.
- Disagreement with the establish standards applied in the course to evaluate or calculate final grades or projects is not criteria to appeal a grade unless such standards are professionally unacceptable and are not applied equally within a specific class or if a calculation error can be demonstrated.
- Lawson State Community College holds that the instructor of record has the professional obligation and expertise to administer grades. Thus, grade appeals are not designed to go back through the entire class and challenge individual test questions and individual test answers or individual grades on various assignments, projects, etc… in the course unless the student can demonstrate that a calculation error has occurred. Instructors have the
right to assign a grade based on any method that is professionally acceptable and equally applied to all students.

- All syllabi must outline how grades will be calculated and all instructors must follow what is outlined in the syllabus in terms the final calculation of grades.
- Attempting to challenge a grade based on what occurred in a different class is not grounds for a grade appeal.
- Grade appeals must occur within a reasonable time frame, no more than one semester beyond when the grade was issued.

Instructors have the responsibility to provide careful evaluation and timely assigning of appropriate grades. Course and project grading methods should be explained to students at the beginning of the term. Lawson State presumes that the judgment of the instructor of record is authoritative, and the final grades assigned are correct and should be respected by all parties.

A grade appeal shall be confined to charges of unfair action toward an individual student and may not involve a challenge of an instructor’s grading standard. A student has a right to expect thoughtful and clearly defined approaches to course and project grading, but it must be recognized that varied standards and individual approaches to teaching and grading are valid and permissible and the faculty member has the academic freedom to approach his/her course based on their own professional expertise and judgment.

The grade appeal considers whether a grade was determined in a fair and appropriate manner; it does not attempt to grade or re-grade individual assignments or projects (within a course). Rather, it is incumbent on the student to substantiate the claim that his or her final grade represents unfair treatment, compared to the standard applied to other students. Only the final grade in a course or project may be appealed, not individual assignments. Thus, in the absence of compelling reasons, such as clerical error, prejudice, or capriciousness, the grade assigned by the instructor of record is to be considered final.

In a grade appeal, only arbitrariness, prejudice, and/or error will be considered as legitimate grounds for an appeal.

**Arbitrariness:** The grade awarded represents such a substantial departure from accepted academic norms as to demonstrate that the instructor did not actually exercise sound professional judgment in administering the grade.

**Prejudice:** The grade awarded was motivated by ill will, and is not indicative of the student’s academic performance.
Error: The instructor made a calculation error in fact or application of points awarded or the weighting of final grades (as outlined in the syllabus)

This grade appeal procedure applies only when a student initiates a grade appeal and not when the instructor decides to change a grade on his or her own initiative. This procedure does not cover instances where students have been assigned grades based on academic dishonesty or academic misconduct, which are included in Lawson State’s Student Handbook and Catalog. Also excluded from this procedure are grade appeals alleging discrimination, harassment or retaliation in violation of Lawson State’s Harassment Policy, which shall be referred to the appropriate office. In such cases, the student needs to report a harassment or retaliation claim with the college (online) formally so both matters can be addressed.

Grade Appeal Policy Procedures

Academic Injury is determined based on whether the alleged error caused the student’s grade to decrease by a full letter grade. In other words, if a Grade Appeal has to do with a grade changing in percentages (within the same grade category of “A”, “B”, “C”, “D” or “F”), the Grade Appeal will be denied. Meaning, if the change you are seeking moves your grade from a 82% to an 86%, the Grade Appeal will fail, for you were not successful in demonstrating that the alleged error had any academic injury to you, for you still received a grade of “B” in the course. Grade Appeals, then, are for students who can demonstrate that an alleged error in the calculation of the final grade caused the grade to drop at least one full letter grade (i.e., error caused the grade to drop from a “B” to a “C”, etc…). Before filing a Grade Appeal, be sure you have read the “What Qualifies for a Grade Appeal Filing” (at the beginning of this section). Below are the steps that outline how to file an official grade appeal at Lawson State Community College. Failure to follow these steps and meet all deadlines will void your petition.

Under no circumstances shall a student of Lawson State involve the President of the college in a grade dispute or grade appeal or grade appeal challenge. Grade Disputes and Appeals are handled by the following individuals: the instructor of record, the Department Chair, the Associate Deans, the Academic Dean and the Vice President for Instructional Services (who renders the final decision on all grading matters). The Vice President for Instructional Services makes ALL final decisions on all Grade Appeals (Disputes) issues. Failure to follow the chain-of-command and outlined policy is grounds for dismissal of your petition for a grade change.
Defining a Grade Dispute

A grade dispute is **NOT** a grade appeal. A grade dispute deals with disagreements related to individual grades received on assignments, projects and tests. If you have a dispute as it relates to an individual assignment, project or test, you **MUST** address that matter with the instructor one-on-one (at the time the grade is administered). Please be advised that the faculty member, not administration, has the final say on the issued grade for your assignment, test, or project. If the matter goes unresolved, and the single grade caused enough academic injury to cause the student to the fail the class or lowered the student’s grade by one letter grade, the student can provide the **grade dispute evidence** as part of the formal Grade Appeal packet (for consideration).

Filing a Grade Appeal and/or Grade Appeal Challenge

The steps below outline the Grade Appeal process (step-by-step). There are four levels in the Grade Appeal and Grade Appeal Challenge Process: (Level 1, Informal) meet with instructor and Chairperson ; (Level 2, Informal) meet with Instructor and Associate Dean and/or Assistant Dean ; (Level 3, Formal) File an online Grade Appeal. Dean will issue a Dean’s Resolution; (Level 4, Formal) File a Grade Appeal Challenge which challenges the Dean’s Resolution.
Filing a Grade Appeal and Grade Appeal Challenge (Steps Outlined)

As previously noted, Grade Appeals deal with Final Grades, not individual grades unless the challenge deals with an individual grade had enough weight to ultimately cause the student to fail the course (i.e., Final Exam, Project). Before any Grade Appeal can be formally filed at the college, the student MUST be on record of first addressing the matter directly with the faculty member (who issued the grade) and the Department Chairs as well as the Associate or Assistant Dean. In doing so, the student must point out the standard of error (i.e., calculation error, exception area was violated and caused the grade to drop at least one letter grade, error in applying weighted totals to calculate final grade, capricious grading, etc..) made in awarding of the final grade.

Step 1: Faculty (Level 1):

Step 1 is quite simple. Speak directly to the faculty member about the final grade issued and demonstrate your evidence (i.e., syllabus, calculator output) that the grade was improperly calculated and caused you academic injury. Ask instructor to demonstrate (in writing to you) how the grade was calculated to clear up any questions about your final grade. Please keep in mind that individual grades cannot be disputed once grades have been formally issued. Individual assignment grades MUST be disputed at the time they are issued during the class (as outlined in this manual—See Grade Disputes. Students cannot argue individual assignments during a final grade challenge unless the individual assignment occurred at the end of the course (i.e., Final Exam, Final Project) which left the student little time to dispute the grade or if the individual grade (in question) falls under the Exceptions category outlined within this section of the handbook.

If in disagreement with the decision reached by the instructor or if the instructor is no longer employed at the College, move to Step 2.

NOTE: A Grade Dispute cannot be lodged over disputes about make-up work provisions. In other words, instructors have the autonomy to make up their own decisions about allowing or not allowing students make-up work (in cases of absenteeism). Students, then, cannot compel a faculty member to allow for make-up, for there is no such thing as an excused absence. Students are expected to attend classes regularly and submit work on time. Anything outside the parameter (submitting work) on time is beyond the parameters of the student. If a student is hospitalized or undergoes a major life changing event (death of an immediate family member
defined as brother, sister, son, daughter, mother, father) and cannot complete the semester, students are strongly encouraged to withdraw from the class and return the next term, unless the event takes place towards the end of the term. If the student has completed at least 75% of the course (at the time of the interruption), speak with the instructor about receiving an Incomplete grade. In such cases, speak to each instructor individually for assistance and guidance.

**Step 2: Chairperson (Level 2)—This step cannot be SKIPPED!**

Meet with the faculty member and the Department Chair and Associate and Assistant Dean, if available. Provide your evidence and point out the standard of error made in awarding of the final grade.

If in disagreement with the decision reached under Step 2, **move to Step 3.**

**Step 3: File an Official Grade Appeal Online (Level 3):**

Grade Appeals MUST be filed online and can only be filed if the dispute in question has posed academic injury to the student. Meaning, the grade (due to the circumstances) was decreased by at least one letter grade. If in disagreement with the decision reached after meeting the Department Chair and Associate or Assistant Dean (which was Step 2), you are now authorized to file an **Official Grade Appeal Online** at the college. Grade Appeals are reviewed by Instructional Deans based on the evidence submitted. Meetings can be called, but they are typically not necessary in all cases to reach a decision unless the Dean has additional questions. What happens is that your rationale for the grade appeal will be reviewed along with your evidence and the faculty member will be asked to respond (in writing) providing their evidence as well. From there, the Instructional Dean will evaluate both packages of evidence (including the syllabus) and recalculate the grade to determine if any errors were made. In other words, they will test the theory the student puts forth. If more information is needed from either party, the Dean may call a meeting for further clarification or could simply call to address the matter over the phone.

Following a review the evidence presented, a **Dean’s Resolution** is issued (by certified mail) which formally closes the **Grade Appeal** petition. If in disagreement with the Dean’s Resolution reached, move to **Step 4 (the Grade Appeal Challenge),** the final step in the Grade Appeal process.
How to File Your Grade Appeal

1. First gather all of the evidence you have to support your grade appeal (copy of syllabus, graded assignments, grade reports from Blackboard, emails to instructor, etc…).

   **NOTE:** If you submit a Grade Appeal without any evidence, it is likely that your appeal will not be successful.

2. Logon Lawson State’s website [www.lawsonstate.edu](http://www.lawsonstate.edu)

3. Click on **Current Students** tab from the main webpage. This will take you to the Current Students landing page (as pictured below)

4. Then, Click on the **Grade Appeals** button. This will take you to Lawson’s Advocate online reporting system (as pictured below). Follow the prompts to file your **Grade Appeal**.

5. Attach all documentation. If you need to scan documents and you do not have a scanner, visit the **SPACE Center** on campus.
Grade Appeals (Review of Criteria)

Grade Appeals MUST be filed online and can only be filed if you are challenging the final grade received in a course and you have completed up to Step 2 in the Grade Appeal process.

In filing a Grade Appeal (online), students MUST provide evidence to support their claims that the final grade issued in a particular class was issued in error, was prejudiced or arbitrary. Simple disagreement with a grade is not enough to change an Instructor’s recorded grade for a college student. Thus, the student will have to demonstrate actual teacher error (i.e., the teacher did not properly apply the correct weight to the grade; the teacher singled you out and discriminated against you; the grade issued was capricious in nature; the grades entered in the gradebook were incorrect; the teacher did not follow the syllabus as printed in terms of weights or point values; and as such, it caused academic injury to you as a student. **Academic Injury** is determined based on whether the alleged error caused the student’s grade to decrease by a full letter grade. In other words, if a Grade Appeal has to do with a grade changing in percentages (within the same grade category of “A”, “B”, “C”, “D” or “F”), the Grade Appeal will be denied. Meaning, if the change you are seeking moves your grade from a 82% to an 86%, the Grade Appeal will fail, for you were not successful in demonstrating that the alleged error had any academic injury to you, for you still received a grade of “B” in the course. Grade Appeals, then,
are for students who can demonstrate that an alleged error in the calculation of the final grade caused the grade to drop at least one full letter grade (i.e., error caused the grade to drop from a “B” to a “C”, etc…).

NOTE: Lawson State has the following Associate and Assistant Deans: The Business and Information Technologies Associate Dean, the College Transfer Associate Dean, the Health Professions Associate Dean, and the Career Technical Associate Dean, and the Career Technical Assistant Dean.

Exceptions to Individual Grade Challenges

As noted, students cannot file Grade Appeals based on individual grades unless a student grade suffered (at least one letter grade) due to the following unresolved exceptions (listed below). During the semester, if a student encounters any of the situations below, contact the instructor and Department Chair immediately for correction and remedy. Students should never wait until the end of the term. Challenge the action taken against you immediately. To assist students in this endeavor, it is advisable for students to print off the guidelines below and present a copy of these exceptions to your instructor or Department Chair to make the process of resolving your concerns easier.

If left unresolved by the instructor or Department Chair, a student can include these circumstances in the Grade Appeal for further investigation, particularly if the violation was challenged but still permitted, and it ultimately caused the student academic harm (of at least one letter grade in nature). If the violation did not cause any harm academically (reduction of at least one letter grade), a Grade Appeal (on this basis) should not be filed by the student. Grade Appeals deal with final grades, so a student could only use a violation of these exceptions if the violation caused harm to the Final Grade.

Exceptions: Individual grade challenges cannot be submitted as part of a Grade Appeal or Grade Challenge, unless they fall under one of the following situations:

1. Exception 1: Student attempted to submit an assignment or project on the same day the assignment was due, but it was refused. NOTE: Instructors can impose a reduction of points if the assignment is not submitted during the class period (if they deem this appropriate), but cannot report that the assignment was not submitted or attempt to issue a zero for assignment (that has been presented the day it was due). Meaning, if the student misses class, but attempts to submit the work (after class but on the same day), a grade
should be issued for the assignment. A zero should not be imposed if the assignment was actually turned in during the class period the day the assignment was due (i.e., refusing to take work from a student who arrived 10 minutes late for class, etc…). If the student misses classes but submits the assignment via electronic means (Blackboard) on the same day, the instructor can impose a reduction in points, but cannot mark the assignment as being not submitted. Provisions must be made for students submitting work on the same day it was due (regardless of means of delivery).

NOTE: Although some instructors do allow for late work, this is NOT a requirement of the college. Lawson State holds that all students should respect deadlines for assignments, so students seeking permission to submit late work (as determined by trying to submit an assignment a day after it was due) are dependent on their individual instructor guidelines about such practices, not the college. All such policies, though, must be clearly denoted in the course syllabus and applied equally to all students.

2. **Exception 2:** Student is refused entrance in a class (due to lateness) and as such, the student cannot submit work due or gain access to taking an exam, quiz or assignment.

Because college is not compulsory and students pay tuition to access their classes, students cannot be refused access to an exam or quiz or assignments, even if they are late for class. In such cases, the student will be able to take the exam or quiz or participate in any assignments, **but NO additional time** (to complete the exam, quiz or assignment) should be provided. In other words, if 60 minutes have been given for all students to take an exam, and a student shows up 40 minutes late, he or she will only have 20 minutes to complete the exam (unless the instructor grants additional time on their own). Or, if the student missed the giving of the quiz and entered the room after the quiz had been already administered and collected, the late arriving student has NO rights to the quiz and/or assignment missed. Please note the instructor has the right to issue low marks for students who do not participate in class due to attendance issues. Meaning, if the student was not present to participate in class or came late, and as such, could not participate, the instructor can deduct participation points from the student without question or challenge. This is considered a participate grade, not an attendance grade. There is a difference. Grades cannot be given for attending classes, only for participation within a class.

3. **Exception 3:** If an eCollege student is denied the opportunity to reattempt an exam after encountering a documented technical error, the instructor must reissue the exam and cannot penalize the student with proctored evidence of a technical failure occurring while accessing an exam. Such technical difficulties are reported by Proctor U and are official evidence that
the student is warranted a retake. Faculty also has access to the recorded technical glitch and can view the tape, if suspicious.

**Step 4: File a Grade Appeal Challenge (Level 3):**

Students cannot request a Grade Appeal Challenge without a Dean’s Resolution being issued in writing. All Dean’s Resolutions are submitted to students via certified or registered mail. Grievances governing Grade Appeals are not guaranteed and are handled on the merits of each case filed. Procedures for filing a Grade Appeal Grievance are as follows:

1. If the **Dean’s Resolution** does not prove satisfactory to the student, the student may file a Grade Appeal Challenge **online within 5 business day** (of receipt of the Dean’s Resolution).

2. The Grade Appeal Challenge Committee consists of one individual: the Vice President for Instructional Services (although third-parties may be consulted or invited to participate by the Vice President, if a hearing is provided).

   **NOTE:** Failure on the part of the student to file his or her Grade Appeal Grievance request **ONLINE within 5 business days (upon receipt of the Dean’s Resolution)** will invalidate the request and the Dean’s Resolution will stand. There are no exceptions to this policy.

3. Students who wish to file a Grade Appeal Challenge to be heard by the Vice President must establish grounds and submit an official online **Grade Appeal Challenge Request** within 5-business days upon receipt of the **Dean’s Resolution**. Simply disagreeing with a Dean’s Resolution does not establish grounds for an appeal. An appeal must be based on the student’s ability to demonstrate that a grade was awarded based on arbitrariness, prejudice or error (as previously dictated under the Grade Appeal Process).

   a. **Arbitrariness:** The grade awarded represents such a substantial departure from accepted academic norms as to demonstrate that the instructor did not actually exercise sound professional judgment in administering the grade.

   b. **Prejudice:** The grade awarded was motivated by ill will, and is not indicative of the student’s academic performance.

   c. **Error:** The instructor made a mistake in fact or application of points awarded.

4. Failure to submit a **Grade Appeal Challenge Request** (online) within the specified time period (of 5-business days) following the receipt of a Dean’s Resolution will automatically invalidate a student’s request for a grade appeal and the **Dean’s Resolution** will officially stand.
5. Grade Appeal Challenges are NOT automatically heard, but all challenges are reviewed by the Vice President for Instructional Services. The Vice President can take the following actions after reviewing the facts presented in a grade appeal:

   a. **VP Action 1**: Full Denial. Uphold the decision issued by the Dean without granting a hearing.
   b. **VP Action 2**: Full Reverse. Overturn the decision issued by the Dean (without a hearing) and adjust the grade.
   c. **VP Action 3**: Modification. Modify the decision issued by the Dean (without a hearing).
   d. **VP Action 4**: Grant the Appeal and move to a formal Vice Presidents’ Grade Appeal Grievance Hearing in which the student is granted a full hearing and re-vetting of the circumstances with the Vice President (and other third parties, if requested).
   e. **VP Action 5**: Following the hearing, the Vice President can uphold the decision, modify the decision or overturn the decision issued by the Dean.

6. To ensure all parties are protected and all legal matters are thoroughly investigated before conducting a hearing on this level, if a VP Appeal Hearing is granted, the Hearing date **should** be conducted within 45-business days of the initial request for a Vice Presidents’ Appeal Hearing.

7. If a VP Appeal Hearing is not granted, the **Vice Presidents’ Resolution** must be submitted to the student no later than 45-business days upon receipt of the students Vice Presidents’ Appeal Request. The extended time period is in place to ensure all matters can be legally vetted and reviewed by external parties prior to issuing a Vice Presidents’ Resolution.

8. The Vice Presidents’ will make their formal findings (called the **Vice Presidents’ Resolution**) and send their decision to the student, the President, the Grievance Committee Chair, and the appropriate Dean.

9. Although rare, if a student is dissatisfied with the Vice Presidents’ Resolution, he or she may make one final appeal (on grounds) by filing a President’s Appeal (see Step 7). The President’s Resolution (decision) shall be final and cannot be appealed.
### Timeliness & Rationales of Grade Appeals

Under all circumstances, the student shall file an online Grade Appeal within 90 days after the disputed grade has been issued, preferably at the beginning of such term. If a student attempts to file a Grade Appeal two semesters beyond when he or she took the disputed course, the Grade Dispute will **NOT** be valid. In a summer session; however, the grade dispute must be initiated either that summer (if the student is enrolled during the summer) or no later than the end of the following fall semester (if the student was not enrolled during the summer).

The chart below is designed to assist students in understanding these restrictions.

<table>
<thead>
<tr>
<th>When was the grade issued?</th>
<th>When should I file a grade dispute online (to challenge the grade)?</th>
<th>When is it too late for me to file an online grade dispute?</th>
</tr>
</thead>
<tbody>

Resolutions of Grade Appeals

A student shall receive a written response within 14 business days (following an Official Grade Appeal) with a decision rendered by the Dean. Some appeals can take longer depending on their complexity. The appropriate faculty member and Department Chair shall be notified in writing regarding the resolution of the matter as well. A Grade Appeal shall only be considered if it is being filed within the 120-day deadline (following the receipt of the grade in Student Suite).

A student shall receive a written response within 21 business days (following an Official Grade Appeal Grievance) with a decision rendered by the Dean. More time is given for grievances for Hearing may be requested. The appropriate faculty member and Department Chair and Dean shall be notified in writing regarding the resolution of the matter as well. A Grade Appeal Grievance shall only be considered if it is being filed within the 5 business day deadline (following the receipt of the Dean’s Resolution).
Lawson State Community College recognizes that enrolled students are both citizens and members of the academic community. Upon enrolling in the college, all students assume an obligation to conduct themselves in a manner compatible with the college's function as an educational institution both as ground (traditional) and online students. Upon enrollment, students also fall under the Lawson State Community Colleges Code of Conduct and all sanctions imposed. It is expected that students are enrolled for serious educational pursuits and that they will conduct themselves so as to assume the responsibilities of citizenship in the academic community.

The following Student Code of Conduct (extracted from the Student Handbook) is relative to conduct on college property and at all college-sponsored activities held off campus as well as any online activities (related to Lawson State and students of Lawson State). Failure to comply with the Code of Conduct (which governs both discipline issues and academic integrity issues) can lead to sanctions (punishments) issued and possibly probation or suspension or (in severe cases) criminal charges levied against a student. Students at Lawson State are entitled to due process, if a sanction is imposed.

Below you will find the following:

1. List of Code of Conduct violations and recommended sanctions
2. A detailed breakdown of the Code of Conduct
3. Overview of the Due Process and Appeal Process
Below is a listing of Code of Conduct provisions. Other provisions that fall under the Code of Conduct are listed after this preliminary list and are outlined with a complete listing of sanctions imposed for violating specific codes under the Code of Conduct.

**College Documents and Policies**

1. Furnishing false or misleading information and/or forging, altering, or misusing college documents, records, or identification cards;

2. Disclosing records, files, or data in violation of the Family Educational Rights and Privacy Act (FERPA) of 1974 and/or using or attempting to use college computers, computer facilities, or data without proper authorization. Deliberate installation of "viruses" on college computers is included in this provision;

3. Disclosing or otherwise misusing college computer access codes;

4. Writing, issuing, or attempting to negotiate a check on an account that has insufficient funds. Violations of this provision will result in a student being automatically withdrawn from the college unless the check, plus applicable service charges, is immediately paid.

5. Sharing of passcodes associated with Lawson State Community College and its online platforms (email, Blackboard, Student Suite) or accessing other student records via unauthorized modes.

6. Gaining unauthorized access into administrative or faculty files, records, etc…

**College Sponsored Activities**

1. Engaging in or sponsoring as an individual student or group of students any college activity on or off the campus that represents a clear and present danger to the normal educational process of the college;

2. Gambling in any form on campus or at any social function approved by the college;

3. Violating college policies, procedures or regulations concerning registration of student organizations, the use of college facilities, or the time, place, and manner of public expression;

4. Soliciting and/or selling on campus unless approved by the President;

5. Entering or occupying college buildings or property without proper authorization or bringing a guest or visitor to the college or to an approved college activity who fails to abide by the rules and regulations of the college; A student is responsible for obtaining a visitor's pass from the Student Services Center lobby for any guest or visitor he/she may bring on campus.
College and Personal Property

1. Defacing, damaging, or maliciously destroying any college, faculty, or student property or the attempt to do such destruction; Violators may be required to make appropriate financial restitution.

2. Stealing property of the college or other individuals for personal use;

3. Selling stolen property of the college or other individuals to a member of the college community or a visitor to the campus;

4. Eating or drinking in unauthorized areas, especially in classrooms, shops, and laboratories.

College Instruction

1. Conducting an activity on the part of any individual or group that causes disruption or interference with the teaching-learning environment or the regular operation of the college, including:

   a. occupying any building or campus areas for the purpose of disruption or interference;

   b. preventing or attempting to prevent the entrance or exit of students, faculty, administration, staff, or authorized visitors to and from the campus or buildings;

   c. failing to obey directions of faculty, administrators, or security officers in situations relating to the regular operation of the college;

2. Displaying any inflammatory or incendiary signs, posters or banners, or the distribution of literature, or the circulation of petitions or publications proposing any actions to disrupt the educational process or teaching-learning environment;

3. Failing to comply with a request to report to a faculty or staff member for a conference;

4. Failing to follow department rules, directives of instructors, or failing to carry out assignments;

5. Leaving scheduled classes or training sessions without permission of the instructor;

6. Cheating on tests, individual projects, and/or individual assignments through any means, including electronic means.
Firearms, Drugs, and Alcohol

1. Possessing, exhibiting, or using firearms of any kind, explosives (including all types of fireworks), live ammunition, obnoxious bombs, chemicals, or weapons already designated as illegal by city, county, state, or federal law. Duly authorized peace officers, who will be wearing or carrying guns, are required to display their official badges at all times while on campus.

2. Possessing, transporting, selling, and/or using any illegal or hallucinatory substances and/or drug paraphernalia while on campus and/or involved in any college activity.

3. Possessing, transporting, distributing, consuming, or being under the influence of alcoholic beverages and or illegal drugs while on campus or involved in approved college activities.

Harassment and Retaliation

Lawson State Community College has a zero tolerance policy against harassment and/or retaliation and takes such actions seriously. With that in mind, please be advised that knowingly filing false harassment or retaliation claims can have serious repercussions.

Harassment

1. Harassing a student or students, faculty, staff, administration, or the college as an institution by a student or students, or by a non-student or nonstudents, including threats in any way expressed or implied against persons or property.

2. Assaulting physically or abusing any person on campus or at an approved college activity to the extent that such abuse would endanger or threaten the general health or welfare of the person abused or assaulted.

3. Conducting or expressing oneself in a loud, indecent, or profane manner on campus, on college-controlled property, or at approved college activities.

Harassment is abusive or hostile conduct which is directed toward or inflicted upon another person because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran's status and which, because of its severity or pervasiveness, unreasonably interferes with an individual's work or academic performance or creates a hostile or abusive work or learning environment for that individual's work, education, or participation in a [college] activity. Harassment is typically based on stereotyped prejudices and includes, but is not limited to, slurs, jokes, objectionable epithets, or other verbal, graphic, or physical conduct.
that demeans, insults, or intimidates an individual because of his or her race, color, religion, ethnicity, national origin, sex, sexual orientation, age, disability, or veteran status (UA, 2012).

**Sexual Harassment**

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of employment or academic advancement; (2) submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's performance as an employee or student or creating an intimidating, hostile, or offensive working or learning environment (UA, 2012).

**Retaliation (Against Sexual Harassment Claims)**

Retaliation against persons who oppose or complain about harassment is strictly prohibited. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as alleging harassment, making a harassment complaint, or assisting in a harassment investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a harassment complaint or participating in a harassment investigation (UA, 2012).

**Retaliation**

Retaliation against persons who oppose, complain, or file a grievance or any other issue is strictly prohibited on the campus of Lawson State. Retaliation is any action that has the effect of punishing a person for engaging in a legally protected activity, such as making a complaint or appeal or grievance, or assisting in a complaint or appeal or grievance investigation. Examples of retaliatory adverse employment actions include suspension, demotion, or termination. In addition, this policy prohibits retaliation in the form of harassment, intimidation, threats, or coercion, or in the form of any materially adverse harm that would dissuade a reasonable student or employee from filing a complaint, an appeal or grievance or participating in said investigation (UA, 2012).
Social Media Guidelines

Be mindful with using the name of Lawson State in all social media online. Remember, your opinion online is your opinion and does not reflect Lawson State nor (as a student) are you authorized to speak for Lawson State. Thus, in your comments, you have an obligation as a LSCC student to make it clear that your opinions are yours and do not represent the college in any way.

1. Students in using social media should always exercise good judgment and common sense.
2. **Protect your privacy.** Do not share passwords to third parties unless you are working with the technical Help Desk to troubleshoot a technical issue with Student Suite, Email or Blackboard. Releasing of passwords could violate subject you to privacy violations and could also jeopardize the security of your personal records here at Lawson State.
3. **Social Media is Not Private.** Be mindful that you are creating a history via your Social Media sites. Thus, create a positive existence that future colleges or companies would be proud of reading about you. Posting of inappropriate statements to include foul language, sexually explicit photos or videos can damage your reputation. Also note that once you put something on the World Wide Web (associated with your name) it does not truly disappear.
4. **Photo and Video.** Never use individual photos or videos of others online without their express permission.
5. **Inappropriate Use Violations.** Violating the Code of Conduct while using social media may result in disciplinary action.
6. **Treat others with respect.** Social media should NEVER be used to assault, attack or seek retribution against others. Remember, everything you do and say can be tracked. Never embarrass yourself or the college. Consider that employers and colleges use social media as well to determine your readiness to enter their college or join their workforce.
7. **Report Inappropriate Incidents Online:** If a student finds themselves on an inappropriate website while on the campus of Lawson State, they should log off and report the incident immediately, so the college can take steps to rid the “pop up” from the system and troubleshoot the problem.
8. **Electronic or Phone (text) stalking or bullying.** Lawson State has a strict harassment policy. The college makes no distinction between face-to-face bullying, intimidation, assaulting or stalking or online bullying, text harassing, intimidation, assaulting or stalking if it involves two LSCC students or a LSCC employee. Thus, if a student is involved in this type of serious behavior, he or she is subject to disciplinary action.
9. **YouTube, Posting of Video or Creating of a Lawson State Website.** It is a violation to use Lawson State Community College’s name to post unauthorized videos online or websites (using the college’s name in the title). As a student, the college does NOT grant you the right to use the name or likeness of the institution online. Permission to use the name of Lawson State MUST be granted in advance before posting of video or creating of a website. Contact the Public Relations Office for permission. Never create an unauthorized video or website using the name of Lawson State or Lawson State Community College.
NOTE: Lawson State reserves the right to seek all legal remedy in its efforts to remove the unauthorized use of any social media page, video, content or account that uses the college’s name (Lawson State or Lawson State Community College or LSCC). Further, the college will seek to remove all content that is deemed as intentionally inflammatory, baseless, deceitful, or harmful to the institution due to its inaccuracy or flagrant disregard of the truth. In addition, the college will cooperate with law enforcement investigators regarding such approaches to defame or harm the institution and seek legal remedy, if necessary.

Sanctions (Defined)

Sanctions (punishments imposed for acts of academic dishonesty or code of conduct violations) are categorized by levels (based on the severity of the infraction/offense committed by the student or based on whether the infraction has been repeated by a student). Sanctions are categorized by degrees, Level 1, Level 2 and Level 3. Sanctions categorized as Level 1 sanctions are considered less severe punishments in response to violations. If a student repeats an offense, the level of the sanction increases. Some offenses (based on severity) do not have a Level 1 sanction associated with them. In such cases, the college views the offense as being so extreme that the offense is automatically elevated to a Level 2 or Level 3 offense upon execution of the act itself (i.e., paying a third party to complete assignments, bringing a weapon on campus, etc…). In such cases, the student could face suspension.

TYPES OF VIOLATIONS AND RECOMMENDED SANCTIONS

Code of Conduct Violations that could be potentially imposed

Sanctions: Level 1 (L1), Level 2 (L2), Level 3 (L3)

Firearms, Drugs and Alcohol

Possessing, exhibiting, or using firearms of any kind, explosives (including all types of fireworks), live ammunition, obnoxious bombs, chemicals, or weapons already designated as illegal by city, county, state, or federal law. Students are not allowed to be in possession of any type of weapon or firearm while on the physical campus of Lawson State or a college sponsored event. This includes the storage of such weapons or firearms (in vehicles, dormitory or any other physical space).

1st Offense: Automatic Suspension. Leads to a criminal investigation. Student sent to a Disciplinary Committee for Due Process Hearing. *If a residence hall student, automatic suspension from the Residence Hall. (L3)

Possessing and/or using any illegal or hallucinatory substances and/or drug paraphernalia while on campus and/or involved in any college activity.

1st Offense: Verbal Warning. Completion of (Educational) Drug Dangers 101 Course (L1)

2nd Offense: Probation with up to 20 community hours in a Drug Treatment Facility or possible suspension. *If a residence hall student, student could be subject to dismissal from the residence hall, depending upon the severity of the incident. (L2) to (L3)

3rd Offense: Automatic Suspension. Student sent to a Disciplinary Committee for Due Process Hearing. *If a residence hall student, student could be subject to dismissal from the residence hall (even if the suspension is not upheld) (L3).

Distributing, transporting, selling illegal or hallucinatory substances and/or drug paraphernalia while on campus and/or while involved in any college activity.

1st Offense: Probation and/or suspension (depending on the severity of the illegal offense; up to 30 community of hours in a Drug Treatment Facility; completion of the Educational Drug Dangers 101 Course. *If a residence hall student, student could be subject to dismissal from the residence hall, depending upon the severity of the incident (L1) to (L3).
| Possessing or consuming, or being under the influence of alcoholic beverages and or illegal drugs while on campus or involved in approved college activities. | 1st Offense: Verbal Warning. Completion of (Educational) Alcohol Dangers 101 Course (L1)  
2nd Offense: Probation with up to 20 community hours in a Drug Treatment Facility or possible suspension  *If a residence hall student, student could be subject to dismissal from the residence hall, depending upon the severity of the incident (L2) to (L3)  
3rd Offense: Automatic Suspension. Student sent to a Disciplinary Committee for Due Process Hearing (L3) |

</table>
Residence Hall Infractions

All students residing in the residence hall are expected to govern themselves as outlined in the Residence Hall Handbook. Additional policies and procedures are outlined in the Residence Hall Handbook, as well as additional sanctions. It is the responsibility of all Residence Hall students to abide by the Residence Hall policies and procedures and rules governing student safety and security as well as all Code of Conduct rules governing all students at Lawson State Community College.

Definitions of Disciplinary Actions or Sanctions

Sanctions (Defined)

Sanctions (punishments imposed for acts of academic dishonesty or code of conduct violations) are categorized by levels (based on the severity of the infraction/offense committed by the student or based on whether the infraction has been repeated by a student). Sanctions are categorized by degrees, Level 1, Level 2 and Level 3. Sanctions categorized as Level 1 sanctions are considered less severe punishments in response to violations. If a student repeats an offense, the level of the sanction increases. Some offenses (based on severity) do not have a Level 1 sanction associated with them. In such cases, the college views the offense as being so extreme that the offense is automatically elevated to a Level 2 or Level 3 offense upon execution of the act itself (i.e., paying a third party to complete assignments, bringing a weapon on campus, etc…). In such cases, the student could face suspension.

Refusal to Carry Out Sanctions

Some sanctions may require the student to take a short educational course (i.e., Drug Abuse 101) or could require the student to write an essay on a topic (associated with the offense) or require a certain number of community service hours. If a student refuses to complete the requirements of the imposed sanction, the original sanction will move up to the next highest level sanction which will lead to more severe sanction, including suspension or dismissal.

Violation of Code of Conduct & Sanctions

A student or group of students deemed to be in violation of the Student Code of Conduct is subject to the imposition of the following restrictions, sanctions and/or action.
1. Warning (Level 1 Sanction):: Used for minor infractions of college regulations and consists of a restatement of the regulation violated with an official warning concerning future behavior. The restriction notifies a student that:

   a. Any further violation of college regulations will subject him/her to further disciplinary action.

   b. He/she must maintain exemplary conduct during the period of restriction.

   c. The restriction is generally for an indefinite period of time, but not less than one academic semester/term.

   d. Termination of the restriction is generally based upon a student's cooperative attitude, academic progress, and positive contributions of service to the college.

2. Community Service (Level 1 Sanction):: Students may, in response to a student code of conduct violation, be required to perform a certain number of community service hours within a specific and targeted time period.

3. Online Courses (Behavioral Remediation)--(Level 1 Sanction): Students may, in response to a student code of conduct violation, be required to complete specific behavioral remediation courses (i.e., Alcohol 101, Drug Abuse 101, Plagiarism 101, etc...)

4. Written Work (Remedy)-- (Level 1 Sanction): Students may, in response to a student code of conduct violation, may be required to produce written pieces of work that specifically address the infraction and the harm that it caused.

5. Probation (Level 2 Sanction): A strong restriction designed to encourage and require a student to cease and desist from violating college regulations. A student under this restriction is notified in writing. A student on Disciplinary Probation is warned that:

   a. Any further violations on his/her part while under probation will lead to an extension of his/her restriction, Disciplinary Suspension, or Disciplinary Dismissal.

   b. He/she may not hold any office, elective or appointive, in any student organization.

   c. The probation restriction is generally not less than one academic semester/term.

6. Immediate Temporary Suspension (Level 3 Sanction):: Is imposed in a situation when a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process of the teaching- learning environment. Immediate temporary suspension may be imposed in order to ascertain information and resolve conflicts in an effort to avoid official suspension though individual student situations may ultimately result in suspension.
7. Suspension (Level 3 Sanction):: The removal of a student from rolls of Lawson State Community College for a stated period of time, usually not less than one semester/term. At the end of the designated period, a student must make formal application for re-admission.

8. Dismissal (Level 3 Sanction):: The strongest disciplinary restriction. A penalty this severe generally indicates that a student may not return to the college unless he/she is granted special dispensation from the President of the college or his designee. Disciplinary dismissal would apply to a student who is guilty of chronic violations or a major breach of conduct so that rehabilitation possibilities appear to be remote.

The college recognizes the right of both substantive and procedural due process in any matter involving a student misconduct violation where a sanction may be imposed. A student is entitled to a notice, a hearing, and an explanation before receiving a suspension or expulsion from the college.

A student facing suspension or expulsion has the following two options.

**DUE PROCESS RIGHTS OF STUDENTS**

**(1) Option #1: Penalty Without Hearing**

In the event a student wishes to waive the right to a formal hearing or makes voluntary written confession of the allegation and waives the right to a hearing, the violation may be administratively disposed of if:

1. It is in the best interest of the college and the student concerned, and
2. The student concerned consents in writing to administrative disposition.

At a conference with the student in connection with the allegation, he/she shall be advised of his/her rights.

If a student accepts administrative disposition, he/she shall sign a statement that he/she understands the formal charges; his/her rights to a hearing, or to waive the same; the penalty imposed; and his/her waiver of the right to appeal.

In administrative disposition, the penalties imposed shall not differ from those penalties stated in Definitions of Disciplinary Actions. Once a student has been informed of his/her rights and the penalty that could be imposed should a violation be found and has knowingly and voluntarily accepted in writing the authority of the administration to impose the penalty, a student shall have waived the right to request a formal hearing.
(2) Option 2: Formal Hearing

In the event a student wishes a formal hearing:

1. Notice of the charges and their implications will be given orally or in writing prior to the hearing.

2. The list of witnesses and their expected testimony will be given to the accused student prior to the hearing or at the hearing itself.

A Disciplinary Committee composed of college faculty, staff and two students will be convened to conduct the hearing. It is the duty of the Disciplinary Committee to hear all evidence presented concerning the alleged misconduct/violation. Because the college is an academic institution and not a court of law, the Disciplinary Committee is not bound by the common laws of evidence or civil procedure. Therefore, hearsay may be used during the hearing. It is the committee’s responsibility to render a fair and impartial decision from the evidence presented and to assure the student received due process in accordance with his/her constitutional rights.

At the hearing, a student has the right to present his/her defense against the charges and to produce other oral testimony or written affidavits of witnesses in his/her behalf. A student may be represented by counsel. If so, the college expects the courtesy of notification. The counsel will be allowed only to advise a student and not to actively participate in the hearing. The college is not required to provide the opportunity for cross-examination but may do so at the discretion of the chief hearing officer. The Disciplinary Committee shall report findings within 72 hours of the hearing. The findings shall be reported to the President or his designee and said person will notify the student of the results of the hearing and the implications of the decision.

How to Appeal a Formal Hearing:

Any student who is dissatisfied with the results of the hearing may file an appeal to the Disciplinary Appeal Committee (online) via the Advocate system. To do so, click on the Current Students page and click on the Appeal button as pictured below. From there, click on the Disciplinary Appeal button within the Advocate system (as pictured on the next page).

If a student would like to challenge the findings of the Discipline Appeal Committee, he or she can file an appeal to the President of the College. During the period of the student’s appeal, the student shall not be present on the campus of Lawson State Community College. To complete a President’s Appeal, click on the Current Student page and click on the Appeal button as pictured below. From there, click on the President’s Appeal button within the Advocate system (as pictured on the next page).
How to File an Appeal Online in the Advocate System

Step 1: Click on the Appeal button

Step 2: Select the correct appeal, either Discipline Appeal or President’s Appeal (for Code of Conduct violations)
More about the Appeal Process (and Categories of Appeal)

All students at Lawson State Community College are entitled to due process. Hence, once a sanction is imposed against a student, a student has a right to Appeal the sanction and present their own defense and evidence and challenge the decision reached (regardless if the sanction is a Level 1, Level 2 or Level 3 sanction).

The Appeal Process differs depending on the type of offense committed (either academic dishonesty offense or code of conduct offense) and is divided into two categories of Appeals—

(1) Appeals of Academic Dishonesty Sanctions; and (2) Appeals of Code of Conduct Sanctions.

### Appealing Level 1 (L1) Academic Dishonesty Sanctions

**How to Appeal Level 1** Unlike discipline issues, **students can appeal Level 1 academic dishonesty sanctions.**

**Academic Dishonesty Sanctions Imposed:** All LSCC students have due process rights the moment an academic dishonesty sanction is imposed. Appealing an imposed sanction is done completely online through the online Advocate system. Failure to file an Appeal (within 7 business days after a sanction has been issued) indicates acceptance and agreement of the sanction issued and penalty imposed.

A Level 1 (L1) academic dishonesty sanction cannot be issued by an instructor unless the following conditions are met.

i. The instructor **must** report the academic dishonesty offense online via the online Advocate Code of Conduct tracking system within 10 business days.
following the documented cheating offense. If not, the sanction cannot be
issued against a student.

ii. The instructor must report the cheating offense in writing (via the
Advocate Code of Conduct tracking system) and upload evidence,
including photographic documents (supporting the claims of academic
dishonesty including any witness statements) prior to issuing any sanction
against any student, if applicable.

Sanctions issued against cheating are assumed factual if a student does not issue an Appeal.
Students have 7 business days to challenge a sanction. Once the 7 business days has lapsed, the
sanction can be imposed.

If an appeal is filed, the evidence submitted which includes eyewitness accounts (by the
instructor or other students) will be reviewed by the appropriate Dean (Academic or College
Transfer), and the sanction will either be upheld or denied (due to lack of evidence) within 10
business days upon receipt of the academic dishonesty charge (online). Phone calls and emails
are NOT appropriate; this is a completely online process.

Submitting an Appeal:

Appeals cannot be issued outside of the Advocate online system. Students MUST use the
Advocate system to submit all Appeals. Click on the Current Students page on the LSCC
website to submit your Appeal

When submitting an Appeal for a Level 1 sanction imposed, the student will need to outline a
defense as it relates to the academic dishonesty charge. A student simply stating that he or she
does not agree with the sanction or the cheating offense is not enough to turn over a sanction that
has been imposed by an instructor. Rather, they will have to provide evidence or witnesses
countering the instructor’s assertions that they have been caught cheating.

NOTE: Students asserting that they did not know they were committing an academic dishonesty
offense is not acceptable, particularly since LSCC publishes its Academic Dishonesty violations
publicly. All LSCC students are responsible for reading all policies and procedures, particularly
those that govern student behavior and responsibilities on campus and within all academic
environments (in class and online). Meaning distance education students are held to the same
academic integrity standards as face-to-face (ground) students.

Once an Appeal has been received, the appropriate Dean (Academic or College Transfer) will
send the FINAL ruling to the student and faculty member via email only. No phone calls will be
issued. Because Level 1 academic sanctions do not involve penalties that require a student to be
administratively withdrawn from a course or to be withdrawn from the course or be issued a
failing grade in the course or suspension, Appeals cannot be appealed beyond the Dean level.
**The Dean’s decision on all Level 1 offenses are final.** No other method of Appeal is available at this Level.

To begin a **Level 1 Appeal.**

1. Go to Lawson State’s main webpage ([www.lawsonstate.edu](http://www.lawsonstate.edu))
2. Click on **Current Students**
3. Click on the **Online Appeal Form** icon and follow the prompts to file an Appeal

**NOTE:** Appeals without evidence will not be successful. You cannot appeal a decision based on your disagreement with the decision. Since sanctions are posed based on evidence submitted, in order to reverse an appeal, you must provide new evidence that would speak to your innocence (i.e., new witnesses, evidence that you wrote the work, etc…).

---

**Appealing Level 1 (L1) Academic Dishonesty Sanctions**

**How to Appeal Level 1 Academic Dishonesty Sanctions Imposed:** All LSCC students have due process rights the moment an academic dishonesty sanction is imposed. Appealing an imposed sanction is done completely online through the online Advocate system. No other

A **Level 1 (L1)** academic dishonesty sanction cannot be issued by an instructor unless the following conditions are met.

iii. The instructor *must* report the academic dishonesty offense online via the online Advocate Code of Conduct tracking system within 10 business days following the documented cheating offense. If not, the sanction cannot be issued against a student. In other words, if an instructor issues a grade of zero on an assignment (because he or she alleges that a student has cheated on an exam), but fails to report the incident to the college officially (for review and approval by the appropriate Dean—either Academic or College), the sanction will not stand and the original grade earned on the exam will stand.

iv. The instructor must report the cheating offense in writing (via the Advocate Code of Conduct tracking system) and upload evidence, including photographic documents (supporting the claims of academic dishonesty including any witness statements) prior to issuing any sanction against any student.
Confiscation of Cheating Evidence: A teacher has the right to confiscate all evidence of cheating from a student (i.e., cheat sheets, crib notes, phones, calculators, etc…) temporarily for up to ONE hour (no more) after the end of the class. It is during this time, that the instructor will be allowed to photograph all evidence of cheating. Once the hour has expired, the instructor must give the student back all evidence of cheating. If a student refuses to give the instructor the evidence (which is viewed as obstruction), then the sanction sought against the student will automatically move the highest level sanction (Level 3) given for the offense committed. Further, such refusal will be used against the student during his or her Due Process hearing.

v. The evidence submitted (by the instructor) will be reviewed by the appropriate Dean (Academic or College Transfer) and the sanction will either be upheld or denied (due to lack of evidence) within 10 business days upon receipt of the academic dishonesty charge (online). Phone calls and emails are NOT appropriate; this is a completely online process.

vi. Submitting an Appeal: If the Level 1 sanction is upheld, the student can challenge the validity of the academic dishonesty charge and the sanction imposed in writing within 10 business days (via the Advocate online appeal process). Appeals submitted after 10 business days will not be considered. Appeals cannot be issued outside of the Advocate online system. Students MUST use the Advocate system to submit all Appeals. Click on the Current Students page on the LSCC website to submit your Appeal.

vii. When submitting an Appeal for a Level 1 sanction imposed, the student will need to outline a defense as it relates to the academic dishonesty charge. A student simply stating that he or she does not agree with the sanction or the cheating offense is not enough to turn over a sanction that has been imposed by an instructor. Rather, they will have to provide evidence or witnesses countering the instructor’s assertions that they have been caught cheating.

NOTE: Students asserting that they did not know they were committing an academic dishonesty offense is not acceptable, particularly since LSCC publishes its Academic Dishonesty violations publicly. All LSCC students are responsible for reading all policies and procedures, particularly those that govern student behavior and responsibilities on campus.

viii. Once an Appeal has been received, the appropriate Dean (Academic or College Transfer) will send the FINAL ruling to the student and faculty member via email only. No phone calls will be issued. Because Level 1 academic sanctions do not involve penalties that require a student to be administratively withdrawn from a course or to be withdrawn from the
course or be issued a failing grade in the course or suspension, Appeals cannot be appealed beyond the Dean level. **The Dean’s decision on all Level 1 offenses are final.** No other method of Appeal is available on this Level.

To begin a **Level 1 Appeal**.

4. Go to Lawson State’s main webpage (www.lawsonstate.edu)
5. Click on **Current Students**
6. Click on the **Online Appeal Form** icon and follow the prompts to file an Appeal

**NOTE:** Appeals without evidence will not be successful. You cannot appeal a decision based on your disagreement with the decision. Since sanctions are posed based on evidence submitted, in order to reverse an appeal, you must provide new evidence that would speak to your innocence (i.e., new witnesses, evidence that you wrote the work, etc.…)

Receiving a Level 2 (L2) or Level 3 (L3) Academic Dishonesty sanction is a serious infraction. It means you have either received your second charge of cheating as a Lawson State student or the severity of your first academic dishonesty alleged act was viewed as so severe (i.e., getting someone other than you to complete your work online) that a Level 2 charge is being sought against you.

All Level 2 and Level 3 academic dishonesty claims (against the student) warrant a hearing (unless waived by the student). In such cases, students will be given two options:

1. Challenge the sanction issued via a Due Process Hearing
2. Penalty Without Hearing: Waive his or her rights to a Due Process Hearing and accept the sanction.

**How to Issue an Appeal (Level 2):**

If a Level 2 or Level 3 sanction is being sought out against you, and you would like to appeal the sanction (opposed to accepting it) and have a Due Process Hearing, follow these steps to appeal.

To begin a **Level 2 and Level 3 Appeal**.

1. Go to Lawson State’s main webpage (www.lawsonstate.edu)
2. Click on **Current Students**
3. Click on the **Online Appeal Form** icon and follow the prompts to file an Level 2 / Level 3 Appeal
**Please note that all students: regular, transfer, transient and dual enrollment students fall under Lawson State’s Code of Student Conduct.**

**STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT**

The Student Right-To-Know and Campus Security Act of 1990 requires Lawson State Community College to disclose information about student outcomes, campus security, and crime statistics. The college publishes an annual report to faculty, staff, and students to comply with the provisions of the law. This report provides projected graduation rates, program completion rates, licensure requirements, and campus crime statistics.

Copies of this publication are available in the Admissions, Business, and Student Services Offices and are also posted online.
COURSE DESCRIPTIONS
ACR 111 Principles of Refrigeration
Prerequisite(s): As determined by college
This course emphasizes the fundamental principles for air conditioning and refrigeration. Instruction is provided in the theory and principles of refrigeration and heat transfer, HVAC/R system components, common, and specialty tools for HVAC/R, and application of the concepts of basic compression refrigeration. Upon completion, students should identify system components and understand their functions, identify and use common and specialty HVAC/R tools, and maintain components of a basic compression refrigeration system. **CORE, 3 CREDIT HRS.**

ACR 112 HVACR Service Procedures
Prerequisite(s): As determined by college
This course covers system performance checks and refrigerant cycle diagnosis. Emphasis is placed on the use of refrigerant recovery/recycle units, industry codes, refrigerant coils and correct methods of charging and recovering refrigerants. Upon completion, students should be able to properly recover/recycle refrigerants and demonstrate safe, correct service procedures which comply with the ”Notarit” laws. **3 CREDIT HRS.**

ACR 113 Refrigeration Piping Practices
Prerequisite(s): As determined by college
This course introduces students to the proper installation procedures of refrigerant piping and tubing for the heating, ventilation, air conditioning and refrigeration industry. This course includes various methods of working with and joining tubing. Upon completion, students should comprehend related terminology, and be able to fabricate pipe, tubing, and pipe fittings. **CORE, 3 CREDIT HRS.**

ACR 119 Fundamentals of Gas Heating Systems
Prerequisite(s): As determined by college
This course provides instruction on general service and installation for commercial gas furnaces and components. Upon completion, students will be able to install and service gas furnaces in a wide range of applications. **3 CREDIT HRS.**

ACR 121 Principles of Electricity for HVAC
Prerequisite(s): As determined by college
This course is designed to provide the student with the basic knowledge of electrical theory and circuitry as it pertains to air conditioning and refrigeration. This course emphasizes safety, definitions, symbols, laws, circuits, and electrical test instruments. Upon completion students should understand and be able to apply the basic principles of HVAC circuits and circuit components. **CORE, 3 CREDIT HRS.**

ACR 122 HVACR Electric Circuits
Prerequisite(s): As determined by college
This course introduces the student to electrical circuits and diagrams. Electrical symbols and basic wiring diagrams are constructed in this course. Upon completion, student should understand standard wiring diagrams and symbols and be able to construct various types of electrical circuits. **CORE 3 CREDIT HRS.**

ACR 123 HVACR Electrical Comp.
Prerequisite(s): As determined by college
This course introduces students to electrical components and controls. Emphasis is placed on the operations of motors, relays, contactors, starters, and other HVAC electrical components. Upon completion, students should be able to install electrical components and determine their proper operation. **CORE, 3 CREDIT HRS.**

ACR 130 Computer Assisted HVAC Troubleshooting
Prerequisite(s): As determined by college
This course focuses on troubleshooting procedures. Emphasis is placed on the proper use of test equipment and the machine/electrical functions. Upon completion, student should be able to diagnose and repair service problems in HVAC equipment. **1 CREDIT HR.**

ACR 132 Residential Air Conditioning
Prerequisite(s): As determined by college
This course introduces students to residential air conditioning systems. Emphasis is placed on the operation, service, and repair of residential air conditioning systems. **3 CREDIT HRS.**

ACR 134 Ice Machines
Prerequisite(s): As determined by college
This course introduces students to commercial ice machines. Emphasis is placed on components, electrical and mechanical operation sequences, control adjustment procedures, preventive maintenance, repairs, and installation procedures. Upon completion, student should be able to install service and repair commercial ice machines. **3 CREDIT HRS.**

ACR 135 Mechanical/Gas/Safety Codes
Prerequisite(s): As determined by college
This course is designed to enhance the student knowledge of the Southern Mechanical and Gas Code as well as fire and job safety requirements. Emphasis is placed on code book content and compliance with installation requirements. Upon completion, students should be able to apply code requirements to all work. **3 CREDIT HRS.**

ACR 138 Customer Relations
Prerequisite(s): As determined by college
This course covers the basic aspects of customer relations needed to be an exemplary technician. Topics include employability skills associated with job performance, record keeping, service invoices, certification requirements, local ordinances, and business ethics. **3 CREDIT HRS.**

ACR 144 Basic Drawing and Blueprint Reading in HVAC
Prerequisite(s): As determined by college
This course covers basic drawing and blueprint reading as applied to the HVAC industry. Emphasis is on three-view drawings, basic duct systems, and isometric piping. Upon completion, students should be able to interpret basic drawings related to HVAC systems. **3 CREDIT HRS.**

ACR 147 Refrigerant Transition and Recovery Theory
Prerequisite(s): As determined by college
This course covers the principles and procedures of refrigerant piping and tubing for the air conditioning and refrigeration industry. This course includes various methods of leak detection, and system evacuation, charging and
performance checks. Upon completion students should be able to perform basic troubleshooting of HVAC/R.

3 CREDIT HRS.

**AUTOMOTIVE BODY REPAIR (ABR)**

**Course Descriptions**

**ABR 111**  
**NON-STRUCTURAL REPAIR**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
Students are introduced to basic principles of non-structural panel repairs. Topics include shop safety, identification and use of hand/power tools, sheet metal repairs, and materials.  
3 CREDIT HRS.

**ABR 114**  
**NON-STRUCTURAL PANEL REPLACEMENT**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
Students are introduced to the principles of non-structural panel replacement. Topics include replacement and alignment of bolt on panels, full and partial panel replacement procedures, and attachment methods.  
CORE. 3 CREDIT HRS.

**ABR 122**  
**SURFACE PREPARATION DISTRIBUTION**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course introduces students to methods of surface preparation for automotive refinishing. Topics include sanding techniques, metal treatment, selection and use of undercoats, and proper masking procedures. Upon completion, students should be able to prepare a vehicle for refinishing.  
CORE. 3 CREDIT HRS.

**ABR 123**  
**PAINT PREPARATION AND EQUIPMENT**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course introduces students to methods of paint application and equipment used for vehicular refinishing. Topics include spray gun and related equipment use, paint mixing, matching, and applying the final topcoat.  
3 CREDIT HRS.

**ABR 151**  
**SAFETY AND ENVIRONMENTAL**  
3 PRACTICES 3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course is designed to instruct the student in safe work practices. Topics include OSHA requirements, EPA regulations as well as state and local laws.  
CORE. 3 CREDIT HRS.

**ABR 154**  
**AUTOMOTIVE GLASS AND TRIM**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course is a study of automotive glass and trim. Emphasis is placed on removal and replacement of structural and nonstructural glass and automotive trim. Upon completion, students should be able to remove and replace automotive trim and glass.  
3 CREDIT HRS.

**ABR 156**  
**CUTTING AND WELDING**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
Students are introduced to the various automotive cutting and welding processes. Emphasis is placed on safety, plasma arc, oxy-acetylene cutting, resistance type spot welding, and Metal Inert Gas (MIG) welding. Upon completion, students should be able to safely perform automotive cutting and welding procedures.  
3 CREDIT HRS.

**ABR 213**  
**AUTOMOTIVE STRUCTURAL ANALYSIS**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
Students learn methods of determining structural misalignment. Topics include methods of inspection, types of measuring equipment, data sheets, and identifying types of structural damage.  
3 CREDIT HRS.

**ABR 214**  
**AUTOMOTIVE STRUCTURAL REPAIR**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course provides instruction in the correction of structural damage. Topics include types and use of alignment equipment, anchoring and pulling methods, and repair/replacement of structural components.  
3 CREDIT HRS.

**ABR 223**  
**AUTOMOTIVE MECHANICAL COMPONENTS**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course provides instruction in collision related mechanical repairs. Emphasis is placed on diagnosis and repairs to drive train, steering/suspension components, and various other mechanical repairs. ASE/AUM 130 Drive Train & Axels and ASE/AUM 121 Braking Systems are suitable substitutes for this course.  
3 CREDIT HRS.

**ABR 224**  
**AUTOMOTIVE ELECTRICAL COMPONENTS**  
3 CREDIT HRS.  
Prerequisite(s): As determined by college  
This course provides instruction in collision related electrical repairs and various restraints systems, including seat belts, seat belt tensioners, and airbags. Topics include basic DC theory, types of diagnostic equipment, circuit protection, wire repair, use of wiring diagrams, airbag modules, and impact sensors. ASE/AUM 112 – Electrical Fundamentals is a suitable substitute for this course.  
3 CREDIT HRS.

**ACC 140**  
**PAYROLL ACCOUNTING**  
3 CREDIT HRS.  
Prerequisite(s): ACC 115 or ACC 244 and/or as required by program  
This course covers federal and state laws pertaining to wages, payroll taxes, payroll tax forms, and journal and general ledger transactions. Emphasis is placed on computing wages; preparing appropriate payroll tax forms; and journalizing/posting transactions. Upon completion, students should be able to analyze data, make appropriate computations, complete forms, and prepare accounting entries.  
3 CREDIT HRS.

**ACC 149**  
**INTRO TO ACCOUNTING SPREADSHEETS**  
3 CREDIT HRS.  
Prerequisite(s): ACC 115 or ACC 241 and/or as required by program  
This course provides a working knowledge of computer spreadsheet and their use in accounting. Topics include pre-programmed problems, model-building problems, beginning-level macros, graphics, and what-if analysis enhancements of template problems. Upon completion, students should be able to use a computer spreadsheet to complete many of the tasks required in accounting.  
3 CREDIT HRS.

**ACC 150**  
**COMPUTERIZED GENERAL LEDGER**  
3 CREDIT HRS.  
Prerequisite(s): ACC 115 and/or as required by program  
This course introduces microcomputer applications related to the major accounting systems. Topics include general ledger, accounts receivable, accounts payable, inventory, payroll, and correcting, adjusting, and closing entries. Upon completion, students should be able to use a computer accounting package to solve accounting problems.  
3 CREDIT HRS.

**ACCOUNTING TECHNOLOGY (ACT)**

**Course Descriptions**

**ACT 246**  
**MICROCOMPUTER ACCOUNTING**  
3 CREDIT HRS.  
Prerequisite(s): ACT 141 and/or as required by program  
This course utilizes the microcomputer in the study of financial accounting principles and practices. Emphasis is placed on the use of software programs for financial accounting applications. Upon completion of this course, the student will be able to use software programs for financial accounting applications.  
3 CREDIT HRS.

**ACT 247**  
**ADVANCED ACCOUNTING APPLICATIONS ON THE COMPUTER**  
3 CREDIT HRS.  
Prerequisite(s): ACT 246 and/or as required by program  
In this course, students use the microcomputer in managerial accounting. Emphasis is on a variety of software programs for managerial accounting applications. Upon completion of this course, the student will be able to use various managerial accounting software programs.  
3 CREDIT HRS.

**ACT 249**  
**PAYROLL ACCOUNTING**  
3 CREDIT HRS.  
Prerequisite(s): ACT 145 or ACT 141 and/or as required by program  
This course focuses on federal, state and local laws affecting payrolls. Emphasis is on payroll accounting procedures and practices, and on payroll tax reports. Upon completion of this course, the student will be able to apply knowledge of federal, state and local laws affecting payrolls.  
3 CREDIT HRS.

**ACT 253**  
**INDIVIDUAL INCOME TAX**  
3 CREDIT HRS.  
Prerequisite(s): BUS 210, 241, and/or as required by program  
This course focuses on the fundamentals of the federal income tax laws with primary emphasis on those affecting the individual. Emphasis is on gross income...
determination, adjustments to income, business expenses, itemized deductions, exemption, capital gains/losses, depreciation, and tax credits. Upon completion of this course, the student will be able to apply the fundamentals of the federal income tax laws affecting the individual.

ADVANCED DESIGN MANUFACTURING (ADM) Course Descriptions

ADM 102 COMPUTER AIDED DESIGN 3
Prerequisite: As required by college.
This course is an introduction to basic Computer Aided Design functions and techniques using “hands-on” applications. Topics include terminology, hardware, basic computer aided design (CAD) and operating system functions, file manipulation, industry standards for CAD drawings, and basic CAD software applications in producing softcopy and hardcopy. At the completion of this course, students should be proficient in the production of two-dimensional drawings that meets technical standards including setting up print styles and exporting drawings to the appropriate format.

ADM 108 INTRO TO 3D MODELING 3
Prerequisite: As required by college.
This course introduces basic 3Dimensional (3D) modeling functions and techniques and the parametric concept. “Hands-on” class structure utilizes various 3D software applications. Topics include terminology, hardware, basic 3D modeling involving sketching and 3D feature creations, feature application and operating system functions. Students will be able to generate basic 3D parts and associated working drawings in soft and hard copy format.

ADM 116 INTRODUCTION TO CATIA 3
Prerequisite: As required by college.
This course is designed to provide students with knowledge and skills related to multi-craft technicians in a variety of fields. Information in this course is based on the National Center for Construction Education and Research (NCCER) core curriculum and prepares students to test for the NCCER credential.

ADM 118 INTRODUCTION TO 3D STUDIO MAX3 3
Prerequisite: As required by college.
Students will explore and implement the principles of modeling and animation through projects that emphasize analyzing real-world movement, adapting movement for the animation medium, and creating the illusion of life while applying animation principles.

ADM 255 APPLICATION OF DESIGN CAPSTONE 3
Prerequisite: As required by college.
This is a project- or research-oriented course that emphasizes synthesis through collaborative learning. Students integrate and apply previous knowledge, skills, and experiences they learned in their major and other academic courses to complete individual & team-based projects. AM student will be required to serve as interns in the AM Lab. Architectural and Engineer students will serve as interns doing live work, campus project or in an office. The course emphasizes communication skills, critical thinking, problem solving, computer literacy, and teaming skills. NOTE: This course is usually taken during the last 2 semesters of the program of study.

ADM 261 REVERSE ENGINEERING 3
Prerequisite: As required by college.
During this course students learn the process of quality control inspection of parts and uses of reverse engineering processes employing 3D printing, scanning, and Coordinate Measuring Machine (CMM) technologies. Emphasis is on using applicable software to produce 3D models or converting scanned images into 3D models; using CMM for parts inspection and generating points cloud for 3D modeling; interfacing generated models with reverse engineering methods.

ARCHITECTURAL ENGINEERING TECHNOLOGY (AET) Course Descriptions

AET 110 BASIC ARCHITECTURAL CAD 3
Prerequisite: As required by program.
The purpose of this course is to introduce the student to architectural computer-aided drafting (CAD). This will include zooming, snapping, coordinate schemes, copying, moving, plotting, layers, trimming, offsetting, filleting, breaking, blocking, inserting, and dimensioning. Upon completion of this course, a student will be able to draw and dimension basic floor plans and other components of architectural working drawings.

AET 191 BASIC BUILDING INFORMATION MODELING (BIM) 3
Prerequisite: As required by program.
The purpose of this course is to introduce the student to the basics of Building Information Modeling (BIM). Industry-driven BIM software will be utilized to create accurate and effective building models. Emphasis will be placed on providing the student with the fundamental tools and techniques used to simultaneously create 2D drawings and 3D models using BIM software. Fundamental concepts include, user interface, parameters, families, massing, rendering, and printing.

AET 200 ADVANCED ARCHITECTURAL CAD 3
Prerequisite: As required by program.
This course provides instruction in 3D design modeling utilizing the 3D capabilities of CAD software. Emphasis is placed on 3D wireframe, surface and solid modeling along with the development of 2D working drawings from 3D models. Upon completion of this course, the student will understand the techniques and commands used in computer aided drafting which are necessary to create architectural drawings and 3D models.

AET 221 ENERGY DESIGN OF BUILDINGS 3
Prerequisite: As required by program.
In this course students are introduced to energy conservation in building design. The course includes the design of alternative energy systems. Upon completion of this course, the student will be able to explain energy conservation, explain how and why buildings use energy, demonstrate passive solar heating, and be able to design a super-insulated building.

AET 291 ADVANCED BUILDING INFORMATION MODELING (BIM) 3
Prerequisite: As required by program.
The purpose of this course is to expand on the skills learned in AET 191. Industry-driven BIM software will be utilized to create accurate and useful building models while further exposing students to the power and potential of BIM and its impact on the Architecture, Engineering, and Construction Industry. Emphasis will be placed on the information component of BIM. BIM software will be used to create detailed construction documents, as well as, basic 3D model presentation techniques, project phasing, managing design options, collaboration/teamwork and creating custom content.

ANTHOLOGY (ANT) Course Descriptions

ANT 200 INTRODUCTION TO ANTHROPOLOGY 3
Prerequisite(s): As required by program
This course is a survey of physical, social, and cultural development and behavior of human beings.

ART (ART) Course Descriptions

ART 100 ART APPRECIATION 3
Prerequisite(s): As required by program
This course is designed to help the student find personal meaning in works of art and develop a better understanding of the nature and validity of art. Emphasis is on the diversity of form and content in original art work. Upon completion, students should understand the fundamentals of art, the materials used and have a basic overview of the history of art.

ART 113 DRAWING I 3
Prerequisite(s): As required by program
This course provides the opportunity to develop perceptual and technical skills in a variety of media. Emphasis is placed on communication through experimentation, composition, technique and personal expression. Upon completion, students should demonstrate creative drawing skills, the application of the fundamentals of art, and the communication of personal thoughts and feelings.

ART 114 DRAWING II 3
Prerequisite(s): Drawing I and/or as required by program
This course advances the students drawing skills in various art media. Emphasis is placed on communication through experimentation, composition, technique and personal expression. Upon completion, students should demonstrate creative drawing skills, the application of the fundamentals of art, and the communication of personal thoughts and feelings.

ART 121 TWO DIMENSIONAL COMPOSITION I 3
Prerequisite(s): As required by program
This course introduces the basic of concepts of two-dimensional design. Topics include the elements and principles of design with emphasis on the arrangements and relationships among them. Upon completion, students should demonstrate an effective use of these elements and principles of design in creating two-dimensional compositions.

ART 122 TWO DIMENSIONAL COMPOSITION II 3
Prerequisite(s): ART 121 and/or as required by program
This course covers the theories and practice of composing two-dimensional images. Emphasis is placed on the relation between the basic elements and principles of design and their impact on the visual message. Upon completion, students should, through personal expression, demonstrate an effective use of these elements and principles of design in creating two-dimensional compositions.

ART 127 3-DIMENSIONAL COMPOSITION 3
Prerequisite(s): Art 113 or ART 121
This course introduces art materials and principles of design that acquaint the beginner with the fundamentals of three-dimensional art. Emphasis is placed on the use of art fundamentals and the creative exploration of materials and constructing three-dimensional art works. Upon completion, students should demonstrate basic technical skills and a personal awareness of the creative potential inherent in three-dimensional art forms.

ART 203 ART HISTORY I 3
Prerequisite(s): As required by program
This course covers the chronological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history from the ancient period through the Renaissance. Upon completion of the course, students should be able to communicate a knowledge of time period and conological sequence including a knowledge of themes, styles and of the impact of society on the arts.

ART 204 ART HISTORY II 3
Prerequisite(s): Art History I
This course covers the chronological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history from the ancient period through the Renaissance. Upon completion of the course, students should be able to communicate a knowledge of time period and conological sequence including a knowledge of themes, styles and of the impact of society on the arts.
This course covers the conological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history form the Baroque to the present. Upon completion of the course, students should be able to communicate a knowledge of time period and conological sequence including a knowledge of themes, styles and of the impact of society on the arts.

ART 233 PAINTING I 3
Prerequisite(s): ART 113, 121, and/or as required by program.
This course is designed to introduce the student to fundamental painting processes and materials. Topics include art fundamentals, color theory, and composition. Upon completion, students should be able to demonstrate the fundamentals of art and discuss various approaches to the media and the creative processes associated with painting.

ART 286 ART FOR TEACHERS 3
Prerequisite(s): As required by program.
This course provides the opportunity for perspective teachers to experience and analyze art in order to effectively incorporate the art curriculum into the classroom. Emphasis is placed on the exploration of teaching skills using art knowledge and the aesthetic experience. Upon completion, students should be able to demonstrate the ability to communicate art knowledge and the validity of the art curriculum.

AUTOMOTIVE ENGINEERING (ASE) Course Descriptions

ASE 101 FUNDAMENTALS OF AUTOMOTIVE TECHNOLOGY 3
Prerequisite: As required by program.
This course provides basic instruction in Fundamentals of Automotive Technology. CORE

ASE 112 ELECTRICAL FUNDAMENTALS 3
Prerequisite: As required by program.
This course introduces the principles and laws of electricity. Emphasis is placed on wiring diagrams, test equipment, and identifying series, parallel and series-parallel circuits. Upon completion, students should be able to calculate, build, and measure circuits. CORE

ASE 121 BRAKING SYSTEMS 3
Prerequisite: As required by program.
This course provides instruction in automotive technology or auto mechanics. Emphasis is placed on the practical application of brakes. CORE

ASE 122 SUSPENSION AND STEERING 3
Prerequisite: As required by core program.
This course provides instruction in automotive technology or auto mechanics. Emphasis is placed on the practical application of steering and suspension. CORE

ASE 124 AUTOMOTIVE ENGINES 3
Prerequisite: As required by program.
This course provides instruction on the operation design, and superficial repair of automotive engines. Emphasis is placed on understanding the four stroke cycle, intake and exhaust manifolds and related parts, engine mechanical timing components, engine cooling and lubrication system principles and repairs, and basic fuel and ignition operation. CORE

ASE 130 DRIVE TRAIN AND AXLES 3
Prerequisite: As required by program.
This course provides basic instruction in automotive drive trains and axles. Emphasis is placed on the understanding and application of basic internal and external operation relating to proper operation and drivability. CORE

ASE 133 MOTOR VEHICLE AIR CONDITIONING 3
Prerequisite: As required by program.
This course provides basic instruction in theory, operation, and repair of automotive heating and air conditioning systems. Emphasis is placed on the understanding and repair of vehicle air conditioning and heating systems, including but not limited to air management, electrical and vacuum controls, refrigerant recovery, and component replacement.

ASE 150 DEALERSHIP WORK EXPERIENCE 2
Prerequisite: As required by program.
This course provides instruction in automotive emission systems. Emphasis is placed on troubleshooting and repair of systems, subsystems, and components.

ASE 250 DEALERSHIP WORK EXPERIENCE 2
Prerequisite: As required by program.
This course is designed to introduce the student to the dealership student work coordinator. He/she is expected to complete work assignments in the dealership that will reinforce and parallel the course work just completed at the college. Although indicated as 10 contact, students generally work on a full-time basis (40 per week) at the dealership. An evaluation of the student's in dealership work performance is completed by the dealership supervisor.

ASE 162 ELECTRICAL AND ELECTRONIC SYSTEMS 3
Prerequisite: As required by program.
This is an intermediate course in automotive electrical and electronic systems. Emphasis is placed on troubleshooting and repair of battery, starting, charging, and lighting systems, subsystems, and components. CORE

ASE 212 ADVANCED ELECTRICAL AND ELECTRONIC SYSTEMS 3
Prerequisite: As required by program.
This course provides instruction in advanced automotive electrical and electronic systems. Emphasis is placed on troubleshooting and repair of advanced electrical and electronic systems, subsystems, and components.

ASE 220 ADVANCED AUTOMOTIVE ENGINES 3
Prerequisite: As required by program.
This course provides instruction on the operation design, and superficial repair of automotive engines. Emphasis is placed on understanding the four stroke cycle, intake and exhaust manifolds and related parts, engine mechanical timing components, engine cooling and lubrication system principles and repairs, and basic fuel and ignition operation. CORE

ASE 230 AUTOMATIC TRANSMISSION AND TRANSMISSION 3
Prerequisite: As required by program.
This course provides basic instruction in automatic transmissions and transaxles. Emphasis is placed on the comprehension of principles and power-flow of automatic transmissions and repairing or replacing internal and external components. CORE

ASE 239 ENGINE PERFORMANCE 3
Prerequisite: As required by program.
This course provides basic instruction in engine performance with emphasis on fuel and ignition systems relating to engine operation. CORE

ASE 244 ENGINE PERFORMANCE AND DIAGNOSTICS 3
Prerequisite: As required by program.
This course provides advanced instruction in engine performance. Emphasis is placed on engine management and computer controls of ignition, fuel, and emissions systems relating to engine performance and drivability.

ASE 246 AUTOMOTIVE EMISSIONS 3
Prerequisite: As required by program.
This course introduces the principles and laws of electricity. Emphasis is placed on wiring diagrams, test equipment, and identifying series, parallel and series-
parallel circuits. Upon completion, students should be able to calculate, build, and measure circuits. **CORE**

**AUM 121 BRAKING SYSTEMS**
Prerequisite: As required by program. This course provides instruction in automotive technology or auto mechanics. Emphasis is placed on the practical application of brakes. **CORE**

**AUM 122 SUSPENSION AND STEERING**
Prerequisite: As required by program. This course provides instruction in automotive technology or auto mechanics. Emphasis is placed on the practical application of steering and suspension. **CORE**

**AUM 124 AUTOMOTIVE ENGINES**
Prerequisite: As required by program. This course provides instruction on the operation design, and superficial repair of automotive engines. Emphasis is placed on understanding the four stroke cycle, intake and exhaust manifolds and related parts, engine mechanical timing components, engine cooling and lubrication system principles and repairs, and basic fuel and ignition operation. **CORE** and **ASE**

**AUM 130 DRIVE TRAIN AND AXLES**
Prerequisite: As required by program. This course provides basic instruction in automotive drive trains and axles. Emphasis is placed on the understanding and application of basic internal and external operational principles relating to proper operation and drivability. **CORE**

**AUM 133 MOTOR VEHICLE AIR**
Prerequisite: As required by program. This course provides basic instruction in theory, operation, and repair of automotive heating and air conditioning systems. Emphasis is placed on the understanding and repair of vehicle air conditioning and heating systems, including but not limited to air management, electrical and vacuum controls, refrigerant recovery, and component replacement. **CORE**

**AUM 162 ELECTRICAL AND ELECTRONIC SYSTEMS**
Prerequisite: As required by program. This is an intermediate course in automotive electrical and electronic systems. Emphasis is placed on troubleshooting and repair of battery, starting, charging, and lighting systems, subsystems, and components. **CORE**

**ASE 212 ADVANCED ELECTRICAL AND ELECTRONIC SYSTEMS**
Prerequisite: As required by program. This course provides instruction in advanced automotive electrical and electronic systems. Emphasis is placed on troubleshooting and repair of advanced electrical and electronic systems, subsystems, and components. **CORE**

**AUM 220 ADVANCED AUTOMOTIVE ENGINES**
Prerequisite: As required by program. This course provides in depth instruction concerning internal engine diagnosis, overhaul and repair, including but not necessarily limited to the replacement of timing chains, belts, and gears, as well as the replacement or reconditioning of valve train components as well as replacement of pistons, connecting rods, piston rings, bearings, lubrication system components, gaskets, and oil seals. **CORE**

**AUM 224 MANUAL TRANSMISSION AND TRANSAXLE**
Prerequisite: As required by program. This course covers basic instruction in manual transmissions and transaxles. Emphasis is placed on the understanding and application of basic internal and external operation relating to proper operation and drivability. **CORE**

**AUM 230 AUTOMATIC TRANSMISSION AND TRANSAXLE**
Prerequisite: As required by program. This course provides basic instruction in automatic transmissions and transaxles. Emphasis is placed on the comprehension of principles and power-flow of automatic transmissions and repairing or replacing internal and external components. **CORE**

**AUM 239 ENGINE PERFORMANCE**
Prerequisite: As required by program. This course covers basic instruction in engine performance. Emphasis is placed on engine performance and computer controls of ignition, fuel, and emissions systems relating to engine performance and drivability. **CORE**

**AUM 244 ENGINE PERFORMANCE AND DIAGNOSTICS**
Prerequisite: As required by program. This course provides advanced instruction in engine performance. Emphasis is placed on engine performance and computer controls of ignition, fuel, and emissions systems relating to engine performance and drivability. **CORE**

**AUM 246 AUTOMOTIVE EMISSIONS**
Prerequisite: As required by program. This is an introductory course in automotive emission systems. Emphasis is placed on troubleshooting and repair of systems, subsystems, and components. **CORE**

**AUT 100 INTRODUCTION TO AUTOMOTIVE CONCEPTS**
Prerequisite: As required by program. An introduction to automotive manufacturing concepts is the focus of this course. This course reviews the history of automotive manufacturing and discusses the automotive manufacturing processes for various automotive assembly and sub-assembly plants. It outlines the historical development of automotive manufacturing in Alabama. Finally the electro-mechanical systems and body components of a typical vehicle will be examined. This is a **CORE** course.

**AUT 102 LEAN MANUFACTURING AND INDUSTRIAL SAFETY**
Prerequisite: As required by program. This course will introduce students to manufacturing fundamentals. It introduces various tools and techniques typically used in Lean manufacturing. It also will provide Occupational Safety and Health Administration (OSHA) certification instruction. OSHA standards will include electrical, Lock Out/Tag Out, hazardous communications, personal protective equipment, machine guarding, and walking and working surfaces. This is a **CORE** course.

**AUT 104 BLUEPRINT READING FOR MANUFACTURING**
Prerequisite: As required by program. This course provides the students with terms and definitions, theory of orthographic projection, and other information required to interpret drawings used in the manufacturing and industrial trade areas. Topics include multiview projection, pictorial drawings, dimensions and notes, lines and symbols, tolerances, industrial applications, scales and quality requirements. Upon completion, students should be able to interpret blueprint drawings used in the manufacturing and industrial trades. This course may be tailored to meet specific local industry needs. **CORE**

**AUT 116 INTRODUCTION TO ROBOTICS**
Prerequisite: As required by program. This course provides instruction in concepts and theories for the operation of robotic servo motors and power systems used with industrial robotic equipment. Emphasis is on the application of the computer to control power systems to perform work. Student competencies include understanding of the functions of hydraulic, pneumatic, and electrical power system components, ability to read and interpret circuitry for proper troubleshooting and ability to perform preventative maintenance. **CORE**

**AUT 199 CERTIFICATION PREPARATION**
Prerequisite: As required by program. This course is established to help students prepare for a certification exam. Independent study and instruction will be based on the nationally recognized certification being sought. Opportunities for one on one and team based development projects will aid in the student’s preparation.

**AUT 208 AUTOMATED SYSTEM DIAGNOSIS & TROUBLESHOOTING**
Prerequisite: As required by program. This course focuses on systematically solving problems in automated systems. Emphasis is placed on safety, test equipment, basic troubleshooting techniques, and hands on problem solving. Upon completion, students will be able to use a systematic process to solve complex malfunctions.

**AUT 212 ROBOT OPERATION & PROGRAMMING**
Prerequisite: As required by program. This training course is designed to provide the basic skills needed to operate and program the robot cell. The course provides both classroom and performance based hands on training in the use of controls, operations, and part programming.

**AUT 213 ROBOTICS PROJECT**
Prerequisite: As required by program. In this course, students apply skills learned to design, fabricate, analyze, program, and operate a robotics system under faculty supervision.

**AUT 214 ROBOTIC MANUFACTURING COMPUTER SIMULATION**
Prerequisite: As required by program. This course covers the principles, techniques, and strategies of manufacturing simulation using computer simulation software. The course will cover concepts of simulation, simulation data management, kinematics, path development, robotic simulation, and simulated reach studies. When finished with this course, students will be able to apply these principles in the operation of industrial robotic equipment.

**AUT 232 SENSORS TECHNOLOGY & APPLICATIONS**
Prerequisite: As required by program. This course provides a study of industrial electronic sensors. Topics include, but are not limited to, photoelectric, temperature, gas and humidity, pressure and strain sensors. The lab enables students to test, and troubleshoot electronic sensors and sensor circuits. Upon completion, students should be able to select, install, test, and troubleshoot industrial electronic sensors.
This course provides an orientation to professional barber styling. Topics include professional image, basic fundamentals, and the history of barber-styling. Upon completion, the student should be able to identify the core concepts of the profession. NDC CORE

BAR 111 SCIENCE OF BARBERING 3
Prerequisite: As required by program.
This course introduces the student to the basic science of barber-styling. Topics include anatomy/physiology, disorders and treatments of the skin, scalp, and hair, and theory of facial and scalp massage. Upon completion, the student should be familiar with the anatomical structures, as well as disorders and treatments of the skin, scalp, and hair. NDC CORE

BAR 112 BACTERIOLOGY AND SANITATION 3
Prerequisite: As required by program.
This course provides the theory of bacteriology and sanitation. Topics include the types of bacteria and sanitation procedures. Upon completion, the student should be able to identify types of bacteria and methods of sanitation. NDC CORE

BAR 113 BARBERING-STYLING LAB 3
Prerequisite: As required by program.
This course provides practical application of barber-styling fundamentals. Emphasis is placed on the care of implements, shampooing and haircutting. Upon completion, the student should be able to care for their implements properly and demonstrate the basic techniques of shampooing and haircutting with only minimal supervision. NDC CORE

BAR 120 PROPERTIES OF CHEMISTRY 3
Prerequisite: As required by program.
This course provides the student with a basic knowledge of chemicals used in barber-styling. Topics include the changes produced in the hair and skin tough exposure to chemicals, electricity, and special light spectrums. Upon completion, the student should understand the proper use of implements and chemicals to treat hair and skin. NDC

BAR 121 CHEMICAL HAIR PROCESSING 3
Prerequisite: As required by program.
This course provides the student with knowledge and hands-on experience using chemicals to alter the appearance of hair. Emphasis is placed on the use of chemicals to relax, wave, and soft curl the hair. Upon completion, the student should be competent in the use of chemicals to produce desired structure changes to the hair. NDC

BAR 122 HAIR COLORING CHEMISTRY 3
Prerequisite: As required by program.
This course provides the student with a basic knowledge of hair color alteration. Topics include temporary, semi-permanent, and permanent changes. Upon completion, the student should be able to identify and explain the procedures for each classification of hair color alteration. NDC

BAR 124 HAIR COLORING METH. LAB 3
Prerequisite: As required by program.
This course provides the student an opportunity for practical application of all classifications of chemical hair coloring and processing products in a supervised environment. Emphasis is placed on experience in all classifications of hair coloring and processing procedures. NDC

BAR 130 MARKETING AND BUSINESS MANAGEMENT 3
Prerequisite: As required by program.
This course provides the student with marketing and management skills that are essential for successful salon management. Topics include first aid, job search, bookkeeping, selling techniques, shop floor plans, shop location, and legal regulations. Upon completion, the student should be aware of marketing and business management requirements for a successful salon. NDC

BAR 131 STRUCTURE AND DISORDERS OF NAILS 3
Prerequisite: As required by program.
This course provides the student with knowledge of nail structure and experience in identifying nail disorders. Emphasis is placed on identifying disorders and also using the correct implements and supplies for healthy nail care and manicures. Upon completion, the student should be capable of providing professional nail care. NDC

BAR 132 HAIR STYLING AND DESIGN 3
Prerequisite: As required by program.
This course introduces the student to the art of hair style and design. Topics include the selection of styles to create a mood or complement facial features as well as hair replacement and hair pieces. Upon completion, the student should know the principals of style and design. NDC CORE

BAR 133 HAIR STYLING AND MANAGEMENT LAB 3
Prerequisite: As required by program.
This course includes hair styling and management procedure. Emphasis is placed on styling, management, marketing, and legal regulations. Upon completion, the student should be able to integrate a variety of skills and be ready to begin an internship in a salon setting. NDC

BIOLOGY (BIO) Course Descriptions

BIO 101 INTRODUCTION TO BIOLOGY I 4
Prerequisite(s): As required by program
Introduction to Biology I is the first of a two-course sequence designed for non-science majors. It covers historical studies illustrating the scientific method, cellular structure, bioenergetics, cell reproduction, Mendelian and molecular genetics, and a survey of human organ systems. A 120-minute laboratory is required.

BIO 102 INTRODUCTION TO BIOLOGY II 4
Prerequisite(s): BIO 101 and/or as required by program
Introduction to Biology II is the second of a two-course sequence for non-science majors. It covers evolutionary principles and relationships, environmental and ecological topics, classification, and a survey of biodiversity. A 120-minute laboratory is required.

BIO 103 PRINCIPLES OF BIOLOGY I 4
Prerequisite(s): As required by program
This is an introductory course for science and non-science majors. It covers physical, chemical, and biological principles common to all organisms. These principles are explained through the study of cell structure and function, cellular reproduction, basic biochemistry, cell energetics, the process of photosynthesis, and Mendelian and molecular genetics. Also included are the scientific method, basic principles of evolution, and an overview of the diversity of life with emphasis on viruses, prokaryotes, and protists. A 120-minute laboratory is required.

BIO 104 PRINCIPLES OF BIOLOGY II 4
Prerequisite(s): BIO 103
This course is an introduction to the basic ecological and evolutionary relationships of plants and animals and a survey of plant and animal diversity including classification, morphology, physiology, and reproduction. A 180 minute laboratory is required.

BIO 201 HUMAN ANATOMY AND PHYSIOLOGY I 4
Prerequisite(s): BIO 103 and/or as required by program
Human Anatomy and Physiology I covers the structure and function of the human body. Included is an orientation of the human body, basic principles of chemistry, a study of cells and tissues, metabolism, joints, the integumentary, skeletal, muscular, and nervous systems, and the senses. Dissection, histological studies, and physiology are featured in the laboratory experience. A 120-minute laboratory is required.

BIO 202 HUMAN ANATOMY AND PHYSIOLOGY II 4
Prerequisite(s): BIO 103, 201, and/or as required by program
Human Anatomy and Physiology II covers the structure and function of the human body. Included is a study of basic nutrition, basic principles of water, electrolyte, and acid-base balance, the endocrine, respiratory, digestive, excretory, cardiovascular, lymphatic, and reproductive systems. Dissection, histological studies, and physiology are featured in the laboratory experience. A 120-minute laboratory is required.

BIO 220 GENERAL MICROBIOLOGY 4
Prerequisite(s): BIO 103 (Recommended: 4 Semester of Chemistry) and/or as required by program
This course includes historical perspectives, cell structure and function, microbial genetics, infectious diseases, immunology, distribution, physiology, culture, identification, classification, and disease control of microorganisms. The laboratory experience includes micro-techniques, distribution, culture, identification, and control. Two 120-minute laboratories are required.

BIO 230 HUMAN PATHOPHYSIOLOGY 4
Prerequisite(s): BIO 201, 202, 220, and/or as required by program
Human Pathophysiology covers the nature, etiology, prognosis, prevention, and therapeutics of human disease. A 120-minute laboratory is required.

BANKING AND FINANCE (BNF) Course Descriptions

BFN 100 PRINCIPLES OF BANKING 2
Prerequisite(s): As required by program
This course is an introduction to the broad area of banking. Topics include the evolution of banking, Federal Reserve System, documents and forms used, rudimentary laws and regulations, as well as a study of the specialized services offered. Upon completion of this course, the student will be able to perform basic banking functions.

BFN 101 LAW AND BANKING: PRINCIPLES 2
Prerequisite(s): As required by program
This course is an introduction to banking law and legal issues, with special emphasis on the Uniform Commercial Code. Topics include the role of regulators, torts, contracts, real estate, bankruptcy, and the legal implications of consumer lending. Upon completion of the course, the student will be able to work with basic banking documents.
This course emphasizes techniques and principles required to design on-grade concrete forms. Topics include concrete curbs, edge forms, footing forms, concrete wall forms, concrete pier and columns, and templates with anchor bolts and dowels. Upon completion, students should be able to perform on-grade concrete slab forming, wall forming, curb forming, and set templates with anchor bolts.

**BUC 143 ABOVE-GRADE CONCRETE APPLICATIONS**

**Prerequisite:** BUC 110 and/or as required by program. This course covers site conditions and soil types and their physical properties. Topics include site preparation, access, mechanical analysis, classification of soils, and hydrostatics of groundwater. Upon completion, students should be able to adequately prepare a building site according to plans and specifications.

This course emphasizes the tools and materials used in the construction industry. Topics include safety, hand tools, hand held power tools and construction materials. Upon completion, students should be able to work safely within the industry and operate various hand tools and power equipment. **CORE**

**BUC 110 BASIC CONSTRUCTION TOOLS AND MATERIALS**

**Prerequisite:** As required by program. This course focuses on construction framing above the wall-line plate. Topics include ceiling framing, trusses and heavy timber construction. Upon completion, students should be able to frame residential ceilings and roofs, design and build trusses, and apply heavy timber construction principals.

**BUC 115 ROOF AND CEILING FRAMING**

**Prerequisite:** BUC 110 and/or as required by program. This course focuses on the basic foundation systems and construction framing. Topics include the identification, installation of foundations, wooden floors and wall systems. Upon completion, students should be able to properly locate a structure, layout a foundation excavation, and perform basic construction framing procedures for wooden floors and wall systems.

**BUC 121 FLOORS AND WALLS FRAMING**

**Prerequisite:** BUC 110 and/or as required by program. This course focuses on the basic foundation systems and construction framing. Topics include the role of the Federal Reserve System, sources of capital, including forms of long-term corporate financing, and consumer credit in the financial structure of our economy.

**BUC 147 INTRODUCTION TO FINANCE**

**Prerequisite:** As required by program. This course is a survey of monetary and credit systems. Topics include the role of the Federal Reserve System, sources of capital, including forms of long-term corporate financing, and consumer credit in the financial structure of our economy.

**BUC 150 BUSINESS MATH**

**Prerequisite:** As required by program. This course is a study of practical business mathematics. Topics include fundamental processes of arithmetic with emphasis on decimals and percentages, markup, discounts, bank reconciliation, simple and compound interest discounting notes, depreciation methods, and present value.

**BUS 186 ELEMENTS OF SUPERVISION**

**Prerequisite:** As required by program. This course is an introduction to the fundamentals of supervision. Topics include the functions of management, responsibilities of the supervisor, management-employee relations, organizational structure, project management, and employee training and rating.

**BUS 188 PERSONAL DEVELOPMENT**

**Prerequisite:** As required by program. This course provides strategies for personal and professional development. Topics include business etiquette, personal appearance, interviewing techniques, and development of a self-concept necessary for business success.

**BUS 189 HUMAN RELATIONSHIPS**

**Prerequisite:** As required by program. This course is a part of a series of workshops where in current topics of interest are presented. They are offered upon demand and can be tailored for the needs of individuals, business and industry.

**BUS 190 MANAGEMENT WORKSHOP I**

**Prerequisite:** As required by program. This course is a part of a series of workshops where in current topics of interest are presented. They are offered upon demand and can be tailored for the needs of individuals, business and industry.

**BUS 192 MANAGEMENT WORKSHOP II**

**Prerequisite:** As required by program. This course is a part of a series of workshops where in current topics of interest are presented. They are offered upon demand and can be tailored for the needs of individuals, business and industry.

**BUS 193 MANAGEMENT WORKSHOP III**

This course is a part of a series wherein the student works in a degree/program related job. Emphasis is placed on student's work experience as it integrates academic knowledge with practical application through exposure to practices in the business environment. The grade is based on the employer's evaluation of each student's productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**BUS 196 BUSINESS COMPUTER INFORMATION SYSTEMS IN A CALL CENTER**

**Prerequisite:** Instructor Approval and Minimum and/or as required by program. This course is a "hands-on" introduction to the computer systems used in a typical call center. Topics include computer fundamentals, basic hardware, and specific software applications common to the call center industry. Working within a customer information database and basic keyboarding will also be a component of this course.
This course equips the student with the skills to effectively present themselves for call center interviews. Topics include resume writing, presentation skills and interviewing techniques.

**BUS 210 INTRODUCTION TO ACCOUNTING**

Prerequisite(s): As required by program

This course is an introduction to accounting and financial reporting concepts and the use of accounting information for financial and managerial decisions. Information is presented from a financial statement user approach.

**BUS 215 BUSINESS COMMUNICATION**

Prerequisite(s): As required by program

This course covers written, oral and nonverbal communications. Topics include the application of communication principles to the production of clear, correct, and logically organized faxes, e-mail, memos, letters, resumes, reports, and other business communications.

**BUS 241 PRINCIPLES OF ACCOUNTING I**

Prerequisite(s): As required by program

This course is designed to provide a basic theory of accounting principles and practices used by service and merchandising enterprises. Emphasis is placed on financial accounting, including the accounting cycle, and financial statement preparation analysis.

**BUS 242 PRINCIPLES OF ACCOUNTING II**

Prerequisite(s): BUS 241 and/or as required by program

This course is a continuation of BUS 241. In addition to a study of financial accounting, this course also places emphasis on managerial accounting, with coverage of corporations, statement analysis introductory cost accounting, and use of information for planning, control, and decision-making.

**BUS 246 ACCOUNTING ON THE MICROCOMPUTER**

Prerequisite(s): BUS 242 and/or as required by program

This course utilizes the microcomputer in a study of accounting principles and practices. Emphasis is on the preparation and analysis of financial statements, measuring business activity, and making rational business decisions.

**BUS 248 MANAGERIAL ACCOUNTING**

Prerequisite(s): BUS 241, 242, and/or as required by program

This course is designed to familiarize the student with management concepts and techniques of industrial accounting procedures. Emphasis is placed on cost behavior, contribution approach to decision-making, budgeting, overhead analysis, cost-volume-profit analysis, and cost accounting systems.

**BUS 261 BUSINESS LAW I**

Prerequisite(s): As required by program

This course provides an overview of legal principles affecting businesses. Topics include contracts, agency and employment, negotiable instruments, bailments, and sale of goods.

**BUS 262 BUSINESS LAW II**

Prerequisite(s): As required by program

This course is a continuation of BUS 261. Topics include legal principles related to partnerships, corporations, real property and leases, insurance, security devices, bankruptcy, trust and estates; government regulations of business and labor; civil and criminal liability; and business security.

**BUS 263 THE LEGAL AND SOCIAL OF BUSINESS ENVIRONMENT**

Prerequisite(s): As required by program

This course provides an overview of the legal and social environment for business operations with emphasis on contemporary issues and their subsequent impact on business. Topics include the Constitution, the Bill of Rights, the legislative process, civil and criminal law, administrative agencies, trade regulations, consumer protection, contracts, employment and personal property.

**BUS 275 PRINCIPLES OF MANAGEMENT**

Prerequisite(s): As required by program

This course provides a basic study of the principles of management. Topics include planning, organizing, staffing, directing, and controlling with emphasis on practical business applications.

**BUS 276 HUMAN RESOURCE MANAGEMENT**

Prerequisite(s): As required by program

This course provides an overview of the responsibilities of the supervisor of human resources. Topics include the selection, placement, testing, orientation, training, rating, promotion, and transfer of employees.

**BUS 277 MANAGEMENT SEMINAR**

Prerequisite(s): As required by program

This course offers study of current problems, issues, and developments in the area of management. Students are guided through individual projects and outside research related to their areas of concentration and employment training.

**BUS 279 SMALL BUSINESS MANAGEMENT**

Prerequisite(s): As required by program

This course provides an overview of the creation and operation of a small business. Topics include buying a franchise, starting a business, identifying capital resources, understanding markets, managing customer credit, managing accounting systems, budgeting systems, inventory systems, purchasing insurance, and the importance of appropriate legal counsel.

**BUS 285 PRINCIPLES OF MARKETING**

Prerequisite(s): As required by program

This course provides a general overview of the field of marketing. Topics include marketing strategies, channels of distribution, marketing research, and consumer behavior.

**BUS 296 BUSINESS INTERNSHIP I**

Prerequisite(s): Minimum 6 Semester Completed/Minimum GP 2.0 (C) and/or as required by program

This two-course sequence allows the student to work part-time on a job closely related to his or her academic major while attending classes on a full-time basis. Emphasis is placed on a student's work experience as it integrates academic knowledge with practical applications in the business environment. The grade is based on a term paper, job-site visits by the instructor, the employer's evaluation of the student, and the development and assessment by the student of a learning contract.

**BUS 297 BUSINESS INTERNSHIP II**

Prerequisite(s): Minimum 6 Semester Completed/Minimum GP 2.0 (C) and/or as required by program

This two-course sequence allows the student to work part-time on a job closely related to his or her academic major while attending classes on a full-time basis. Emphasis is placed on a student's work experience as it integrates academic knowledge with practical applications in the business environment. The grade is based on a term paper, job-site visits by the instructor, the employer's evaluation of the student, and the development and assessment by the student of a learning contract.

**BUS 298 DIRECTED STUDIES I**

Prerequisite(s): As required by program

This course offers independent study under faculty supervision. Emphasis is placed on subject relevancy and student interest and need.

**BUS 299 DIRECTED STUDIES II**

Prerequisite(s): As required by program

This course offers independent study under faculty supervision. Emphasis is placed on subject relevancy and student interest and need.

---

**CABINETMAKING (CAB)**

**Course Descriptions**

**CAB 101 INTRODUCTION TO CABINETMAKING**

Prerequisite: As required by program

This is a beginning woodworking course which deals with basic materials and processes. Topics include introduction to tools and equipment and safety. Upon course completion, students should be able to perform techniques for building small projects, techniques of gluing, clamping, nailing, and screwing. CORE NDC

**CAB 102 INTRODUCTION TO LUMBER**

Prerequisite: As required by program

This is an introductory course to lumber, grades, sizes, characteristics and uses. Also included in the course are the operation, care and sharpening of woodworking equipment. Upon course completion, students should be able to construct and finish a furniture project and demonstrate the characteristics and methods of sawing lumber. CORE NDC

**CAB 103 SIZES, DIMENSION AND JOINTS**

Prerequisite: As required by program

This course includes the study of cutting lumber to dimensions and materials to size with power tools. Emphasis is on job planning and the construction of all types of joints made with hand and power tools. Upon completion, students should be able to organize and maintain a custom cabinet shop. CORE NDC

**CAB 104 CABINET SHOP OPERATIONS**

Prerequisite: As required by program

This course covers establishing and maintaining a custom cabinet shop. Topics include financing, equipment acquisition, maintenance, inventory techniques, OSHA requirements, shop organization, and safety and delivery systems. Upon completion, students should be able to organize and maintain a custom cabinet business. CORE NDC

**CAB 140 WOODFINISHING FUNDAMENTALS**

Prerequisite: As required by program

This is an introductory wood finishing course. Topics include sanding, filling, staining, brushing and spraying. Upon course completion, students should be able to perform basic wood finishing procedures. CORE NDC

**CAB 141 WOODFINISHING**

Prerequisite: CAB 140

This course is a continuation of CAB 140. Emphasis is on filling, rubbing, spraying, and building up finishes. Upon course completion, students should be able to perform wood finishing procedures. NDC

**CAB 181 SPECIAL TOPIC: REFINISHING FURNITURE AND ANTIQUES**

Prerequisite: As required by program

These courses are designed to allow the student to specialize in a particular area of study with minimum instruction in cabinetmaking application and with evaluation at the instructor's discretion. Emphasis is
placed on a topic/project that the student is interested in may include any automotive, furniture, or related area in cabinetmaking. Upon completion, the student should be able to work with minimum instruction and execute the necessary techniques to finish a live work project of their choice. NDC

CAB 204 CABINETMAKING AND MILLWORK
Prerequisite: CAB 102 and/or as required by program. This course focuses on design and construction of casework. Topics include study of designs, construction and installation of kitchen cabinets, vanities, shelves, and other casework and the use and installation of cabinet hardware. Upon course completion, students should be able to design, construct and install basic interior casework. CORE NDC

CAB 211 CABINET INSTALLATION AND TRIM WORK
Prerequisite: As required by program. This course introduces students to cabinet installation theories and stair construction theories. Upon completion of the course, students should be able to explain proper sequence and methods of installing kitchen and bathroom cabinets as well as figure and design interior stairs.

COM 100 INTRODUCTORY TECHNICAL ENGLISH
Prerequisite(s): As required by program
This course is designed to enhance reading and writing skills for the workplace. Emphasis is placed on technical reading, job-related vocabulary, sentence writing, punctuation, and spelling with substantial focus on occupational performance requirements. Upon completion, students should be able to identify main ideas with supporting details and produce mechanically correct short writings appropriate to the workplace.

CAB 101 INTRODUCTORY TECHNICAL ENGLISH (COM)
Course Description

CAB 103 CAREER TECHNICAL SPEAKING
Prerequisite(s): As required by program
This course introduces the basic concepts of interpersonal communication and the oral communication skills necessary to interact with co-workers and customers, and to work effectively in teams. Topics include overcoming barriers to effective communication, effective listening, applying the principles of persuasion, utilizing basic dynamics of group discussion, conflict resolution, and positive communication patterns in the business setting. Upon completion, students should be able to demonstrate interpersonal communication skills, apply basic principles of group discussion, develop a businesslike personality, and effectively present themselves before co-workers and the public. NCA

CAB 111 CONSTRUCTION BASICS
Prerequisite: As required by program.
This course introduces students to the opportunities in and requirements of the construction industry. Topics include economic outlook for construction, employment outlook, job opportunities, training, apprenticeship, entrepreneurship, construction tools, materials, and equipment, and job safety. Upon course completion, students should be able to identify the job market, types of training, knowledge of apprenticeship opportunities, construction tools, materials, equipment, and safety procedures. NDC CORE

CAB 112 FLOORS, WALLS, SITE PREPARATION
Prerequisite: CAB 111. Co-requisite: CAB 113.
This course introduces the student to the floor and wall layout, and construction. Topics include methods of environmental protection, components of floor framing, layouts, sub-flooring, connectors and fasteners, and site preparation. Upon course completion, students will be able to identify various types of floor framing systems, select the sizes of floor joists, identify types of house framing, list types of fasteners, and identify property lines, set backs, and demonstrate a working knowledge of terrain and barrier boards. NDC CORE

CAB 113 FLOORS WALLS, SITE PREPARATION LAB
Prerequisite: CAB 111. Co-requisite: CAB 112.
The student will engage in applications of floor and wall construction. Topics include the use of tools, use of the builder transit, level rod, tape measure and grade stakes. Emphasis is placed on cutting sill plates, floor joists, girders, header bridging, sub-flooring, stud wall partitions, door and window headers, wall bracing, leveling instruments, and barrier boards. Upon course completion, students should be able to layout and construct a floor, including the sill, joist bridging and openings, install sub-flooring, construct interior and exterior walls, and layout property stakes of site plans. NDC CORE

CAB 114 INTRODUCTION TO CARPENTRY TOOLS AND MATERIALS
Prerequisite: As required by program.
This course provides practical and safe application of the tools and techniques. Emphasis is placed on cutting sill plates, floor joists, girders, header bridging, sub-flooring, stud wall partitions, door and window headers, wall bracing, leveling instruments, and barrier boards. Upon course completion, the student should be able to identify hand, power, stationary and pneumatic tools and demonstrate their safe use; identify and properly select wood and non-wood building products, and properly use nails, fasteners and adhesives. NDC CORE

CAR 112 INTRODUCTION TO BLUEPRINT READING
Prerequisite: As required by program.
This course introduces the student to the basic concepts of blueprint reading. Topics include scales, symbols, site plans, and notations. Upon completion, the student should be able to identify drawings, scale various drawings, identify different types of lines, symbols, and notations. NDC CORE

CAR 122 CONCRETE AND FORMING READING
Prerequisite: CAR 111. Co-requisite: CAR 123.
This course introduces the student to the properties and uses of concrete and to the procedures for designing concrete forms. Topics include making and positioning concrete, constructing concrete forms, reinforcement methods, finishing concrete, and job safety. Upon course completion, students are expected to be able to list safety rules for the job site, identify components of concrete, describe how concrete forms are built, and how concrete is poured, reinforced, and finished. NDC

CAR 123 CONCRETE AND CONCRETE FINISHING
Prerequisite: CAR 111. Co-requisite: CAR 122.
This course provides students with practical experience in concrete applications. Emphasis is placed on job site safety, concrete forming, mixing, pouring, finishing, and reinforcing. Upon completion, students should be able to safely, set forms, reinforce, mix, pour, and finish concrete. NDC

CAR 131 ROOF AND CEILING SYSTEMS
Prerequisite: CAR 111. Co-requisite: CAR 133.
This course focuses on the design and installation of roof and ceiling systems. Emphasis is placed on roofers, trusses, ceiling joists, roof decking, and roofing materials. Upon completion, students should be able to design a roof and ceiling system, identify proper installation methods of roofing materials, and describe applicable safety rules. NDC CORE

CAR 132 ROOF AND CEILING SYSTEMS FINISHING
Prerequisite: CAR 111.
This course introduces the student to interior and exterior finishing materials and techniques. Topics include interior trim of windows and doors, ceilings and wall moldings, exterior sidings, trim work, painting, and masonry finishes. Upon completion the student should be able to identify different types of doors, windows and moldings and describe the uses of each, identify types of exterior sidings and trim, and describe the different types of paint and their proper application. NDC CORE

CAR 133 ROOF AND CEILING SYSTEMS LAB
Prerequisite: CAR 111. Corequisite: CAR 131.
The course provides students with practical experience in building and installing roof and ceiling systems. Emphasis is placed on job site safety, layout and cutting of rafters and joists, cutting and building trusses, installing roof decking and roofing materials. Upon completion, the student should be able to cut and install rafters, joists and trusses, cut and apply roof decking and roofing materials, and apply safety rules for job site. NDC CORE

CAR 214 INTRODUCTION TO CABINETRY
Prerequisite: As required by program.
This course is an introductory cabinetry course. Emphasis is placed on design and construction of cabinetry. Upon completion, the student should be able
to design and build cabinets according to specification. NDC

**CAR 228 STAIRS, MOLDING, AND TRIM**
**Prerequisite:** As required by program.
This course focuses on the basics of stair design, layout, and construction. Topics also include cutting and installing stair trim and molding. Upon course completion, students should be able to layout, cut, and construct stairs, and install trim and molding. NDC

**CAR 230 RESIDENTIAL REPAIR AND REMODELING**
**Prerequisite:** As required by program.
This course focuses on the methods used for a repair or remodeling project. Topics include design, estimation of materials, cost, time, manpower, and bid preparation. Upon completion, students should be able to demonstrate an ability to design a repair or remodeling project according to code, accurately quote materials, cost, time, and manpower requirements, and obtain all necessary permits for construction. NDC

---

**COMMERCIAL ART & ILLUSTRATION (CAT)**

**Course Descriptions**

**CAT 101 MODERN COMMERCIAL ART**
**Prerequisite:** As required by program.
This course provides students with a basic knowledge of the current tools and practices used in the commercial art industry. Emphasis is placed on computer terms, file management, hardware components, and software applications that include image editing, illustration, and layout. Upon completion, students will have an understanding of using the computer as a design tool in today’s commercial art industry.

**CAT 114 ELECTRONIC GRAPHIC APPLICATIONS**
**Prerequisite:** As required by program.
This course introduces students to software applications in graphic productions. Topics may include production terms, image editing, illustration, and layout software applications. Upon completion, students should be able to use industry-standard production software packages.

**CAT 118 DESIGN DRAWING**
**Prerequisite:** As required by program.
This is an introductory course using pencil, conte crayon, and drawing instruments. Topics include perspective, space, and relationships of design elements, light, shadow, and depth. Still life, landscape, fundamental gesture drawing and page design are introduced. Upon completion, students should be able to apply the fundamentals of drawing and area composition.

**CAT 120 DIGITAL IMAGING**
**Prerequisite:** As required by program.
This course introduces students to digital imaging software. Emphasis is placed on painting and editing, creating special effects, basic image corrections, photo retouching, preparing images for web publications and creating color separations. Upon completion, students should be able to identify the different tools, work with multiple layer images, retouch a photograph, create special effects and prepare an image for a web publication.

**CAT 123 LAYOUT AND DESIGN**
**Prerequisite:** As required by program.
This course introduces students to layout and design principles using current software. Topics include importing, combining and manipulating text, graphic elements, and images for composite layout. Upon completion, students should be able to design and layout various projects at a professional level for production.

**CAT 130 PRINCIPLES OF DESIGN**

---

**Prerequisite:** As required by program.
This course introduces students to the traditional principles and elements of design. It promotes creative thinking to solve visual communication problems. Emphasis is placed on alignment, contrast, repetition, and proximity. Design concepts include symmetrical and asymmetrical design, as well as the importance of line, shape, texture, value and color. Upon completion, students should be able to use conscious awareness of design principles to create successful projects.

**CAT 132 BASIC ADVERTISING DESIGN**
**Prerequisite:** As required by program.
This course focuses on design assignments related to the commercial art field and introduces students to graphic design techniques. Focus is placed on creating and producing advertising design pieces. Emphasis is placed on accuracy, sizing, and craftsmanship. Upon course completion, students should be able to apply creative thinking in design communications and should be able to produce advertising design from concept to completion.

**CAT 152 DIGITAL PHOTOGRAPHY**
**Prerequisite:** As required by program.
This course introduces students to digital imaging techniques. Emphasis is placed on the technical application of the camera and on digital photographic lighting methods. Upon completion, students should be able to determine the need for digital photography versus reproduction quality advertising photography and understand both concepts.

**CAT 180 CURRENT TOPICS**
**Prerequisite:** As required by program.
This course is a survey of current trends in the commercial art industry and provides specialized instruction in various areas using current professional techniques. Emphasis is placed on specialized areas of commercial art.

**CAT 232 INTERMEDIATE ADVERTISING DESIGN**
**Prerequisite:** As required by program.
This course includes mid-level design concepts and assignments. Emphasis is placed on various design elements including artistic rendering, photo illustrations, typography, and computer layout as applied to advertising campaigns. Upon completion, students should be able to use their design skills to produce professional quality graphic designs and layout. This course includes advance design

**CAT 242 ADVANCED ADVERTISING DESIGN**
**Prerequisite:** As required by program.
This course allows students to integrate advertising marketing and design principles to produce pieces that communicate effectively. Emphasis is placed on concepts using creative thinking coupled with design application to develop positive advertising campaigns. Upon completion, students should be able to apply their collaborative design skills to meet the needs of the advertising industry.

**CAT 260 PORTFOLIO**
**Prerequisite:** As required by program.
This course provides the advanced student an opportunity to use previous commercial art training to design and produce a professional and marketable portfolio for final presentation. Emphasis is placed on a completed portfolio, resume, and cover letter. Upon completion, students should be able to formulate and organize their portfolios for various design positions.

**CAT 270 WEB SITE DEVELOPMENT**
**Prerequisite:** As required by program.
This course focuses on the necessary technical tools and design principles used for creating and posting web sites. Emphasis is placed on software and the creation and maintenance of a web site. Upon completion, students should be able to design, implement and maintain a web site.

**CAT 283 3D GRAPHICS AND ANIMATION**
**Prerequisite:** CAT 111
This course is designed to tap the imagination of the student in a three dimensional problem solving environment. Topics include a basic introduction to the concepts of 3D design and animation as applied to a design project. Upon completion, students should be able to create and animate objects in a three-dimensional environment.

**CAT 292 COOPERATIVE WORK EXPERIENCE**
**Prerequisite:** As required by program.
This course is designed for the student to obtain work experience in the Commercial Art profession. Emphasis is placed on instruction by a qualified professional in a work situation and on producing work meeting industry standards using current technology. Upon completion, students should be able to work in a professional creative environment with little or no supervision.

---

**CULINARY ARTS (CUA)**

**Course Descriptions**

**CUA 101 ORIENTATION TO THE HOUSING PROFESSION**
**Prerequisite:** As required by program.
This course introduces various facets and opportunities within the hospitality profession. The intent is for students to gain a broad base of information relative to the hospitality industry. Emphasis is placed on having students comprehend their role as a hospitality industry professional. Topics include an overview of the hospitality profession, knowledge and skills necessary for successful employment, the impact of the hospitality profession on society, issues that impact on various segments of the hospitality profession, and emerging trends.

**CUA 102 CATERING**
**Prerequisite:** As required by program.
This course includes the theory and practice of operating a catering business. Topics include food production and management related to catering and other special services. Upon completion, the student will have a working knowledge of the principles involved in operating a catering business.

**CUA 110 BASIC FOOD PREPARATION**
**Prerequisite:** CUA 101.
This course introduces the fundamental concepts, skills, and techniques involved in basic cookery. Topics include scientific principles of food preparation and the relationship of food composition and structure to food preparation. Students will develop competencies in food preparation as it relates to the food service industry. CORE

**CUA 112 SANITATION, SAFETY, AND FOOD SERVICE**
**Prerequisite:** As required by program.
This course introduces the basic principles of sanitation and safety to food handling including purchasing, storing, preparing, and serving. Topics include the scientific principles of food sanitation, food spoilage, food-borne disease, personal health and hygiene, and the sanitary care of the physical plant and equipment. Upon completion of this course students will be able to demonstrate an understanding of sanitation and safety procedures related to H.A.C.C.P. regulations and the implementation of H.A.C.C.P. systems. CORE

**CUA 113 TABLE SERVICE**
**Prerequisite:** As required by program.
This course is a guide for the modern wait staff. Topics include laying the cover, taking the order, surveying of different styles of table service from the casual to the very formal, tabulating and presenting the bill, and busing and turning the table. Upon completion of this course, students should be able to demonstrate proficiency in the art of table service.

CUA 114 MEAL MANAGEMENT 3  
Prerequisite: As required by program.  
This core course covers the principles of meal management. Topics include menu planning, food selection, recipe standardization, food preparation, and meal service for all phases of food service. Upon completion, students will be able to apply efficient work habits, sanitation and safety in the kitchen.

CUA 201 MEAT PREPARATION AND PROCESSING 2  
Prerequisite: As required by program.  
This course focuses on meat preparation and processing. Students will be responsible for the preparing of meats including beef, pork, poultry, fish, and seafood so they can be used for final preparations in the other stations of the kitchens. Upon completion, students will be able to demonstrate an understanding of the principles in meat preparation and processing.

CUA 204 FOUNDATIONS OF BAKING 3  
Prerequisite: As required by program.  
This course covers basic ingredients, weights and measures, baking terminology, and formula calculations. Topics include yeast-raised products, quick breads, pastry dough, various cakes and cookies, and appropriate filling and finishing techniques. Upon completion, students should be able to prepare and evaluate baked products.

CUA 213 FOOD PURCHASING AND COST CONTROL 3  
Prerequisite: As required by core program.  
Emphasis is placed on procurement, yield tests, inventory control, specification, planning, forecasting, market trends, terminology, cost controls, pricing, and food service ethics. Upon completion, students should be able to apply effective purchasing techniques based on the end-use of the product.

CUA 216 FOOD AND DRUG INTERACTION 1 3  
Prerequisite: As required by program.  
This course introduces the student to the planning of special diets in relation to food and drug interactions. Emphasis is placed on reviewing common medications that are often prescribed and how these medications interact with certain foods. Upon completion, students demonstrate an understanding of food and drug interaction.

CUA 222 DIETARY MANAGEMENT 3  
Prerequisite: As required by program.  
This course includes traditional methods of modifying diets by changing consistency, energy value, or nutrient content to meet a specific need. Topics include special diets such as liquid, soft, regular, and light. Upon completion, the student will be able to demonstrate an understanding of the principles of dietary management in food preparation and service.

CHEMISTRY (CHM) Course Descriptions

CHM 104 INTRODUCTION TO INORGANIC CHEMISTRY 4  
Prerequisite(s): MTH 092 or equivalent math placement score and/or as required by program.  
This is a survey course of general chemistry for students who do not intend to major in science or engineering and may not be substituted for CHM 111. Lecture will emphasize the facts, principles, and theories of general chemistry including math operations, matter and energy, atomic structure, symbols and formulas, nomenclature, the periodic table, bonding concepts, equations, reactions, stoichiometry, gas laws, phases of matter, solutions, pH, and equilibrium reactions. Laboratory is required.

CHM 105 INTRODUCTION TO ORGANIC CHEMISTRY 4  
Prerequisite(s): As required by program  
PREREQUISITE: CHM 104 (Introduction to Inorganic Chemistry) or CHM 111 (College Chemistry I)  
This is a survey course of organic chemistry and biochemistry for students who do not intend to major in science or engineering. Topics will include basic nomenclature, classification of organic compounds, typical organic reactions, reactivity involved in life processes, function of biomolecules, and the handling and disposal of organic compounds. Laboratory is required.

CHM 111 COLLEGE CHEMISTRY I 4  
Prerequisite(s): MTH 112 or equivalent math placement score and/or as required by program  
This is the first course in a two-semester sequence designed for the science or engineering major who is expected to have a strong background in mathematics. Topics in this course include measurement, nomenclature, stoichiometry, atomic structure, equations and reactions, basic concepts of thermochromy, physical properties of bonding, molecular structure, gas laws, kinetic-molecular theory, condensed matter, solutions, colloids, and some descriptive chemistry topics. Laboratory is required.

CHM 112 COLLEGE CHEMISTRY II 4  
Prerequisite(s): CHM 111 and/or as required by program  
This is the second course in a two-semester sequence designed primarily for the science and engineering student who is expected to have a strong background in mathematics. Topics in this course include chemical kinetics, chemical equilibria, acids and bases, ionic equilibria of weak electrolytes, solubility product principle, chemical thermodynamics, electrochemistry, oxidation-reduction, nuclear chemistry, an introduction to organic chemistry and biochemistry, atmospheric chemistry, and selected topics in descriptive chemistry including the metals, nonmetals, semi-metals, coordination compounds, transition compounds, and post-transition compounds. Laboratory is required.

CHM 221 ORGANIC CHEMISTRY I 4  
Prerequisite(s): CHM 221 and/or as required by program  
This is the first course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, aromatic, and heterocyclic compounds with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. Laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

CHM 222 ORGANIC CHEMISTRY II 4  
Prerequisite(s): CHM 221 and/or as required by program  
This is the second course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, aromatic, and biological compounds, polymers and their derivatives, with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. Laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

CHILD DEVELOPMENT (CHD) Course Descriptions

CHD 100 INTRODUCTION TO EARLY CARE AND EDUCATION OF CHILDREN 1-3  
Prerequisite(s): As required by program  
This course introduces students to the child education and care profession. It is designed to increase understanding of the basic concepts of child development and the developmental characteristics of children from birth through age 8/9 years, including infant and toddler and pre-school years. This course is the foundation for planning appropriate activities for children and establishing appropriate expectations of young children. This class also offers an opportunity to study the developmental domains (social, emotional, cognitive/language and physical). Course includes observations of the young child in early childhood settings.

CHD 201 CHILD GROWTH AND DEVELOPMENT I 3  
Prerequisite(s): As required by program  
This course is a systematic study of child growth and development from conception through early childhood, with focus on infant and toddler. Emphasis is placed on principles underlying physical, mental, emotional and social development, and on methods of child study and practical implications. Upon completion, students should be able to apply knowledge of the growth and development of young children in their development and approaches to learning to provide opportunities that support the physical, social, emotional, language, cognitive, and aesthetic development of children. PSY 210 or PSY 211 may be used as substitute for this course for AAT and AAS degree programs at the discretion of the college.

CHD 202 CHILDREN'S CREATIVE EXPERIENCE 3  
Prerequisite(s): As required by program  
This course focuses on fostering creativity in preschool children and developing a creative attitude in teachers. Topics include selecting and developing creative experiences in language arts, music, art, science, math and movement with observation and participation with young children required. Upon completion, students should be able to select and implement creative and age-appropriate experiences for young children.

CHD 203 CHILDREN'S LITERATURE AND LANGUAGE DEVELOPMENT 1-3  
Prerequisite(s): As required by program  
This course surveys appropriate literature and language arts activities designed to enhance young children's speaking, listening pre-reading and writing skills. Emphasis is placed on developmental appropriateness as related to language. Upon completion, students should be able to create, evaluate, and demonstrate activities that support a language-rich environment for young children.

CHD 204 METHODS AND MATERIALS FOR TEACHING CHILDREN 1-3  
Prerequisite(s): As required by program  
This course introduces basic methods and materials used in teaching young children. Emphasis is placed on students compiling a professional resource file of activities used for teaching math, language arts, science and social studies concepts. Upon completion students should be able to demonstrate basic methods of creating learning experiences using developmental appropriate techniques, materials and realistic expectations, including infant and toddler and pre-school. Course includes observations of young children in a variety of childcare environment. NOTE: CGM must teach this as 2-1-3 configuration of theory/lab hours.

CHD 205 PROGRAM PLANNING FOR EDUCATING YOUNG CHILDREN
Prerequisite(s): As required by program
This course provides students with knowledge to develop programs for early child development. Specific content includes a review of child development concepts and program contents. Upon completion students will be able to develop and evaluate effective programs for the education of young children.

CHD 206 CHILDREN’S HEALTH AND SAFETY  
Prerequisite(s): As required by program
This course introduces basic health, nutrition and safety management practices for young children. Emphasis is placed on setting up and maintaining a safe, healthy environment for young children including specific procedures for infants and toddlers and procedures regarding childhood illnesses and communicable diseases. Upon completion, students should be able to prepare a healthy, safe environment, plan nutritious meals and snacks, and recommend referrals if necessary.

CHD 208 ADMINISTRATION OF CHILD DEVELOPMENT PROGRAMS  
Prerequisite(s): As required by program
This course includes appropriate administrative policies and procedures relevant to preschool programs. Topics include local, state and federal regulations; budget planning; record keeping; personnel policies and parent involvement. Upon completion, students should be able to identify elements of a sound business plan, develop procedures relevant to preschool programs. Topics include local, state and federal regulations; budget planning; record keeping; personnel policies and parent involvement. Upon completion, students should be able to identify elements of a developmentally appropriate program.

CHD 209 INFANT AND TODDLER EDUCATION PROGRAMS  
Prerequisite(s): As required by program
This course focuses on child development from infancy to thirty months of age with emphasis on planning programs using developmentally-appropriate material. Emphasis is placed on positive ways to support an infant's social, emotional, physical and intellectual development. Upon completion, students should be able to plan an infant-toddler program and environment that is appropriate and supportive of the families and the children.

CHD 210 EDUCATING EXCEPTIONAL YOUNG CHILDREN  
Prerequisite(s): As required by program
This course explores the many different types of exceptionalities found in young children. Topics include speech, language, hearing and visual impairments, mental retardation and developmental delays of gifted and talented children; mental retardation; emotional, physical and intellectual development. Upon completion, students should be able to identify appropriate strategies for working with young exceptional children.

CHD 211 CHILD DEVELOPMENT SEMINAR  
Prerequisite(s): As required by program
This course provides students with knowledge of a variety of issues and trends related the childcare profession. Subject matter will vary according to industry and student needs. Upon completion students should be able to discuss special topics related to current trends and issues in child development.

CHD 215 SUPERVISED PRACTICAL  
Prerequisite(s): As required by program
This course provides a minimum of 90 hours of hands-on, supervised experience in an approved program for young children. Students will develop a portfolio documenting experiences gained during this course.

NOTE: If students are pursuing a certificate in Infant and Toddler, placement must be in an infant and toddler environment.

CHD 220 PARENTING SKILLS  
Prerequisite(s): As required by program
This course introduces childcare providers to important issues in parenting education, beginning with prenatal concerns and continuing through childhood years. Emphasis is placed on using effective parenting and childrearing practices including appropriate guidance methods. Students learn to apply parenting skills for diverse families. Upon completion, students will be more effective in working with families and young children.

CLERICAL (CLR) Course Descriptions

CLR 100 BASIC KEYBOARDING  
Prerequisite(s): As required by program
This course is designed to develop touch keyboarding skills for efficient use of the typewriter or microcomputer. Emphasis is on speed and accuracy in keying alphabetic, numeric, and symbolic information. Upon completion, the student should be able to demonstrate appropriate technique while keying on a typewriter or microcomputer keyboard. CORE NDC

CLR 104 ADVANCED KEYBOARDING  
Prerequisite(s): As required by program
This course is designed to assist the student in continuing to develop speed and accuracy using the touch method of keyboarding. Emphasis is on the production of business documents using decision-making skills. Upon completion, the student should be able to demonstrate proficiency and an acceptable rate of speed and accuracy in the production of business documents. CORE NDC

CLR 110 NAVIGATING WINDOWS  
Prerequisite(s): As required by program
This course is designed to introduce the student to the Windows environment. Emphasis is on Windows as a graphical user interface and includes operations and applications that use the Windows environment. Upon completion, the student should be able to demonstrate proficiency in the operation and management of applicable hardware and software. NDC

CLR 116 MICROCOMPUTER APPLICATIONS  
Prerequisite(s): As required by program
This course is designed to introduce the most common software applications for microcomputers. Emphasis is on major commercial software used for business applications. Upon completion, the student should be able to demonstrate the ability to use applicable software. NDC

CLR 125 BASIC WORD PROCESSING  
Prerequisite(s): As required by program
This course is designed to provide the student with basic word processing skills. Emphasis is on using software features to create, edit and print common office documents. Upon completion, the student should be able to demonstrate the ability to use industry-standard software to generate appropriately formatted, accurate, and attractive business documents such as memos, letters and reports. CORE NDC

CLR 126 ADVANCED WORD PROCESSING  
Prerequisite(s): As required by program
This course is designed to increase student proficiency in using advanced word processing functions. Emphasis is on the use of industry-standard software to maximize productivity. Upon completion, the student should be able to demonstrate the ability to generate complex documents such as forms, newsletters, and multi-page documents. NDC

CL 131 BUSINESS ENGLISH  
Prerequisite(s): As required by program
This course is designed to develop the student’s ability to use proper English. Emphasis is on grammar, spelling, vocabulary, punctuation, work usage, word division, and proofreading. Upon completion, the student should be able to write and speak effectively.

CL 133 BUSINESS COMMUNICATIONS  
Prerequisite(s): As required by program
This course is designed to provide the student with skills necessary to communicate effectively. Emphasis is on the application of communication principles to produce clear, correct, logically-organized business communications. Upon completion, the student should be able to demonstrate effective communication techniques in written, oral, and nonverbal communications. NDC

COMPUTER SCIENCE (CIS) Course Descriptions

CIS 110 INTRODUCTION TO COMPUTER LOGIC AND PROGRAMMING  
Prerequisite(s): As required by program
This course includes logic, design and problem solving techniques used by programmers and analysts in addressing and solving common programming and computing problems. The most commonly used techniques of flowcharts, structure charts, and pseudocode will be covered and students will be expected to apply the techniques to designated situations and problems. This is a CORE course.

CIS 115 PRESENTATIONS GRAPHICS SOFTWARE APPLICATIONS  
Prerequisite(s): As required by program
This course provides students with hands-on experience using presentation graphics software. Students will develop skills common to most presentation graphics software by developing a wide variety of presentations. Emphasis is on planning, developing, and editing functions associated with presentations.

CIS 117 DATABASE MANAGEMENT SOFTWARE APPLICATIONS  
Prerequisite(s): As required by program
This course provides students with hands-on experience using database management software. Students will develop skills common to most database management software by developing a wide variety of databases. Emphasis is on planning, developing, and editing functions associated with database management.

CIS 121 NETWORKING I  
Prerequisite(s): As required by program
This course is designed to introduce basic network administration. The basics of network administration,
installing and maintaining network software on a server, installation of applications on the server and how the networks are made ready for users are covered. Upon completion, students will demonstrate the ability to administer a computer network.

**CIS 130  INTRODUCTION TO INFORMATION SYSTEMS**

*Prerequisite(s):* As required by program

This course is an introduction to computers that reviews computer hardware and software concepts such as equipment, operations, communications, programming and their past, present and future impact on society. Topics include computer hardware, various types of computer software, communication technologies and program development using computers to execute software packages and/or to write simple programs. Upon completion, students should be to describe and use the major components of selected computer software and hardware.

**CIS 135  INTERNET PROGRAMMING**

*Prerequisite(s):* As required by program

This course focuses on Web-Site Programming software and requires the students to create their own web site using some of the most popular web software. Students will be required to demonstrate web-authoring proficiency tough tests and programming projects. This course should be repeatable to allow for future web-authoring software releases.

**CIS 145  ADVANCED WEB PAGE DEVELOPMENT**

*Prerequisite(s):* CIS 140 and/or as required by program

This course is a continuation of CIS 140 and will cover such advanced topics as Java-script, Dynamic HTML, Java Applets, style sheets, and creating interactive web pages and sites.

**CIS 146  MICROCOMPUTER APPLICATIONS**

*Prerequisite(s):* As required by program

This course is an introduction to the most common microcomputer software applications. These software packages should include typical features of applications, such as word processing, spreadsheets, database management, and presentation software. Upon completion, students will be able to utilize selected features of these packages. This course will help prepare students for the MOS and IC certification. This course or an equivalent is CORE for the AAT and AAS CIS programs.

**CIS 147  ADVANCED MICRO APPLICATIONS**

*Prerequisite(s):* CIS 130, 146, and/or as required by program

This course is a continuation of CIS 146 in which students utilize the advanced features of topics covered in CIS 46. Advanced functions and integration of word processing, spreadsheets, database, and presentation packages among other topics are generally incorporated into the course and are to be applied to situations found in society and business. Upon completion, the student should be able to apply the advanced features of selected software appropriately to typical problems found in society and business. This course will help prepare students for the MOS certification.

**CIS 148  POST ADVANCED MICROCOMPUTER APPLICATIONS**

*Prerequisite(s):* As required by program

This course builds on concepts associated with various microcomputer applications with emphasis on advanced features commonly found in software applications. Advanced features of word processing, spreadsheets, database, and presentation packages are introduced. Features such as macros, Visual Basic Applications, and online features are included in the content of the course. Upon completion, the student will be able to apply the advanced features of selected software to the workplace. This course will help prepare students for the IC certification.

**CIS 149  INTRODUCTION TO COMPUTERS**

*Prerequisite(s):* As required by program

This course is an introduction to computers and their impact on society. The course covers the development of computers, their impact on society, as well as future implications of development of computer and related communication technologies. This course introduces programming and computer operating systems. Upon completion, students will have basic knowledge of computer technology and will be able to perform basic functions with a computer system. The course will help prepare students for the IC certification.

**CIS 151  GRAPHICS FOR WORLD WIDE WEB**

*Prerequisite(s):* As required by program

Graphics are as important to the World Wide Web as is the written word. This course will provide an overview to new tools and techniques necessary for creating high-quality graphics using Adobe Photoshop. This course may be substituted with CAT 150 Imaging I: Principles of Photography and Introduction to Photoshop and CAT180 Imaging II: Techniques of Photoshop and Painter.

**CIS 160  MULTIMEDIA FOR THE WORLD WIDE WEB**

*Prerequisite(s):* As required by program

This course covers contemporary, interactive multimedia technology systems, focusing on types, applications, and theories of operation. In addition to the theoretical understanding of the multimedia technologies, students will learn how to digitize and manipulate images, voice, and video materials, including authoring a web page utilizing multimedia.

**CIS 161  CISCO I**

*Prerequisite(s):* As required by program

This course is the first part of a four-part curriculum leading to Cisco Certified Network Associate (CCNA) certification. This course concentrates on the physical part of networking including basic electronics, computer basics, network basics, addressing, number conversions, cabling, and planning. After completing this course the student will be able to: identify the functions of each layer of the OSI reference model; describe data link and network addresses; define and describe the function of the MAC address; explain the five conversion steps of data encapsulation; describe the different classes of IP addresses and subnetting; identify the functions of the TCP/IP network-layer protocols.

**CIS 162  CISCO II**

*Prerequisite(s):* As required by program

This course is the second part of a four-part curriculum leading to Cisco Certified Network Associate (CCNA) certification. This course concentrates on router configuration. After completing this course the student will be able to: prepare the initial configuration of a router and enable IP; control router passwords and identification; configure IP addresses; add the RIP and IGRP routing protocols to a configuration.

**CIS 163  CISCO III**

*Prerequisite(s):* As required by program

This course is the third part of a four-part curriculum leading to Cisco Certified Network Associate (CCNA) certification. This course concentrates on LAN design, routing, switching, and network administration. After completing this course the student will be able to: describe LAN segmentation using bridges, routers, and switches; distinguish between cut-through and store and forward LAN switching; describe the operation of the Switching Tree Protocol and its benefits; describe the benefits of virtual LANs.

**CIS 164  CISCO IV**

*Prerequisite(s):* As required by program

This course is the fourth part of a four-part curriculum leading to Cisco Certified Network Associate (CCNA) certification. This course concentrates on WANS and WAN design. After completing this course the student will be able to: differentiate between LAPB, Frame Relay, ISDN, HDLC, PPP, and DDR; list commands to configure Frame Relay LMI's, maps, and subinterfaces; identify PPP operations to encapsulate WAN data on Cisco routers; identify ISDN protocols, function groups, reference points, and channels; describe Cisco's implementation of ISDN BRI.

**CIS 185  COMPUTER ETHICS**

*Prerequisite(s):* As required by program

This course will survey the various issues surrounding computer ethics.

**CIS 187  MARKETING ON THE WORLD WIDE WEB**

*Prerequisite(s):* As required by program

Technological change has provided businesses with tremendous opportunities for increasing the efficiency and effectiveness of many activities. By using the tools of the Internet, businesses have taken information and information sharing to new levels, transforming the very core of business. This course will examine how the Internet has changed business with an emphasis on increasing a professional's ability to use and understand the tools of the Internet.

**CIS 189  CO-OP FOR CIS I**

*Prerequisite(s):* College algebra and/or as required by program

This course is part of a series wherein the student works in a degree/program related job. Emphasis is placed on student's work experience as it integrates academic knowledge with practical application tough exposure to computer practices in informational technologies environment. The grade is based on the employer's evaluation of each student's productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**CIS 191  INTRODUCTION TO COMPUTER PROGRAMMING CONCEPTS**

*Prerequisite(s):* As required by program

This course introduces fundamental concepts, including an algorithmic approach to problem solving via the design and implementation of programs in selected languages. Structured programming techniques involving input/output, conditional statements, loops, files, arrays and structures and simple data structures are introduced. Students are expected to write programs as part of this course.

**CIS 192  ADVANCED COMPUTERS PROGRAMMING CONCEPTS**

*Prerequisite(s):* As required by program

This course covers the concepts of algorithm specifications, structured programming, data representation, searching, sorting, recursion, simple data structures, language description, and problem testing. Emphasis is placed on development of problem-solving skills. Upon completion, the student will be able to demonstrate knowledge of the topics tough the completion of programming projects and appropriate tests.
CIS 191  INTRODUCTION TO COMPUTERS PROGRAMMING
CONCEPTS LAB
Prerequisite(s): As required by program
Programming laboratory. Students develop and apply the
basic programming skills.

CIS 196  COMMERCIAL SOFTWARE APPLICATIONS
Prerequisite(s): As required by program
This is a "hands-on" introduction to software packages, languages, and utility programs currently in use, with
the course being able to repeated for credit for each different
topic being covered. Emphasis is placed on the purpose
capabilities and utilization of each package, language or
program. Upon completion, students will be able to use
the features selected for the application covered.

CIS 197  ADVANCED COMMERCIAL SOFTWARE APPLICATIONS
Prerequisite(s): CIS 196 and/or as required by program
This course provides the student with hands-on
experience in using the advanced features of software
packages, languages and utility programs currently in use.
Each offering focuses on one software package with
credit being received for each different package. Upon
completion, students will be able to use the features
selected for the application covered.

CIS 199  NETWORK COMMUNICATIONS
Prerequisite(s): As required by program
This course is designed to introduce students to the basic
concepts of computer networks. Emphasis is placed on
obtaining an understanding of the terminology and
technology involved in implementing networked systems.
The course will cover the OSI and TCP/IP network models, communications protocols, transmission
media, networking hardware and software, LANs (Local
Area Networks) and WANs (Wide Area Networks),
Client/Server technology, the Internet, Intranets and
network troubleshooting. Upon completion of the
course, students will be able to design and implement a
computer network. Students will create network shares,
user accounts, and install print devices while ensuring the
course network. Students will create network shares,
Client/Server technology, the Internet, Intranets and
Area Networks and WANs (Wide Area Networks),
media, networking hardware and software, LANs (Local
network models, communications protocols, transmission
technology involved in implementing networked
data driven Web sites. Upon completion students will be able to create

CIS 212  VISUAL BASIC
Prerequisite(s): CIS 130, 190, 211 and/or equivalent background
This course is a continuation of CIS 211, with emphasis
being on BASIC programming using a graphical user
interface. The course will emphasize graphical user
interfaces with additional topics such as advanced file handling techniques, simulation, and other
selected areas. Upon completion, the student will be able to demonstrate knowledge of the topics tough the
completion of programming projects and appropriate tests.

CIS 213  ADVANCED BASIC PROGRAMMING
Prerequisite(s): CIS 212 and/or as required by program
This course is a continuation of CIS 212, Basic Programming.

CIS 222  DATABASE MANAGEMENT SYSTEMS
Prerequisite(s): As required by program
This course will discuss database system architectures,
concentrating on Structured Query Language (SQL). It will
teach students how to design, normalize and use
databases with SQL, and to link those to the Web.

CIS 223  TEE-DIMENSIONAL COMPUTER MODELING
Prerequisite(s): As required by program
This course is a study in 3D computer modeling and 3D
painting beginning with primitive shapes and creating
compelling 3D objects for use in model libraries, games,
print material, web sites, visual simulation, and architectural applications. Powerful operations for
modeling and 3D painting are incorporated into an
interface that is simple and intuitive to use.

CIS 224  TEE-DIMENSIONAL COMPUTER ANIMATION
Prerequisite(s): As required by program
This course is a study in 3D computer animation. Course
contents include a review of 3D modeling, rendering the
3D animations, compositing and special effects for both
video and digital editing, video and film recording,
storyboarding and sound design, technical testing and
production estimates and scheduling.

CIS 239  NETWORKING SOFTWARE
Prerequisite(s): As required by program
This course provides students with hands-on practical
experience in installing computer software, operating
systems, and troubleshooting. It covers IBM compatible
PC software. The class will help to prepare participants
for the Network+ Certification sponsored by CompTIA. This is a CORE course for the AAT and
AAS CIS programs.

CIS 240  NETWORKING HARDWARE
Prerequisite(s): As required by program
This course is a fundamental study of the systems and
subsystems in a microcomputer. The class will help to
prepare participants for the Network+ Certification
sponsored by CompTIA. This is a CORE course for the
AAT and AAS CIS programs.

CIS 249  MICROSOFT OPERATING SYSTEMS
Prerequisite(s): As required by program
This course provides an introduction to microcomputer
operating systems. Topics include a description of the
operating system, system commands, and effective and
efficient use of the microcomputer with the aid of its
system programs. Upon completion, students should understand the function and role of the operating system,
its operational characteristics, its configuration, how to execute programs, and efficient disk and file
management.

CIS 250  E-COMMERCE
Prerequisite(s): CIS 130 and Web related computer experience.
This course is an introduction into e-commerce. Topics include marketing, building an e-commerce store,
security, and electronic payment systems. Upon completion students will be able to build an e-commerce
presence.

CIS 251  C PROGRAMMING
Prerequisite(s): CIS 130, 191, and/or as required by program
This course is an introduction to the C programming
language. Included in this course are topics in an
algorithmic approach to problem solving, structured programming techniques and constructs, using functions
and macros, simple data structures, and using files for
input and output. Upon completion, the student will be
able to demonstrate knowledge of the topics tough the
completion of programming projects and appropriate tests.

CIS 252  ADVANCED C++ PROGRAMMING
Prerequisite(s): CIS 251 and/or as required by program
This course is a continuation of the CIS 251 course in C
programming. Techniques for the improvement of
application and systems programming will be covered
and other topics may include memory management, C
Library functions, debugging, portability, and reusable
code. Upon completion, the student will be able to
demonstrate knowledge of the topics tough the
completion of programming projects and appropriate tests.

CIS 253  BASIC ROUTER TECHNOLOGY
Prerequisite(s): As required by program
This course is designed to prepare students to apply the
basics of networking hardware. The course covers
beginning router configurations, routed and routing
protocols, and an introduction to LAN switching.

CIS 254  ADVANCED ROUTER TECHNOLOGY
Prerequisite(s): As required by program
This course is designed to prepare students to apply the
advanced principles and applications of networking
hardware. The course covers advanced router
configurations, LAN switching, network management,
and advanced network issues.

CIS 255  JAVA PROGRAMMING
Prerequisite(s): CIS 130 or equivalent.
This course is an introduction to the Java programming
language. Topics in this course include object-oriented
programming constructs, Web page applet development,
class definitions, teads, events and exceptions. Upon
completion, the student will be able to demonstrate
knowledge of the topics tough the completion of
programming projects and appropriate tests.

CIS 256  ADVANCED JAVA PROGRAMMING
Prerequisite(s): As required by program
This course is a second course of a sequence using the
Java programming language. Topics include: Sun’s
Swing GUI components, JDBC, JavaBeans, RMI, servlets, and Java media framework. Upon completion, the student will be able to demonstrate knowledge of the topics tough programming projects and appropriate exams.

CIS 257 NOVELL ADMINISTRATION
Prerequisite(s): As required by program
This course introduces the basics of managing a Novell network. It teaches students how to use Novell tools to set up, manage, and use basic network services including file systems, networking printing, security and E-Mail. After completing this course students will be able to:
- add users to the network; execute network applications and share software resources; make accessing the network seem invisible to users; set up and manage the network file system; provide transparent access to information and resources anywhere on the network; use a multicontext NetWare Directory Services (NDS) environment; set up and manage network printing; create effective network security; back up and restore NetWare server data; set up and manage Novell messaging services.

CIS 258 NOVELL ADMINISTRATION II
Prerequisite(s): As required by program
This course is designed to develop advanced administration skills such as performance tuning for the network and server, and managing complex tree structures. Students will learn how to oversee a complex Novell networking environment, including Novell partitioning and replication, and time synchronization strategies. After completing this course students will be able to manage a complex NDS.

CIS 259 NOVELL NETWORK ADMINISTRATION II
Prerequisite(s): As required by program
This course affords opportunities to design and create a Novell implementation plan.

CIS 261 COBOL PROGRAMMING
Prerequisite(s): As required by program
This course is an introduction to the COBOL programming language. Included are structured programming techniques, report preparation, arithmetic operations, program statements, group totals and table processing. Upon completion, the student will be able to demonstrate knowledge of the topics tough the completion of programming projects and appropriate tests.

CIS 262 COBOL PROGRAMMING II
Prerequisite(s): As required by program
This course consists of development, completion, testing, and execution of complex problems in COBOL using various data file structures. A structured approach will be implemented as a methodological system. Upon completion, the student will be able to demonstrate knowledge of the topics tough the completion of programming projects and appropriate tests.

CIS 264 BUSINESS APPLICATIONS
Prerequisite(s): As required by program
Prior programming training is put to use in implementing a practical business application such as accounts receivable, accounts payable, payroll, or other business system. A different application is selected each semester. Instructor will provide student with the necessary data and the student will create all the programs that are necessary to produce the expected results. This course will require outside laboratory time to produce programs for evaluation. Mastery of the language selected for the study, at the desired level, is required.

CIS 268 SOFTWARE SUPPORT
Prerequisite(s): As required by program
This course provides students with hands-on practical experience in installing computer software, operating systems, and trouble-shooting. The class will help to prepare participants for the A+ Certification sponsored by CompTIA. This course is a suitable substitute for CIS 239, Networking Software.

CIS 269 HARDWARE SUPPORT
Prerequisite(s): As required by program
This course provides students with hands-on practical experience in installation and troubleshooting computer hardware. The class will help to prepare participants for the A+ Certification sponsored by CompTIA. This is a suitable substitute for CIS 240, Networking Hardware.

CIS 273 INTRODUCTION TO NETWORKING COMMUNICATIONS
Prerequisite(s): As required by program
This course is designed to introduce students to basic concepts of computer networks. Emphasis is placed on terminology and technology involved in implementing selected networked systems. The course covers various network models, topologies, communications protocols, transmission media, networking hardware and software, and network troubleshooting. Students gain hands-on experience in basic networking. This course further helps students to achieve certification. Note: This course is a suitable substitute for CIS 199. Additionally, CISCO I may be used as a suitable substitute for this course. However, CIS 273 will not substitute for CISCO I.

CIS 275 WORKSTATION ADMINISTRATION
Prerequisite(s): As required by program
This course provides a study of client system administration in a network environment. Topics include installing monitoring maintaining, and troubleshooting client operating system software and managing hardware devices and shared resources. Students gain hands-on experience in client operating system installation and basic administration of network workstations.

CIS 276 SERVER ADMINISTRATION
Prerequisite(s): CIS 273 and/or as required by program
This course introduces network operating system administration. Topics included in this course are network operating system administration, monitoring, maintenance, administration, monitoring, and maintenance; user, group, and computer account management; shared resource management; and server hardware management. Students gain hands-on experience in managing and maintaining a network operating system environment.

CIS 277 NETWORK SERVICES ADMINISTRATION
Prerequisite(s): As required by program
This course provides an introduction to the administration of fundamental networking services and protocols. Topics included in this course are implementing, managing, and maintaining essential network operating system services such as those for client address management, name resolution, security, routing, and remote access. Students gain hands-on experience performing common network infrastructure administrative tasks.

CIS 278 DIRECTORY SERVICES ADMINISTRATION
Prerequisite(s): As required by program
This course provides a study of planning, implementing, and maintaining a network directory service. Topics included in this course are planning and implementing network directory organizational and administrative structures. Students gain hands-on experience using a directory service to manage user, group, and computer accounts, shared folders, network resources, and the user environment.

CIS 279 NETWORK
Prerequisite(s): As required by program
This course provides a study of network infrastructure design. Topics included in this course are strategies for planning, implementing, and maintaining server availability and security, client addressing schemes, name resolution, routing, remote access, and network security. Students gain experience by designing plans for implementing common network infrastructure and protocols.

CIS 280 NETWORK SECURITY
Prerequisite(s): As required by program
This course provides a study of tests to network security and methods of securing a computer network from such tests. Topics included in this course are security risks, intrusion detection, and methods of securing authentication, network access, remote access, Web access, and network protocols. Upon completion students will be able to identify security risks and describe appropriate counter measures.

CIS 281 SYSTEM ANALYSIS AND DESIGN
Prerequisite(s): As required by program
This course is a study of contemporary theory and systems analysis and design. Emphasis is placed on investigating, analyzing, designing, implementing, and documenting computer systems. Upon completion, the student will be able to demonstrate knowledge of the topics tough the completion of programming projects and appropriate tests.

CIS 282 COMPUTER FORENSICS
Prerequisite(s): As required by program
This course introduces students to methods of computer forensics and investigations. This course helps prepare students for the International Association of Computer Investigative Specialists (IACIS) certification.

CIS 284 CIS INTERNSHIP
Prerequisite(s): As required by program
This course is designed to provide the student with an opportunity to work in a degree/program related environment. Emphasis is placed on the student’s “real world” work experience as it integrates academics with practical applications that relate meaningfully to careers in the field in the computer discipline. Significance is also placed on the efficient and accurate performance of job tasks as provided by the “real world” work experience. Grades for this course will be based on a combination of the employer’s evaluation of the student, and the contents of a report submitted by the student. Upon completion of this course, the student should be able to demonstrate the ability to apply knowledge and skills gained in the classroom to a “real world” work experience.

CIS 285 OBJECT ORIENTED PROGRAMMING
Prerequisite(s): As required by program
This course is an advanced object-oriented programming course and covers advanced program development techniques and concepts in the context of an object-oriented language. Subject matter includes object-oriented analysis and design, encapsulation, inheritance, polymorphism (operator and function overloading), information hiding, abstract data types, reuse, dynamic memory allocation, and file manipulation. Upon completion, students should be able to develop a hierarchical class structure necessary to the implementation of an object-oriented software system.

CIS 286 COMPUTERIZED MANAGEMENT INFO SYSTEM
Prerequisite(s): As required by program
The nature of computerized management information systems, problems created by the computer relative to personnel, components of computer systems,
programming, and application of computers to business problems.

CIS 287 SQL SERVER
Prerequisite(s): As required by program
This course will provide students with the technical skill required to install, configure, administer and troubleshoot SQL Server client/server database management system. At the completion of this series students will be able to: identify the features of SQL Server and the responsibilities and challenges in system administration; identify the benefits of integrating SQL Server and setup clients for SQL Server; install and configure SQL Server; manage data storage using database devices and partition data using segments; manage the user accounts; manage user permissions; identify the various task scheduling and alerting abilities of SQL Executive; identify the concepts used in replication and implement replication of data between two SQL Services; identify the types of concepts used in replication and implement replication of and alerting abilities of SQL Executive; identify the user permissions; identify the various task scheduling data using segments; manage the user accounts; manage data storage using database devices and partition.

CIS 291 CASE STUDY IN COMPUTER SCIENCE
Prerequisite(s): CIS 281 and/or as required by program
This course is a case study involving the assignment of a complete system development project for analysis, programming, implementation, and documentation. Topics include planning system analysis and design, determining requirements and modeling and documentation. Upon completion, students should be able to design, code, test and document a comprehensive computer information system.

CIS 292 SPECIAL TOPICS
Prerequisite(s): As required by program
This course allows study of currently relevant computer science topics, with the course being able to be repeated for credit for each different topic covered. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, the student will be able to demonstrate comprehension of the specified topics.

CIS 293 SPECIAL TOPICS
Prerequisite(s): As required by program
This course allows study of currently relevant computer science topics, with the course being able to be repeated for credit for each different topic covered. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, the student will be able to demonstrate specified skills.

CIS 294 SPECIAL TOPICS
Prerequisite(s): As required by program
This course allows study of currently relevant computer science topics, with the course being able to be repeated for credit for each different topic covered. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, the student will be able to demonstrate knowledge of the course topic. TOPIC 1. Assignment 1 Topic 2. Assignment 2. TOPIC 3. Assignment 3. TOPIC 4. Assignment 4.

CIS 295 SPECIAL TOPICS
Prerequisite(s): As required by program
This course allows study of currently relevant computer science topics, with the course being able to be repeated for credit for each different topic covered. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, the student will be able to demonstrate specified skills.

CIS 296 SPECIAL TOPICS
This course allows study of currently relevant computer science topics, with the course being able to be repeated for credit for each different topic covered. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, the student will be able to demonstrate specified skills.

CMT 205 CONSTRUCTION MANAGEMENT
Prerequisite: As required by program.
The purpose of this course is to introduce the student to the principles and practices used in managing the various aspects of the construction process. Emphasis will be placed on pertinent business procedures. Upon completion of this course the student will know how to organize, bid, purchase, account for, plan, and schedule a construction job. CORE

CMT 206 CONSTRUCTION ESTIMATING
Prerequisite: As required by program.
The purpose of this course is to introduce the student to the principles and practices used in estimating construction costs. Emphasis will be on a methodical approach to estimating each cost element of a construction project. Upon completion of this course the student will know the methods and procedures used in estimating, making quantity surveys from working drawings, developing unit costs, developing subcontractor costs, and will be able to identify the major considerations involved in the total pricing of a construction project.

CMT 208 PROJECT PLANNING AND SCHEDULING
Prerequisite: As required by program.
The purpose of this course is to introduce the student to the tools and techniques used to plan, schedule and control a construction project. Students will learn how to prepare Gantt Charts and schedules using the Critical Path Method, Precedence Networks, PERT, GERT and the Linear Scheduling Method. Special emphasis will be placed on planning and scheduling using scheduling software. Upon completion, the student will be able to prepare project schedules using various scheduling tools and technology, allocate and level resources, maintain and update a project schedule, and resolve construction delay claims.

COS 111 INTRODUCTION TO COSMETOLOGY
Prerequisite: As required by program.
COREquisite: COS 112
This course is designed to provide students with an overview of the history and development of cosmetology and standards of professional behavior. Students receive basic information regarding principles and practices of infection control, diseases, and disorders. Additionally students receive introductory information regarding hair design. The information presented in this course is enhanced by hands-on application performed in a controlled lab environment. Upon completion, students should be able to apply safety rules and regulations and write procedures for skills identified in this course. CORE

COS 112 INTRODUCTION TO COSMETOLOGY LAB
Prerequisite: As required by program.
COREquisite: COS 111
In this course, students are provided the practical experience for sanitation, shampooing, hair shaping, and hairstyling. Emphasis is placed on disinfection, shampooing, hair shaping, and hairstyling for various
types of hair for men and women. This course offers opportunities for students to put into practice concepts learned in the theory component from COS 111.  

COS 113  THEORY OF CHEMICAL SERVICES  
Prerequisite: As required by program.  
COREQUISITE: COS114.  
During this course students learn concepts of theory of chemical services related to the chemical hair texturing. Specific topics include basics of chemistry and electricity, properties of the hair and scalp, and chemical texture services. Safety considerations are emphasized throughout this course. This course is foundational for other courses providing more detailed instruction on these topics. CORE  

COS 114  CHEMICAL SERVICES LAB  
Prerequisite: As required by program.  
COREQUISITE: COS115.  
During this course students perform various chemical texturing activities. Emphasis is placed on cosmetologist and client safety, chemical use and handling, hair and scalp analysis, and client consulting. CORE  

COS 115  HAIR COLOR THEORY  
Prerequisite: As required by program.  
COREQUISITE: COS116.  
In this course, students learn the techniques of hair coloring and hair lightening. Emphasis is placed on color application, laws, levels and classifications of color and problem solving. Upon completion, the student will should be able to identify all classifications of hair coloring and the effects on the hair. This is a CORE course.  

COS 116  HAIR COLORING LAB  
Prerequisite: As required by program.  
COREQUISITE: COS115.  
In this course, students apply hair coloring and hair lightening techniques. Topics include consultation, hair analysis, skin test and procedures and applications of all classifications of hair coloring and lightening. Upon completion, the student will be able to perform procedures for hair coloring and hair lightening. CORE  

COS 117  BASIC SPA TECHNIQUES  
COREQUISITE: COS 118.  
This course is the study of cosmetic products, massage, skin care, and hair removal, as well as identifying the structure and function of various systems of the body. Topics include massage skin analysis, skin structure, disease and disorder, light therapy, facial, facial cosmetics, anatomy, hair removal, and nail care. Upon completion, the student will be able to perform procedures for analysis, light therapy, facials, hair removal, and identify the structures, functions, disorders of the skin, and nail care. CORE  

COS 118  BASIC SPA TECHNIQUES LAB  
Prerequisite: As required by program.  
COREQUISITE: COS 117.  
This course provides practical applications related to the care of the skin and related structure. Emphasis is placed on facial treatments, product application, skin analysis, massage techniques, facial make-up, hair removal, and nail care. Upon completion, the student should be able to prepare clients, assemble sanitized materials, follow procedures for product application, recognize skin disorders, demonstrate facial massage movement, cosmetic application, and hair removal using safety and sanitary precautions, and nail care. CORE  

COS 119  BUSINESS OF COSMETOLOGY  
Prerequisite: As required by program.  
This course is designed to develop job-seeking and entry-level management skills and knowledge of the beauty industry. Topics include job seeking, leader and entrepreneurship development, business principles, business laws, insurance, marketing, and technology issues in the workplace. Upon completion, the student should be able to list job-seeking and management skills and the technology that is available for use in the salon.  

COS 134  SPECIALTY HAIR PREPARATION TECHNIQUES  
Prerequisite: As required by program.  
This course focuses on the theory and practice of hair designing. Topics include creating styles using basic and advanced techniques of back combing, up sweeps and braiding. Upon completion, the student should be able to demonstrate the techniques and procedures for hair designing.  

COS 144  HAIR SHAPING AND DESIGN  
Prerequisite: As required by program.  
In this course, students learn the art and techniques of hair shaping. Topics include hair sectioning, correct use of hair shaping implements, and elevations used to create design lines. Upon completion, the student should be able to demonstrate the techniques and procedures for creating hair designs.  

COS 151  NAIL CARE  
Prerequisite: As required by program.  
This course focuses on all aspects of nail care. Topics include salon conduct, professional ethics, sanitation, nail structure, manicures, pedicures, nail disorders, and anatomy and physiology of the arm and hand. Upon completion, the student should be able to demonstrate professional conduct, recognize nail disorders and diseases, and identify the procedures for sanitation and nail care services.  

COS 152  NAIL CARE APPLICATIONS  
Prerequisite: As required by program.  
This course provides practice in all aspects of nail care. Topics include salon conduct, professional ethics, bacteriology, sanitation and safety, manicure and pedicure. Upon completion, the student should be able to perform nail care procedures.  

COS 153  NAIL ART  
Prerequisite: As required by program.  
This course focuses on advanced nail techniques. Topics include acrylic, gel, fiberglass nails, and nail art. Upon completion, the student should be able to identify the different types of sculptured nails and recognize the different techniques of nail art.  

COS 154  NAIL ART APPLICATIONS  
Prerequisite: As required by program.  
This course focuses on advanced nail techniques. Topics include acrylic, gel, fiberglass nails, and nail art. Upon completion, the student should be able to identify the different types of sculptured nails and recognize the different techniques of nail art.  

COS 155  STATE BOARD REVIEW  
Prerequisite: As required by program.  
Students are provided a complete review of all procedures and practical skills pertaining to their training in the program. Upon completion, the student should be able to demonstrate the practical skills necessary to complete successfully the required State Board of Cosmetology examination and entry-level employment.  

COS 191  COOPERATIVE WORK EXPERIENCE  
Prerequisite: As required by program.  
This course provides work experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.  

COS 192  CRIMINAL JUSTICE (CRJ)  
Course Descriptions  
CRJ 100  INTRODUCTION TO CRIMINAL JUSTICE  
Prerequisite(s): As required by program.  
This course surveys the entire criminal justice process from law enforcement to the administration of justice tough corrections. It discusses the history and philosophy of the system and introduces various career opportunities.  

CRJ 110  INTRODUCTION TO LAW ENFORCEMENT  
This course examines the history and philosophy of law enforcement, as well as the organization and jurisdiction of local, state, and federal agencies. It includes the duties and functions of law enforcement officers.  

CRJ 116  POLICE PATROL  
Prerequisite(s): As required by program.  
This course studies the duties, and responsibilities of the uniformed police patrol. It emphasizes the importance of patrol functions and includes principles, methods, procedures and resources used in police patrol operations.  

CRJ 130  INTRODUCTION TO LAW AND JUDICIAL PROCESS  
Prerequisite(s): As required by program.  
This course provides an introduction to the basic elements of substantive and procedural law, and the stages in the judicial process. It includes an overview of state and federal court structure.  

CRJ 140  CRIMINAL LAW AND PROCEDURE  
This course examines both substantive and procedural law. The legal elements of various crimes are discussed, with emphasis placed on the contents of the Alabama Code. Areas of criminal procedure essential to the criminal justice profession are also covered.  

CRJ 150  INTRODUCTION TO CORRECTIONS  
Prerequisite(s): As required by program.  
This course provides an introduction to the philosophical and historical foundations of corrections in America. Incarceration and some of its alternatives are considered.  

CRJ 160  INTRODUCTION TO SECURITY  
This course provides an introduction to the philosophical and historical foundations of corrections in America. Incarceration and some of its alternatives are considered.  

CRJ 177  CRIMINAL AND DEVIANT BEHAVIOR  
Prerequisite(s): As required by program.  
This course analyzes criminal and deviant behavior systems. An emphasis is placed on sociological and psychological theories of crime causation.  

CRJ 208  INTRODUCTION TO CRIMINOLOGY  
Prerequisite(s): As required by program.  
This course delves into the nature and extent of crime in the United States, as well as criminal delinquent behavior and theories of causation. This study includes criminal personalities, principles of prevention, control, and treatment.  

CRJ 209  JUVENILE DELINQUENCY  
Prerequisite(s): As required by program.  
This course examines the causes of delinquency. It also reviews programs of prevention, and control of juvenile delinquency as well as the role of the courts.
CRJ 212 CORRECTIONAL COUNSELING TECHNIQUES 3
Prerequisite(s): As required by program
This course focuses on the basic concepts of influencing human behavior. Theories of individual and group counseling are emphasized, as well as some of the barriers faced in dealing with the public offender.

CRJ 216 POLICE ORGANIZATION AND ADMINISTRATION 3
Prerequisite(s): As required by program
This course examines the principles of organization and administration of law enforcement agencies. Theories of management, budgeting, and various personnel issues are covered.

CRJ 220 CRIMINAL INVESTIGATION 3
Prerequisite(s): As required by program
This course explores the theory and scope of criminal investigation. The duties and responsibilities of the investigator are included. The techniques and strategies used in investigation are emphasized.

CRJ 226 FINGERPRINT SCIENCE 3
Prerequisite(s): As required by program
This course involves the history, classification, and current procedures of handling latent fingerprints. Latent print examination, filing, and courtroom presentations are considered.

CRJ 230 CRIMINALITIES 3
Prerequisite(s): As required by program
This course explores the history of scientific investigation. Emphasis is given to ballistics, photography, fingerprints, DNA, trace evidence, body fluids, casts, and the like.

CRJ 237 FORENSIC PHOTOGRAPHY 3
Prerequisite(s): As required by program
This course analyzes the principles, techniques, and uses of forensic photography in crime scene investigation. Emphasis is placed on basic camera operation and mechanics, crime scene photography, and rules of photographic evidence.

CRJ 238 CRIME SCENE INVESTIGATION 3
Prerequisite(s): As required by program
This course examines the fundamentals of crime scene investigation. Measuring and sketching the scene, photography, evidence collection and preservation, and courtroom procedures are considered.

CRJ 239 ISSUES IN LAW ENFORCEMENT 3
Prerequisite(s): As required by program
This course involves research, writing, and discussion of selected subjects relating to law enforcement. An analysis of contemporary police problems is provided.

CRJ 256 CORRECTIONAL REHABILITATION 3
Prerequisite(s): As required by program
This course surveys the different methods used in the rehabilitation of public offenders. Topics include individual and group counseling, education, recreation, religion, drug treatment, and vocational programs.

CRJ 259 ISSUES IN CORRECTIONS 3
Prerequisite(s): As required by program
This course involves research, writing, and discussion of selected subjects relating to corrections. An analysis of contemporary problems in corrections is provided.

CRJ 280 INTERNSHIP IN CRIMINAL JUSTICE 1-3
Prerequisite(s): As required by program
This course involves practical experience with a criminal justice agency. Permission of the instructor is required. This course may be repeated with the approval of the department head.

DENTAL ASSISTANT COURSE DESCRIPTIONS

DAT 100 INTRODUCTION TO DENTAL ASSISTING 3
Prerequisite: As required by program
This course is designed to provide an introduction to dentistry. Topics include history of dentistry, dental equipment, dental auxiliaries, psychology as it applies to dentistry, professional organization, certification requirements, legal and ethical considerations, work ethics, and communication skills. Emphasis is placed on the Alabama Dental Practice Act and OSHA Standards. Upon completion, students should be able to discuss basic aspects of dentistry. CORE

DAT 101 PRE-ClinICAL PROCEDURES I 3
Prerequisite: As required by program
This course is designed to introduce chair-side assisting techniques, including concepts of four-handed dentistry, sterilization techniques, dental instruments, anesthesia, operative dentistry. Emphasis will be placed on preparation of a student for dental assisting. Upon completion, the student should be able to perform dental assisting skills in a clinical setting. CORE

DAT 102 DENTAL MATERIALS 3
Prerequisite: As required by program
This course is designed to study the characteristics, manipulation, and application of dental materials ordinarily used in the dental office. Students will be given intra- and extra-oral technical tasks to perform. Upon completion, students should be able to take and pour preliminary impressions, trim study models, construct custom trays and temporary crowns, prepare and place restorative material, and manipulate cements and impression materials.

DAT 103 ANATOMY AND PHYSIOLOGY FOR DENTAL ASSISTING 3
Prerequisite: As required by program
This course is designed to provide study of anatomy and physiology of the head and neck and a basic understanding of body structure and function. Emphasis will be placed on tooth and root morphology, and embryological and histological correlations. It provides a foundation essential to an understanding of dental health. Upon completion, students should be able to discuss and identify the basic structure and function of the human body, specifically the head, neck, and dentition. CORE

DAT 104 BASIC SCIENCES FOR DENTAL ASSISTING 2
Prerequisite: As required by program
This course is designed to study basic microbiology, pathology, pharmacology, and medical emergencies. Emphasis is placed on the correlation of these sciences to the practice of dentistry. Upon completion, students should be able to apply basic science to the dental field.

DAT 111 CLINICAL PRACTICE I 5
Prerequisite: As required by program
This course is designed to allow the student the opportunity for clinical observation and practical work experience in clinical settings under the supervision of a licensed dentist. Emphasis will be placed on the basic skills of chair-side assisting. Upon completion, students should be able to demonstrate basic skills in the area of chair-side assisting. CORE

DAT 112 DENTAL RADIOLOGY 3
Prerequisite: As required by program
This course is designed to cover the essential knowledge of radiographic technique for the practice of dentistry. Students will be taught to produce diagnostically acceptable intra- and extra-oral radiographs with emphasis being placed on x-ray properties, generation of x-rays, film processing, operator and patient safety, infection control, quality assurance, intra-oral radiographic technique, and image characteristics. Upon completion, students should be able to expose, process, and mount radiographs for diagnostic purposes under the direct supervision of a licensed dentist. CORE

DAT 113 DENTAL HEALTH EDUCATION 2
Prerequisite: As required by program
This course is designed to provide the student the opportunity for practical work experience in clinical settings. Emphasis is placed on the basic skills of dental assisting. Upon completion, students should be able to demonstrate basic skills in the area of chair-side assisting.

DAT 116 PRE-ClinICAL PROCEDURES II 3
Prerequisite: DAT/DNT 101 or equivalent
This course is a continuation of Pre-Clinical Procedures I. Emphasis is placed on dental specialties. Upon completion, the student should be able to discuss and identify dental specialty procedures and instrumentation.

DAT 122 CLINICAL PRACTICE II 4
Prerequisite: Successful completion of DAT/DNT 111
This course is designed to provide the student the opportunity to develop advanced dental assisting skills in chair-side dental assisting procedures, radiology, teamwork, communication skills, and administrative duties. Emphasis will be placed on clinical procedures. Upon completion, students should be able to demonstrate proficiency in the area of chair-side assisting.

DAT 123 DENTAL ASSISTING SEMINAR 4
Prerequisite: As required by program
This course is designed to discuss the students’ clinical experiences resume and interview process. Emphasis will be placed on new technology in dental practices as related to dental assisting and the certification exam review. Upon completion, students should be able to successfully complete the Dental Assisting National Board Examination to become a Certified Dental Assistant.

DAT 124 CLINICAL APPLIED INFECTIO N CONTROL AND OSHA STANDARDS 1
Prerequisite: DAT 111
This course is designed for the integration of previously acquired knowledge of OSHA Standards and Infection Control in a clinical setting. Emphasis will be placed on clinical application of Infection Control and compliance of OSHA Standards as it relates to dental chair-side assisting. Upon completion, students should be able to demonstrate skills in the area of Infection Control and OSHA Guidelines.
DMS 202 FOUNDATIONS OF SONOGRAPHY 3
Prerequisite: As required by program.
This course provides the student with concepts of the history and development of sonography in medical imaging, patient care and medical ethics and law, cultural diversity, and medical terminology used in the practice of sonography. Emphasis in theory and lab is placed on patient assessment and considerations of physical and psychological conditions in both routine and emergency situations. Upon completion, students will demonstrate understanding of concepts, as well as demonstrate/explain patient care procedures appropriate to setting and situation while utilizing medical terminology. This is a CORE course.

DMS 204 Sonographic Anatomy 2
Prerequisite: As required by program.
This course is a study in gross and sectional anatomy and physiology of the human body and the correlation of that anatomy to sonographic, computed tomography and magnetic resonance images. Upon completion students will be able to identify normal sectional anatomy.

DMS 215 Introduction to Sonographic Principles & Instrumentation 2
Prerequisite: As required by program.
This course will provide an introduction to mathematical and sonographic principles related to the application of sonography. This will also provide the student with knowledge of the principles of sound and imaging instrumentation as applied to sonography. The physical nature of sound waves and how those waves interact with mediums and how they can be successfully utilized in diagnostic imaging will be studied.

DMS 216 Sonographic Principles & Instrumentation I 3
Prerequisite: As required by program.
This course will provide the student with knowledge of the principles of sound and imaging instrumentation as applied to sonography. The physical nature of sound waves and how those waves interact with mediums and how they can be successfully utilized in diagnostic imaging will be studied. Upon completion the student will be able to produce sonographic images. This is a CORE course.

DMS 217 Sonographic Principles & Instrumentation II 2
Prerequisite: As required by program.
This lab allows students to perform quality assurance tests and surveys. Students will also investigate statistical applications utilized in medical research. Upon completion the student will be able to develop a quality assurance program.

DMS 229 Sonography Preceptorship I 2
Prerequisite: As required by program.
This course provides the sonography student with the opportunity to practice patient care skills and use beginning sonographic skills in a clinical environment. At course completion, the student should be able to provide basic patient care needs for the individual scheduled for a sonogram and create sonographic images pertinent to the current level of didactic training in general sonography specialties. Competencies will be required. This is a CORE course.

DMS 230 Sonography Preceptorship II 3
Prerequisite: As required by program.
This course provides the student with the opportunity to develop additional sonographic skills in the clinical setting. The student will assist with and perform sonographic exams pertinent to the level of didactic training in general and/or cardiovascular sonography specialties. Competencies will be required. This is a CORE course.

DMS 231 Sonography Preceptorship III 4
Prerequisite: As required by program.
This course provides a continuum in the development of sonographic skills while in the clinical setting. Students should be able to perform sonography in less advanced settings than the supervising sonographer. Competencies will be required. This is a CORE course.

DMS 232 Sonography Preceptorship IV 5
Prerequisite: As required by program.
This course will provide an in-depth practice of all sonographic skills in the clinical setting. Upon completion the student will perform general and/or specialty sonograms with little to no assistance from the supervising sonographer. Competencies will be required. This is a CORE course.

DMS 233 Sonography Lab I 1
Prerequisite: As required by program
This course is designed to allow students the opportunity to improve their application of knowledge gained in other courses. Content will vary depending on the student needs as determined by the instructor. Content may include General or Cardiovascular sonographic concepts.

DMS 234 Sonography Lab II 1
Prerequisite: As required by program
This course is designed to allow students the opportunity to improve their application of knowledge gained in other courses. Content will vary depending on the student needs as determined by the instructor. Content may include General or Cardiovascular sonographic concepts.

DMS 235 Sonography Lab III 1
Prerequisite: As required by program
This course is designed to allow students the opportunity to improve their application of knowledge gained in other courses. Content will vary depending on the student needs as determined by the instructor. Content may include General or Cardiovascular sonographic concepts.

DMS 236 Sonography Lab IV 1
Prerequisite: As required by program
This course is designed to allow students the opportunity to improve their application of knowledge gained in other courses. Content will vary depending on the student needs as determined by the instructor. Content may include General or Cardiovascular sonographic concepts.

DMS 240 Sonography Principles and Instrumentation Seminar 2
Prerequisite: As required by program. Will be optional upon successful passage of ARDMS SPI registry exam. This course provides a review for Sonographic Principles and Instrumentation Exam. Topics include sonographic principles and instrumentation. Mock registries must be passed with a grade of 75% or better to complete this course.

DMS 245 Sonography Case Presentation 1
Prerequisite: As required by program.
Students are required to present cases with sonographic images, reports, patient history and symptoms and correlating reports from other exams/tests performed. The cases become the property of the program for use as future reference material. By the end of the term, students will have developed proficiency and expertise in case presentation.

DMS 271 Echocardiographic Technology 3
Prerequisite: As required by program.
This course will familiarize the student with sonographic anatomy of the cardiovascular system of the human body. Techniques and protocols for performing a diagnostic study of the cardiovascular system will be presented. The lab will enable the student to practice echocardiographic scanning skills on volunteers in the campus lab. At completion student will be able to perform basic echocardiograms. CV CORE

DMS 273 Pathology of the Cardiovascular System 3
Prerequisite: As required by program.
This course will educate the student in common pathologies and anomalies of the cardiovascular system. Patient history, lab values and symptomology will be correlated with abnormalities seen. At course completion the student will be able to identify common cardiac abnormalities on echocardiograms.

DMS 274 Echo Clinical 5
Prerequisite: As required by program.
This course will allow the student to practice cardiac scanning skills in the clinical setting. Students will demonstrate competency in cardiovascular studies, including transthoracic, transesophageal, and intraluminal echocardiography.

DMS 275 Advanced Echocardiographic Modalities 3
Prerequisite: As required by program.
This course offers a detailed study of the anatomy, physiology, and structural relationships of the heart and vascular system. Focus is on advanced cardiac and vascular anatomy, hemodynamics and electrophysiology, involvements of the heart, and embryology, as well as cardiac and vascular pathophysiology.

DMS 276 Intro to Cardiovascular Concepts 14
Prerequisite: As required by program.
This course offers a detailed study of the anatomy, physiology, and structural relationships of the heart and vascular system. Focus is on cardiac and vascular anatomy, hemodynamics and electrophysiology, involvements of the heart, and embryology, as well as cardiac and vascular pathophysiology.

DRAFTING AND DESIGN (DDT) Course Descriptions

DDT 111 FUNDAMENTALS OF DRAFTING AND DESIGN TECHNOLOGY 3
Prerequisite: As required by college.
This course serves as an introduction to the field of drafting and design and provides a foundation for the entire curriculum. Topics include safety, lettering, tools and equipment, geometric constructions, and orthographic sketching, and drawing. CORE

DDT 113 BLUEPRINT READING 3
Prerequisite: As required by college.
This course provides students with basic blueprint reading skills for various applications. Topics include terms, definitions and abbreviations, orthographic projection, dimensions and tolerances, lines and symbols, industrial application, scales, multiview projections,
specifications, notes, elevations, sections, details, and schedules. Upon completion, students should be able to interpret blueprint drawings in various formats.

**DDT 117 MANUFACTURING PROCESSES**
Prerequisite: As required by college.
This course in materials and processes includes the principles and methodology of material selection, application, and manufacturing processes. Emphasis is directed to solids to include material characteristics, castings, forging, and die assemblies. Upon completion, students should be able to discuss and understand the significance of materials' properties, structure, basic manufacturing processes, and express and interpret material specifications.

**DDT 124 INTRO TO TECHNICAL DRAWING**
Prerequisite: As required by college.
This course covers sections, auxiliary views, and basic space geometry. Emphasis will be placed on the theory as well as the mechanics of applying sections, basic dimensioning, auxiliary views, and basic space geometry. CORE

**DDT 128 INTERMEDIATE TECHNICAL DRAWING**
Prerequisite: DDT 111, DDT 124 or instructor approval
This course is designed to develop a strong foundation in common drafting and design practices and procedures. Topics include dimensioning concepts and pictorial drawings. CORE

**DDT 133 BASIC SURVEYING**
Prerequisite: As required by college.
This course covers the use of surveying instruments, mathematical calculations and the theory of land surveying. Topics include USGS benchmarks, measuring horizontal and vertical angles and distances, terms, and recording and interpreting field notes. Upon completion, students should be able to recognize benchmarks and measure, specify, and record field notes.

**DDT 213 CIVIL DRAFTING, PLAT MAPS**
Prerequisite: As required by college.
This course introduces the drafting practices, symbols, conventions, and standards utilized in civil engineering contract documents. Topics include site planning, land surveying, topographic surveys, along with civil terminology. Upon completion, students should be able to draw accurate plat maps giving legal descriptions of land parcels, draw simple site plans, and identify and use proper symbols and conventions on civil engineering drawings.

**DDT 217 BUILDING CODES, ORDINANCES, AND ZONING RESTRICTIONS AND THE A.D.A.**
Prerequisite: As required by college.
This course provides an in-depth study of building codes, municipal ordinances, zoning restrictions, and compliance with the Americans With Disability act as related to commercial drafting and design. Emphasis is placed upon working understanding of these topics.

**DDT 225 STRUCTURAL STEEL DRAFTING**
Prerequisite: As required by college.
This course covers the theory and practical applications necessary to understand the basic design and terminology of structural steel components used in light commercial buildings. Emphasis is placed on structural steel drafting techniques, bolted and welded connections, framing plans, sections, fabrication and connection details, and bills of material. Upon completion, students should be able to produce engineering and shop drawings incorporating standard shapes, sizes, and details using the A.I.S.C. Manual and incorporating safety practices.

**DDT 231 ADVANCED CAD**
Prerequisite: As required by college.
This course covers the advanced applications of CAD software to engineering projects in various applications, including architectural, civil, mechanical, and environmental engineering, with consideration for advanced physical and psychological principle of CAD. These principles will be applied toward CAD customization and programming principles, for the expressed purpose of increasing productivity and improving the performance of the CAD operator, thereby, making CAD much more productive in an engineering environment. Emphasis will be placed on using intelligent CAD techniques to increase the quality of output. And, 3D modeling and rendering will be introduced. Upon completion, students should be able to apply advanced CAD techniques in solving complex problems related to all engineering applications.

**DDT 233 SOLIDS MODELING**
Prerequisite: As required by college.
This course provides instruction in 3D Design Modeling utilizing the 3D capabilities of CAD software. Emphasis is placed on 3D wire-frame, surface and solids modeling along with the development of 2D detail drawings from 3D models. Upon completion, students should be able to generate 3D surface and solid models and 2D orthographic production drawings from created solid models.

**DDT 271 DRAFTING INTERNSHIP**
Prerequisite: As required by college.
This course allows credit for substantial on-the-job experience within the field of Drafting and Design Technology.

**MEDIUM/HEAVY TRUCK TECHNICIAN – (DEM) Course Descriptions**

**DEM 104 BASIC ENGINES**
Prerequisite: As required by program.
This course is designed to give the student knowledge of the diesel engine components and auxiliary systems, the proper way to maintain them, and the proper procedures for testing and rebuilding components. Emphasis is placed on safety, theory of operation, inspection, and measuring and rebuilding diesel engines according to factory specifications. Upon completion, students should be able to measure, diagnose problems, and repair diesel engines.

**DEM 105 PREVENTIVE MAINTENANCE**
Prerequisite: As required by program.
This course provides instruction on how to plan, develop and install equipment surveillance and reliability strategies. Descriptions of various maintenance techniques for specialized preventive programs are discussed and computerized parts and equipment inventories and fleet management systems software are emphasized. Upon completion, students should be able to set up and follow a preventive maintenance schedule as directed by manufacturers.

**DEM 111 SAFETY, TOOLS MANAGEMENT**
Prerequisite: As required by program.
This course provides instruction in shop and vehicle safety. Topics include the safe use and handling of hand and power tools, preventive maintenance, and safety inspection procedures. Upon completion, students should be able to demonstrate knowledge of preventive maintenance and applicable general safety in vehicle repair.

**DEM 117 DIESEL AND GAS TUNE-UP**
Prerequisite: As required by program.
This course introduces tune-up and troubleshooting according to manufacturers' specifications. Topics include troubleshooting engine systems, tune-up procedures, and use and care of special test tools and equipment. Upon completion, students should be able to troubleshoot, diagnose, and repair engines and components using appropriate diagnostic equipment.

**DEM 122 HEAVY VEHICLE BRAKES**
Prerequisite: As required by program.
This course covers the theory and repair of braking systems used in medium and heavy duty vehicles. Topics include air, hydraulic, and ABS system diagnosis and repair. Upon completion, students should be able to troubleshoot, adjust, and repair braking systems on medium and heavy duty vehicles. CORE

**DEM 123 PNEUMATICS AND HYDRAULICS**
Prerequisite: As required by program.
This course provides instruction in the identification and repair of components found in hydraulic systems. Topics include schematics, circuits, and symbols used in fluid power transmission and the troubleshooting of components in these systems. Upon completion, students should be able to diagnose, adjust, and repair hydraulic system components.

**DEM 124 ELECTRONIC ENGINE SYSTEMS**
Prerequisite: As required by program.
This course introduces the principles of electronically controlled diesel engines. Emphasis is placed on testing and adjusting diesel engines in accordance with manufacturers' specifications. Upon completion, students should be able to diagnose, test, and calibrate electronically controlled diesel engines.

**DEM 125 HEAVY VEHICLE DRIVE TRAINS**
Prerequisite: As required by program.
This course introduces the operating principles of mechanical medium and heavy duty truck transmissions. Topics include counter shafts, power take-offs, slider idler clutches, and friction clutches, mechanical transmission power components, and hydraulics. Upon completion, students should be able to diagnose, inspect, and repair mechanical transmissions. CORE

**DEM 126 ADVANCED ENGINES**
Prerequisite: As required by program.
This course provides instruction in the disassembly, inspection, and rebuilding of diesel and heavy-duty gas engines. Emphasis is placed on the manufacturer's standards and factory recommended service tools and equipment. Upon completion, students should be able to disassemble, inspect, and rebuild engines according to the manufacturer's specifications. CORE

**DEM 127 FUEL SYSTEMS**
Prerequisite: As required by program.
This course is designed to provide practice in troubleshooting, fault code diagnosis, information retrieval, calibration, repair and replacement of fuel injectors, nozzles, and pumps. Emphasis is placed on test equipment, component functions, and theory. Upon completion, students should be able to diagnose, service, and repair fuel systems and governors.

**DEM 130 ELECTRICAL/ELECTRONIC FUNDAMENTALS**
Prerequisite: As required by program.
This course introduces the student to basic Electrical / Electronic concepts and fundamentals. It provides the principles of electricity, magnetism, and Ohm's Law. Emphasis is placed on batteries, starting, charging, and lighting circuits, which include series, parallel, and series-parallel circuits. Troubleshooting and repair of wiring harnesses, starting motors, charging systems, and accessories are included along with the computerized monitoring of vehicle systems. Upon completion, students should be able to identify components, test
systems, and repair minor electrical problems according to manufacturer’s literature. **CORE**

**DEM 135 Heavy Vehicle Steering and Suspension**

Prerequisite: As required by program.

This course introduces the theory and principles of medium and heavy duty steering and suspension systems. Topics include wheel and tire problems, frame members, fifth wheel, bearings, and coupling systems. Upon completion, students should be able to troubleshoot, adjust, and repair suspension and steering components on medium and heavy duty vehicles.

**DEM 137 Heating and A/C Systems**

Prerequisite: Electrical Systems.

This course provides instruction in fundamentals, diagnosis, and repair of cab and cargo heating and refrigeration. Topics include operation theory, safety, maintenance, recycling and recovery procedures, recharging procedures, troubleshooting procedures, refrigerant leaks, and system repairs.

**DEM 156 CDL License Test Preparation**

Prerequisite: As required by program.

This is a course designed to prepare students for the Alabama Commercial Driver's License written examination. The course includes a review of major topics, sample tests, as well as basic CDL information and test-taking procedures.

**ECONOMICS (ECO)**

Course Descriptions

**ECON 231 Principles of Macroeconomics**

Prerequisite(s): As required by program.

This course is an introduction to macroeconomic theory, analysis, and policy applications. Topics include the following: scarcity, demand and supply, national income analysis, major economic theories concerning monetary and fiscal policies as stabilization measures, the banking system, and other economic issues or problems including international trade.

**ECON 232 Principles of Microeconomics**

Prerequisite(s): As required by program.

This course is an introduction of the microeconomic theory, analysis, and applications. Topics include scarcity; the theories of consumer behavior, production and cost, markets, output and resource pricing, and international aspects of microeconomics.

**EDUCATION (EDU)**

Course Descriptions

**EDU 100 Exploring Teaching As a Profession**

Prerequisite(s): As required by program.

This course provides students with the opportunity to explore teaching as a career. The role of the teacher, the benefits of teaching and the steps to becoming a teacher are some of the topics that will be explored. Students will be exposed to examples of good teaching and self-assess their personal and professional qualities.

**ELECTRONIC ENGINEERING (EET)**

Course Descriptions

**EET 100 Introduction to Engineering Technologies**

Prerequisite: As required by college.

This course is designed to introduce the student to the basic concepts, terminology, and procedures associated with applied analytical skills needed to succeed in higher level courses. This includes areas such as: engineering notation, use of the scientific calculator, triangulation methods, and the basic laws of electricity.

**EET 226 Cable Splicing and Installation**

Prerequisite: As required by college.

This course provides instruction in splicing and installing low and medium voltage power cable, hi-voltage cable, fiber optic cable, communication and voltage wiring systems. Emphasis is placed on locating and interpreting needed information within the NEC code manual. Upon completion, students should be able to locate, with the NEC code requirements for a specific electrical installation.

**ELECTRICAL TECHNOLOGY – (ELT) Course Descriptions**

**ELT 110 Wiring Methods**

Prerequisite: As required by college.

This course is a study of various tasks, wiring methods, materials, and associated NEC requirements that students will be required to work with in residential and commercial wiring courses. **CORE**

**ELT 116 Residential Wiring**

Prerequisite: As required by college.

This course is a study of residential wiring practices and methods, the NEC requirements and residential blueprint interpretations.

**ELT 117 AC/DC Machines**

Prerequisite: As required by college.

This course covers the theory and operation of DC motors single and tee phase AC motors and the labs will reinforce this knowledge. Emphasis is placed on the various types of single and tee phase motors, wiring diagrams, starting devices, and practical application in the lab. This is a CORE course. This course supports CIP code 46.0302.

**ELT 118 Commercial/Industrial Wiring I**

Prerequisite: As required by college.

This course focuses on principles and applications of commercial and industrial wiring. Topics include, electrical safety practices, an overview of National Electric Code requirements as applied to commercial and industrial wiring, conduit bending, circuit design, pulling cables, transformers, switch gear, and generation principles. **CORE**

**ELT 200 Special Projects**

Prerequisite: As required by college.

This course provides additional time and or practice for the electrical technology major or a project which will enhance his/her abilities to perform required tasks. Emphasis is placed on the upgrading of the student’s skills and abilities. Upon completion, students should be able to perform at a higher ability within his/her chosen field of study.

**EMERGENCY MEDICAL TECHNOLOGY – (EMT) Course Descriptions**

**EMS 100 Cardiopulmonary Resuscitation**

Prerequisite(s): As required by program.

This course provides students with concepts as related to areas of basic life support to include coronary artery disease, prudent heart living, symptoms of heart attack, adult one-and-two rescuer CPR, first aid for choking, pediatric basic life support, airway adjuncts, EMS system entry access, automated external defibrillation (AED), and special situations for CPR. Upon course completion, students should be able to identify situations requiring action related to heart or breathing conditions and effectively implement appropriate management for each condition. Students successfully completing this course will receive appropriate documentation of course completion.

**EMS 118 Emergency Medical Technician**

Prerequisite: As required by program.

Corequisite: EMS 119 – Emergency Medical Technician Clinical

This course is required to apply for certification as an Emergency Medical Technician. This course provides students with insights into the theory and application of concepts related to the profession of emergency medical services. Specific topics include: EMS preparatory, airway maintenance, patient assessment, management of trauma patients, management of medical patients, treating infants and children, and various EMS operations. This course is based on the NHTSA National Emergency Medical Services Education Standards.

**EMS 119 Emergency Medical Technician Clinical I**

Prerequisite: As required by program.

Corequisite: EMS 118 – Emergency Medical Technician Clinical

This course is required to apply for certification as an EMT. This course provides students with clinical education experiences to enhance knowledge and skills learned in the EMS 118, Emergency Medical Technician Theory and Lab. This course helps students prepare for the National Registry Exam.

**EMS 155 Advanced Emergency Medical Technician**

Prerequisite: As required by program.

Corequisite: EMS 156

This course is required to apply for certification as an Advanced Emergency Medical Technician (AEMT). This course introduces the theory and application of concepts related to the profession of the AEMT. The primary focus of the AEMT is to provide basic and limited advanced emergency medical care and transportation for critical and emergent patients who access the emergency medical system. This individual possesses the basic knowledge and skills necessary to provide patient care and transportation. Topics include: extending the knowledge of the EMT to a more complex breadth and depth, intravenous access and fluid therapy, medication administration, blind insertion airway devices, as well as the advanced assessment and management of various medical illnesses and traumatic injuries. This course is based on the NHTSA National Emergency Medical Services Education Standards. Requires licensure or eligibility for licensure at the EMT level and EMS 156 must be taken as a co-requisite.

**EMS 156 Advanced Emergency Medical Technician Clinical**

Prerequisite: As required by program.

Corequisite: EMS 155

This course is required to apply for certification as an Advanced Emergency Medical Technician (AEMT). This course provides students with clinical education experiences to enhance knowledge and skills learned in...
EM 155. This course helps prepare students for the National Registry EMT Exam. The student will have the opportunity to use the basic and advanced skills of the EMT in the clinical and field settings under the direct supervision of licensed healthcare professionals. Requires licensure or eligibility for licensure at the EMT level and EM 155 must be taken as a co-requisite.

ENGLISH DEVELOPMENTAL (ENG) Course Descriptions

ENG 093 BASIC ENGLISH II 4
Prerequisite(s): Placement recommended on the ASSET/COMPASS and/or as required by program
This course is a review of composition skills and grammar. Emphasis is placed on coherence and the use of a variety of sentence structures in the composing process and on standard American written English usage. Students will demonstrate these skills chiefly through the writing of paragraph blocks and short essays.

ENGLISH (ENG) Course Descriptions

ENG 101 ENGLISH COMPOSITION I 3
Prerequisite(s): A grade of "C" or higher in ENG 102 or the equivalent; or as required by college
This course is a study of selected literary masterpieces from Homer to the Renaissance. Emphasis is placed on the historical, cultural, and literary contexts, and understand relevant criticism and research.

ENG 102 ENGLISH COMPOSITION II 3
Prerequisite(s): A grade of "C" or better in ENG 101 or the equivalent
This course is a survey of English literature from the Anglo-Saxon period to the Romantic Age. Emphasis is placed on the works' aesthetic and thematic aspects and their historical and literary contexts, and understand relevant criticism and research.

ENG 246 CREATIVE WRITING I 3
Prerequisite(s): ENG 102 and/or as required by program
This course provides instruction and practice in the writing of critical analysis of imaginative forms of literature. Emphasis is placed on originality in the creative writing process, and this course may include instruction in publishing. Students will compose a significant body of imaginative literature, which may be read by or to the class.

ENG 247 CREATIVE WRITING II 3
Prerequisite(s): ENG 246 and/or as required by program
This course provides instruction and practice in the writing of critical analysis of imaginative forms of literature. Emphasis is placed on originality in the creative writing process, and this course may include instruction in publishing. Students will compose a significant body of imaginative literature, which may be read by or to the class.

ENG 251 AMERICAN LITERATURE I 3
Prerequisite(s): ENG 102 or equivalent
This course is a survey of American literature from its inception to the middle of the nineteenth century. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 252 AMERICAN LITERATURE II 3
Prerequisite(s): ENG 102 or equivalent
This course is a study of a survey of American literature from the middle of the nineteenth century to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Students will demonstrate the ability to interpret literature and to relate the works to their historical and literary contexts.

ENGLISH TECHNOLOGY COURSES (ETC) Course Descriptions

ETC 101 DC FUNDAMENTALS 3
Prerequisite: As required by college
This course provides a study of atomic theory, direct current (DC), properties of conductors and insulators, direct current characteristics of series, parallel, and series-parallel circuits. Inductors and capacitors are introduced and their effects on DC circuits are examined. Students are prepared to analyze complex DC circuits, solve for unknown circuits variables and to use basic electronic test equipment. This course also provides hands on laboratory exercises to analyze, construct, test, and troubleshoot direct current circuits. Emphasis is placed on the use of scientific calculator and the operation of common test equipment used to analyze and troubleshoot DC and to prove the theories taught during classroom instruction.

ETC 102 AC FUNDAMENTALS 3
Prerequisite: As required by college
This course provides a study of the theory of alternating current (AC). Students are prepared to analyze complex AC circuit configurations with resistor, capacitors, and inductors in series and parallel combinations. Upon completion, students should be able to describe AC circuits and explain the function of A.C. such as RLC, impedance, phase relationships and power factor. This course also provides hands on laboratory exercises to analyze alternating current using a variety of circuit configurations with resistors, capacitors, and inductors in series and parallel combinations. Emphasis is placed on the operation of common test equipment used to analyze and troubleshoot AC circuits to prove the theories taught.

ETC 108 MOTOR CONTROLS 3
Prerequisite: As required by college
This course covers the use of motor control symbols, motor branch-circuits, running overload protection, push-button stations, size and location of magnetic motor starters and overload protection, and complex ladder diagrams of motor control circuits. Topics include sizing magnetic starters and overload protection, the use of push-button stations, ladder diagrams, and magnetic motor starters in control of electric motors, v-e-delta starting, part start wounding, resistor starting and electric starting devices. Upon completion, students should be able to understand the operation of motor starters, overload protection, interpret ladder diagrams using push-button stations and understand complex motor control diagrams.

ETC 120 CONCEPTS OF SOLID STATE ELECTRONICS 3
Prerequisite: As required by college
This course is an introduction to semiconductor fundamentals and applications to the electronic devices. Course covers the basic operations and applications to inclusive rectifier circuits, transistors and thyristors. Coverage is given to safety, use, and care with hazardous materials and personal as well as material and environmental considerations. Upon completion students will be able to construct and test for proper operation of various types of solid state devices.

ETC 127 CONCEPTS OF DIGITAL ELECTRONICS 3
Prerequisite: As required by college
This course provides instruction in digital electronics. Topics include: number systems and codes, a review of Boolean algebra, logic elements, digital circuits, programmable logic circuits, and memory and computer.
circuits. This course provides laboratory exercises to analyze, construct, test and troubleshoot digital circuits.

**FIRE SCIENCE (FSC)**

**Course Descriptions**

**FSC 100 ORIENTATION AND TERMINOLOGY OF THE FIRE SERVICES CODE C**

Prerequisite: As required by program.
This course provides the student with basic information on the organization and function of paid and volunteer fire services, the role of the firefighter in the department, firefighter safety, the science of fire, and fire behavior. Specific course topics surveyed include: Orientation and Safety, Apparatus Familiarization, Fire Behavior, Personal Protective Equipment, Rescue, and Forcible Entry.

**FSC 101 INTRODUCTION TO THE FIRE SERVICE**

Prerequisite: As required by program.
This course teaches the many functions of the fire service, its importance and origins. It is designed to acquaint the student with the philosophy and history of the fire service and fire protection, the exacting loss of life and property, and the organization and function of public and private fire protection agencies. Emphasis is placed on the organization and function of federal, state, county, city, and private fire protection. CORE

**FSC 105 CHEMISTRY FOR THE FIRE SERVICE CODE C**

Prerequisite: As required by program.
This is a survey of general chemistry as applied to the fire service. Emphasis is on fundamental facts, principles, theories, and applications. Course will include study of states of matter, energy, common substances, laws that govern the movement of gases, chemical formulas and structure, the study of atoms and molecules, chemical reactions related to firefighting, and hazardous materials.

**FSC 110 BUILDING CONSTRUCTION PRINCIPLES**

Prerequisite: As required by program.
This course highlights and assesses the problems and hazards to fire personnel when a building is attacked by fire or is under stress from other factors dealing with collapse. Emphasis is placed on construction principles: wood, ordinary, steel, concrete, and truss construction. CORE

**FSC 130 INTRODUCTION TO FIRE SUPPRESSION**

Prerequisite: As required by program.
This course is a study of organizational structure, fire suppression, fire suppression equipment, characteristics and behavior of fire, and fire hazard properties of ordinary materials. Emphasis is placed on the most common structural, vehicle, and urban interface fires. CORE

**FSC 131 FIRE EXTINGUISHMENT PRINCIPLES**

Prerequisite: As required by program.
This is a study of water supplies and services, fire extinguishing chemicals, and the selection and use of extinguishing agents. Emphasis is placed on dry chemical, dry powder, foam and halogenated agents.

**FSC 160 HAZARD AWARENESS**

Prerequisite: As required by program.
This course includes the basic awareness of characteristics and behavior of solids, liquids, and gases when involved in fire. Emphasis is placed on characteristics, storage, and handling of various materials.

**FSC 161 HAZARDOUS MATERIALS AWARENESS AND OPERATIONS**

Prerequisite: As required by program.
This course is for emergency response personnel who may be first on the scene of a hazardous materials emergency. First responders at the awareness level are expected to recognize the presence of hazardous materials, protect themselves, secure the area, and call for trained personnel. At the operational level, the first responder uses the knowledge gained from the awareness level to act in a defensive posture to protect people, the environment, or property from the effects of an unplanned hazardous materials release. This course meets the requirements of the mandatory Awareness/Operational training in hazardous materials required by Title III - Emergency Planning and Community Right-to-Know Act of 1986 and NFPA 472, Standard on Professional Competence of Responders to Hazardous Materials Incidents current edition.

**FSC 208 FIRE COMBAT TACTICS AND STRATEGY**

Prerequisite: As required by program.
This course is designed to teach the skills of the advanced firefighter or beginning fire officer the necessary information and related techniques to ensure effective fire scene operations. Topics of study include: Pre-fire Planning, Tactical Operations, and Scene Management Techniques. Students are given the opportunity to participate in group activities, discussions, and practical exercises to further enhance the learning experience and reinforce methodology discussed.

**FSC 230 RESCUE TECHNICIAN: ROPE**

Prerequisite: As required by program.
This course in rope rescue techniques includes a classroom review of equipment, knots and rope safety. Instruction events include: establishing need for rope rescue; uses and limitations of equipment; knot craft; safety aspects; anchoring systems; rescue rappelling; third man rescue; lowering systems and other aspects of rope rescue.

**FSC 291 FIRE OFFICER I**

Prerequisite: As required by program.
The Fire Officer I curriculum identifies the requirements necessary to perform the duties of a first line supervisor. This course introduces the student to the basic concepts of management and supervision by concentration on such topics as: Organizational Structure, Communication skills, Human Resource Management, Public Relations, Planning, Emergency Service Delivery, and Safety.

**FSC 292 FIRE OFFICER II**

Prerequisite: As required by program.
This course is structured for the fire officer who is ready to assume a leadership role by moving into the middle management level of his/her department. This course gives the officer more knowledge of management and supervision so that he/she can make basic evaluations of employee relations and assume a proactive role in their department. This course expands on the knowledge base attained in Fire Officer I by revisiting some of the same subjects and adding additional material. Some new subject areas include information management, government structure, and department budget planning and management.

**FSC 293 FIRE OFFICER III**

Prerequisite: As required by program.
This course is specialized for the chief officer who is ready to advance into the upper management level of his/her department. This course consists of subjects designed to give the officer more knowledge of management and administration so that he/she can make basic evaluations of employee relations and assume a more proactive role in their department. This is a projects-based class.

**FSC 294 FIRE OFFICER IV**

Prerequisite: As required by program.
This course meets executive management level needs. The course is designed to meet the elements of NFPA 1021, Chapter 7. Fire Officer IV will emphasize management of fire protection services to include human resource management, multi-agency emergency service delivery with horizontal/vertical communication requirements and risk management. There will be group interactive exercises, which will reinforce class lectures.

**FSC 297 SELECTED TOPICS IN FIRE SERVICE OPERATIONS**

Prerequisite: As required by program.
This course provides directed reading and discussion of selected topics related to fire service operations. Emphasis is placed on student needs. Upon completion, students should be able to demonstrate skills developed to meet specific needs.

**FSC 299 LEGAL ASPECTS OF THE FIRE SERVICES**

Prerequisite: As required by program.
This course introduces students to the legal obligations and responsibilities within the fire service along with the limitations and restrictions placed on emergency responders. Students will discuss and apply federal and state laws, codes, regulations and standards relevant to the fire service. Both civil and criminal law will be addressed. CORE

**GEOGRAPHY (GEO)**

**Course Descriptions**

**GEO 101 PRINCIPLES OF PHYSICAL GEOGRAPHY**

Prerequisite(s): As required by program
Physical Geography I is the first in a two-part sequence including topics such as weather and climate relative to the earth and relationships between the earth and sun. Laboratory is required. Students enrolled must enroll in GEO 101L.

**GEO 101L PRINCIPLES OF PHYSICAL GEOGRAPHY (LAB)**

Prerequisite(s): As required by program
Physical Geography Lab is the laboratory component which supports the Principles of Physical Geography. Students enrolled must enroll in GEO 101.

**GEOGRAPHIC INFORMATION SYSTEMS (GIS)**

**Course Descriptions**

**GIS 101 INTRODUCTION TO GIS TECHNOLOGY**

Prerequisite: As required by program.
This is an introductory GIS course focusing on maps, map analysis, and an introduction to computers. Emphasis is placed on raster GIS capabilities, data acquisition, spatial databases, and using GIS and GIS trends. Upon completion, students will demonstrate the ability to use GIS in spatial analysis, output, graphics output design issues, modes of user/GIS interaction, generating complex products and using GIS for archives.

**GIS 201 GIS FUNDAMENTALS**

Prerequisite: As required by program.
This course introduces students to the concepts, techniques, and tools of Geographic Information Systems (GIS), which is a computer-based data processing tool used to manage and analyze spatial information. Topics covered include data acquisition, management, manipulation, and analysis, and cartographic output for applications of GIS in scientific and technological operations such as environmental assessment, analysis or natural hazards, site analysis for business and industry, resource management, and land-use planning. Tough hands-on exercises with ArcGIS and/or projects with other related software packages, students will acquire basic skills in GIS.

**GIS 202 CARTOGRAPHIC DESIGN FOR GIS**

Prerequisite: GIS 201
This course provides a comprehensive study of GIS-applicable cartography including cartographic principles,
data acquisition techniques, and methods of base map development. The course will include map projections, map scales, types of thematic maps, and map accuracy. Scanning, digitizing and coordinate geometry techniques used in GIS base map development will be introduced. Rough hands-on exercises and computer-assisted mapping projects.

**GIS 203 REMOTE SENSING, SPATIAL ANALYSIS AND MODELING GIS**

*Prerequisite: GIS 202*

The student will gain a theoretical background in remote sensing, covering such topics as remote sensing physics, data sources, visual images, image enhancement and filtering; geo-referencing; multi-spectral classification; data import and export; and GIS integration. Additionally, this course will provide the fundamentals of spatial information systems and quantitative techniques applicable to spatial data, including measures of central tendency, dispersion, and density. The course will also focus on the functionality of GIS as an effective tool for modeling and analyzing complex spatial relationships.

**GIS 204 GIS APPLICATIONS AND PROGRAMMING**

*Prerequisite: As required by program.*

This course introduces students to GIS programming by utilizing Visual Basic programming skills. Students will utilize ArcObjects and System Query Language (SQL) to design and/or modify GIS tools and commands, create new GIS tools, automate GIS operations, and integrate ArcGIS software with other software applications. *Pending Approval.*

---

**GEOLGY Course Descriptions**

**GEOLOGY**

**GLY 100 SURVEY OF GEOLOGY**

This course provides an introductory survey of physical and historical geology. Laboratory is not required.

**GRAPHICS AND PRINTING (GPC) Course Descriptions**

**GPC 111 INTRODUCTION TO COMPUTERS**

*Prerequisite: As required by program.*

This course provides students with a basic knowledge of computer operations, software applications, and the role and impact of computers in graphic design and communications. Topics include computer terms, hardware components, drawing, image editing and page layout software applications. Upon completion, students should be able to demonstrate an understanding of page layout software applications. **CORE**

**GPC 112 INTRODUCTION TO THE GRAPHIC COMMUNICATIONS INDUSTRY**

*Prerequisite: As required by program.*

This course provides an introduction to the graphic arts and printing industry. Emphasis is placed providing students an overview of all aspects of the industry. Upon completion, students should be able to use industry terminology, understand current and emerging trends in technology, and make decisions about career options.

**GPC 114 INTRODUCTION TO COMPUTER GRAPHICS**

*Prerequisite: As required by program.*

This course introduces students to software applications in graphic productions. Topics may include production terms, drawing, image editing, illustration, and layout software applications. Upon completion, students should be able to use industry-standard production software packages.

**GPC 120 COMPUTER GRAPHICS**

*Prerequisite: As required by program.*

This course introduces students to digital imaging software. Emphasis is placed on painting and editing, creating special effects, basic image corrections, photo retouching, preparing images for web publications and creating color separations. Upon completion, students should be able to name and identify the different tools, work with multiple layer images, retouch a photograph, create special effects and prepare an image for a web publication.

**GPC 122 TECHNICAL PROCESSES**

*Prerequisite: As required by program.*

This course introduces students to the basic concepts and skills of image and page production and assembly necessary for commercial printing. Topics include grayscale, newspaper, books, catalog, and techniques used to produce comprehensives and mechanicals, digital camera operations, scanner operation, and digital image creation. Upon completion, students should be able to recognize and evaluate quality line, halftone images, and four-color print pieces. **CORE**

**GPC 124 COMPUTER DRAWING**

*Prerequisite: As required by program.*

This course provides students with a technical background in computer graphics. Emphasis is placed on the different drawing and editing tools associated with industry standard software. Upon completion, students should be able to identify the different tools associated with the software, render computer illustrations, create corporate identity pieces and images, edit and manipulate text. **CORE**

**GPC 128 ELECTRONIC PAGE LAYOUT AND ASSEMBLY**

*Prerequisite: As required by program.*

This course introduces students to electronic page layout. Topics include importing, combining and manipulating text and graphic elements for composite page layout and production. Upon completion, students should be able to produce single-page, spread-page, and continuous-page digital documents suitable for low- or high-resolution output as well as electronic prepress file submissions. **CORE**

**GPC 130 INTERMEDIATE ELECTRONIC PAGE PRODUCTION**

*Prerequisite: As required by program.*

This course provides students an opportunity to expand their knowledge and technical expertise in electronic page production. Topics include production of magazine, newspaper, book, catalogues, and other high volume, multi-page productions. Upon completion, students should be able to complete multi-page projects as members of production teams, and have enhanced organization, communication and problem-solving skills. **CORE**

**GPC 132 ADVANCED ELECTRONIC PAGE PRODUCTION**

*Prerequisite: As required by program.*

This course is a continuation of GPC 130. Topics include advanced page layout and composition, style sheets, house styles, and style manuals. Upon completion, students should be able to maintain graphic consistency, use typographic techniques, color and should be able to create and maintain production-oriented components. **CORE**

**GPC 134 DIGITAL PREPRESS**

*Prerequisite: As required by program.*

This course provides an in-depth study of electronic production techniques for printing and prepress applications. Topics include file preparation in compliance with industry standards; troubleshooting, correct and preflight files; correct line art and grayscale images and trap color images. Upon completion, students should be able to troubleshoot and resolve technical prepress problems associated with software applications, fonts and font management, cross-platform conversions, digital imaging and page layout imposition.

**GPC 136 ESTIMATING COSTS IN PRINTING AND GRAPHICS COMMUNICATIONS**

*Prerequisite: As required by program.*

This course provides students with a thorough understanding of the costs and dynamics of running a profitable graphics and printing business. Emphasis is placed on estimating jobs and producing competitive bids with or without computer software. Upon completion, students should be able to estimate the cost of producing a variety of projects, apply essential problem-solving techniques, exercise self-management techniques and be able to work in a group or team environment.

**GPC 160 PORTFOLIO**

*Prerequisite: As required by program.*

This course provides the advanced student an opportunity to use previous graphic art training to design and produce a professional and marketable portfolio for final presentation. Emphasis is placed on a completed portfolio, resume, and cover letter. Upon completion, students should be able to formulate and organize their portfolios for various design positions.

**GPC 170 ON-LINE GRAPHICS COMMUNICATIONS**

*Prerequisite: As required by program.*

This course focuses on the Internet and design principles for web page design. Emphasis is placed on software necessary for the creation and maintenance of a web site. Upon completion, students should be able to design, and maintain on-line communications.

**GPC 180 CURRENT TOPICS**

*Prerequisite: As required by program.*

This course is a survey of current trends in the graphics, communications and printing industry. Topics include typography and font management, advanced computer graphics or drawings, digital imaging, computer animation and presentation graphics. Upon completion, students should be able to use current industry technology.

**GPC 182 3D GRAPHICS AND ANIMATION**

*Prerequisite: As required by program.*

This course is designed to tap the imagination of the student in a three dimensional problem solving environment. Topics include a basic introduction to the concepts of 3D design and animation as applied to a design project. Upon completion, students should be able to create and animate graphics in a three-dimensional environment.

**GPC 191 COOPERATIVE WORK EXPERIENCE**

*Prerequisite: As required by program.*

This course provides work experience with a college-approved employer in areas related to the student's program of study. Emphasis is placed on Integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills and satisfactorily perform work-related competencies.

**GPC 192 COOPERATIVE WORK EXPERIENCE**

*Prerequisite: As required by program.*

This course provides work experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on Integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills and satisfactorily perform work-related competencies.
HEALTH EDUCATION (HED)  
Course Descriptions

HED 221 PERSONAL HEALTH  3
Prerequisite(s): As required by program
This course introduces principles and practices of personal and family health; it includes human reproduction, growth and development, psychological dimensions of health, human sexuality, nutrition and fitness, aging, death and dying.

HED 224 PERSONAL AND COMMUNITY HEALTH  3
Prerequisite(s): As required by program
This course covers health problems for the individual and for the community. Areas of study include mental health, family life, physical health, conic and degenerative diseases, control of communicable diseases, and the understanding of depressants and stimulants. Healthful living habits will be emphasized.

HED 230 SAFETY AND FIRST AID  3
Prerequisite(s): As required by program
HED 230 is divided into two parts. The first part concerns itself with the development of a safety education program within an organization (i.e., school, office, shop, etc.). The second part deals with physical injuries, emergency care, and treatment of those injuries. CPR certification and Standard Red Cross Cards are given upon successful completion of American Red Cross requirements.

HED 231 FIRST AID  3
Prerequisite(s): As required by program
This course provides instruction to the immediate, temporary care which should be given to the victims of accidents and sudden illness. It also includes standard and advanced requirements of the American Red Cross, and/or the American Heart Association. CPR training also is included.

HED 232 CARE AND PREVENTION OF ATHLETIC INJURIES  3
Prerequisite(s): As required by program
This course provides a study of specific athletic injuries, their treatment, and preventive measures.

HED 267 DRUG EDUCATION  3
Prerequisite(s): As required by program
This course provides an examination of the drug scene with emphasis on the following: pharmacological, and sociological aspects of drug use; rehabilitation and treatment resources; and the law enforcement procedures.

HUMAN SERVICES (HUS)  
Course Descriptions

HUS 211 INTRODUCTION: ALCOHOL AND DRUG PREVENTION  3
Prerequisite(s): As required by program
This course is an introduction to the factors involved in the prevention, use, and abuse of alcohol and drugs. Emphasis is placed on meeting needs such as status, security and other emotional feelings in a non-threatening atmosphere. Upon completion of this course, the student will be aware of the importance of the historical, physiological, sociological, psychological and economic factors involved in substance abuse. CORE

HIS 101 WESTERN CIVILIZATION I  3
Prerequisite(s): As required by program
This course is a survey of social, intellectual, economic, and political developments, which have molded the modern western world. This course covers the ancient and medieval periods and concludes in the era of the Renaissance and Reformation.

HIS 102 WESTERN CIVILIZATION II  3
Prerequisite(s): As required by program
This course is a continuation of HIS 101; it surveys development of the modern western world from the era of the Renaissance and Reformation to the present.

HIS 201 UNITED STATES HISTORY  3
Prerequisite(s): As required by program
This course surveys United States history during colonial, Revolutionary, early national and antebellum periods. It concludes with the Civil War and Reconstruction.

HIS 202 UNITED STATES HISTORY II  3
Prerequisite(s): As required by program
This course is a continuation of HIS 201; it surveys United States history from the Reconstruction era to the present.

HIS 216 HISTORY OF WORLD RELIGIONS  3
Prerequisite(s): As required by program
This course presents a comparison of the major religions of the world from a historical perspective. Emphasis is placed on the origin, development, and social influence of Cistianity, Judaism, Islam, Hinduism, Buddhism, and others.

HIS 256 AFRICAN-AMERICAN HISTORY  3
Prerequisite(s): As required by program
This course focuses on the experience of African-American people in the western hemisphere, particularly the United States. It surveys the period from the African origins of the slave trade during the period of exploration and colonization to the present. The course presents a comparison between the African experience in the United States and in Mexico and South America.

HIS 260 ALABAMA HISTORY  3
Prerequisite(s): As required by program
This course surveys the development of the state of Alabama from pre-historic times to the present. The course presents material on the discovery, exploration, colonization, territorial period, ante-bellum Alabama, Reconstruction, and modern history.

HIS 299 DIRECTED STUDIES IN HISTORY 1-3
Prerequisite(s): As required by program
This is a single semester course with a total of 3 credit hours (not repeatable for credit).

HUMANITIES (HUM)  
Course Descriptions

HUM 101 INTRODUCTION TO HUMANITIES I  3
Prerequisite(s): HUM 101 and/or as required by program
This course is a continuation of HUM 101. This is the second course in a two-semester sequence that offers the student an introduction to the humanities using selections from art, music, literature, history, and philosophy that relates to a unifying theme.

HUM 299 PTK HONORS III  3, 1-Credit courses (Must take all 3 classes in order to receive a full Humanities credit.

HUM 102 INTRODUCTION TO HUMANITIES II  3
Prerequisite(s): HUM 101 and/or as required by program
This course is a continuation of HUM 101. This is the second course in a two-semester sequence that offers the student an introduction to the humanities using selections from art, music, literature, history, and philosophy that relates to a unifying theme.

HUM 224 CLINICAL INTERNSHIP  3
Prerequisite(s): As required by program
This course includes field experience in agencies, treatment centers, hospitals, institutions, outpatient clinics, etc. Emphasis is placed on "hands-on" experience under the supervision of professional staff workers. Upon completion of this course, the student will have an understanding of the role of the human services worker through an observational experience with professional staff. CORE

HPS 103 FOUNDATIONS OF COMPETENCIES FOR HEALTH SCIENCE  3
This (pre-nursing) course is designed to assist the student in developing the knowledge, skills, and abilities necessary to be successful in health-related fields. Content focuses on development of effective study and test-taking skills, assertiveness training, stress management, values clarification, diversity, ethical-legal concepts, problem solving and communication skills.

ILT 194 PROGRAMMABLE LOGIC CONTROLLERS 1  3
Prerequisite: As required by college.
This course focuses on the use of PLCs. Topics include operations, programming procedures, fault isolation procedures, and methods of entering, executing, debugging, and changing programs. This lab enables students to practice operations, programming procedures, fault isolation procedures, and methods of entering.
executing, debugging, and changing programs. Upon completion, students should be able to apply principles of operations and programming of programmable logic controllers.

**ILT 198 Troubleshooting Techniques I**
Prerequisite: As required by college.
This course covers the commonly utilized circuits found in all areas of electronics. These include the various rectifier, filter, voltage regulating circuits, and linear solid-state amplifier circuits. The entire course emphasizes the typical circuits, their principles of operation, and troubleshooting defective circuits. This course has an embedded lab with laboratory exercises designed to develop the skills listed in the Industry competencies.

**ILT 212 PLCs in Automated Systems**
Prerequisite: As required by college.
This course includes the installation, programming, and networking of PLCs in Automated Systems. Emphasis is placed on the PLC's installation and interaction within an automated system. Upon completion, students should be able to demonstrate their ability in developing PLC networks and troubleshoot the system. NOTE: This course covers either Siemens or Allen Bradley PLCs and HMI panels.

**ILT 196 Advanced Programmable Logic Controllers II**
Prerequisite: As required by college.
This course includes the principles of state-of-the-art programmable logic controls (PLCs), including hardware, programming, and program design. Emphasis is placed on, but not limited to, the following: developing working programs, timers, counters, different special functions, and designing programs from existing hardened systems.

**ILT 281 Special Topics: Robotics**
Prerequisite: As required by college.
This course covers principles of electro-mechanical devices. Topics include the principles, concepts, and techniques involved in interfacing microcomputers to various electro-mechanical devices to produce geographical movement. Upon completion, students should be able to apply the principles of electro-mechanical devices.

**INDUSTRIAL MAINTENANCE (INT)**
Course Descriptions

**INT 117 Principles of Industrial Mechanics**
Prerequisite: As required by program.
This course provides instruction in basic physics concepts applicable to mechanics of industrial production equipment. Topics include the basic application of mechanical principles with emphasis on power transmission, specific mechanical components, alignment, and tension. Upon completion, students will be able to perform basic troubleshooting, repair and maintenance functions on industrial production equipment. CORE

**INT 118 Fundamentals of Industrial Hydraulics / Pneumatics**
Prerequisite: As required by program.
This course includes the fundamental concepts and theories for the safe operation of hydraulic and pneumatic systems used with industrial production equipment. Topics include the physical concepts, theories, laws, air flow characteristics, actuators, valves, accumulators, symbols, circuitry, filters, servicing safety, and preventive maintenance and the application of these concepts to perform work. Upon completion, students should be able to service and perform preventive maintenance functions on hydraulic and pneumatic systems. CORE

**INT 124 Production Equipment Layout and Installations**
Prerequisite: As required by program.
This course covers the design and layout of production equipment and the use of rigging and installation tools. Topics include the use of wire rope, chain and metal mesh, and fiber rope and webbing slings, industrial hoists and cranes, crane operation, scaffolds and ladders, machine anchoring for vibration control, moving and setting new equipment, leveling and alignment, preparing equipment for test run, test run guidelines, and safety precautions. Upon course completion, students will be able to install production equipment.

**INT 126 Preventive Maintenance**
Prerequisite: As required by program.
This course focuses on the concepts and applications of preventive maintenance. Topics include the introduction of alignment equipment, job safety, tool safety, preventive maintenance concepts, procedures, tasks, and predictive maintenance concepts. Upon completion, students will demonstrate the ability to apply proper preventive maintenance and explain predictive maintenance concepts. CORE

**INT 127 Principles of Industrial Pumps and Piping Systems**
Prerequisite: As required by program.
This course provides instruction in the fundamental concepts of industrial pumps and piping systems. Topics include pump identification, operation, and installation, maintenance and troubleshooting, and piping systems, and their installation. Upon course completion, students will be able to install, maintain, and troubleshoot industrial pumps and piping systems. CORE

**INT 134 Principles of Industrial Maintenance Welding and Metal Cutting**
Prerequisite: As required by program.
This course provides instruction in the fundamentals of acetylene cutting and the basics of welding needed for the maintenance and repair of industrial production equipment. Topics include oxy-fuel safety, choice of cutting equipment, proper cutting angles, equipment setup, cutting plate and pipe, hand tools, types of metal welding machines, rod and welding joints, and common welding passes and beads. Upon course completion, students will demonstrate the ability to perform metal welding and cutting techniques necessary for repairing and maintaining industrial equipment. CORE

**INT 192 Co-op**
Prerequisite: As required by program.
In this series of courses, students work on a part-time basis in a job directly related to Industrial Maintenance Technology. The employer evaluates the student's performance and the student submits a descriptive report of his or her work experiences. Upon completion, the student will demonstrate skills learned in an employment setting.

**MAJOR APPLIANCE REPAIR**
Course Descriptions

**MAR 121 Principles of Electricity**
Prerequisite: As required by program.
This course is designed to provide the student with the basic knowledge of electrical theory and circuitry as it pertains to major appliances, and air conditioning and refrigeration. This course emphasizes safety, definitions, symbols, laws, circuits, and electrical test instruments. Upon completion students should understand and be able to apply the basic principles of circuits and circuit components. NDC CORE

**MAR 124 Ranges, Cook-tops, and Ovens**
Prerequisite: As required by program.
This course is designed to provide the student with the knowledge to install, or repair gas and electric ranges, cook-tops and ovens including microwave ovens. This course is designed to provide an In Home Service Professional with the skills and knowledge to correctly and efficiently diagnose, and repair residential ranges and microwaves. Upon completion of the course students should be able to trace wiring diagrams, understand the sequence of operation, properly use test equipment, and disassemble and reassemble ranges, cook-tops, and ovens. NDC

**MAR 125 Clothes Washers and Dishwashers**
Prerequisite: As required by program.
This course is designed to provide the student with the basic knowledge to install, or repair gas and electric clothes washers and dishwashers. This course emphasizes the proper service, repair and installation of these two major household appliances. Upon completion students should understand and be able to apply correctly and efficiently diagnose and repair residential clothes washers and dishwashers. NDC

**MAR 126 Electric and Gas Dryers**
Prerequisite: As required by program.
Dryer Repair is an appliance specific training course designed to provide an In-Home Service Professional with the skills and knowledge to correctly and efficiently diagnose and repair residential electric and gas dryers. Upon completion of the course students should be able to trace wiring diagrams, understand the sequence of operation, properly use test equipment, and disassemble and reassemble dryers. NDC

**MAR 127 Refrigerant Transition/Recovery Theory**
Prerequisite: As required by program.
This course is EPA-Approved and covers material relating to the requirements necessary for type I, II, and III universal certifications. Upon completion, students should be prepared to take the EPA 608 certification examination. NDC

**MAR 128 Refrigerators and Freezers**
Prerequisite: As required by program.
Refrigerator Repair is an appliance specific training course designed to provide an In-Home Service Professional the skills and knowledge to correctly and efficiently diagnose, and repair residential refrigerators and freezers. Upon completion of the course students should be able to trace wiring diagrams, understand the sequence of operation, properly use test equipment, and disassemble and reassemble refrigerators and freezers. NDC

**MASS COMMUNICATION (MCM)**
Course Descriptions

**MCM 100 Introduction to Mass Communication**
This course provides the student with general study of mass communication and journalism. This course includes theory, development, regulation, operation, and effects upon society.

**MCM 102 Writing for Mass Media**
Introduction to the technique, form, style, and content of writing for the mass media, with attention to the various formats used in journalism, telecommunications, advertising, public relations and Internet communications.
MTH 090 BASIC MATHEMATICS
Prerequisite(s): Appropriate mathematics placement score.
The purpose of this course is to provide students with skills in basic mathematics. Minimum content includes whole numbers, integers, fractions, decimals, ratio and proportions, percents, and an introduction to algebra. Additional topics may include systems of measurement and basic geometry. At the conclusion of this course students are expected to be able to perform basic mathematical operations. NCA

MTH 098 ELEMENTARY ALGEBRA
Prerequisite(s): MTH 091 or appropriate mathematics placement score and/or as required by program.
This course is a review of the fundamental arithmetic and algebra operations. The topics include the numbers of ordinary arithmetic and their properties; integers and rational numbers; the solving of equations; polynomials and factoring; and an introduction to systems of equations and graphs. NCA

MTH 100 INTERMEDIATE COLLEGE ALGEBRA
Prerequisite(s): MTH 092 or MTH 098 or appropriate mathematics placement score
This course provides a study of algebraic techniques such as linear equations and inequalities, quadratic equations, systems of equations, and operations with exponents and radicals. Functions and relations are introduced and graphed with special emphasis on linear and quadratic functions. This course does not apply toward the general core requirement for mathematics.

MTH 103 INTRO TO TECHNICAL MATH
Prerequisite(s): MTH 092 or MTH 098 or appropriate placement score.
This course is designed for the student in technology needing simple arithmetic, algebraic, and right triangle trigonometric skills.

MTH 104 PLANE TRIGONOMETRY
Prerequisite(s): MTH 100 and/or as required by program.
This course emphasizes such topics as the solution of triangles, vectors, geometric concepts and complex numbers.

MTH 110 FINITE MATHEMATICS
Prerequisite(s): All core mathematics courses in Alabama must have a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a C or higher (S if taken as pass/fail) Intermediate College Algebra.
This course is intended to give an overview of topics in finite mathematics together with their applications, and is taken primarily by students who are not majoring in science, engineering, commerce, or mathematics (i.e., students who are not required to take Calculus). This course will draw on and significantly enhance the student's arithmetic and algebraic skills. The course includes sets, counting, permutations, combinations, basic probability (including Baye's Theorem), and introduction to statistics (including work with Binomial Distributions and Normal Distributions), matrices and their applications to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method and applications.

MTH 112 PRECALCULUS ALGEBRA
Prerequisite(s): All core mathematics courses in Alabama must have a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a C or higher (S if taken as pass/fail) Intermediate College Algebra.
This course emphasizes the algebra of functions - including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic inequalities, and the binomial theorem. Additional topics may include matrices, Cramer's Rule, and mathematical induction.

MTH 113 PRECALCULUS TRIGONOMETRY
Prerequisite(s): A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a "C" or higher MTH 112.
This course includes the study of trigonometric (circular functions) and inverse trigonometric functions, and incorporates extensive work with trigonometric identities and trigonometric equations. The course also covers vectors, complex numbers, DeMoivre’s Theorem, and polar coordinates. Additional topics may include conic sections, sequences, and using matrices to solve linear systems.

MTH 115 PRE-CALCULUS ALGEBRA & TRIG.
Prerequisite(s): A minimum prerequisite of high school Algebra I, Geometry, Algebra II along with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a “C” or higher (S if taken as pass/fail) MTH 100 and receive permission from the department chairperson.
This course is a one semester combination of Precalculus Algebra and Pre-calculus Trigonometry intended for superior students. The course covers the following topics: the algebra of functions (including polynomial, rational, exponential, and logarithmic functions), systems of equations and inequalities, quadratic inequalities, and the binomial theorem, as well as the study of trigonometric (circular functions) and inverse trigonometric functions, and includes extensive work with trigonometric identities and trigonometric equations, vectors, complex numbers, DeMoivre’s Theorem, and polar coordinates.

MTH 116 MATHEMATICAL APPLICATIONS
Prerequisite(s): MTH 090 or appropriate mathematics placement score
This course provides practical applications of mathematics and includes selected topics from consumer math and algebra. Some topics included are integers, percent, interest, ratio and proportion, metric system, linear equations, linear programming, and problem solving. This is a terminal course designed for students seeking an AAS degree and does not meet the general core requirement for mathematics.

MTH 117 COLLEGE MATHEMATICS WITH APPLICATIONS
Prerequisite(s): MTH 092 or MTH098 or appropriate placement score.
This is an applied course designed to meet mathematics requirements for some students in certificate and two-year terminal programs. Emphasis is placed on percent, interest, proportions, functions, graphing, systems of equations, logarithmic and exponential functions, quadratics, and linear programming as used to solve applied problems in selected programs of study. This course does not meet the general core requirements for mathematics.

MTH 118 TECHNICAL MATHEMATICS
Prerequisite(s): MTH 100 or appropriate mathematics placement score.
This course includes selected topics from algebra, analytic geometry, and trigonometry with emphasis on applications to engineering technology. Topics may include variation, determinants, conic sections, exponential and logarithmic functions, and solutions of right triangles. This course does not apply toward the general education core requirement for mathematics.

MTH 120 CALCULUS AND ITS APPLICATIONS
Prerequisite(s): A minimum prerequisite of high school Algebra I, Geometry, Algebra II along with an appropriate mathematics placement score is required. An alternative to this is that the students should successfully pass with a “C” or higher MTH 112.
This course provides a study of trigonometric functions, exponential and logarithmic functions, and solutions of right triangles. This course is taken primarily by students majoring in Commerce and Business Administration. It includes differentiation and integration of algebraic, exponential, and logarithmic functions and applications to business and economics. The course should include functions of several variables, partial derivatives (including applications), Lagrange multipliers, L’Hospital’s Rule, and multiple integration (including applications).

MTH 125 CALCULUS I
Prerequisite(s): A minimum prerequisite of high school Algebra I, Geometry, Algebra II along with an appropriate mathematics placement score is required. An alternative to this is that the students should successfully pass with a “C” or higher MTH 113 or MTH 115.
This is the first of three courses in the basic calculus sequence taken primarily by students in science, engineering, and mathematics. Topics included, but are not limited to, the derivative of algebraic, trigonometric, exponential, and logarithmic functions; the limits of a function; the evaluation of definite integrals; and the applications to engineering technology. Topics include vectors in the plane and in space, lines and planes in space, applications of integration (such as volume, arc length, work and average value), techniques of integration, infinite series, polar coordinates, and parametric equations.

MTH 126 CALCULUS II
Prerequisite(s): A minimum prerequisite of high school Algebra I, Geometry, Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a C or higher MTH 125.
This is the second of three courses in the basic calculus sequence. Topics include vectors in the plane and in space, vectors and curves in space, applications of integration, and minimum problems, and curve sketching using calculus.

MTH 131 MATHEMATICS IN GENERAL EDUCATION
Prerequisite(s): As required by program.
This course is designed for general education and for all students in education programs except those who are concentrating in science or mathematics. Emphasis is on the structure of the number system from integers to real numbers, logic, numeration systems, prime numbers, basic concepts of algebra, elementary probability and statistics, graphs, informal geometry, and the metric system. This course does not apply toward the general core requirement for mathematics.

MTH 132 MATHEMATICS IN GENERAL EDUCATION
Prerequisite(s): MTH 131 or appropriate mathematics placement score.
This course is a continuation of MTH 131. This course does not apply toward the general core requirement for mathematics.
MTH156 MATHEMATICS COMPUTER PROGRAMMING  
Prerequisite(s): MTH 125 and/or as required by program.  
This course is a balance between C++ programming, Windows programming, and applications to engineering and mathematics. This course is designed primarily for pre-engineering students as a first course in computer programming and applications. This course does not meet the general core requirements for mathematics.

MTH 186 MEDICAL DOSAGE CALCULATION  
Prerequisite(s): MTH 090 or suitable placement score.  
This course explains mathematical applications to the following dosage calculations: oral dosages, injectable drugs, intravenous fluids, insulin, heparin, pediatric dosages, geriatric dosages, and electrolyte solutions. This course does not apply toward the general core requirement for mathematics.

MTH 227 CALCULUS III  
Prerequisite(s): MTH 126 and/or as required by program.  
This is the third of three courses in the basic calculus sequence. Topics include vector functions, functions of two or more variables, partial derivatives (including applications), quadric surfaces, multiple integration, and vector calculus (including Green's Theorem, Curl and Divergence, surface integrals, and Stokes' Theorem).

MTH 237 LINEAR ALGEBRA  
Prerequisite(s): MTH 126 and/or as required by program.  
This course introduces the basic theory of linear equations and matrices, real vector spaces, bases and dimension, linear transformations and matrices, determinants, eigenvalues and eigenvectors, inner product spaces, and the diagonalization of symmetric matrices. Additional topics may include quadratic forms and the use of matrix methods to solve systems of linear differential equations.

MTH 238 APPLIED DIFFERENTIAL EQUATIONS I  
Co-requisite(s): MTT 227 and/or as required by program.  
An introduction to numerical methods, qualitative behavior of first order differential equations, techniques for solving separable and linear equations analytically, and applications to various models (e.g., populations, motion, chemical mixtures, etc.).

MTH250 DISCRETE MATH  
Prerequisite(s): MTH 126 or higher  
This course provides an introduction to combinatorics and graph theory. Topics include, but are not limited to, sets, logic, relations and function, mathematical induction, algorithmic processes, recurrence regulations, counting techniques, asymptotic growth, Boolean algebra, graphs and network algorithms. This course is offered on a demand basis only.

MTH 265 ELEMENTARY STATISTICS  
Prerequisite(s): MTH 100 or appropriate mathematics placement score and/or as required by program.  
This course provides an introduction to methods of statistics, including the following topics: sampling, frequency distributions, measures of central tendency, graphic representation, reliability, hypothesis testing, confidence intervals, analysis, regression, estimation, and applications. Probability, permutations, combinations, binomial theorem, random variables, and distributions may be included.

MTH270 PROBABILITY AND STATISTICS  
Concepts  
Prerequisite(s): MTH126 or higher  
This course provides an examination of the theory and applications of probability and statistics based on topics from calculus. It includes probability, sample spaces, random variables, probability distribution, estimations, confidence intervals, hypotheses testing, experimental analysis, moments and moment-generating functions, and computer-assisted data analysis using appropriate computer software. This course is offered on a demand basis only.

MACHINE TOOL TECHNOLOGIST (MTT)  
Course Descriptions

MTT 107 MACHINING CALCULATIONS  
Prerequisite: As determined by college.  
This course introduces basic calculations as they relate to machining operations. Emphasis is placed on basic calculations and their applications in the machine shop. Upon completion, students should be able to perform basic shop calculations. This course is aligned with NIMS certification standards.

MTT 121 BASIC BLUEPRINT READING FOR MACHINISTS  
Prerequisite: As determined by college.  
This course covers the fundamentals of print reading and sketching. Topics include multi-view drawings, interpretation of conventional lines; and dimensions, notes, and thread notations. Upon completion, students should be able to interpret basic drawings, visualize parts, and make pictorial sketches. This is CORE course and is aligned with NIMS certification standards.

MTT 125 BASIC BLUEPRINT READING FOR MECHANICS  
Prerequisite: As determined by college.  
This course covers the basics of print reading and sketching. Topics include multi-view drawings; interpretation of conventional lines; and dimensions, notes, and thread notations. Upon completion, students should be able to interpret basic drawings, visualize parts, and make pictorial sketches. This is CORE course and is aligned with NIMS certification standards.

MTT 139 INTRODUCTION TO COMPUTER NUMERICAL CONTROL  
Prerequisite: As determined by college.  
This course introduces the concepts and capabilities of computer numeric control machine tools. Topics include setup, operation, and basic applications. Upon completion, students should be able to explain operator safety, machine protection, data input, program preparation, and program storage. This course is aligned with NIMS certification standards.

MTT 140 BASIC CNC TURNING PROGRAMMING I  
Prerequisite: As determined by college.  
This course covers concepts associated with basic programming of a computer numerical control (CNC) turning center. Topics include basic programming characteristics, motion types, tooling, workholding devices, setup documentation, tool compensations, and formatting. Upon completion, students should be able to write a basic CNC turning program that will be used to produce a part. This course is aligned with NIMS certification standards.

MTT 141 BASIC CNC MILLING PROGRAMMING I  
Prerequisite: As determined by college.  
This course covers concepts associated with basic programming of a computer numerical control (CNC) milling machine using computer assisted manufacturing (CAM) software. In addition, CNC milling machine setup, programming, and operation are detailed. Upon completion, the student should be able to set up, program, and operate a 3-axis CNC milling machine to produce a 2½-axis part using CAM software. This course is aligned with NIMS certification standards.

MTT 149 INTRODUCTION TO MACHINE SHOP II  
Prerequisite: As determined by college.  
This course provides additional instruction and practice in the use of measuring tools, lathes, milling machines, and grinders. Emphasis is placed on setup and operation of machine tools including the selection of work holding devices, speeds, feeds, cutting tools and coolants. Upon completion, students should be able to perform intermediate level procedures of precision grinding, measuring, layout, drilling, sawing, turning, and milling.

MTT 150 INTRODUCTION TO MACHINE SHOP II LAB  
Prerequisite: As determined by college.  
This course provides additional instruction and practice in the use of measuring tools, lathes, milling machines, and grinders. Emphasis is placed on setup and operation of machine tools including the selection of work holding devices, speeds, feeds, cutting tools and coolants. Upon completion, students should be able to perform intermediate level procedures of precision grinding, measuring, layout, drilling, sawing, turning, and milling.

MTT 219 CNC GRAPHICS: TURNING  
Prerequisite: As determined by college.  
This course covers techniques involved in writing a program for a multi-axis computerized numeric control (CNC) turning machine using computer assisted manufacturing (CAM) software. In addition, CNC turning machine setup, programming, and operation are detailed. Upon completion, the student should be able to set up, program, and operate a 3-axis CNC turning machine to produce a 2½-axis part using CAM software. This course is aligned with NIMS certification standards.

MTT 220 CNC GRAPHICS: MILLING  
Prerequisite: As determined by college.  
This course covers techniques involved in writing a program for a multi-axis computerized numeric control (CNC) milling machine using computer assisted manufacturing (CAM) software. In addition, CNC milling machine setup, programming, and operation are detailed. Upon completion, the student should be able to set up, program, and operate a 3-axis CNC milling machine to produce a 2½-axis part using CAM software. This course is aligned with NIMS certification standards.
MUS 101 MUSIC APPRECIATION 3
Prerequisite(s): As required by program
This course is designed for non-music majors and requires no previous musical experience. It is a survey course that incorporates several modes of instruction including lecture, guided learning, and similar experiences involving music. The course will cover a minimum of three (3) stylistic periods, provide a multicultural perspective, and include both vocal and instrumental genres. Upon completion, students should be able to demonstrate a knowledge of music fundamentals, the aesthetic/stylistic characteristics of historical periods, and an aural perception of style and structure in music.

MUS 111 MUSIC THEORY I 3
Prerequisite(s): MUS 110 or suitable placement score or as required by program. Co-requisite: MUS 113. If ear-training lab is a separate course
This course introduces the student to the diatonic harmonic practices in the Common Practice Period. Topics include fundamental musical materials (rhythm, pitch, scales, intervals, diatonic harmonies) and an introduction to the principles of voice leading and harmonic progression. Upon completion, students should be able to demonstrate a basic competency using diatonic harmonic progressions and short four-part progressions in root position. Related safety, inspection, and process adjustment are also covered.

MUS 112 MUSIC THEORY II 1-4
Prerequisite(s): MUS 111 and/or as required by program
Co-requisite: MUS 114, if ear-training lab is a separate course
This course completes the study of diatonic harmonic practices in the Common Practice Period and introduces simple musical forms. Topics include principles of voice leading used in tee- and four-part triadic harmony and diatonic seventh chords, non-chord tones, cadences, pases, and periods. Upon completion, students should be able to demonstrate competence using diatonic harmony and rhythmic dictation, writing, sight singing, dictation and keyboard skills.

MUS 113 MUSIC THEORY LAB I 1
Prerequisite(s): MUS 110 or suitable placement score or as required by program
Co-requisite(s): MUS 111, if ear-training lab is a separate course
This course provides the practical application of diatonic musical materials with touch sight singing; harmonic and rhythmic dictation; and keyboard harmony. Topics include intervals, simple triads, diatonic stepwise melodies, basic rhythmic patterns in simple and compound meter and four-part triadic progressions in root position. Upon completion, students should be able to write, sing and play intervals, scales, basic rhythmic patterns, diatonic stepwise melodies, simple triads and short four-part progressions in root position.

MUS 114 MUSIC THEORY 1
Prerequisite(s): MUS 113 and/or as required by program
Co-requisite(s): MUS 112, if ear training lab is a separate course
This course continues the practical application of diatonic musical materials with touch sight singing; melodic, harmonic and rhythmic dictation; and keyboard harmony. Topics include intervals, scales, diatonic melodics with triadic apreggations, more complex rhythmic patterns in simple and compound meter and four-part diatonic progressions in all inversions. Upon completion, students should be able to write, sing and play all intervals, rhythmic patterns employing syncopations and beat divisions, diatonic melodies and four-part diatonic progressions.

MUS 115 FUNDAMENTALS OF MUSIC 3
Prerequisite(s): As required by program
This course is designed to teach the basic fundamentals of music and develop usable musical skills for the classroom teacher. Topics include rhythm notation, simple and compound meters, pitch notation, correct singing techniques, scales, keyboard awareness, key signatures, scales, intervals and harmony using I, IV, and V with a chordal instrument. Upon completion, students should be able to sing a song, harmonize a simple tune, demonstrate rhythmic patterns and identify musical concepts through written documentation.

MUS 211 MUSIC THEORY III 1-4
Prerequisite(s): MUS 112 and/or as required by program
Co-requisite(s): MUS 213, if ear training lab is a separate course
This course introduces the student to the common harmonic practices in the Common Practice Period. Topics include secondary functions, modulatory techniques, and binary and ternary forms. Upon completion, students should be able to demonstrate competence using common harmonic tough analysis, writing, sight singing, dictation and keyboard skills.

MUS 212 MUSIC THEORY IV 1-4
Prerequisite(s): MUS 211 and/or as required by program
Co-requisite(s): MUS 214, if ear training lab is a separate course
This course completes the study of comatic harmonic practices in the Common Practice Period and introduces the student to thirteenth-century practices. Topics include the Neapolitan and augmented sixth chords, sonata form, late sixteenth-century tonal harmony and twentieth-century practices and forms. Upon completion, students should be able to demonstrate competence using common harmonic and basic twentieth century techniques. Upon completion of one or a sequence of courses, students should be able to demonstrate a basic proficiency in singing or playing and a knowledge of music fundamentals.

MUSIC (MUS)  
Course Descriptions

MUSIC ENSEMBLE (MUL)  
Course Description

MUL 101 CLASS PERFORMANCE INSTRUCTION 1
Prerequisite(s): As required by program
Group instruction is available in voice, piano, strings, woodwinds, brass, percussion and fretted instruments for students with little or no previous training. Emphasis is placed on the rudiments of music, basic performance technique and general musicianship skills. Upon completion of one or a sequence of courses, students should be able to demonstrate a basic proficiency in singing or playing and a knowledge of music fundamentals.

NURSE ASSISTANT/AIDE (NAS) (HHA)  
Course Descriptions

NAS 100 LONG TERM CARE 4
NURSING ASSISTANT  
Prerequisite(s): As required by program
This course fulfills the seventy-five (75) Omnibus Budget Reconciliation Act (OBRA) requirements for training of long-term care nursing assistants in preparation for certification for long-term care competency evaluation. Emphasis is placed on the development of the body and sexual orientation, and skills required of the long-term care nursing assistant. Upon completion of this course, the student should demonstrate satisfactory performance on written examinations and clinical skills.

NAS/HHA 120 Fundamentals of Nursing Assistant 7
Home Health Aide  
Prerequisite(s): As determined by college
Co-requisite(s): As determined by college
This course provides the student with the necessary theory and laboratory experiences for the development of skills required to qualify as a long-term care Nursing Assistant/Home Health Aide. Emphasis is placed on the acquisition of skills in communication, observation, safety, mobility/body mechanics, personal and restorative care, and infection control necessary to care for patients and clients of all ages. Upon completion of this course, the student will be able to apply concepts and skills in areas required by the Omnibus Budget Reconciliation Act (OBRA) and the National Association of Home Care.

NAS/HHA 121 Fundamentals of Nursing Assistant 3
Home Health Aide  
Prerequisite(s): As determined by college
Co-requisite(s): NAS 120 – Fundamentals of Nursing Assistant/Home Health Aide
This course is designed for students to apply knowledge and skills needed to perform basic nursing care safely and efficiently in various supervised health care settings. Emphasis is placed on safety, therapeutic communication, infection control, critical thinking, and proper documentation. Upon completion of this course, the student will demonstrate beginning competency in the delivery of care to patients and clients in various health care settings.

NURSING (NUR)  
Course Descriptions

NUR 101 BODY STRUCTURE AND FUNCTION  
Prerequisite(s): As required by program  
This course provides students with basic knowledge of the normal structure and function of the human body. Major content focuses on the interrelations among the organ systems and the relationship of each organ system to homeostasis. Medical terminology is integrated throughout course content. Upon completion of this course, students will be able to demonstrate basic knowledge of body systems, their interrelationships and associated medical terminology.

NUR 102 FUNDAMENTALS OF NURSING  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students learn concepts and theories basic to the art and science of nursing. The role of the nurse as a member of the healthcare team is emphasized. Students are introduced to the concepts of client needs, safety, communication, teaching/learning, critical thinking, ethical-legal, cultural diversity, nursing history, and the program's philosophy of nursing. Additionally, this course introduces psychomotor nursing skills needed to assist individuals in meeting basic human needs. Skills necessary for maintaining microbial, physical, and psychological safety are introduced along with skills needed in therapeutic interventions. At the conclusion of this course, students will demonstrate competency in performing basic nursing skills for individuals with common health alterations.

NUR 103 HEALTH ASSESSMENT  
Prerequisite(s): As required by program  
This course is designed to provide students the opportunity to learn and practice history taking and physical examination skills with individuals of all ages, with emphasis on the adult. The focus is on symptom analysis along with physical, psychosocial, and growth and development assessments. Students will be able to utilize critical thinking skills in identifying health alterations, formulating nursing diagnoses and documenting findings appropriate to nursing.

NUR 104 INTRODUCTION TO PHARMACOLOGY  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. This course introduces students to basic principles of pharmacology and the knowledge necessary to safely administer medication. Course content includes legal implications, pharmacokinetics, pharmacodynamics, calculations of drug dosages, medication administration, and an overview of drug classifications. Students will be able to calculate and administer medications.

NUR 105 ADULT NURSING  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Emphasis is placed on providing care to individuals undergoing surgery, fluid and electrolyte imbalance, and common alterations in respiratory, musculoskeletal, gastro-intestinal, cardiovascular, endocrine, and integumentary systems. Nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 106 MATERNAL AND CHILD NURSING  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Emphasis is placed on providing care to individuals undergoing surgery, fluid and electrolyte imbalance, and common alterations in respiratory, musculoskeletal, gastro-intestinal, cardiovascular, endocrine, and integumentary systems. Nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 107 ADULT/CHILD NURSING  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Emphasis is placed on providing care to individuals experiencing complex alterations in: sensory/perceptual, reproductive, endocrine, genitourinary, neurological, immune, cardiovascular, and lower gastrointestinal systems. Additional instruction is provided for preparing for the NCLEX-RN. Professional practice issues for registered nurses, and teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 200 NURSING CAREER MOBILITY  
Prerequisite(s): As required by program  
This course is designed to provide LPN mobility students self-directed opportunities to prepare for placement into the third semester of the ADN program. Emphasis is on assessment and validation of selected theory, process, and skills covered in NUR 102, 103, 104, 105, and 106. Upon successful completion of assessments, students are eligible for entry into NUR 201. Students who successfully complete this course are awarded 15 non-traditional at the completion of the LPN mobility curriculum.

NUR 201 NURSING TOUGH THE LIFESPAN I  
Prerequisite(s): As required by program  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in gastrointestinal, reproductive, sensory, and endocrine systems in a variety of settings. This course is designed for students to apply knowledge of body systems, their interrelationships and development assessments. Students will be able to demonstrate beginning competency in providing care for clients experiencing burns, cancer and emergent conditions. Nutrition, pharmacology, therapeutic communication, community, cultural diversity, health promotion, error prevention, critical thinking, impacts on maternal and child clients are integrated throughout the course.

NUR 202 NURSING TOUGH THE LIFESPAN II  
Prerequisite(s): As required by program  
This course builds upon previous instruction and provides additional opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in cardiovascular, hematologic, immune, and genitourinary systems in a variety of settings. Additional instruction is provided for preparing for the NCLEX-RN. Professional practice issues for registered nurses, and teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 203 NURSING TOUGH THE LIFESPAN III  
Prerequisite(s): As required by program  
This course builds upon previous instruction and provides additional opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in cardiovascular, respiratory, and neurological systems in a variety of settings. Additional instruction is provided for preparing for the NCLEX-RN. Professional practice issues for registered nurses, and teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 204 ROLE TRANSITION FOR THE REGISTERED NURSE  
Prerequisite(s): As required by program  
This course provides students with opportunities to gain knowledge and skills necessary to transition from student to registered nurse. Content includes a discussion of current issues in health care, practical nursing leadership and management, professional practice issues, and transition into the workplace. Emphasis is placed on NCLEX-PN test-taking skills, computer-assisted simulations and practice tests, development of a prescriptive plan for remediation, and review of selective content. Specific to the practice of practical nursing.
and outside lab. Emphasis is on speed and accuracy in keying alphabetic, symbol, and numeric information. Upon completion, the student should be able to demonstrate proper technique while keying on a typewriter or microcomputer keyboard.

**OAD 101 BEGINNING KEYBOARDING**
**Prerequisite(s):** As required by program
This course is designed to enable the student to use the touch method of keyboarding tough classroom instruction and outside lab. Emphasis is on speed and accuracy in keying alphabetic, symbol, and numeric information using the typewriter or microcomputer keyboard. Upon completion, the student should be able to demonstrate proper technique and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of basic business documents such as, letters, reports, and tables, etc.

**OAD 102 KEYBOARDING SKILL BUILDING**
**Prerequisite(s):** OAD 101 and/or as required by program
This course is designed to develop speed and accuracy in the use of the keyboard tough classroom instruction and outside lab. Emphasis is on identification of deficiencies and incorrect technique tough the use of individualized prescriptive practice. Upon completion the student should be able to demonstrate improved speed and accuracy.

**OAD 103 INTERMEDIATE KEYBOARDING**
**Prerequisite(s):** OAD 101 and/or as required by program
This course is designed to assist the student in increasing speed and accuracy using the touch method of keyboarding tough classroom instruction and outside lab. Emphasis is on the production of business documents such as memorandum, letters, reports, tables, and outlines. Upon completion, the student should be able to demonstrate proficiency and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of business documents.

**OAD 104 ADVANCED KEYBOARDING**
**Prerequisite(s):** OAD 103 and/or as required by program
This course is designed to assist the student in continuing to develop speed and accuracy using the touch method of keyboarding tough classroom instruction and outside lab. Emphasis is on the production of business documents using decision-making skills. Upon completion, the student should be able to demonstrate proficiency and an acceptable rate of speed and accuracy, as defined by the course syllabus, in the production of high-quality business documents.

**OAD 110 NAVIGATING WINDOWS**
**Prerequisite(s):** As required by program
This course is designed to introduce the student to the Windows environment tough classroom instruction and outside lab. Emphasis is on Windows as a graphical user interface and includes operations and applications that use the Windows environment. Upon completion, the student should be able to demonstrate proficiency in the operation and management of hardware and software as defined by the course syllabus.

**OAD 125 WORD PROCESSING**
**Prerequisite(s):** OAD 101 and/or as required by program
This course is designed to provide the student with basic word processing skills tough classroom instruction and outside lab. Emphasis is on the utilization of software features to create, edit, and print common office documents. Upon completion, the student should be able to demonstrate the ability to use industry-standard software to generate appropriately formatted, accurate, and attractive business documents such as memo, letters and reports.

**OAD 126 ADVANCED WORD PROCESSING**
**Prerequisite(s):** OAD 125 and/or as required by program
This course is designed to increase student proficiency in using the advanced word processing functions tough classroom instruction and outside lab. Emphasis is on the use of industry-standard software to maximize productivity. Upon completion, the student should be able to demonstrate the ability to generate complex documents such as forms, newsletters, and multi-page documents.

**OAD 130 ELECTRONIC CALCULATIONS**
**Prerequisite(s):** As required by program
This course is designed to teach the touch system and problem-solving. Emphasis is on basic mathematical functions. Upon completion, the student should be able to demonstrate an acceptable rate of speed and accuracy, as defined by the course syllabus, to solve problems based on typical business applications.

**OAD 200 MACHINE TRANSCRIPTION**
**Prerequisite(s):** OAD 103 and/or as required by program
This course is designed to develop marketable skills in transcribing various forms of dictated material tough classroom instruction and outside lab. Emphasis is on the use of microcomputers and a commercial word processing package. Upon completion, the student should be able to accurately transcribe documents from dictated recordings.

**OAD 201 LEGAL TERMINOLOGY**
**Prerequisite(s):** As required by program
This course is designed to familiarize the student with commonly used legal terms. Emphasis is on the word root building system combining Greek and Latin prefixes, suffixes, word roots, and forms that make medical terms easy to use. Upon completion, the student should be able to understand and use medical legal terminology.

**OAD 202 LEGAL TRANSCRIPTION**
**Prerequisite(s):** OAD 125 and/or as required by program
This course is designed to familiarize students with legal terms and provide transcription skill development in the production of legal correspondence, forms, and court documents tough classroom instruction and outside lab. Emphasis is on transcribing legal documents from dictated recordings. Upon completion, students should be able to demonstrate the ability to transcribe accurately appropriately formatted legal documents.

**OAD 203 LEGAL OFFICE PROCEDURES**
**Prerequisite(s):** OAD 125 and/or as required by program
This course is designed to provide an awareness of the responsibilities and opportunities of professional support personnel in a medical environment tough classroom instruction and outside lab. Emphasis is on medical terms, the production of appropriate forms and reports, and the importance of office procedures and practices. Upon completion, the student should be able to perform office support tasks required for employment in a medical environment.

**OAD 210 HEALTH INFORMATION MANAGEMENT**
**Prerequisite(s):** As required by program
This course is designed to promote an understanding of the structure, analysis and management of medical records tough classroom instruction and outside lab. Emphasis is on filing and managing medical records; coding of diseases, operations and procedures; and the legal aspects of medical records. Upon completion, the student should be able to maintain medical records efficiently.

**OAD 217 OFFICE MANAGEMENT**
**Prerequisite(s):** As required by program
This course is designed to develop skills necessary for supervision of office functions. Emphasis is on issues relating to the combination of people and technology in achieving the goals of business in a culturally diverse workplace, including the importance of office organization, teamwork, workplace ethics, office politics, and conflict-resolution skills. Upon completion, the student should be able to demonstrate use of the tools necessary for effective supervision of people and technology in the modern office.

**OAD 218 OFFICE PROCEDURES**
**Prerequisite(s):** OAD 101 and/or as required by program
This course is designed to develop an awareness of the responsibilities and opportunities of the office professional tough classroom instruction and outside lab. Emphasis is on current operating functions, practices and procedures, work habits, attitudes, oral and written communications, and professionalism. Upon completion, the student should be able to demonstrate the ability to effectively function in an office support role.

**OAD 227 INFORMATION PROCESSING**
**Prerequisite(s):** As required by program
This course is designed to familiarize the student with legal terminology. Emphasis is on the spelling, definition, pronunciation, and usage of legal terms. Upon completion, the student should be able to communicate effectively using medical terminology.
This course is designed to introduce the basic concepts and applications of office information systems. Emphasis is on the components and capabilities of systems used to produce, communicate, manage information, and career paths for office professionals. Upon completion, the student should be able to demonstrate knowledge of office information systems.

OAD 230 ELECTRONIC PUBLISHING
Prerequisite(s): As required by program
This course is designed to introduce the student to the elements and techniques of page design, layout and typography in the context of classroom instruction and outside lab. Emphasis is on the use of current commercial desktop publishing software, graphic tools, and electronic input/output devices to design and print high-quality publications such as newsletters, brochures, catalogs, forms, and flyers. Upon completion, the student should be able to utilize proper layout and design concepts in the production of attractive desktop published documents.

OAD 231 OFFICE APPLICATIONS
Prerequisite(s): As required by program
This course is designed to provide the student with a foundation in the use of computerized equipment and application software as tools in the performance of a variety of office tasks in the context of classroom instruction and outside lab. Emphasis is on the role of the office professional in the selection and application of appropriate computerized tools to complete designated tasks. Upon completion, the student should be able to demonstrate proficiency in the selection of appropriate computerized tools to complete designated tasks.

OAD 232 THE ELECTRONIC OFFICE
Prerequisite(s): As required by program
This course is designed to enable the student to develop skill in the use of integrated software tough classroom instruction and outside lab. Emphasis is on the use of computerized equipment, software, networking, and communications technology. Upon completion, the student should be able to satisfactorily perform a variety of office tasks using current technology.

OAD 233 TRENDS IN OFFICE TECHNOLOGY
Prerequisite(s): As required by program
This course is designed to address current trends in office technology tough classroom instruction and outside lab. Emphasis is on technology relevant to the office environment such as electronic mail, multiplexing, interaction, presentation hardware and software, and Internet use. Upon completion, the student should be able to demonstrate awareness of current technological applications for the modern office.

OAD 240 CPS REVIEW
Prerequisite(s): As required by program
This course, Certified Professional Secretary Review, is designed to provide skills and knowledge in behavioral science, office administration and technology, accounting and business, business law, economics, management, and communication. Emphasis is on the knowledge and skills required of those who qualify as professional administrative support. Upon completion, the student should be able to demonstrate knowledge and successful performance of skills in a variety of business-related areas.

OAD 241 OFFICE CO-OP
Prerequisite(s): As required by program
This course is designed to provide the student with an opportunity to work in an office environment. Emphasis is on the integration of classroom learning with on-the-job experiences that relate meaningfully to office careers. Upon completion, the student should be able to demonstrate the ability to apply knowledge and skills gained in the classroom to an actual work situation.

OAD 242 OFFICE INTERNSHIP
Prerequisite(s): As required by program
This course is designed to provide the students with an opportunity to work in an office environment. Emphasis is on the efficient and accurate performance of job tasks tough classroom instruction and outside lab. Upon completion, the student should be able to demonstrate successful performance of skills required in an office support position.

OAD 243 SPREADSHEET APPLICATIONS
Prerequisite(s): As required by program
This course is designed to provide the student with a firm foundation in the use of computerized equipment and appropriate software in performing spreadsheet tasks tough classroom instruction and outside lab. Emphasis is on spreadsheet terminology and design, common formulas, proper file and disk management procedures. Upon completion, the student should be able to use spreadsheet features to design, format, and graph effective spreadsheets.

OAD 244 DATABASE CONCEPTS
Prerequisite(s): OAD 101 and/or as required by program
This course is designed to provide the student with an understanding of the concepts of database management tough classroom instruction and outside lab. Emphasis is on the use of database software for business applications. Upon completion, the student should be able to create and manipulate data files and format output as documents and reports.

OAD 245 DATA ENTRY
Prerequisite(s): OAD 101 and/or as required by program
This course is designed to provide the student with a firm foundation in the use of computerized equipment and appropriate software in performing data-entry tasks tough classroom instruction and outside lab. Emphasis is on the basic features of data-entry software, terminology, and proper file and disk management procedures. Upon completion, the student should be able to demonstrate a basic understanding of data-entry applications.

OAD 246 OFFICE GRAPHICS AND PRESENTATIONS
Prerequisite(s): OAD 125 and/or as required by program
This course is designed to provide the student with a foundation in the use of the computer and appropriate application software in the production of business slides and presentations tough classroom instruction and outside lab. Emphasis is on available software tools, presentation options and design as well as such presentation considerations as the make-up of the target audience. Upon completion, the student should be able to demonstrate the ability to design and produce a business presentation.

OAD 247 SPECIAL PROJECTS
Prerequisite(s): OAD 125 and/or as required by program
This course is designed to provide the student with an opportunity for the expansion of knowledge in an area of special interest under the direct supervision of instructor. Emphasis is on the student's use of modern technology to study, research and / or accumulate additional knowledge or improve skills in a specialized office support area. Upon completion, the student should be able to demonstrate enhanced knowledge and/or skill gained tough an individualized project.
ambulatory patients; demonstrating accuracy in preparing and dispensing of drugs or simulations; and aseptic technique and equipment used in a laboratory setting. Upon completion, students should be able to demonstrate proficiency in performing these tasks.

PHM 211 Pharmacy Technician Practicum I
Prerequisite(s): PHM 210.
This course provides the student's first exposure to pharmacies and hospitals. Lecture and demonstrations in laboratory settings are utilized to acquaint the student with standard operating procedures at participating facilities. Both retail and hospital pharmacy situations and job skills are addressed. Upon completion, students should be able to apply technical skills and organization knowledge in support of pharmacists in these settings.

PHM 212 Pharmacy Technician Practicum II
Prerequisite(s): PHM 211.
This course continues PHM 211 and goes one step further to take the student out of the theoretical laboratory and into the actual job experience. Additional experience under the supervision of pharmacists will demonstrate accuracy through clinical evaluation in the hospital and retail pharmacy settings in pouring, compounding, packaging, and labeling and dispensing of drugs to patients. Upon completion, students should be able to provide technical assistance and support to retail and hospital pharmacists.

PHYSICAL EDUCATION (PED) Course Descriptions

PED 100 FUNDAMENTALS OF FITNESS
Prerequisite(s): As required by program
This lecture course includes the basic principles of physical education and physical fitness. It explores psychological and physiological effects of exercise and physical fitness, including effects on the human skeleton, muscle development, respiration, and coordination. It is viewed as an introduction to such laboratory courses as slimnastics, weight training, and conditioning. The course may also include fitness evaluation, development of individual fitness programs, and participation in fitness activities.

PED 101 SLIMNASTICS BEGINNING
This course provides an individualized approach to physical fitness, wellness, and other health-related factors. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness programs. Upon completion, students should be able to set up and implement and individualized physical fitness program.

PED 103 BEGINNING WEIGHT TRAINING
Prerequisite(s): As required by program
This course introduces the basics of weight training. Emphasis is placed on developing muscular strength, muscular endurance, and muscle tone. Upon completion, students should be able to establish and implement a personal weight-training program.

PED 104 INTERMEDIATE WEIGHT TRAINING
Prerequisite(s): As required by program
This course covers advanced levels of weight training. Emphasis is placed on meeting individual training goals and addressing weight training needs and interests. Upon completion, students should be able to establish and implement an individualized advanced weight-training program.

PED 105 PERSONAL FITNESS
This course is designed to provide the student with information allowing him/her to participate in a personally developed fitness program. Topics include cardiovascular, strength, muscular endurance, flexibility, and body composition.

PED 106 AEROBICS
Prerequisite(s): As required by program
This course introduces a program of cardiovascular fitness involving continuous, rhythmic exercise. Emphasis is placed on developing cardiovascular efficiency, strength, and flexibility and on safety precautions. Upon completion, students should be able to select and implement a rhythmic aerobic exercise program.

PED 107 BEGINNING AEROBICS
Prerequisite(s): PED 106 and/or as required by program
This course introduces the fundamentals of step and dance aeroobics. Emphasis is placed on basic stepping up, basic choreographed dance patterns, and cardiovascular fitness; and upper body, floor, and abdominal exercises. Upon completion, students should be able to participate in basic dance aeroobics.

PED 108 INTERMEDIATE AEROBICS
Prerequisite(s): PED 107 and/or as required by program
This course provides a continuation of step aeroobics. Emphasis is placed on a wide variety of choreographed step and dance patterns; cardiovascular fitness; and upper body, abdmininal, and floor exercises. Upon completion, students should be able to participate in and design an aerobics routine.

PED 109 JOGGING
Prerequisite(s): As required by program
This course covers the basic concepts involved in safely and effectively improving cardiovascular fitness. Emphasis is placed on walking, jogging, or running as a means of achieving fitness. Upon completion, students should be able to understand and appreciate the benefits derived from these activities.

PED 123 BEGINNING GOLF
Prerequisite(s): As required by program
This course emphasizes the fundamentals of golf. Topics include the proper grips, stance, alignment, swings for the short and long game, putting, and the rules and etiquette of golf. Upon completion, students should be able to perform the basic golf shots and demonstrate a knowledge of the rules and etiquette of golf.

PED 124 INTERMEDIATE GOLF
Prerequisite(s): PED 123 and/or as required by program
This course covers the more advanced phases of golf. Emphasis is placed on refining the fundamental skills and learning more advanced phases of the games such as club selection, trouble shots, and course management. Upon completion, students should be able to demonstrate the knowledge and ability to play a recreational round of golf.

PED 131 BEGINNING BADMINTON
Prerequisite(s): As required by program
This course covers the fundamentals of badminton. Emphasis is placed on the basics of serving, clearing, drops, drives, smashes, and the rules and strategies of singles and doubles. Upon completion, students should be able to apply these skills in playing situations.

PED 132 INTERMEDIATE BADMINTON
Prerequisite(s): As required by program
This course provides the student to participate in intermediate level competition in badminton. Emphasis is placed on advanced skills and strategies in badminton.

PED 133 BEGINNING TENNIS
Prerequisite(s): As required by program
This course emphasizes the fundamentals of tennis. Topics include basic strokes, rules, etiquette, and court play. Upon completion, students should be able to play recreational tennis.

PED 140 BEGINNING SWIMMING
Prerequisite(s): As required by program
This course is designed for non-swimmers and beginners. Emphasis is placed on developing confidence in the water, learning water safety, acquiring skills in floating, and learning elementary strokes. Upon completion, students should be able to demonstrate safety skills and be able to tread water, back float, and use the crawl stroke for 20 yards.

PED 141 INTERMEDIATE SWIMMING
Prerequisite(s): PED 140 and/or as required by program
This course is designed for those who have mastered basic swimming skills. Emphasis is placed on refining basic skills and learning new swim strokes. Upon completion, students should be able to demonstrate the four basic strokes, the scissor kick, the underwater swim, and other related skills.

PED 143 AQUATIC EXERCISE
This course introduces rhythmic aerobic activities and aquatic exercises performed in water. Emphasis is placed on increasing cardiovascular fitness levels, muscular strength, muscular endurance, and flexibility. Upon completion, students should be able to participate in an individually-paced exercise program.

PED 159 KICKBOXING
Prerequisite(s): As required by program
Students in this course will learn the skills and techniques of kickboxing, a martial art form which develops and enhances cardiovascular and muscular endurance.

PED 171 BEGINNING BASKETBALL
Prerequisite(s): As required by program
This course covers the fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and game strategy. Upon completion, students should be able to participate in recreational basketball.

PED 172 BASKETBALL
This course covers more advanced basketball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play basketball at a competitive level.

PED 176 BEGINNING VOLLEYBALL
Prerequisite(s): As required by program
This course covers the fundamentals of volleyball. Emphasis is placed on the basics of serving, passing, setting, spiking, blocking, and the rules and etiquette of volleyball. Upon completion, students should be able to participate in recreational volleyball.

PED 177 VOLLEYBALL (INTERMEDIATE)
Prerequisite(s): PED 176 and/or as required by program
This course covers more advanced volleyball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in recreational volleyball.
PED 180   FLAG FOOTBALL  
Prerequisite(s): As required by program  
This course introduces the fundamentals and rules of flag football. Emphasis is placed on proper techniques and strategies for playing in game situations. Upon completion, students should be able to participate in recreational flag football.

PED 181   BASEBALL (BEGINNING)  
Prerequisite(s): As required by program  
This course covers the fundamentals of baseball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational baseball.

PED 182   BASEBALL (INTERMEDIATE)  
Prerequisite(s): As required by program  
This course covers more advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level.

PED 188   YOGA  
Prerequisite(s): As required by program  
This course introduces basic instructions in yoga for beginners. Emphasis is placed on instruction in gentle stretching, breathing practices, progressive deep relaxation, and posture. Upon completion, students should be able to practice in and appreciate the benefits of the activity.

PED 200   FOUNDATIONS OF PHYSICAL EDUCATION  
Prerequisite(s): As required by program  
In this course, the history, philosophy, and objectives of health, physical education, and recreation are studied with emphasis on the physiological, sociological, and psychological values of physical education. It is required of all physical education majors.

PED 216   SPORTS OFFICIATING  
Prerequisite(s): As required by program  
This course surveys the basic rules and mechanics of officiating a variety of sports, including both team and individual sports. In addition to class work, students will receive at least 3 of practical experience in officiating.

PED 224   PRINCIPLES OF NUTRITION  
Prerequisite(s): As required by program  
This course introduces students to the principles of nutrition and the role and functions of nutrients in man's food. Basic information concerning food selection and nutrition as a factor in health, ecology, and economy is included. Implications of nutrition for children may be stressed. NOTE: This course is a suitable substitute for HEC 140.

PED 226   HIKING  
Prerequisite(s): As required by program  
This course provides instruction on how to equip and care for oneself on the trail. Topics include clothing, hygiene, trail ethics, and necessary equipment. Upon completion, students should be able to successfully participate in nature trail hikes.

PED 248   VARSITY BASKETBALL I  
Prerequisite(s): As required by program  
This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in competitive basketball.

PED 249   VARSITY BASKETBALL II  
PREREQUISITE: As required by program.  
This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to participate in competitive basketball.

PED 252   VARSITY BASEBALL I  
Prerequisite(s): As required by program  
This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level.

PED 261   VARSITY BASEBALL II  
Prerequisite(s): As required by program  
This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. This course builds upon previous instruction and provides additional opportunities to develop skills. Upon completion, students should be able to play baseball at a competitive level.

PED 295   PRACTICUM IN PHYSICAL EDUCATION  
Prerequisite(s): As required by program  
This course is designed to provide field experience in observation and assistance in the student's area of specialization. Students will work under the supervision of trained physical education teachers.

PHILOSOPHY (PHL) Course Descriptions

PHL 206   ETHICS AND SOCIETY  
Prerequisite(s): As required by program  
This course involves the study of ethical issues which confront individuals in the course of their daily lives. The focus is on the fundamental questions of right and wrong, of human rights, and of conflicting obligations. The student should be able to understand and be prepared to make decisions in life regarding ethical issues.

PHYSICS (PHY) Course Descriptions

PHL 206   ETHICS AND SOCIETY  
Prerequisite(s): As required by program  
This course involves the study of ethical issues which confront individuals in the course of their daily lives. The focus is on the fundamental questions of right and wrong, of human rights, and of conflicting obligations. The student should be able to understand and be prepared to make decisions in life regarding ethical issues.

PHYSICAL SCIENCE (PHS) Course Descriptions

PHS 111   PHYSICAL SCIENCE  
Prerequisite(s): As required by program  
This course provides the non-technical student with an introduction to the basic principles of geology, oceanography, meteorology, and astronomy. Laboratory is required.

PHS 112   PHYSICAL SCIENCE II  
Prerequisite(s): As required by program  
This course provides the non-technical student with an introduction to the basic principles of chemistry and physics. Laboratory is required.

PHS 120   ENVIRONMENTAL SCIENCE  
Prerequisite(s): As required by program  
This course is an interdisciplinary course designed to give the non-science major an introductory survey of the environment. The environment will be studied with an emphasis on topics such as air, soil, water, wild life, forestry and solid waste pollution. Laboratory is required and will emphasize field studies and experimentation.

PHS 121   APPLIED PHYSICAL SCIENCE I  
Prerequisite(s): As required by program  
This course introduces the principles of nuclear energy, modern physics, geology, oceanography, meteorology, and astronomy. Topics include measurement, motion, Newton's laws of motion, momentum, energy, work, power, heat, thermodynamics, waves, sound, light, electricity, magnetism, and chemical principles. Upon completion, students should be able to demonstrate an understanding of the physical environment and be able to apply the scientific principles to observations experienced.

PHS 122   APPLIED PHYSICAL SCIENCE II  
Prerequisite(s): As required by program  
This course introduces the principles of nuclear energy, modern physics, geology, oceanography, meteorology, and astronomy. Topics include measurement, motion, Newton's laws of motion, momentum, energy, work, power, heat, thermodynamics, waves, sound, light, electricity, magnetism, and chemical principles. Upon completion, students should be able to demonstrate an understanding of the physical environment and be able to apply the scientific principles to observations experienced.

PHS 230   INTRODUCTION TO METEOROLOGY  
Prerequisite(s): As required by program  
This course is an introductory survey of meteorology emphasizing the hydrologic cycle, cloud formation, weather maps, forecasting, and wind systems. Local weather systems will be given detailed study. Laboratory is required.

PHYSICS (PHY) Course Descriptions

PHY 201   GENERAL PHYSICS I —TRIG BASED  
Prerequisite(s): MTH 113 or equivalent and/or as required by program  
This course is designed to cover general physics at a level that assures previous exposure to college algebra, basic trigonometry. Specific topics include mechanics, properties of matter and energy, thermodynamics, and periodic motion. A laboratory is required.

PHY 202   GENERAL PHYSICS II —TRIG BASED  
Prerequisite(s): PHY 201 and/or as required by program  
This course is designed to cover general physics using college algebra and basic trigonometry. Specific topics include wave motion, sound, light optics, electrostatics, circuits, magnetism, and modern physics. Laboratory is required.

PHY 213   GENERAL PHYSICS WITH CALC I  
Prerequisite(s): MTH 125 and/or as required by program  
This course provides a calculus-based treatment of the principle subdivisions of classical physics: mechanics and energy, including thermodynamics. Laboratory is required.
**PHY 214**  GENERAL PHYSICS WITH CALCULUS II  4

Prerequisite(s):  PHY 213 and/or as required by program. This course provides a calculus-based study in classical physics. Topics include: simple harmonic motion, waves, sound, light, optics, electricity and magnetism. Laboratory is required.

**PHY 218**  MODERN PHYSICS  4

Prerequisite(s):  PHY 214 and MTH 227. The focus of this course is the development of the theory of relativity, the old quantum theory of Planck, Einstein, Bo and Sommerfeld, and the new quantum physics of Schroedinger, Heisenberg, Dirac and Pauli. Laboratory experiments illustrate the principles discussed and included, but are not limited to, determination of speed of light, charge and charge to mass ratio of the electron, the Planck constant and the Rydberg constant. Laboratory is required. This course is offered on a demand basis only.

**PLUMBING (PLB)** Course Descriptions

<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Prerequisite(s)</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PLB 111</td>
<td>INTRODUCTION TO PLUMBING</td>
<td>3</td>
<td>As required by program.</td>
<td>This course covers fundamental plumbing principles, practices, and history. Topics include basic plumbing principles, safety, job seeking skills, blueprint reading, plumbers’ math, shop orientation, and school policy. Upon completion, students will be able to apply basic plumbing principles. CORE NDC</td>
</tr>
<tr>
<td>PLB 112</td>
<td>PLUMBING APPLICATIONS</td>
<td>3</td>
<td>As required by program.</td>
<td>Corequisite: PLB 111. This course is an application of PLB 111. Topics include, orientation, basic plumbing principles, safety, history, plumber’s math, job seeking skills, interpreting drawings, making drawings using rough-in sheets, and measurements. Upon completion students will be able to apply basic plumbing principles. CORE NDC</td>
</tr>
<tr>
<td>PLB 113</td>
<td>PIPES AND FITTINGS</td>
<td>3</td>
<td>As required by program.</td>
<td>This course includes the theory of joining pipe and fittings. Topics include, methods of joining pipe and fittings, selecting and using power tools, and methods of securing piping. Upon completion students will be able to identify pipe, fittings, tools and pipe securing devices. CORE NDC</td>
</tr>
<tr>
<td>PLB 115</td>
<td>PRESSURE AND NON-PRESSURE SYSTEMS</td>
<td>3</td>
<td>As required by program.</td>
<td>This course covers pressure and non-pressure systems including piping for potable water, drainage, waste, vent, gas, air, and water. Topics include types of plumbing systems, and system design and size. Upon completion, students will be knowledgeable of system functions. CORE NDC</td>
</tr>
<tr>
<td>PLB 116</td>
<td>PRESSURE AND NON-PRESSURE SYSTEMS APPLICATIONS</td>
<td>3</td>
<td>As required by program.</td>
<td>Corequisite: PLB 115. This course is an application of PLB 115. Emphasis is on the different kinds of plumbing systems, their design, installation and function. Upon completion, students will be able to rough-in plumbing systems. CORE NDC</td>
</tr>
<tr>
<td>PLB 117</td>
<td>PLUMBING CODES</td>
<td>3</td>
<td>As required by program.</td>
<td>This course includes reading and interpreting the Southern Standard Code (SBCCI), local codes and general regulations. Emphasis is on basic principles, definitions, material, facility requirements, and technical review. Upon completion, students will be able to read and interpret state and local codes. CORE NDC</td>
</tr>
<tr>
<td>PLB 118</td>
<td>CODE APPLICATION</td>
<td>3</td>
<td>As required by program.</td>
<td>Corequisite: PLB 117. This course is an application of PLB 117. Emphasis is on fixture unit value, sizing systems, minimum plumbing requirements and construction of pressure and non-pressure systems according to code. Upon completion students will be able to calculate and construct pressure and non-pressure systems. CORE NDC</td>
</tr>
<tr>
<td>PLB 211</td>
<td>PLUMBING AND REPAIR</td>
<td>3</td>
<td>As required by program.</td>
<td>This course enables students to read and follow schematics/diagrams/rough-in sheets to install or repair plumbing fixtures, to troubleshoot and make repairs. Topics include removing, replacing and repairing plumbing fixtures, new installations and troubleshooting. NDC</td>
</tr>
<tr>
<td>PLB 212</td>
<td>PLUMBING REPAIR AND INSTALLATION LABORATORY</td>
<td>3</td>
<td>As required by program.</td>
<td>Co-requisite: PLB 211. This course is an application of PLB 211. Topics include repairing and installing plumbing fixtures, and choosing appropriate fixtures for the job. Upon completion, students will be able to install new fixtures and remove, repair, and replace existing plumbing fixtures. NDC</td>
</tr>

<tbody>
<tr>
<td>POL 200</td>
<td>INTRODUCTION TO POLITICAL SCIENCE</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is an introduction to the field of political science tough examination of the fundamental principles, concepts, and methods of the discipline, and the basic political processes and institutions of organized political systems.</td>
</tr>
<tr>
<td>POL 211</td>
<td>AMERICAN NATIONAL GOVERNMENT</td>
<td>3</td>
<td>As required by program.</td>
<td>This course surveys the background, constitutional principles, organization, and operation of the American political system. Topics include the U. S. Constitution, federalism, civil liberties, civil rights, political parties, interest groups, political campaigns, voting behavior, elections, the presidency, bureaucracy, Congress, and the justice system.</td>
</tr>
<tr>
<td>POL 220</td>
<td>STATE AND LOCAL GOV’T</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is a study of the forms of organization, functions, institutions, and operation of American state and local governments. Emphasis is placed on the variety of forms and functions of state and local governments, with particular attention to those in Alabama.</td>
</tr>
</tbody>
</table>

**ORIENTATION** Course Descriptions

<th>Credits</th>
<th>Prerequisite(s)</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 200</td>
<td>GENERAL PSYCHOLOGY</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is a study of behavior with emphasis upon psychological processes. This course includes the biological bases for behavior, thinking, emotion, motivation, and the nature and development of personality.</td>
</tr>
<tr>
<td>PSY 210</td>
<td>HUMAN GROWTH AND DEVELOPMENT</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is the study of the psychological, social, and physical factors that affect human behavior from conception to death.</td>
</tr>
<tr>
<td>PSY 211</td>
<td>CHILD GROWTH AND DEVELOPMENT</td>
<td>3</td>
<td>PSY 200 and/or as required by program.</td>
<td>This course is a systematic study of the behavior and psychological development of the child from conception to adolescence. Emphasis will be placed on principles underlying physical, mental, emotional and social development, methods of child study, and practical implications.</td>
</tr>
<tr>
<td>PSY 217</td>
<td>PSYCHOLOGY OF DEATH &amp; DYING</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is designed to introduce the student to the special psychological adjustments surrounding the issue of death and dealing with the terminally ill.</td>
</tr>
<tr>
<td>PSY 220</td>
<td>HUMAN SEXUALITY</td>
<td>3</td>
<td>As required by program.</td>
<td>This course is a comprehensive and integrated approach to human sexuality emphasizing biological, psychological, social and emotional aspects.</td>
</tr>
<tr>
<td>PSY 230</td>
<td>ABNORMAL PSYCHOLOGY</td>
<td>3</td>
<td>PSY 200 and/or as required by program.</td>
<td>This course is a survey of abnormal behavior and its social and biological origins. The anxiety related disorders, psychoses, personality disorders and mental deficiencies will be covered.</td>
</tr>
<tr>
<td>PSY 276</td>
<td>HUMAN RELATIONS</td>
<td>3</td>
<td>As required by program.</td>
<td>This course focuses on readings, inter-and intrapersonal experiences, individual testing, employer visits and open discussions. Its goal is to assist the student in making a successful transition from classroom to the world of work.</td>
</tr>
</tbody>
</table>
RELIGION (REL)  
Course Descriptions

REL 151  
SURVEY OF THE OLD TESTAMENT  
Prerequisite(s): As required by program  
This course is an introduction to the content of the Old Testament with emphasis on the historical context and contemporary theological and cultural significance of the Old Testament.

REL 152  
SURVEY OF THE OLD TESTAMENT  
Prerequisite(s): As required by program  
This course is a survey of the books of the New Testament with special attention being focused on the historical and geographical settings. The student should have an understanding of the books of the New Testament and the cultural and historical events associated with these writings.

REAL ESTATE (RLS)  
Course Descriptions

RLS 101  
REAL ESTATE PRINCIPLES  
Prerequisite: As required by program  
This is an introductory real estate course providing the necessary terminology, background, and understanding of real estate principles. Topics include history of property ownership, real estate finance, real estate law, and the mechanics of listing and closing the sale. It is designed to assist those preparing for the real estate salesman's licensing examination in Alabama.

RLS 108  
REAL ESTATE MATH  
Prerequisite: RLS 101.  
This course is a study of the mathematics used in real estate. It includes mortgage lending calculations, tax calculations, interest calculations, insurance calculations, and all types of land measurements.

RLS 110  
REAL ESTATE FINANCE  
Prerequisite: As required by program.  
This course provides an analysis of money markets with special emphasis on real estate financing. Topics include interest rates, lending policies, problems and rules in real estate financing of real property.

RLS 116  
REAL ESTATE APPRAISAL CERTIFICATION  
Prerequisite: As required by program.  
This is an introductory course providing the foundation of real estate appraisal. Topics include site and physical factors; effects of the money and capital markets; methodologies used to value property; and how to present and evaluate the appraisal report.

RLS 125  
REAL ESTATE LAW  
Prerequisite: As required by program.  
This course deals with the Alabama real estate law. Emphasis is placed on areas as real property and zoning easements, titles, deeds, recording practices, contracts, mortgages, and law.

RLS 130  
LIGHT RESIDENTIAL  
Prerequisite: As required by program.  
This course provides the non-technical student with an introduction to the basic principles of light and residential construction. Topics include terminology, importance of project planning, and importance of special building requirements and environmental concerns.

RLS 135  
REAL ESTATE OPERATIONS  
Prerequisite: As required by program.  
This course provides an overview of the administrative practices involved in operating a real estate firm. Topics include leadership; recruiting, selecting, and training employees; market analysis; financial system and records.

RLS 140  
INDEPENDENT STUDY IN REAL ESTATE  
Prerequisite: As required by program.  
This course allows a student to pursue independent studies in the real estate field. Projects and/or topics may be assigned by the instructor or designed by the student, with instructor's approval.

RLS 190  
REAL ESTATE WORKSHOP  
Prerequisite: As required by program.  
These workshops consist of presentations of current topics of interest to those employed in the real estate industry. They can be developed to meet the continuing education requirements of the real estate professional. They are offered upon demand.

RLS 204  
REAL ESTATE SALES  
Prerequisite: RLS 101.  
This course covers all phases of the various ethical techniques used in selling real estate. It includes fundamental concepts concerning human relationships and various methods used in advertising and promoting the sale of real estate.

RLS 205  
PROPERTY MANAGEMENT  
Prerequisite: As required by program.  
This course includes principles and practices of property management. Emphasis is placed on residential, business, industrial, and investment properties.

RLS 211  
COMMERCIAL AND INVESTMENT PROPERTY  
Prerequisite: RLS 101.  
This course deals with the sales of apartment buildings, hotels, lot and mercantile buildings, motels, office buildings, regional shopping centers, retail stores, and special purpose properties. Also examined are sales and leaseback plans, percentage leases, investing, and income tax considerations.

RLS 281  
REAL ESTATE BROKERAGE  
Prerequisite: RLS 101.  
This course offers an exposure to the principles and techniques of mortgage financing and brokerage operations. It is designed to assist those preparing for the real estate broker's licensing examination in Alabama. Upon completion, the student should have a basic understanding of real estate brokerage.

RLS 285  
REAL ESTATE INVESTMENTS  
Prerequisite: As required by program.  
RLS 285 is an introduction to investment real estate. It examines the advantages, disadvantages, and tax implications. Feasibility studies are included dealing with real estate to be held for appreciation and income producing real estate.

REAL-EVENTS (REAL)  
Course Descriptions

REAL 108  
REAL ESTATE MATH  
Prerequisite: RLS 101.  
This course is a study of the mathematics used in real estate. It includes mortgage lending calculations, tax calculations, interest calculations, insurance calculations, and all types of land measurements.

REAL 110  
REAL ESTATE FINANCE  
Prerequisite: As required by program.  
This course provides an analysis of money markets with special emphasis on real estate financing. Topics include interest rates, lending policies, problems and rules in real estate financing of real property.

REAL 116  
REAL ESTATE APPRAISAL CERTIFICATION  
Prerequisite: As required by program.  
This is an introductory course providing the foundation of real estate appraisal. Topics include site and physical factors; effects of the money and capital markets; methodologies used to value property; and how to present and evaluate the appraisal report.

REAL 125  
REAL ESTATE LAW  
Prerequisite: As required by program.  
This course deals with the Alabama real estate law. Emphasis is placed on areas as real property and zoning easements, titles, deeds, recording practices, contracts, mortgages, and law.

REAL 130  
LIGHT RESIDENTIAL  
Prerequisite: As required by program.  
This course provides the non-technical student with an introduction to the basic principles of light and residential construction. Topics include terminology, importance of project planning, and importance of special building requirements and environmental concerns.

REAL 135  
REAL ESTATE OPERATIONS  
Prerequisite: As required by program.  
This course provides an overview of the administrative practices involved in operating a real estate firm. Topics include leadership; recruiting, selecting, and training employees; market analysis; financial system and records.

| **SPANISH (SPA) Course Descriptions**                  |
| **SPA 202 INTERMEDIATE SPANISH II** 3                   |
| Prerequisite(s): SPA 201 or Equivalent                  |
| This course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts. |

| **SOCIOLOGY (SOC) Course Descriptions**                |
| **SOC 200 INTRO TO SOCIOLOGY** 3                       |
| Prerequisite(s): As required by program                |
| This course is an introduction to the vocabulary, concepts, and theory of sociological perspectives of human behavior. |

| **TRUCK DRIVING (TRK) Course Descriptions**            |
| **TRK 112 SAFE OPERATING PRACTICES** 3                 |
| Prerequisite: As required by college.                  |
| This course offers proper defensive driving techniques applicable to the commercial motor vehicle driver and involves the interaction between the student/vehicle and the highway traffic environment. Topics include visual search, communication, speed and space management, night operation, extreme driving conditions, and proficiency development. Upon completion, the student should demonstrate basic operating skills that ensure safety of the driver and other vehicle operators to Commercial Drivers License standards. |

| **WELDING TECHNOLOGY (WDT) Course Descriptions**      |
| **WDT 108 SMAW FILLET/OFC** 3                         |
| Prerequisite: As required by college.                  |
| This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of oxy-fuel cutting. |

| **WDT 109 SAW FILLET PAC/CAC** 3                       |
| Prerequisite: As required by college.                  |
| This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of carbon arc cutting and plasma arc cutting. |

| **WDT 110 INDUSTRIAL BLUEPRINT READING** 3             |
| Prerequisite: As required by college.                  |
| This course provides students with the understanding and fundamentals of industrial blueprint reading. Emphasis is placed on reading and interpreting lines, views, dimensions, weld joint configurations and weld symbols. Upon completion, students should be able to interpret welding symbols and blueprints as they apply to welding and fabrication. |

| **WDT 119 GMAW FILLET THEORY** 3                       |
| Prerequisite: As required by college.                  |
| This course introduces the student to the gas metal arc and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gases, process principles, component identification, various welding techniques and base and filler metal identification. |

| **WDT 120 SAW GROOVE** 3                               |
| Prerequisite: As required by college.                  |
| This course provides the student with instruction on joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. Emphasis is placed on safe operation, joint design, joint preparation, and fit-up. Upon completion, students should be able to identify the proper joint design, joint preparation and fit-up of groove welds in accordance with applicable welding codes. |

| **WDT 122 SAW/FILLET/OFC LAB** 3                       |
| Prerequisite: As required by college.                  |
| This course is designed to introduce the student to the proper set-up and operation of the shielded metal arc welding equipment. Emphasis is placed on striking and controlling the arc, and proper fit-up of fillet joints. This course is also designed to instruct students in the safe operation of oxy-fuel cutting. Upon completion, students should be able to make fillet welds in all positions using electrodes in the F-3 groups in accordance applicable welding code and be able to safely operate oxy-fuel equipment and perform those operations as per the applicable welding code. |

| **WDT 124 GMAW WELDING LAB** 3                         |
| Prerequisite: As required by college.                  |
| This course provides instruction and demonstration using the various transfer methods and techniques to gas metal... |
arc and flux cored arc welds. Topics included are safety, equipment set-up, joint design and preparation, and gases.

**WDT 125 SMAW GROOVE LAB 3**

Prerequisite: As required by college.

This course provides instruction and demonstrations in the shielded metal arc welding process on carbon steel plate with various size F3 and F4 group electrodes in all positions. Emphasis is placed on welding groove joints and using various F3 and F4 group electrodes in all positions. Upon completion, the student should be able to recognize and perform groove weld joints in accordance with applicable welding codes.

**WDT 157 CONSUMABLE WELDING PROCESSES 3**

Prerequisite: As required by program.

This course provides instruction and demonstration with the consumable welding processes to produce groove and fillet welds in all positions, according to applicable welding codes. Topics include safe operating practices, equipment identification, equipment set-up, correct selection of electrode, current/polarity, shielding gas and base metals. Upon completion, the student should be able to produce groove and fillet welds using consumable welding processes according to AWS Codes and standards.

**WDT 158 CONSUMABLE WELDING PROCESSES LAB**

Prerequisite: As required by program.

This course provides instruction and demonstration with the consumable welding processes to produce groove and fillet welds in all positions, according to applicable welding codes. Topics include safe operating practices, equipment identification, equipment set-up, correct selection of electrode, current/polarity, shielding gas and base metals. Upon completion, the student should be able to produce groove and fillet welds using consumable welding processes according to AWS Codes and standards.

**WDT 166 FCAW THEORY 3**

Prerequisite: As required by college.

This course provides instruction and demonstration with the flux core arc welding process to produce groove and fillet welds in all positions, according to applicable welding codes. Topics include safe operating practices, equipment identification, equipment set-up, correct selection of filler metals, current/polarity, shielding gas and base metals. Upon completion, the student should be able to produce groove and fillet welds using the FCAW welding process, according to AWS Codes and Standards.

**WDT 167 FCAW LAB 3**

Prerequisite: As required by college.

This course provides instruction and demonstration with the flux core arc welding process to produce groove and fillet welds in all positions, according to applicable welding codes. Topics include safe operating practices, equipment identification, equipment set-up, correct selection of filler metals, current/polarity, shielding gas and base metals. Upon completion, the student should be able to produce groove and fillet welds using the FCAW welding process, according to AWS Codes and Standards.

**WDT 180 SPECIAL TOPICS 3**

Prerequisite: As required by college.

This course allows the student to plan, execute, and present results of individual projects in welding. Emphasis is placed on enhancing skill attainment in the welding field. The student will be able to demonstrate and apply competencies identified and agreed upon between the student and instructor.

**WDT 217 SMAW CARBON PIPE 3**

Prerequisite: As required by college.

This course introduces the student to the practices and procedures of welding carbon steel pipe using the shielded metal arc weld (SMAW) process. Emphasis is placed on pipe positions, electrode selection, joint geometry, joint preparation and fit-up. Upon completion, students should be able to identify pipe positions, electrodes, proper joint geometry, joint preparation, and fit-up in accordance with applicable codes.

**WDT 218 CERTIFICATION THEORY 3**

Prerequisite: As required by college.

This course is designed to provide the student with the knowledge needed to perform welds using the prescribed welding process. Emphasis is placed on the welding test results in accordance with the prescribed welding code. Upon completion, students should be able to pass and industry standard welding test in accordance with various applicable welding code requirements.

**WDT 219 WELDING INSPECTION AND TESTING 3**

Prerequisite: As required by college.

This course provides instruction with inspection skills and knowledge necessary to evaluate welded joints and apply quality control measures as needed. Emphasis is placed on interpreting welding codes, welding procedures, and visual inspection methods. Upon completion, students should be able to visually identify visual acceptable weldments as prescribed by the code or welding specification report.

**WDT 221 PIPEFITTING AND FABRICATION 3**

Prerequisite: As required by college.

This course provides instruction and demonstration with inspection skills and knowledge necessary to fabricate pipe plans using pipe and fittings. Emphasis is placed on interpreting various pipe fittings to include valves, elbows, tees, reducers, and fittings. Upon completion, students should be able to fit various pipe fittings, and cut and fabricate tees, and assorted angles.

**WDT 223 BLUEPRINT READING FOR FABRICATION 3**

Prerequisite: As required by college.

This course provides instruction and demonstration with identifying various components on a drawing. Emphasis is placed on interpreting dimensional tolerances, layout and fitting of different component parts. Upon course completion, a student should be able to interpret layout, and fabricate from blueprints to given tolerances.

**WDT 228 GTAW THEORY 3**

Prerequisite: As required by college.

This course provides student with knowledge needed to perform gas tungsten arc welds using ferrous and/or non-ferrous metals, according to applicable welding codes. Topics include safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas and filler metals. Upon completion, a student should be able to identify safe operating practices, equipment identification and setup, correct selection of tungsten type, polarity, shielding gas, filler metals, and various welds on ferrous and/or non-ferrous metals, using the gas tungsten arc welding process according to applicable welding codes.

**WDT 257 SMAW CARBON PIPE LAB 3**

Prerequisite: As required by college.

This course is designed to provide the student with the skills in welding carbon steel pipe with shielded metal arc welding techniques in various pipe welding positions. Upon completion, students should be able to perform shielded metal arc welding on carbon steel pipe using the prescribed electrodes in various positions in accordance with the applicable codes.

**WDT 258 CERTIFICATION LAB 3**

Prerequisite: WDT 218 and/or as required by college.

This course is designed to provide the student with the skills needed to perform welds using the prescribed welding process. Emphasis is placed on the welding test joints in accordance with the prescribed welding code. Upon completion, students should be able to pass and industry standard welding test in accordance with various welding code requirements.

**WDT 268 GAS TUNGSTEN ARC LAB 3**

Prerequisite: WDT 228 and/or as required by college.

This course provides student with skills needed to perform gas tungsten arc welds using ferrous and/or non-ferrous metals, according to applicable welding codes. Topics include safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas and filler metals. Upon completion, a student should be able to identify safe operating practices, equipment identification and setup, correct selection of tungsten type, polarity, shielding gas, filler metals, and various welds on ferrous and/or non-ferrous metals, using the gas tungsten arc welding process according to applicable welding codes.

**WDT 281 SPECIAL TOPICS 3**

Prerequisite: As required by college.

This course provides specialized instruction in various areas related to the welding industry. Emphasis is placed on meeting students' needs.

**WORKPLACE SKILLS ENHANCEMENT (WKO) Course Descriptions**

**WKO 110 NCCER CORE 3**

Prerequisite: As required by college.

This course is designed to provide students with knowledge and skills related to multi-craft technicians in a variety of fields. Information in this course is based on the National Center for Construction Education and Research (NCCER) core curriculum and prepares students to test for the NCCER credential.

**WKO 131 MSSC SAFETY COURSE 3**

Prerequisite: As required by college.

This course is designed to provide students with knowledge and skills related to safety in a manufacturing environment.

**WKO 132 MSSC QUALITY PRACTICES AND MEASUREMENT COURSE 3**

Prerequisite: As required by college.

This course is designed to provide students with knowledge and skills related to quality practices and measurement in a manufacturing environment.

**WKO 133 MSSC MANUFACTURING PROCESSES AND PRODUCTION COURSE 3**

Prerequisite: As required by college.

This course is designed to provide students with knowledge and skills related to manufacturing processes and production in a manufacturing environment.

**WKO 134 MSSC MAINTENANCE AWARENESS COURSE 3**

Prerequisite: As required by college.

This course is designed to provide students with knowledge and skills related to maintenance awareness in a manufacturing environment.
FACULTY & STAFF LISTING
**COLLEGE-WIDE ADMINISTRATORS**

WARD, PERRY W. – President
B.A., Miles College; M.S.W. and Ph.D.; University of Alabama

*A-Z Alphabetical Listing

ALLEN, DARREN C. – Acting Dean of Students
B.A. and M.A., University of Alabama

ANTHONY, CYNTHIA – Executive Vice President and Dean of Students
B.A., Talladega College; M.Ed., Ed.S., University of Alabama at Birmingham; Ed.D., University of Alabama at Birmingham/University of Alabama

CRAWFORD, BRUCE – Vice-President for Instructional Services
B.S., Stillman College; M.A., University of Alabama; Ph.D., Kansas State University

CREWS, SHARON – Vice President for Administrative and Fiscal Services
B.S., Alabama State University; CPA, State of Alabama; MA, University of Alabama – Birmingham

DAVIS, SHERRI – Academic Dean & Director of Developmental Programs
B.A., Hampton University; M.Ed., Cambridge College; Ph.D., University of Southern Mississippi

GREEN, MYRTES – Assistant to the President & Director of Title III and Sponsored Programs
B.S., M.S. & Ph.D., University of Alabama;

TOMMY HOBBS, Assistant Dean, Workforce Development
B.S., Athens State, M.S., Indiana State University

MARABLE, SHEILA P. – Associate Dean of Health Professions
B.S.N., M.S.N and DSN, University of Alabama –

MILTON, ALICE TYLER – Associate Dean of Business and Information Technologies
B.S., Alcorn State University; M.B.Ed. and Ed.S., Jackson State University; Ed.D., Mississippi State University

**CHIEF INSTRUCTIONAL CHAIRPERSONS & DIRECTORS**

**Chairpersons/Directors**

**A-Z Alphabetical Listing**

AGEE, ERIC –CHAIRPERSON, HEALTH, PHYSICAL EDUCATION, AND DANCE
B.S., University of Alabama at Birmingham; M.A., University of Alabama

ARMBRESTER, RAND – CHAIRPERSON, BUSINESS AND INFORMATION TECHNOLOGIES B.S. and MBA, Samford University; Certifications: Accounting and CPA.

BERRYMAN, TOM – ALABAMA CENTER FOR AUTOMOTIVE EXCELLENCE ACTING DIRECTOR.
B.S., Western Kentucky University; Automotive Service Technology (Toyota T-TEN); B.S., University of Alabama

COTTINGHAM, LATISHA – Instructor/ Business and Medical Billing & Coding - B.B.A Healthcare Management, MBA Healthcare Management Certification RHIT, ICD-10

CRAWFORD, VICTORIA – Instructor/ Business - B.A., University of Memphis, MBA, Walden University

DAVIS, SHERRI –DIRECTOR, DEVELOPMENTAL PROGRAMS
B.A., Hampton University; M.A.; Cambridge College; Ph.D., University of Southern Mississippi

DUNCAN, REBECCA – ARTS AND HUMANITIES CHAIR
B.S., Pensacola Christian College; M.A., University of Alabama at Birmingham

FOWLER, CHARLES – CHAIRPERSON/MATHEMATICS AND DEVELOPMENTAL MATH
B.S., Georgia Institute of Technology; M.S., University of Georgia; Ph.D., University of Nebraska

HOLLOWAY, WEYMON – Instructor/Mathematics Honors College Director
B.S., Tuskegee University M.A., University of Alabama at Birmingham M.Ed., Alabama State University

KENNEDY, JULI – DIRECTOR, LIBRARY AND LEARNING RESOURCES CENTERS
B.A., JACKSONVILLE STATE UNIVERSITY

M.L.I.S., University of Alabama

MARBRALE, SHelia P. – HEALTH PROFESSIONS ADN Chair
B.S.N. and M.S.N., DSN, University of Alabama – Birmingham

MASIMASI, VYAVUKA – LANGUAGES & LITERATURE CHAIR
B.A., National University of Zaire; MAT, The School For International Training, World Learning of Vermont

RAY-CONNELL – DENTAL ASSISTING CHAIR
B.S., and D.M.D.; University of Alabama at Birmingham

RAYMOND, RICHARD, MANUFACTURING AND ENGINEERING TECHNOLOGY CHAIR
Diploma, Bessemer State Technical College; A.A.T., Bessemer State Technical College Certification: A+, NOCTI

RICE, CARLTON –ATHLETIC DIRECTOR
B.S., Mississippi State University; M.S., Alabama A&M University
**Instructors**

**A.T., Bessemer State Technical College; B.S., M.A., Samford University**

**Certification:** CPA

**Berry, Todd** – Instructor/Automotive Service Technology (GM ASE)

**A.T., Bessemer State Technical College, Certificate, Lawson State Community College, ASE Master Certification, GM World Class Certificate**

**Bizzell, Dorothy** – Instructor/Nursing

**A.A.S., Lawson State Community College; B.S.N., University of Alabama – Birmingham; M.S.N., and D.N.P., Samford University; Certification: B.L.S. Certified**

**Branch, Rhonda** – Instructor/Spanish

**B.A. and M.A., University of Alabama at Birmingham; Ed.D., Walden University**

**Prevo, Clara** – Instructor/Business, Economics, B.A. Clark University; M.A. Temple University; A.M., MBA, University of Pennsylvania

**Briggs, Calvin** – Instructor/Mathematics

**B.S., Clark Atlanta, M.Ed. and Ed.D., Alabama State University**

**Burden, Cedric** – Instructor/English

**B.A. and M.A., University of Montevallo**

**Burroughs, Adrienne** – Instructor/Nursing

**L.P.N. Bessemer State Technical College, A.D.N., Lawson State Community College, B.S.N. Jacksonville State University, M.S.N., Grand Canyon University**

**Bush, Allison** – Instructor/Mechatronics

**A.A.S., Lawson State Community College**

**Clayton, Jo-Lynne** – Instructor/Nursing

**B.S.N., Berea College, M.S.N., University of Alabama at Birmingham, D.N.P., Samford University**

**Dansby, Leevell** – Instructor/Medium and Heavy Truck

**D.S., Athens State University**

**ASE Master Certification**

**Denson, Sherlita** – Instructor/OAD

**and Business B.S. Alabama State University, M. Ed. Lesley University Certification: Business and IC3**

**Duke, Juanita** – Instructor/Nursing

**B.S.N. University of Alabama at Birmingham, M.S.N., Kaplan University**

**Duncan, Rebecca** – Instructor/English

**B.S. Pensacola Christian College; M.A., University of Alabama at Birmingham**

**Elliot, Adam** – Lead

**Instructor/Culinary Arts**

**B.P.S. and A.O.S, Culinary Institute of America**

**Ellison, Mary** – Instructor/Biology

**B.S. and M.S., Jackson State University; Ph.D., University of Southern Mississippi**

**Gardner, Isadore** – Instructor/Plumbing

**Certification: Journeyman Plumber**

**Gardner, Yolande** – Instructor/Office Administration

**B.S., University of Alabama; M.A.Ed., University of Alabama – Birmingham**

**Gaston, Alga** – Instructor/Auto Body

**ASE Certified/Collision Repair Specialty Areas; GMC Certified/Basecoat Refinish**

**Graves, Willie** – Instructor/Adult Literacy Program

**B.S., Alabama State University**

**Green, Kirsten** – Instructor/Criminal Justice B.S. in Criminal Justice, University of Alabama in Birmingham; M.S. in Criminal Justice, University of North Alabama

**Guy, Ann Renee** – Instructor/Child Development

**B.S., University of West Alabama; M.A., Ed.D., University of Alabama**
Instructors Continued

GWIN, BETHANY – Instructor/Computer Science, B.S. University of Alabama, M.S. Jacksonville State University; Certification-IC3 and MOS

HALBERT, ALLEN – Instructor/Automotive A.A.T., Bessemer State Technical College

HALL, SANDRA O. B.A., Stillman College - M.A., The University of Alabama at Birmingham

HARBOUR, CLAYTON – Instructor/Air Conditioning/Refrigeration Diploma, Air Conditioning and Refrigeration, Bessemer State Technical College; BBA, University of Montevallo

HARRIS, DEBORAH – Instructor/Related Subjects, CTE A.A.S., Lawson State Community College; B.S., Athens State University; M.Ed., Alabama A & M University

HARRIS, JEFF – Instructor/Developmental Mathematics B.S., University of Alabama – Birmingham

HARRIS, JOHN – Instructor/Automotive Service Technology (Ford ASSET). Diploma, Pulaski State Area Vocational-Technical School; B.S., Athens State College

HAYES, SHELBY – Instructor/Licensed Practical Nursing BSN, University of Alabama; MSN, University of Alabama – Birmingham

HENRY, STEPHANIE – Instructor/OAD, Business; B.S. Florida A&M College M.ED. Alabama A & M University, Ed.S. Alabama A & M University, Ph.D. University of Alabama

HIGGINBOTHAM, HAROLD – Instructor/English B.A. and M.A.E., University of Alabama at Birmingham

HITCHCOCK, KEVIN – Instructor/Construction M.E. and B.S., University of Alabama-Birmingham, A.A.T. Bessemer State Technical College

HOLLOWAY, WEYMON – Instructor/Mathematics B.S., Tuskegee M.A., University of Alabama at Birmingham M.Ed., Alabama State

HOWARD, TOYA – Instructor/Psychology M.S. in Counseling and Mental Health Wellness: B.S. in Health Care Administration and Planning

HUNTER, GWENDOLYN – Lead Instructor/Cosmetology A.A.S., Lawson State Community College; B.S., Athens State College; M.S., Alabama A & M University; Certification: Cosmetology, Debbie’s School of Beauty Culture

JAMES, KESHA – Instructor of Business Ed./Computer Science/Business Administration B.S., Alabama State University; M.S. and Ph.D., Auburn University

JARAYSI, NAILA – Instructor/Mathematics B.S. and M.S., University of Alabama at Birmingham

JONES, TERRY – Instructor/Barbering A.A.S., Lawson State Community College; Certification: Barbering

LAMB, ADAM – Instructor/Automotive B.S., Georgia State University, A.A., University of North Georgia, Certificate, Gwinnett Technical College

KELLEY, MICHAEL SCOTT – Instructor/Computer Science B.S., Samford University; M.S., University of Alabama at Birmingham; IC3, MOS, A+, CCNA, Network+, Security+

KING, KELVIN – Instructor/English and Speech B.A. and M.A., Miami University

LANDERS, JAMIE – Instructor/Sociology MS., Counseling and Psychology;

University of West Alabama; B.S. Sociology, Stillman College

LOPATINA, NADEJDA – Instructor/ Biology M.S. and Ph.D. Moscow State University, Moscow Russia

LEWIS, AISHA – Instructor/ Mathematics B.S., Talladega College; M.A., Alabama A & M University

LEWIS, GARRET BLAKE – Instructor/Physical Education B.S., University of Montevallo, M.S., University of West Alabama

LYBRAND, WILLIAM – Instructor/Automotive Service Technology (GM ASEP) A.A.S., Bessemer State Technical College: ASE Master Tech, Toyota Certified

MAYS, TAMARA – Instructor/Nursing R.N., Jeff State Community College, M.S.N., Samford University

MILLENDER, III, SHELLY – Instructor/College Reading and English B.S., M.S., and Ed.S., University of Alabama – Birmingham

MONTI, STEPHEN – Instructor/General Education (English) B.A. Spring Hill College; M.A., Ph.D., University of Miami

MOORE, BRIAN – Instructor/Air Conditioning/Refrigeration Diploma, Bessemer State Technical College, B.S., Athens State University

MORRIS, CARLOS – Instructor/Psychology B.A. and MAT in Psychology, Grambling State University

MORGAN, RACHEL-Instructor B.A. Fine Arts, Savannah College of Art and Design; M.A., University of Alabama in Arts, Telecommunications and Film

MOYO, NOMSA—Instructor/Nursing BSN, Messiah College; MSN., University of Zimbabwe
NELSON, JEFFREY – Instructor/Automotive
B.S., University of Alabama-Birmingham, Certificate, Bessemer State Technical College

POSEY, MARK – Instructor/Automotive
A.A.T., Bessemer State Technical College

RAY-CONNELL – Instructor/Dental Assisting
B.S., and D.M.D.; University of Alabama at Birmingham

RAYMOND, CHARLES – Instructor/Electronics
Diploma, Bessemer State Technical College; A.A.T., Bessemer State Technical College
Certification: A+, NOCTI

RICE, CARLTON – Athletic Director
B.S., Mississippi State University; M.S., Alabama A&M University

RINSKY, LAURA – Instructor/Culinary Arts
M.Ed., University of West Alabama, M.Ed. Colorado State University; B.A., Rutgers University, A.O.S, Culinary Institute of America

RODERS, CHARMAINE – Instructor/Licensed Practical Nursing
B.S.N., University of North Alabama; M.S.N., Samford University

ROWE, DARRYL – Instructor/Automotive Body Repair
ICAR Certifications: Auto Refinishing, Service Preparation, Sanding and Masking.

SANDERS, HOYT – Instructor/Electrical and Electronics
B.S., University of Alabama

SCOTT, JAMES – Instructor/Welding
B.S., Athens State University, A.O.T and Certificate, Lawson State Community College, A.A. Johnson County Community College

SHELDON, ESSIE – Instructor/Music
B.A., Tuskegee University; B.M., University of Michigan; M.M., University of Montevallo

SWAIN, KATRINA – Instructor/Licensed Practical Nursing
B.S.N., Jacksonville State University; M.S.N. and Ed.D., University of Alabama

SWANBERG, ANN – Instructor/English
B.A., Columbia College, MPhil and Ph.D., City University of New York Graduate School and University Center

SWEATMON, JEFF – Instructor/Air Conditioning/Refrigeration
Certificate, Air Conditioning/Refrigeration, Wallace State Community College, B.S., Athens State University

TAFF, DARRELL – Instructor/Automotive Service Technology (Ford ASSET)
Certification

THOMAS, SHAWANDA – Instructor/Mathematics
Honors College Director
B.S., Alabama A&M University; M.A., University of Alabama Ph.D., University of Alabama

TUBBS, VENITA – Instructor/Psychology
B.A., Alabama A & M University; M.S., Auburn University

WADE, HENRY – Instructor/Drafting and Design
B.A., M.S., Architecture, Tuskegee University

WATKINS, NORRIS – Instructor/Business, Accounting, Economics B.S.
Accounting, MBA, Atlanta University, Certifications: Accounting and Economics

WARNER, KATHLEEN – Instructor/Diagnostic Medical Sonography
A.A.S., Harper College, B.S. N., University of Illinois

WEST, MATTHEW – Instructor/History and Sociology, B.A., University of Tennessee; M.S., University of Alabama in Birmingham; M.A., Troy University

WHEELER, CRYSTAL – Instructor/Biology
B.A., Brandeis University; Ph.D., University of Alabama at Birmingham

WILKERSON, PIER – Instructor/Barbering
A.A.S., Lawson State Community College; Certifications: Barbering and Cosmetology, B.S., Athens State University

WILLIAMS, ALICE – Instructor/Cosmetology
Certification: Cosmetology, B.S., Alabama A&M

WILLIAMS III, ROOSEVELT – Instructor/Commercial Arts
B.F.A., Atlanta College of Art

WILLIAMSON, LICIA – Instructor/Nursing
BSN and MSN, University of Alabama at Birmingham

WILSON, TRACEY – Instructor/Biology
B.A., Fisk University; Ph.D., Meharry Medical College

ALVARADO, JOSE – Enrollment Specialist

ANTHONY, RUTH – Cafeteria Manager

BARNES, ASHLEY – Science Lab Coordinator

BARNES, SHIRLEY – Secretary, Student Services

BEAUCHAMP, Matrika – Administrative Assistant Human Resources

BENNETT, CAROLYN – Administrative Assistant, Academic Affairs

BEST, LEEANN – Secretary, Facilities (Bessemer)

BLANTON, JAMES – Chief of Safety and Security Police

MAPS & DIRECTIONS
Traveling between campuses?

Follow these directions...

From Bessemer to Birmingham

Option 1 — U.S. Hwy. 11 (Bessemer Super Hwy.)
■ Turn left onto U.S. Hwy. 11, which is also known as the Bessemer Super Hwy. and 9th Avenue.
■ Continue on U.S. Hwy. 11 through Bessemer, Brighton, and Midfield; Turn right on B.Y. Williams Sr. Drive (You will see Western Hills Mall) at light.
■ B.Y. Williams Sr. Dr. becomes 40 S t. SW; then turn left on Rutledge Ave. Continue on Rutledge Ave. until you see the Campus at Wilson Rd.

Option 2 — Lakeshore Parkway
■ Turn left onto U.S. Hwy. 11, which is also known as the Bessemer Super Hwy. and 9th Avenue.
■ Take 9th Ave, turning right onto 14th St., which is Hwy. 150.
■ Take Hwy. 150 and turn left onto Lakeshore Pky. after you see the sign for the Birmingham campus.
■ On Lakeshore Pky., turn left on Venice Rd. Follow Venice Rd. until you reach the campus.

From Birmingham to Bessemer

Option 1 — US Hwy. 11 (Bessemer Super Hwy.)
■ Exit the campus and turn right onto Rutledge Ave. Then turn right onto 40 S t. SW, which becomes B.Y. Williams Sr. Dr.
■ From B.Y. Williams Sr. Dr., Turn left at light onto U.S. Hwy. 11, which is also called the Bessemer Super Hwy. Travel through Midfield, Brighton, and Bessemer.
■ Continue on Bessemer Super Hwy. until you reach the campus, which is across the street from UAB Medical West.

Option 2 — Lakeshore Parkway
■ Turn right onto Wilson Rd. and follow it until it becomes Venice Rd.
■ Follow Venice Rd. until it comes to Lakeshore Pky, turning right onto Lakeshore.
■ Turn right onto Hwy. 150 from Lakeshore Pky; Follow Hwy. 150 until you come to the light at 9th Avenue, also called U.S. Hwy. 1 1, and the Bessemer Super Hwy.
■ Continue on the Bessemer Super Hwy. until you reach the campus.
1 Building D: Diesel Mechanics.
2 The Jess Lanier Building: Specialized training for business and industry.
3 Building C: Automotive programs, GM ASEP, Ford Assett, General Automotive.
4 Ethel H. Hall Automotive Technology Center: Automotive classrooms/labs and an auditorium for satellite telecasts. The President, VP Academic Affairs, and Associate Dean for Career/Technical Education are also located in this building.
5 Building B: Graphics and Prepress Communications, Air Conditioning/Refrigeration, Welding, Drafting, Commercial Art, and Automotive Service Education (Toyota T-TEN).
6 Building A: Administrative offices, the college's Bookstore, Student Services and Cafeteria. Instructional programs, the Library/Learning Resource Center, and Student Support Services Program, Police Department.
7 The Millsap Industrial Training Center: Multi-craft training for business and industry. The One-Stop Career Center, Workforce Development, Adult Education and Skills Training, and the State Vocational Rehabilitation Office.
